Last Night's Storm.

Early pedestrians this morning were obliged to contend with "live wires" in different parts of the city, but fortunately no accident happened.

Other than a few wires detached, last night's severe wind and rain storm did no serious damage. The river today registered about 104 feet above low water mark and was raising at the rate of 2 inches per hour. Should the present excessive rainfall continue till Monday, the headquarters of the O. R. & N. Company will have to be changed to a convenient location in the business part of the city since the river by the first of the week will have covered the warehouse on the river.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the liver is torpid and sluggish and the need of a tonic and alternative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, indigestion, constipation, Dizziness yield to Electric Bitters, 50 cents and \$1.00 per bottle at Fred A. Legg's Drug store.

The Social Events.

An Election Supper.

On Tuesday evening Mrs. Albert Ignatius Wagner, hostess of the Willamette, tendered a supper in honor of the Oregon election having gone for McKinley. The winner of the treat was the Hon. Cassius M. Idlemann, who was permitted to invite the guests of the occasion. Mrs. Wagner had the dinner served in the main dining hall, the table seating fourteen guests. The decorations were in gold and silver, the emblems of true bimetalism. Gold and white ribbons were looped from the center chandelier and knotted at each corner of the long table. The center piece was a large vase of white and yellow chrysanthemums, resting on a mirror encircled by a band of gold. The chair of Mr. Idlemann was draped in the national colors, he holding the position of honor.

The menu was printed in gold enclosed with a heavy band of silver and was as follows:

Buzzard Bay Oysters.	Sherry.
Bryan Soup 16 to 1.	Reisling.
Celery.	California Olives.

Between the courses telegrams were read from Wm. McKinley and Mark Hanna tendering the guest of honor and his associates high official honors in the sweet bye and bye, all of which added greatly to the mirth of the occasion. The guests present were:

Each lady who contributed a dollar gave a bright bit of poetry that she had composed, in which she described how the dollar was earned. The majority of the compositions were quite bright and clearly outlined the literary abilities of the various authors. "NOW WILLING TO LIVE."

The Well-Known New York Merchant, David Hirsch, Finds Health in Paine's Celery Compound.

With the return of cool weather ghosts of men and women, who relied on their summer vacation to make them strong and well came home still tired, with poor appetites and depressed by the thought of the months of hard work ahead.

Their overwrought nerves and bodies today demand something more than a mere rest. Their blood needs to be swept of its impurities and the entire nervous organization reinforced and built up by a genuine invigorator before good appetite will wait on digestion and health on both.

The bracing weather of November, with debilitating summer past, and the severity of winter not yet arrived, is the very best time for recruiting the strength and getting rid of disease. Contrast the healthy, well nourished appearance of persons who have taken Paine's celery compound with their former bloodless, nerveless, drowsy condition! Men and women getting along in years find a remarkable increase in vigor and a brighter, more cheerful state of mind from the use of this great remedy.

Don't mope along and submit to indigestion, liver disorder, continual headache or rheumatism. Paine's celery compound will make you strong and keep you so. Its nourishing, health-making virtues have been so carefully considered, and so exactly fitted to the needs of the tired, exhausted body, that its work does not have to be done after it. It cures heart palpitation and heart weakness, feeds the nervous organism so sleep becomes natural and refreshing, promotes an increased appetite, and furnishes the nervous force to enable the

body to convert the food into solid flesh and blood.

Of all the means that medical skill has ever discovered for recruiting the exhausted energy of the worn-out system, Paine's celery compound is far in advance. The pale face, the pinched features, the growing thinness and the nerveless movements that tell the story of badly impoverished nerves and brain—all these forebodings of approaching disease disappear with the profound nourishing that Paine's celery compound always provides throughout the body, even to the minutest nerve filaments and blood capillaries.

David Hirsch, the well known Broadway merchant, New York city writes as follows to Wells, Richardson & Co.:

"I am advocating Paine's celery compound among my many friends, because it has done me so much good in a very short space of time. I have been suffering for years from indigestion and all its consequent ills, sleeplessness included. I had lost about 30 pounds in weight, and was getting weaker and more nervous every day. I was unable to stand exertions of any kind, and I used conveyances for very short distances.

"After taking two bottles of Paine's celery compound I feel in every respect better, stronger, more cheerful and willing to live. I will certainly never forget the effects of Paine's celery compound upon my system, and I wish to state that I am now past 68 years of age. I have travelled most all over the world, and now I feel I can keep on doing it and also enjoy it."

Paine's celery compound has done as much for thousands of others.
