MARKETS.

WHEAT. Talkington, Botger & Co's., circular for Jan. 6, 1897:

The market opened slightly above yesterday's closing. The foreign markets did not sympathize to any great extent with our break of yesterday. Holders realized truly and the selling pressure continued throughout the session, resulting in a net decline of over two cents from opening.

Cables were a shade lower, but steady feelings prevail in European markets, which are more influenced by the general situations than by daily fluctuations at speculative centers.

Northwestern receipts indicate a lighter movement and California advices continue very bullish. We still feel moderately bullish on wheat and continue to advise its purchase on soft spots. The market certainly has a very strong undertone. Chicago May wheat opened on board at 83 1/2¢ and closed at 84 1/2¢. Cash sales went at 78. Liverpool, January 6 10 1/2.

FINANCES.

Considered by the Council.

Report of Treasurer and Fire Chief Referred.

Salem's new city Council met last evening in its first session, with Mayor Richardson in the chair.

Treasurer Swafford's annual report was called up, read and referred to the new finance committee with instructions to report at the next regular meeting.

Mr. Holman moved to proceed to the election of officers. Carried. Messrs. Legg and Graham were appointed tellers. Mr. Holman nominated Messrs. Gamble and Gibson for policemen, and upon motion those two men were unanimously chosen.

City engineer was next in order, and as Mr. Gobalet, the present incumbent was the only nominee, that gentleman was also unanimously chosen. For chief engineer of the fire department, O. D. Hutton fared the same as Mr. Gobalet, and was duly elected.

The present corps of men in the fire department was recommended by Chief Hutton, and all were unanimously re-elected.

Mayor Richardson's annual address was read by Recorder Edes, after which it was ordered referred to the respective committees of the council.

A communication was received from C. A. Stockton, in regard to a garbage crematory. Referred.

COMMITTEES NAMED.

The following committees for 1897 were appointed by the mayor: Ways and means—Smith, Lawrence, Holman.

Ordinance—Graham, Legg, Parkhurst. Accounts and current expenses—Lawrence, Smith, Parkhurst.

Streets and public property—Parkhurst, Smith, Lamport. Licenses—Legg, Simpson, Graham.

Fire and water—Simpson, Smith, Lawrence. Health and police—Lamport, Simpson, Graham.

Printing—Holman, Simpson, Lamport. City hall—Holman, Lawrence, Smith, Legg.

The annual report of the chief of the fire department was submitted and referred.

A petition from I. L. Kimber, H. M. Branson and others, for a new sidewalk on the north side of Center street, between Commercial and Liberty; also a crosswalk across Commercial street at said intersection. Referred.

City Treasurer Swafford was present and stated to the council that inasmuch as he was having some difficulty in obtaining new bondsmen, requested that the council inform him just what kind of a bond it required, stating also the amount of the same.

He stated that his friends hesitated about signing a new bond until the shortage caused by the Williams & England bank failure was properly adjusted, and for that reason presented a draft of a new bond, which is like the old bond except the following provision, which Mr. Swafford suggested should be inserted:

"And it is also understood and agreed to by the common council of the city of Salem, and hereby made a part of this bond, that the above named sureties of the said E. J. Swafford, shall, in no way be held to be liable for any previous act of his or his sureties, during his conduct of said office, prior to the date of this instrument."

Mr. Holman moved that the matter of a new bond be referred to the proper committee, with instructions to secure legal advice upon the matter and report to the council.

Tacoma Got Left.

OLYMPIA, Wash., Jan. 6. The supreme court reversed the judgement of the superior court of Pierce county, in the case of the City of Tacoma vs. the Tacoma Light and Water company, appellant. This is a case in which an action was brought by the respondent city to recover damages for the deceit and misrepresentation of the appellant in the sale of the water and light plants, the purchase price of which was \$1,750,000.

The jury found for respondent in the sum of \$787,500, and from the judgement entered upon this verdict and the order of the superior court denying the motion for a new trial an appeal was taken. Fraud was relied upon as the basis of plaintiff's cause of action. The court says it is not based upon anything in the contract, but claims of false representation in regard to the character, extent and value of property sold are made.

After a lengthy review of the evidence in the case, this court holds that the evidence was insufficient to justify the submission of the case to jury, and that defendant's motion for a nonsuit should have been granted; also, that the trial judge in ruling upon the motion for a new trial expressed dissatisfaction with the verdict and stated that he would have found differently had he been a juror.

The supreme court holds that, entertaining such a view, it was the duty of the trial judge to set the verdict aside.

SAMPLES.

Information for Persons Receiving Copies of This Issue.

THE JOURNAL has in the past year gained a state circulation. It is the only paper in Oregon besides the Oregonian that is taken in every part of the state as the postoffice records show. You are asked to circulate it, because:

- 1. It is a clean paper. 2. It is an independent paper. 3. It is an opposition paper. It opposes corrupt politics, corrupt methods and corrupt men in all parties.

It supports aggressively the GOOD in public and private life and in all parties. It attacks the evil wherever it finds it.

THE JOURNAL advocates old fashioned honesty and Jeffersonian simplicity. It doesn't know the meaning of compromise of principle. It is always on the side of the people as against the aggressions of power that tend to destroy freedom and equal rights.
