

Bank

President Isaac Lewis of Sabina, Ohio, is highly respected all through that section. He has lived in Clinton Co. 75 years, and has been president of the Sabina Bank 20 years. He gladly testifies to the merit of Hood's Sarsaparilla, and what he says is worthy attention. All brain workers find Hood's Sarsaparilla peculiarly adapted to their needs. It makes pure, rich, red blood, and from this comes nerve, mental, bodily and digestive strength.

"I am glad to say that Hood's Sarsaparilla is a very good medicine, especially as a blood purifier. It has done me good many times. For several years I suffered greatly with pains of

Neuralgia

in one eye and about my temples, especially at night when I had been having a hard day of physical and mental labor. I took many remedies, but found help only in Hood's Sarsaparilla which cured me of my neuralgia, and I have since taken Hood's Sarsaparilla as a preventive of its return. I also take Hood's Pills to keep my bowels regular, and like the pills very much." ISAAC LEWIS, Sabina, Ohio.

Hood's Sarsaparilla

Is the One True Blood Purifier. All druggists. \$1 Prepared only by C. I. Hood & Co., Lowell, Mass.

Hood's Pills are prompt, efficient and easy in effect.

Daily Capital Journal.

BY HOFER BROTHERS.

FRIDAY, NOV. 27, 1896.

McKinley is taking long daily walks for his "health" and Bob Ingersoll has gone to New York for "treatment." Tom Reed has had alternating fits of breaking down. Nobody seems to be exactly in perfect health but President Cleveland.

The Sioux Falls, S. Dak., National bank closed because it was too heavily loaded with "real estate of a depreciated character." Is it not against the law for a National bank to loan money on real estate? Can it be that a banker would violate the law? He must have been a silverite.

For the fiscal year ending June 30, 1896, the output of tin plate in the United States was 307,227,621 pounds for the preceding year. An increase of 58 per cent., as against lbs. and all rolled from American sheets, is pretty good for the so-called Wilson bill which is sometimes called a free trade measure.

Senator Chandler wants a short-time loan of \$100,000,000. He is not in favor of retiring the greenbacks because "the banks need them to hold as reserves in place of gold." If the greenbacks were taken and burnt up, as the Oregonian wants to do, how could the banks use them to draw the gold out of the treasury? Chandler's head is well drained.

Talk about the Dingley bill or any other tariff bill is a mere political makeshift. Gold bonds and retirement of the paper currency is the McKinley program. Take your medicine, Mr. Statesman. "The existing gold standard shall be preserved and is as at the present time the leading principle of the Republican party," says the Oregonian, and the Oregonian unfortunately is nearly right.

The Republican victory in Oregon was a Cleveland victory, won by and for Cleveland; now we are to have a tariff on a basis "exactly that of the original Cleveland Democracy; the Cleveland platforms of 1892 and 1893; precisely the Cleveland platform rejected by the convention that nominated Bryan." For details as to what McKinley/Republicanism means read the Oregonian editorial of November 25—"A non-partisan tariff." We congratulate the Clevelandized Republican party.

71 Hudson Street, New York

The Democrats of Independence have put out a strong city ticket. It is not yet known what part the Bryan voters of Salem will take in the city election here. Silver men as such have no concern in city politics but the silver forces should not and will not stultify themselves with support of any bonding schemes. Mayor Gatch's administration has thwarted all such schemes for the past four years, and no more bonded debt should be fastened upon this city. It robs the workingman and creates a class who live by clipping coupons for which the rest pay high taxes. This city is now paying more for interest than would build miles of good streets each year. If such taxes were levied to build good streets, and employ labor all the capitalistic class would cry out against it. But high taxes that go into the coupon clipper's coffers are all right!

The Oregonian says candidates for either house of congress who don't unhesitatingly declare for the single gold standard have no just claim upon Republican support. As the Republicans have a majority of about twenty on joint ballot in the next legislature this is equivalent to declaring that Mr. Mitchell, the pioneer champion of free coinage on the Pacific coast, must come out for the single gold standard or stay at home. Mr. Mitchell does not want to do either. As among the politicians in this state, who have been silver men in the past, Mr. Mitchell has the prestige of great experience and influence in his favor. No sincere silver man or supporter of independent American bimetalism can afford to vote for any of these men who have been trifling with this subject. They should vote for no man who is under the control of the money power or of the corporations. We have too many such men in congress now.

Mr. Bryan at Denver exactly expressed the sentiments of the voters who supported him in every village and city of this land when he used the following words:

"I think I have never seen a body of voters rally so soon after a campaign in which they were defeated as they have at this time, and I believe that I speak within the limits of the truth when I say that our people who fought so hard for free silver are as happy today in defeat as our enemies who were victorious, and I have yet to find the first person who regards the defeat of this year as a final defeat. The free silver people are satisfied that four years more of the gold standard will convince those who have been deaf to reason that they are wrong, and at the next election they will be only too glad to rally around the banner about which you have been fighting."

Free silver won in 12 of the states that were carried by the republicans at the last preceding election, namely: Colorado, Idaho, Kansas, Missouri, Montana, Nebraska, North Carolina, South Dakota, Tennessee, Utah, Washington and Wyoming. In addition to this free silver won in all the territories.

The republicans went in to the campaign with 35 states in their column and came out with but 22. The returns will show that fifteen counties heretofore republican in Oregon have been carried by the silver forces united under Bryan. These forces if they remain united will form an opposition party of the people that will be formidable in the future. It is doubtful if there can ever again be put in the field three distinct silver parties as was done in Oregon last June.

The Southern Pacific Company announces that, commencing with December 3, it will advance its 2d class passenger rate between Portland and San Francisco from \$10 to \$12. The present first-class rate of \$19 will remain unchanged. Both these rates will, as before, include sleepers. Two dollars a piece on the second-class passengers will make up for the free passes to the first-class passengers who have business at Salem during the Legislature.

Mayor H. N. Belt of Spokane has suspended the chief of the fire department from office and filed specific charges against him, which will now be publicly investigated.

The A. P. A. isn't doing much bragging about what it accomplished in the campaign, and that isn't strange either. Its two most prominent and outspoken members of the house—Linton, of Michigan, and Hainer, of Nebraska, were defeated for reelection, and in the sixth Maryland district Mudd was elected, although the entire power of the A. P. A. was openly used against him. Oregon was flooded with circulars from Linton who had found by scraping the congressional records that Bryan voted with a majority of congress against putting a sentence in the constitution of New Mexico that no language but the English should be taught there in the public schools. No such clause was ever put in the constitutions of new states seeking admission. But Bryan's name was printed in black letters in the roll call on this vote in congress and Mr. Linton's pamphlets in the interest of the A. P. A. were sent to every voter by the Republican national committee. At the same time the national committee was sending confidential letters to every priest of the Catholic church and all other denominations appealing to the church to uphold McKinley in the interests of morality and religion. With unlimited money and abandonment of all principle, Mark Hanna's committee was thus able to catch both the A. P. A. and Catholic vote. Will the administration be able to serve and satisfy both? Was there ever a more un-American victory won, and one which an honorable man feels less pride in jubilating over, to say nothing of profiting by it?

American Economist, Nov. 20: Special from Bradford, England, the great manufacturing center for American markets. Date Nov. 7.—Hurrah, McKinley won! Bryan smashed! When this glorious message was blazed abroad the intensity of feeling among the Bradford business men was demonstrated on all sides by outbursts of enthusiasm and throughout the whole of England a shout went up. In London there was a thorough ferment! What were the British celebrating? The triumph of protective tariff doctrines, or their downfall? Mr. is not the colossal bugbear in English eyes that he made us believe in his verandah speeches to workmen.

The Indiana members-elect of the new House of Representatives have agreed every candidate for postmaster must submit his claims to the patrons of the office which he seeks, and that the man who makes the most favorable showing in a popular vote should be recommended by the congressman of his district for the appointment. In pursuance of this plan it is proposed that elections shall be held in every town in the state in order that the people shall have the largest liberty in choosing men to fill their post offices.

Seattle finds a water plant bought by the city years ago was plastered with a \$50,000 mortgage.

THE BARS OF HEALTH

once down, disease finds an easy entrance. If there is a weak spot in the body, disease germs will find it. They will lodge right in that spot and unless they are driven out at once, will increase and multiply and grow into seriousness. Weakness is a predisposition to disease. Whether the weakness be local or general, it is dangerous. Good healthy strength all over the body is the best safeguard against disease. Debility of any kind is a direct invitation to serious sickness. The reason that Dr. Pierce's Golden Medical Discovery cures 98 per cent. of all cases of consumption if taken in the early stages of the disease, is that it puts the whole body into a hearty, healthy condition. The poisonous tubercular matter is thrown off by the lungs, and the pure, rich blood coursing through them, quickly stops the inflammation, heals the broken membranes and makes the lungs perfectly strong and sound. Consumption is marked by wasting away of the bodily tissues and vice versa. A wasting of the flesh brings on consumption. Doctor Pierce's Golden Medical Discovery induces the accumulation of sound, hard, healthy flesh. It increases the appetite and the capacity of the digestive organs for the assimilation of food. It is a purifier, a tonic and a powerful curative remedy, all in one bottle. All who will send their addresses, and twenty-one cents in postage stamps, to cover wrapping, to World's Dispensary Medical Association, Buffalo, N. Y., will receive by mail a book of 200 pages, which tells all about the "Golden Medical Discovery."

M. Ostrogorski, 112 Rue D'Assas, Paris, France, who is about to bring out a book on American political methods, writes to the author. "Feusing the books on the subject I was fortunate enough to find your book on 'The School of Politics' I was wondering whether the evils of machine rule and of bossism were obtaining in the west as well as in the East. I read it with the greatest interest."

"THE SCHOOL OF POLITICS,"

OR THE AMERICAN PRIMARY SYSTEM EXPOSED.

Published by Charles H. Kerr & Co., Chicago, Ills. Price 25 cents. A hand book for citizens, legislators and students.

1. The Primary and Spoils Politics.
2. How Primaries Are Conducted.
3. The Primary As It Should Be Safeguarded by law.

"The School of Politics" shows that the corrupted primary is the political crime of the Nineteenth century, and that reforms in city, state and national government are out of question until this evil has been remedied.

The title book then lays bare the methods of the bosses from New York to California, showing how, under laws made ostensibly to protect the people, they have legalized their fraudulent methods. The practical working of the primary in city politics is shown up in our principal Western cities. Also the perfected law adopted in California last year, but knocked out in the courts of that state. The remedy is plainly pointed out. Should be read by every student of American politics and every legislator. They will here find the facts of the pernicious system, clearly set forth, also the needed remedies. "The School of Politics" has had an extended sale in the East, and has been reviewed by many leading journals. If you read a copy you will want others to read it. Single copies, 25 cents. Special rates on larger numbers. The author would be pleased to receive communications from readers of the book, on the subject under discussion. Address,

E. HOFER, Salem, Or.
IN PREPARATION.—"The Representative Principle," a hand book on registration laws and ballot reform. Publication will be announced.

Query: Are there not now \$80,000 floating warrants out on the city hall and won't it cost \$30,000 more to finish and furnish it? What the warrant speculators want is a city administration that will fund these warrants in long time bonds, so they can make 16 to 20 per cent, and be ready to issue a lot more warrants.

The Daily Canton Repository is no longer kindly sent as an exchange but we are still happy to receive that other disinterested monitor in public affairs—the American Economist—which will now have the delicate task of adjusting its high tariff ideas to the tastes of the gold Democrats.

To the East and South.

When you consult the local ticket agent, don't fail to ask him about OUR service to the East and South. Ask him if our line is not shorter and our time faster than those of all other railroad to Omaha, Kansas City and points beyond. Ask him, too, about our St. Paul—Chicago and St. Paul—St. Louis trains. PERFECT—that's the only word that fits them. C. SHELTON, G. A., Portland, Or.

HORN-CLIPPING.

As we have clippers for deboning cattle we desire the patronage of all wishing such service. Price 15 cents per head for all ages. G. W. GOULD, North Salem. H. E. ROBERTS, Fruitland

JOHN HUGHES, Dealer in groceries, paints, oils, window glass, varnishes, and the most complete stock of brushes of all kinds in the state. Artists' materials, lime, hair, cement and shingles, and finest quality of grass seeds.

Chicago, Milwaukee, & St. Paul R'y.

GLANCE AT THIS MAP.

Of the Chicago, Milwaukee & St. Paul Railway and note its connection with all transcontinental lines at St. Paul and Omaha, and remember when going east that its trains are lighted with electricity and heated by steam. Its equipment is superb. Elegant Buffet, library, smoking and sleeping cars, with free reclining chairs. Each sleeping car berth has an electric reading lamp, and its dining cars are the best in the world. Other lines are longer than this, but none are shorter, and no other offers the above luxurious accommodations. These are sufficient reasons for the popularity of "The Milwaukee." Coupon ticket agents in every rail road office will give you further information, or address

WEEKLY THE MONTHLY OUTLOOK!

Published every Saturday, 13 Astor Place, New York.

The Outlook will be in 1897, as it has been during each of its twenty-seven years, a History of Our Own Times. It is a unique editorial department. The Outlook gives a compact review of the world's progress; it follows with care all the important philosophical and industrial movements of the day; has a complete department of religious news; devotes much space to the progress of the home; reviews current literature; furnishes cheerful table-talk about men and things; and, in short, aims to give the most original, observation, and reasonable externalment.

Beginning with the fifty-fifth volume, the paper will assume the regular magazine size, which will add greatly to its convenience and attractiveness. The Outlook is published every Saturday—fifty-two issues a year. The first issue in each month is an illustrated Magazine Number, containing twice as many pages as the ordinary issues, together with a large number of pictures. The price of The Outlook is three dollars a year in advance, or less than a cent a day. Send for a specimen copy and illustrated prospectus to The Outlook, 13 Astor Place, New York City.

Before subscribing for a magazine see the list

Demorest's.

An unparalleled offer.

Demorest's Cut paper Patterns are the most practical on the market. They are of any size that any member of a household could require. In each copy of the Magazine is printed a coupon entitling the subscriber to a pattern (worth and regularly sold for 35c.), or any number of patterns, for four cents each to cover postage and packing. When the value of the patterns is considered the subscriber actually gets Demorest's Magazine Free And what a Magazine this is! 1897 it will be more brilliant than ever. Each copy contains an engaging reproduction in colors of some celebrated picture of the most refined home. It is affirmed that Demorest's is the only complete Family Magazine Published combining all of the most excellent points of its contemporaries, besides having inimitable features of its own. Demorest's is actually a Doreen Magazine in one.

It is a Digest of Current Events and Ideas for the busy man or woman. A Review and a Storehouse of interest for all. Wives, mothers, sisters and daughters can find exactly what they need to amuse and instruct themselves in every department of the domestic, social and home, embroidery, and ornamenting of the home, and in all the latest and artistic and fancy work all kinds, etc., etc., and suggestions and advice regarding the wellbeing and dressing of their own persons.

The scope of the articles for 1897 and 1897 will cover the whole country and its varied interests, and the articles will be produced and illustrated with the finest engravings, and in addition, it will publish the best and purest fiction. It treats at length of the latest fashions, Home Amusements and Entertainment, and gives a great deal of attention to the Children's Department, and "Our Girls," and has a Monthly Symposium of important questions of which are discussed of interest to our readers. Let us have your subscription at once. You get more value for your money than is possible to secure in any other magazine. The Magazine one year for \$4.00. Or six months for \$2.00. (Over 250 different garments are shown each year, patterns of all of which are obtainable by subscribers at 4c. each.) Sample copy (with pattern coupon) sent for free.

DEMORST PUB. CO. 112 1/2 d w

A Liberal Offer. Only \$2.50 for the Weekly Journal and Demorest's Family Magazine. To Daily subscribers at \$1.50 net per annum. Send subscriptions to Capital Journal, 3a em Ore.
