

BY HOPPER BROTHERS, WEDNESDAY, JAN. 20, 1897.

ELECT A SENATOR.

But let it be a people's senator. The people have no use for a Southern Pacific senator, a Wall street senator, a silver trust senator, a gold trust senator, a Protective tariff senator, or a free trade senator.

Give the people a senator who will go to Washington and live on his \$5,000 a year and put an end to representation by hoodie methods or hoodie men.

The national sense of honor is so corrupted that to become senator a man is first expected to spend money to corrupt the primaries in selection of legislators; then he is expected to corrupt the legislature itself; then he is expected to set up a machine within the party to reward his strikers; throughout the whole campaign to the senator he must maintain a corrupting alliance with the big corporations.

The Journal says to the legislators, do not sell your hands by electing such a senator. Go home to your constituents and be able to say the rest of your lives: I contributed nothing to the corruption of politics, to the degradation of the senate, and to the humiliation of my country. I voted to elect an independent man senator, who will represent the people in a dignified, self-respecting manner, but without the taint of plutocracy.

The Republican party will learn that it cannot rule without principle. Its subterfuge of international bimetalism to catch votes will be laid bare before a year rolls around. It cannot give satisfaction to the conflicting elements that were deceived into supporting its "subterfuge." A senator at this time should be a Republican, but he should be a man who did not participate in the gigantic national fraud of November 6.

Elect a senator who will stand up not only for gold and silver as primary money of full debt paying power, but for the coinage of national treasury notes also a full legal tender and all three kinds of money receivable and interchangeable for public and private dues. A higher tariff levied upon the necessities of the people will only impoverish the people unless they are supplied with a larger volume of circulating medium. A tariff for the manufacturer and loaning money centers can only impoverish. It is a double system of spoliation that should be repudiated by the intelligence of the Oregon legislature.

Senator Mitchell has abandoned the people on the money question and stands for the gold monopoly system he condemned a thousand times. Worse still he stands for the Pacific railway jobbery, and his friends do not deny it. He stands for an issue of \$200,000,000 Nicaragua canal bonds to a private corporation. He stands for a road bonding bill, the last straw to break the farmer's back and dispossess him of his lands. No legislature should ever meet to send such a man to the senate. If left to the voice of the people such a candidate for senator would be known under 10 to 1. As a champion of free coinage and election of senators by direct vote of the people Senator Mitchell had some claims of respect.

But at the bidding of subsidized political agents of the plutocracy he has abandoned both these positions on which he had conspicuously won the good will of the people regardless of party. We wish to be understood as personally not unfriendly to Senator Mitchell, but we believe the hour has arrived for the people of Oregon to choose through their representatives what they would choose if left to themselves—a People's senator. He the Republican, Democrat or Peoples, he should be an American senator, standing for the best brain, brawn and impulses of all the American people, instead of a creature of a political ring to serve special interests.

A very commendable act is reported at Harrisburg. The late J. E. Cartwright was insured in the Woodmen of the World for \$1000, payable to his mother. He was afterwards married and it was his intention to make his wife beneficiary, but neglected to do so.

A REPUBLICAN DUTY.

Mr. Swafford was made the Republican candidate for city treasurer when it was known that he could not produce the city funds already entrusted to his safe keeping. It is a duty the party owes Mr. Swafford to assume his obligations and not demand at his hands what it knew he was unable to perform when he was made its candidate.

The management of city, county and state funds is a sacred trust and in this strong Republican city, at the capital of the state, the party should neither allow its record to be smirched nor become guilty of rank injustice. The Republican party is accorded the highest reputation and honor in management of finances. Its regard for financial integrity is its chiefest political boast. Having forced this responsibility upon Mr. Swafford and made him its candidate, it should not leave him in embarrassment.

ABOUT FREE CODES.

TABLE ROCK, Or., Jan. 18, '97. ED. JOURNAL.—I notice among the proceedings of the senate a resolution by a senator providing that Hills annotated code, senate and house journals, and session laws be furnished senators.

As a matter of fact hold over senators have been heretofore furnished with copies of the code, etc. What have the senators done with the code furnished them two years ago? Have they sold them to some lawyer and now want the state to furnish them another set at the expense of about \$20, for each senator.

As the last code was compiled in 1892, the members of the sessions of 1893, 1895 and the present session will get the same laws. It is right and proper that each member of the legislature should be furnished with the laws of the state but I see no justice in furnishing senators with two copies because they are elected for four years.

In the present house are several who were members of the last. Will they also vote themselves another set of codes? The senate has made a bad beginning if it wants to practice the economy promised the taxpayers.

S. M. NEALSON. [The position of THE JOURNAL is that the codes are needed by the legislators, but should remain the property of the state. There is nothing to prevent any legislator from not carrying his codes away. They belong to the state and should remain in its possession.]

The money last week was paid to Mrs. Cartwright's mother, who immediately gave it to Mrs. Cartwright, a noble act that will endear her to all.

A large batch of several hundred patents to lands in the Oregon City land-office district have been received from the department, and they have been duly noted on the tract books and are now ready for delivery to the owners. This list cleaned up the patentable cases that had accumulated during the year, though many other patents had been issued in regular order during that period. The same can be had at the office or by addressing R. H. Miller Register Land office.

Napoleon Bonaparte, one of the most forceful men in all history, a man continually wrapped in schemes and campaigns, in plots and counter-plots, striving intently and ambitiously for success and power—a man whose utter disregard for human life made his battles the bloodiest the world has ever seen—this man found bitterness in his triumphs because he had no heir to whom to bequeath his greatness. Josephine was divorced largely for this reason. Many women are incapable of bearing children. Many more of them are afflicted with disorders of the organs directly feminine so that bearing children would be dangerous to them, and unfair to the children. Every child deserves the heritage of health. The children cannot receive this from a sickly mother. There is no reason why they should have such a thing as "female weakness." It is as unnecessary as it is distressing. Dr. Pierce's Favorite Prescription cures all forms of distinctly feminine sickness. It purifies, strengthens and invigorates. It is prepared for just this one purpose and no other. It's the only medicine now before the public for woman's peculiar ailments, adapted to her delicate organization by a regularly graduated physician, an experienced and skilled specialist in these maladies. It cannot do harm in any condition of the system. Its sales exceed the combined sales of all other medicines for women.

Every woman ought to send at once a check to pay for mailing a free copy of Dr. Pierce's thousand page "Medical Advisor," "World's Dispensary Medical Association, Buffalo, N. Y."

GLORY FOR HANNA.

M. A. Hanna is to be senator, from Ohio, to succeed Sherman! He is to bring practical business methods into the senate! Young men who have it in mind to go to the senate should study to become multi-millionaires. No other qualities are required.

The New York Mail and Express, McKinley's personal organ in New York, says:

"The bearing of the appointment of Mr. Sherman to the cabinet upon Ohio politics now becomes of national interest. The problem involved in the appointment, by Governor Bushnell, of Mr. Sherman's successor in the senate, for the year of his unexpired term. It is not yet clear that any definite arrangement as to this important question has been made between Major McKinley and Senator-elect Foraker, who is credited with absolute control over the actions of Governor Bushnell. It is undoubtedly this question which made so uncertain only a few days ago the acceptance by Senator Sherman of the state portfolio, but in just what way this difficulty has been cleared away is not yet apparent. It is to be borne in mind that Ohio Republicans have so great a pride in their representatives in the senate that Governor Bushnell would excite great public indignation if he were to appoint any man unworthy to fill the seat now occupied by Mr. Sherman, that has been filled by such men as Tappan, Thurman, Matthews and Pendleton."

"Upon this public sentiment the friends of Major McKinley rely to influence Governor Bushnell not to send to the seat of Sherman any of the petty creatures, of Ohio local politics. However, during his brief term, Governor Bushnell's appointee to the senate, if inimical to the administration, would not be able to secure even such a crumb of patronage as a village postmaster. Under these circumstances it would seem almost necessary that Senator Foraker and Governor Bushnell consult the wishes of the next administration in appointing Senator Sherman's successor. What could be more natural than the appointment of Mark A. Hanna to the senate, with the reasonable certainty that the next Ohio legislature will be Republican and will continue Mr. Hanna for six more years in the senate, to the membership of which it would bring practical business methods while contributing his shrewd sagacity to the highest party politics. Such an appointment would go far toward securing peace and unity among Ohio Republicans, whom President McKinley will wish to have with his administration."

STATE NEWS.

H. B. Lurman, a California cattle dealer is in Lane county buying cattle. He has already bought several trainloads.

C. A. Williams of La Grande died suddenly at the family residence, aged 74 years. Surviving him are a wife and two sons, E. C. Williams, of Ohio, and O. W. Williams, of La Grande. The coyote hunt in Powder valley last Saturday was, so far as the number that took part was concerned, a great success, fully 300 men, women and boys taking part, but the result proved no massacre to the sleek animal less than one dozen being killed.

George B. McClellan, a prominent farmer and an old resident of Umatilla, died at his home at Nolin of typhoid fever and la grippe. He belonged to several fraternal orders, and as a Republican took an active interest in politics.

The site for the new cannery to be built by the Fisherman's Union, in Astoria, has been selected and contracts have been let for its construction. The following are the officers of the company: J. B. Nice, president; Sofus Jensen, secretary; and Charles Wilson, treasurer.

Recently suit was instituted to compel the city treasurer, of La Grande, to apply the cash on hand toward the payment of a warrant amounting to about \$2000. Judge Eakin has just rendered a decision to the effect that the city treasurer is not required to pay a warrant until sufficient funds have accumulated to pay the warrant in full.

Information for Persons Receiving Copies of This Issue. THE JOURNAL has in the past year gained a state circulation. It is the only paper in Oregon besides the Oregonian that is taken in every part of the state as the postoffice records show. You are asked to circulate it because: 1. It is a clean paper. 2. It is an independent paper. 3. It is an opposition paper. It opposes corrupt politics, corrupt methods and corrupt men in all parties. It supports aggressively the GOOD it finds in public and private life and in all parties. It attacks the evil wherever it finds it. THE JOURNAL advocates old fashioned honesty and Jeffersonian simplicity. It doesn't know the meaning of compromise of principle. It is always on the side of the people as against the aggressions of power that tend to 'destroy' freedom and equal rights.

CASTORIA. The fact is... Dr. Miles' Restorative Nervine.

"GREATEST ON EARTH." Dr. Miles' Restorative Nervine. Mr. E. T. Caldwell, is book-keeper in the First National Bank of Fulton, Ky. "I was completely run down. My nerves became so unstrung through loss of sleep and worry that I felt sure I would be compelled to give up my position. I would lie awake all night long, and it took but little to shake me up so that I could not possibly go to my business, as I should, in connection with the fact that I had been so nervous about the stomach, and pains in my head, and I was a different man. I had had this up for a long time, and I am now on my third bottle, and am able to do my work as usual, and I feel that I could not do so before taking your Nervine. I am now fully recovered, and do not believe I could have done so without your Nervine. I pronounce Dr. Miles' Restorative Nervine the greatest medicine on earth." Fulton, Ky. R. T. CALDWELL.

Dr. Miles' Nervine is sold on a positive guarantee that the first bottle will benefit. All who send for it at \$1.00 per bottle for \$5.00 will be sent prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.
