BLIZZARD.

Suffering in the Northwest.

LIVES REPORTED LOST.

Cattle Buried in Snow and Trains Delayed.

ST. PAUL, Nov. 30.—Human beings have been frozen to death, cattle have been stampeded, bruised and smothered in snow drifts; trains are delayed, wires are down and the November storm record is broken by the blizzard that holds the Northwest locked in its chilly grasp.

How many lives have been sacrificed cannot be told until the snow drifts clear away, months hence. Men are missing everywhere in the heart of the storm. Some are known to be dead, and many missing, with the chances very much against them being alive. Those dead and missing are:

Thomas Anderson, 18 years old, lost in the snow near Moorhead, Minn.

F. M. Burrows, mail agent, lost in the storm at Devil's Lake, N. D.

Frank Stack, of Chicago, frozen to death near Fargo, N. D.

Two unidentified men found frozen to death near Fargo, N. D.

Three missing men, lost in the snow near Fargo.

From the cattle country in the western part of North Dakota come reports of intense suffering of the livestock on the ranges, but no definite information can be had, as the wires are down. Watson Hall, a cattleman, says the losses will be extremely heavy.

South Dakota is suffering, too. At Pierre over eight inches of snow fell during Thursday and Friday, and the wind maintained an average velocity of 28 miles an hour. Wires were down most of the time, and trains and street-cars were tied up. The first train to move west went out about noon today with a snowplow.

Snow on the prairie drifted badly, and cattle losses are being reported. It was the worst storm for years.

Some of the transcontinental railroads centering at St. Paul resumed their through service today.

SEVERE WEATHER CONTINUES TO PREVAIL throughout Nebraska. The thermometer has been close to zero for 36 hours. In the western part of the state a high wind prevails. In some sections stock is reported as suffering for want of food and water. The immense supply of grain and hay in Nebraska, where it is available, enables feeders to carry cattle without trouble.

WORST STORM IN EIGHT YEARS.

ABERDEEN, S. D.—The present storm has not been paralleled since the great blizzard of January 12, 1888. Drifts on the streets and on the railroad tracks are six feet deep. The loss to stock, it is feared, will be great. A dispatch from Mellen says the worst snow storm and blizzard through this section for years commenced on Wednesday night. Snow drifts on Main street are 15 feet deep. Stock will suffer greatly.

TRAFFIC BLOCKADED.

A traffic blockade by the storms in the Northwest is reported at the post-office department in the following dispatch from the superintendent of the railway service at St. Paul: "On account of heavy blocking storms, trains of the Northern Pacific and Great Northern lines in South Dakota and Montana are at a standstill, telegraph wires are down, and it will be 48 hours before the regular train service is resumed."

LOST IN A TOWN.

DEVILS LAKE.—The blizzard was very severe here. The passenger train from the coast has remained on the siding since Thanksgiving. About

CABTORIA.
The best remedy for every cough.

4:30 p. m. on Thursday, F. M. Burrows, mail agent, left his car to go to the depot for orders. He has not been seen since, and there is not one chance in a thousand of his having escaped death in the storm. It is supposed that in returning to the car he lost his way in the blinding snow.

SNOW BLOCKADE RAPID.

HURON, S. D., Nov. 30.—The snow blockade was raised and traffic on this division of the Chicago & Northwestern road resumed tonight. The Great Northern will begin business Monday. Telegraph lines are badly demoralized. Stock losses on the northern and western ranges are very heavy, but no suffering among the settlers is reported. The storm lasted 48 hours, and was one of the most severe experienced since the settlement of this country.

IN COLORADO.

DENVER: The minimum temperature recorded at the Denver station weather bureau today was 8 deg. below zero, at 6 a. m.; at 11 it was 8 1/2 below zero. At Leadville it is 17 below zero; at Pueblo, 12 below; at Cripple Creek, 14 below. The cold snap has been more severe in Wyoming and Colorado. At Lander, Wyo., the thermometer recorded 28 below zero last night.

MINNESOTA AND MANITOBA.

A light snowfall only was reported Saturday, but it seems to be the closing fury of the present big blizzard. The temperature dropped to a low point. In St. Paul it was 7 below zero early Saturday morning. Moorhead reported 24 below; Huron 8 below; Williston, 22 below; Winnipeg, 24 below. Trains are badly delayed, and telegraph communication greatly crippled.

SALT LAKE'S COLDEST DAY.

SALT LAKE, Nov. 30.—Saturday was the coldest November day in Salt Lake in the 20 years' existence of the Utah weather bureau. At 5 o'clock in the morning the thermometer registered five-tenths of a degree below zero.

An Unfortunate Girl.

PORTLAND, Nov. 30.—Miss Mamie Clark, the young woman who tried to commit suicide by drowning in the river, was committed to the asylum. The girl appears to be rational on all subjects, but has the idea that she must kill herself. She is the girl who was attacked several years ago within a short distance of her home, out in Irvington, by some man, who beat her with a pistol until it was thought she would die. There never was a clew as to who her assailant was. It was thought she knew, but would not tell his name. The incident was forgotten until her present hallucination brought her into prominence.

DIED.

Your Boy Went Live a Month.

So Mr. Gilman Brown, of 34 Mill St., South Gardner, Mass., was told by the doctors. His son had Lung trouble, following Typhoid Malaria, and he spent three hundred and seventy-five dollars with doctors, who finally gave him up, saying: "Your boy went live a month." He tried Dr. King's New Discovery and a few bottles restored him to health and enabled him to go to work a perfectly well man. He says he owes his present good health to use of Dr. King's New Discovery, and knows it to be the best in the world for Lung trouble. Trial Bottles Free at Fred A. Legg's Drug Store.

CUBA.

The Florida Coast Fortified.

Our Government Is Concentrating Artillery at Pensacola.

PENSACOLA, Fla., Nov. 30.—It is rumored in military circles that the troops of the First Artillery, now stationed at various posts on the Gulf and Atlantic coast, are to be concentrated here for practice with the modern heavy guns, which will soon be in position on Santa Rosa Island.

The selection of a site for another battery leaves no doubt in the minds of military men that Pensacola is to be heavily fortified as rapidly as possible, and as the troops need practice in the handling of the modern guns, this harbor is deemed by military men to be the best that could be selected for the purpose. They would have the open gulf for target practice, and at least 1000 men could be comfortably quartered at Fort Barrancas and the navy yard.

DYNAMITED A TRAIN.

HAVANA, Nov. 30. Several well-known insurgent leaders have dynamited a military train running along the trocha from Jucaro to Moron, in the western portion of Puerto Principe. Several cars were smashed, and the insurgents then attacked an iron-plated car, in which was the train's escort of 25 men officers.

An armored engine was sent in pursuit of the column. Colonel Arminan, arriving upon the scene, the insurgents retreated, leaving eight killed and carrying away their wounded. The military escort of the train had one officer, eight soldiers wounded and two killed.

EXPECTS INTERVENTION.

LONDON, Nov. 30.—The Times correspondent in Havana, in a cablegram, dwells at length upon Captain-General Weyler's failure to cope with the rebellion. He adds:

"It is said that the present issue of banknotes is to be withdrawn and a number issued based on the value of silver, to the extent of \$60,000,000, intended for the payment of the troops. As there is no metallic reserve, it is safe to predict that these notes will soon fall to a purely nominal value."

The Times says, in an editorial on the above:

"The gloomy outlook in Cuba makes it impossible to exclude the possibility of some kind of intervention by the United States."

Miss Katie Walker, of Pendleton, was the lucky candidate who carried off the \$25 diamond ring at Pendleton. Being the lady who received the most votes.

THE POPULAR DAILY.

THE ONE CENT DAILY CAPITAL JOURNAL is growing rapidly in favor and large clubs are being raised in many of the towns of this state.

It is distinctively the people's paper. Men of all parties read THE CAPITAL JOURNAL. It is widely known among the people and has the reputation, whether deserved or not, of never having sold out the interests of the people.

Over the Legislature and for the coming year THE DAILY and WEEKLY will prove of great interest to all who love good and economical government.

A Load of Buckshot Fired Through a Window.

RITEVILLE, Wash., Nov. 30.—After the wedding of George Achziger and Matilda Kelson, which occurred at the home of the bride's parents in the German settlement, a sad accident occurred which was the shooting and seriously wounding of Miss Mary Bauer.

It is customary among the Germans to celebrate a wedding by salutes and other loud demonstrations, consequently there was quite a number of guns in the crowd. It is impossible to ascertain who is the one responsible for the affair.

As they were leaving the home of the bride enthusiasm ran high and in the midst of their excitement an unknown person fired a heavy charge of shot through the window of the house, which only passed through the shawl worn by the bride and took effect upon Miss Bauer, the entire charge entering her head. Miss Kelson has been the favorite of the entire neighborhood and among the young men ever since her arrival.
