A WORD TO MITCHELL

Thus it appears that Senator Mitchell's managers are back of the house deadlock-20 members-less than a or it shall not be organized.

THE JOURNAL admires and respects paper, in Oregon, more persistently championed his claims to re-election before the people last spring than down to and including the judges THE JOURNAL. A SCHOOL BILL.

The people of Oregon are not clamoring for any new legislation, but for remedial statutes to rescue the people from the baneful effects and expense of pernicious laws we have.

Our public school system is in a deplorable condition. High priced text books, hardships for teachers, disappearance of the irreducible school fund, and shorter and shorter terms of school. The system from top to bottom needs amending. If one bill passes at this session it should be a public school bill.

Oregon public schools are suffering more from bad legislation than any department of our state government. The schools lie at the foundation of all. When they suffer it is the first duty of an American to east his vote for reliet.

At the ansumi municipal election in Medford, the taxpayers' ticket was elected with the exception of recorder and. The successful candidates were: Mayor G. H. Haskins; councilmen, F. Hubbard, F. M. Plymule, J. R. Wilson, A. M. Woobard; recorder, W. W. Stanfield: marshal, William Churchman: treasurer, Charles Strang.

A brilliant complexion is a beauty in itself. It pleases the eyes of thoughtiess people and the misds of thinking people. They know that a really good complexion is a sign of health, and created by Nature. There are different ways of imitating a first complexion: cosmetics, which deceive no body, but ruin the skin and make the user look silly and prematurely old; stimulants which only give a temporary flush; dangerous drugs which drive pimply disorders from the face back into the blood. All these "counterfeit" complexions are unsafe and easily detected. But the genuine, tumistakeable, much admired color and clearness of health can only be obtained by clearing all bilious matters and humors out of the alood.

The first step towards creating a good complexion by Nature's own method is to get the blood clear, and the circulation free and active. There is no complexion so sallow sunday or pimply but it will be cleared and brightened by Dr. Pierce's Golden Medical Discovery. It is the best natural complexion maker on earth. It sends the fresh gives of real health to the checks by theroughly clearing all bilious and eruptive humors out of the blood. It strengthens the digestion and regulates the bowels in a mild, natural way. It gives brighter color to the blood, and and only beautifies the complexion but makes the eyes brighter and the breath sweeter.

If the howels he warp much constipated it will be advisable to take small dones of Dr. Fierce's Pleasant Pelight, conjeintly with the nase of the "Golden Medical Discovery."
