Stomach, sometimes called waterbrash, and burning pain, distress, nausea, dyspepsia, are cured by Hood's Sarsaparilla. This it accomplishes because of its wonderful power as a blood purifier, Hood's Sarsaparilla gently cleans and strengthens the stomach and digestive organs, invigorates the liver, creates an appetite, gives refreshing sleep, and raises the health tone. In cases of dyspepsia and indigestion it seems to have "a magic touch."

Stomach

With severe pains across my shoulder, and great distress. I had violent nausea which would leave me very weak and faint, difficult to get my breath. These troubles came oftener and more severe. I did not receive any lasting benefit from physicians, but found such happy effects from a trial of Hood's Sarsaparilla, that I took several bottles and mean to always keep it in the house. I am now able to do all my own work, which for six years I have been unable to do. My husband and son have also been greatly benefited by Hood's Sarsaparilla—for pains in the back, and after the grip. I gladly recommend this grand blood medicine."

M. Ostrogorski, 132 Rue D' Assas, Paris, France, who is about to bring out a book on American political methods, writes to the author, "I've using the books on the subject I was fortunate enough to find your book on 'The School of Politics.' I was wondering whether the evils of machine rule and of bossism were obtaining in the west as well as in the East, read it with the greatest interest."

"THE SCHOOL OF POLITICS,"

OR THE AMERICAN PRIMARY SYSTEM EXPOSED.

Published by Charles H. Kerr & Co., Chicago, Ills. Price 25 cents. A hand book for citizens, legislators and students.

1. The Primary and Spoils Politics.
2. How Primaries are Conducted.
3. The Primary As It Should Be Safeguarded by Law.

"The School of Politics" shows that the corrupted primary is the political crime of the nineteenth century, and that reforms in city, state and national government are out of question until this evil has been remedied. The little book then lays bare the methods of the bosses from New York to California showing how, under laws made ostensibly to protect the people, they have legalized their fraudulent methods. The practical working of the primary in city politics is shown up in our principal Western cities. Also the perfected law adopted in California last year, but knocked out in the courts of that state. The remedy is plainly pointed out. Should be read by every student of American politics and every legislator. They will here find the facts of the pernicious system, clearly set forth, also the needed remedies. "The School of Politics" has had an extended sale in the East, and has been reviewed by many leading journals. If you read a copy you will want others to read it. Single copies, 25 cents. Special rates on larger numbers. The author would be pleased to receive communications from readers of the book, on the subject under discussion. Address,

E. HOFER,
