GOLD STANDARD MEN.

We assume there are gold standard members of the present Oregon legislature. There are certainly goldite Republicans. We want to say a word to them:

Stand by your convictions.

Don't be a mugwump, a halfbreed, a maverick, a silver-plated hypocrite.

Vote your principles! You are the men to save the honor and integrity of the nation! You believe in the "best money in the world."

Vote to elect a gold standard man for senator and none other, or admit you are a bimetallist and vote for a man for senator who believes in both gold and silver as primary money.

Be a man or a mouse. Don't be a go-between to deceive the people any farther.

The Oregonian tells you international bimetallism was only put in the Republican platform as a political subterfuge to decieve silver Republicans into voting for McKinley. It assures you nothing will ever come of it.

If you are for gold alone as money say so. Have the courage of your convictions.

THE JOURNAL does not believe in gold monometallism. It does not believe the people of Oregon would ever endorse that policy at a fair election stripped of all other issues.

THE JOURNAL believes in independent American bimetallism on the present ratio, free and unrestricted access to the mints, and the assertion of the sovereign power of the government to issue national treasury notes in addition thereto. If you believe in that, of course you are not a single gold standard man.

But if you are a gold standard man vote your sentiments. If this legislature has a gold standard majority let it elect a gold standard senator.

If it has not let it elect a senator to serve the people as against the trusts, Wall street and the corporations.

THE HUNGRY AND THIRSTY.

The crowd that howls and hisses at the state house because the house remains in deadlock embraces several hundred who are waiting for clerkships at $5 a day.

There are five or six hundred hungry ward heelers and strikers.

There are Mitchell's lobbists and ex-federal office-holders, whose bread and butter for four years is hanging on his thread of hope to be senator.

These are the hungry and thirsty that howl and hiss at Speaker Davis because he doesn't help the plundering gang organize the lower house.

The cry that the deadlock is costing the people $800 a day is a lie. These people would like to cost the state $8,000 a day if they could, but at present they pay their own board and their howls and hisses cost nothing.

The senate suits them. It has so far ordered more clerks than it had last year. It has only begun. It has entered on full swing of its old extravagance. A California paper says of their legislature:

"The citizen with rational ideas relative to compensation for labor is in danger of parting permanently with his breath, we fear, when he reads that the minute clerk in the assembly received $102.60 for time served from noon of the first Monday until 5 o'clock of the same day—or something over $20 per hour. The clerk to the sergeant-at arms beat even this. For the same number of hours he received $173.60, or about $34 an hour. We could go right down the line and show similar outlandish extravagance, but these instances are about as much as the normal intelligence can accommodate at one swoop.

Two years ago the state paid $1869.80 for the temporary organization of the assembly. This year the state has had to plank out, for the same purpose, $4230, or $2360 in excess of last year."

Let not Speaker Davis, or the reform members or the people be dismayed by the clamor of the "UNEMPLOYED." They can stand it.

OUR ELECTION LAWS.

Oregon election laws are a disgrace to the representative principle and Anglo-Saxon civilization. First we got an emasculated Australian ballot law. Then it was emasculated again. The dominant party now propose to change it still farther and put each ticket in a separate column, that it can be voted by a cross at top, still farther destroying it.

The primary law that applies in cities of 2500, that resulted in such disgraceful scenes in Portland last spring, and that is a mere disguise to ratify bossism in its worst form, will be sought, by the dominant party, to be extended all over the state, thus subjugating the country districts still farther to the city politicians.

If a registration law is enacted from these same sources, does anyone believe it will be anything but legislation in the interest of bossism and corruption? Any ballot law originating from the machine that holds power over the people by the present travesties on justice in Oregon, called election laws, will spring from no higher motive than to legalize still further a criminal system.

To crown all the infamies of the present election system in Oregon, there is the partisan boards of election judges. In no other commonwealth in the world is the final count of the ballots, the whole procedure of receiving the ballot and deciding who may vote, and what votes may be counted, left in the hands of interested partisans without any protection whatever.

Does any honest man in Oregon of any party doubt if five or ten votes had to be stolen in any precinct in any county of Oregon that it would not be done? Do the men who voted for Vanderburg know how they were counted out? Can any one explain how five counties in Oregon increased their vote a thousand over the vote of June?

Unless this legislature can give the people honest election laws, untainted with fraud at its very inception, let it adjourn without passing a single law. What use to attempt to reform a body politic that has a foundation so rotten as our present election laws? Can we gather figs from thistles? Can a corrupt tree bring forth good fruit? Give the people a reform in their election laws, or cease to collect their taxes.

The Tramp Problem.

ALBANY, Or., Jan. 13, 1897.

EDITOR JOURNAL:—I was much interested in your editorial last evening headed "Tramps." Last Sabbath morning in walking from my farm home into Albany to attend church I passed some tramps, young men cooking their breakfast, near the railroad track in Hackleman's Grove near the city. After saying "its rather cold camping out boys," I asked them where they were going, how long they had been there, and where they slept the night before. They said they were going to Portland, had just come in, slept in a barn last night. I said I had seen a fire in that place at night about a week previous. "Oh, well meaning tramps are coming and going all the time." I asked them questions as to home, parents, etc., and gave them some kind words.

After I left them the thought came to me, and I gave the same to my Bible class that afternoon. Are moral and Christian people, the latter particularly, doing their duty toward the tramps. Would it not be far better if instead of driving them out of the city limits, and treating them as dogs, to establish homes for them near the railroad depots of the principal cities, where a night's lodging and plain but substantial meals could be given, for one night only except in case of sickness, and throw around them Christian influences, so well expressed in kind treatment, songs, prayer and Bible truths. In this home there would be less exposure to the saloons, the greatest cause of wrecked and ruined lives, not only to them, but to our boys. Love and sympathy can reach many a heart that would otherwise become more desperate by cold indifferedce and hard treatment. The plan of furnishing work would still further solve the problem. I would like to see the people of my native Oregon be among the first, if not the first, to thus keep this class of people. There are no doubt many seemingly hopeless and some undeserving characters but I believe a large part can be secured and many saved ere they become hardened criminals

Joint Installation at Hubbard.

Friday evening, January 8, the joint installation of the officers of General Rusk Post, G. A. R., and General Rusk Post, W. R. C., took place at the Post room, in the I. O. O. F. building. The Post officers for the ensuing year are as follows: Chas. Bohm, P. C., L. S. Thomas, senior V. C., W. P. McKee, junior V. C., H. C. Stoddard, quartermaster. O. H. Byland, chaplain, B. J. Grim, O. D., John Jordan, O. G., J. B. Dimick, coajutant.

The W. R. C. officers are: Regamia Bohm, president, Anna Gruber, senior V. P., Lydia Gruber, junior V. P., Nellie Dimick, secretary, Minnie Thomas, treasurer, Allie Dimick, chaplain, Otilha Wolfer, conductor, Louisa School, guard, Alma Grim, assistant conductor, Phebe Jordan, guard.

Past Commander J. B. Dimick, of General Rusk Post, was the installing officer, and by general consent the ladies were awarded the palm.

The Post and Corps are well officered and starts off on the new year with bright prospects.

After the installation the doors leading to the banquet hall were thrown open and one of the finest suppers ever spread in Hubbard, prepared by the ladies of the W. R. C., was partrken of by all. The only strife that existed, was in seeing who could make the most merriment and happiness. As an hour or two around the well-loaded tables failed to "reduce the surplus" to any great extent an adjournment to the post room was had, and was there agreeably entertained by the Hubbard band with many patriotic selections. An old-time soldiers' campfire was then declared to be the order, and Capt. Grim and Lieut. Buck, of Co. E., O. N. Guards were called for, and each responded in a happy manner, expressing their pleasure for the honor shown them and the national guard which they represented. Comrade O. H. Byland was then called for responded in an able, patriotic address, much appreciated by all.

Comrades Stoddard, Thomas, Bohn Grim, Jordon and others, were in turn called out and responded in a manner that plainly indicated that each had a true G. A. R. heart beneath his vest, and that the days when they "went for a soldier," had not been forgotten. Many other comrades were called for, but expressed themselves as "too full for utterance." An attempt was made to press the ladies into service but they "retreated in good order."

After a vote of thanks to the Hubbard band, Womens Relief Corps, and all who contributed in making the occasion such a grand success, one of the most pleasant meetings ever held in Hubbard was declared adjourned.

Is there any reason for dodging and ignoring a great and vital fact simply because a few prejudiced, misguided people have antiquated ideas of what constitutes morality and modesty? Reason and honesty say *—certainly not.* Men and women are attracted to each other because they are men and women and because it is right and necessary that they should be so attracted. The things that make a man attractive are the characteristics caused by his inherent manliness—by the strength which makes him a perfect man. The same is true of woman. There is strong attractiveness in perfect health. There is fascination and magnetism in it. A woman cannot be entirely womanly—she cannot be a perfect woman—if she is not in perfect health. In just so much as her sickness affects the organs that make her a woman, in just so much she loses attractiveness. This is the vital part of her health. If anything is wrong there, it may result in all manner of ills all over the body. Careless, or too busy, physicians frequently treat the symptoms of this kind of disorder as separate and distinct ailments. The symptoms are many and varied, so much so that when a woman is sick in any way, the first thought should be given to the organs distinctly feminine. About 6 cases in 10 the cause of the trouble will be found there. Dr. Pierce's Favorite Prescription cures all disorders of this kind. There is no guesswork about it. There is no chance about it. It is a fact that has been demonstrated in 30 solid years of extensive practice.

Thousands of women have written grateful letters, who have wished the whole world of women to know the wonderful things the "Prescription" has done for them.

CURED AT 73 YEARS.

Dr. Miles' New Heart Cure Victorious.

No other medicine can show such a record. Here is a veritable patriarch, 73 years of age, with strong prejudice to overcome, who had *Heart Disease 15 years.* He took the New Heart Cure and is now sound and well.

SAMUEL O. STONE.

Grass Lake, Mich., Dec. 28, 1896.

I have been troubled with heart disease 15 years or more. Most of the time I was so bad it was not safe for me to go out alone, as dizzy spells would cause falling. I had severe palpitation, shortness of breath and sudden pains that rendered me helpless. All physicians did for me was to advise keeping quiet. In August last I commenced taking

Dr. Miles' New Heart Cure,

and before I had finished the first bottle I found the medicine was a God-send. I have now used four bottles in all and am feeling entirely well. I am 73 years of age and have held a grudge against patent medicines all my life, but I will not allow this to prevent giving my testimony to the great cure your valuable remedy has wrought in me. I do this to show my appreciation of Dr. Miles' New Heart Cure. SAMUEL O. STONE.

Dr. Miles Heart Cure is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at $1, 6 bottles for $5, or it will be sent, prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.

Information for Persons Receiving Copies of This Issue.

THE JOURNAL has in the past year gained a state circulation. It is the only paper in Oregon besides the Oregonian that is taken in every part of the state as the postoffice records show. You are asked to circulate it Because:

1. It is a clean paper.
2. It is an independent paper.
3. It is an opposition paper. It exposes corrupt politics, corrupt methods and corrupt men in all parties.

It supports aggressively the GOOD it finds in public and private life and in all parties. It attacks the evil wherever it finds it.

THE JOURNUL advocates old fashioned honesty and Jeffersonion simplicity. It don't know the meaning of compromise of principle. It is always on the side of the people as against the aggressions of power that tend to destroy freedom and equal rights.
