

KINCAID

Refused to Buy Codes
Or Order Printing Done for the Legislature.

At its first session the senate of the present Oregon legislature ordered copies of Hill's annotated code and session laws up to date, but Secretary of State Kincaid refused to buy the same unless a bill or joint resolution authorizing the expenditure of this amount of money, about \$1270, was regularly passed on roll call of both houses. He returned the resolution and has not heard from the senate since then.

REFUSING PRINTING EXPENSE.
Following correspondence between the secretary of state and the state printer explains itself:

STATE OF OREGON,
SALEM, Jan. 27, 1897.
Hon. Harrison R. Kincaid, Secretary of State:
DEAR SIR:—A number of bills for acts of the Nineteenth Legislative Assembly, introduced and read in the house of representatives, as organized January 21, inst., by thirty-one members of the house elected in June last, with the Hon. H. L. Benson as speaker, have been sent to me to be printed.

Knowing you to be fully informed as to the facts involved, I ask whether, as the auditing officer of the state, you would approve or disapprove my account against the state for such printing, should I do the work.
Very respectfully,
W. H. LEEDS,
State Printer.

STATE OF OREGON,
OFFICE OF THE SECRETARY OF STATE,
SALEM, J. 27, 1897.
Hon. W. H. Leeds, State Printer:
DEAR SIR:—Your letter dated this day has been received, in which you state that a number of bills for acts of the Nineteenth Legislative Assembly, introduced and read in the house of representatives, as organized January 21, instant, by thirty-one members of the house elected in June last, with Hon. H. L. Benson as speaker, have been sent to you to be printed. You ask whether as auditing officer of the state I would approve or disapprove your account against the state for such printing, should you do the work.

Replying to your inquiry, I beg leave to state that your accounts for all printing authorized by law or ordered by the legislative assembly will be audited and approved. In my opinion there has not been at present session any permanent organization of the house of representatives, and the present organization now assuming to transact business has no authority to direct the printing of bills. As the auditing officer of the state, I would consider it my duty to disapprove any claim presented against the state for printing such bills, unless the legislative assembly composed of the senate and house duly organized hereafter should authorize payment of said claim.
Very respectfully,
H. R. KINCAID,
Secretary of state.

AN A. P. A. MEMBER
Denies That the Order, in Oregon, Was for McKinley.

ASHLAND, Or., Jan. 25, 1897.
EDITOR JOURNAL:—The many readers of THE JOURNAL know that nothing intentionally appears in its columns but the truth. Therefore we would like to contradict a false statement or misunderstanding that was printed on January 21, 1897, to-wit: "If it had not been for one order (the A. P. A.) McKinley would not have carried Oregon, but we voted solidly for the sound money candidate." Every member of the organization for the protection of the American, knows that the above statement could not be farther from the truth. I was a member, during the campaign, of the Jackson county advisory board, I was also elected a delegate to the state convention, therefore I was in a position to know.

SUBSCRIBER.
The interview in THE JOURNAL above referred to was with a delegate to the A. P. A. state convention. He was also a Methodist minister and man of the highest standing in the order. He gave his statement to THE JOURNAL reporter voluntarily and with great glee and seemed to believe it was true. That there was a violent effort made to control the organization for McKinley in Oregon no one can doubt. It is to be hoped it did not fully succeed. It was reported by the same authority that there were enough A. P. A. members of the legislature to elect Mr. Mitchell senator. But this cannot be true, or else they are not disposed to be influenced in his behalf. Senator Mitchell claims the support of the order and some of its foremost members are said to be here working

for him, while his son, Col. Hiram Mitchell is regarded as an enemy of the order.

THE JOURNAL publishes these matters because it believes in the widest publicity of public affairs, not out of any animosity to Senator Mitchell or the order. We believe in free institutions, in toleration and freedom of conscience, and are opposed to all secret methods in our public affairs from secret caucuses to secret organizations for political purposes. Let all Americans come out in the broad daylight of publicity.

STATE NEWS.

Louis Mansfield, an employe at Rust's brewery, Baker City was arrested for abstracting money from the saloon. He was suspected, and marked coins were deposited in the till. Some of this money was found in his possession when arrested.

There are a great many wrong ways of treating disease. It is easy to make mistakes. Doctors make mistakes just the same as anybody else. The doctors who make the fewest mistakes are specialists. They do one thing over and over and over so that they know all that there is to know about it. In the 30 years that Dr. Pierce's Pleasant Pellets have been sold, hundreds of thousands of people have taken them, and have been cured by them. There is no longer any possible question of their efficacy. They are the product of experience, tried by time. They are intended to cure constipation. They are good for men, women and children. They are tiny, sugar-coated granules, very easy to take, very quick in their action. One "Pellet" is a gentle laxative, two "Pellets" a mild cathartic. A great many people make the mistake of "sandbagging" their digestive organs. They take some strong and violent medicine, which creates worse troubles than it cures. Strong purgatives shock the system unnecessarily, and they do not cure constipation. Constipation is a thing that makes people listless and languid; makes their breath bad; wakes them up with foul taste in their mouths; puts black spots before their eyes; makes them dizzy; causes headaches; makes them bilious; produces pimples and blotches—runs into all sorts of serious consequences. All this is cured by Dr. Pierce's Pleasant Pellets—cured absolutely, perfectly, permanently.

Send 21 one-cent stamps to cover cost of mailing only, and receive absolutely gratis, Dr. Pierce's Common Sense Medical Advice, and find out how to keep yourself and family healthy; contains 100 pages, over 100 illustrations and over 600,000 copies have been sold at \$1.50 each. The new edition of 600,000 copies is to be given away absolutely free. World's Dispensary Medical Association, Buffalo, N. Y.

PATRIOTS.

Adopt Strong Resolutions, Endorse the Action of the Opposition.

At a meeting of the patriots of America No. 2 of Forest Grove Washington Co, Oregon, called for the purpose of expressing the views of the members thereof upon the condition of affairs in the Oregon Legislature, the following resolutions were adopted, to-wit:

Whereas, we regret the inability of the house of the Oregon legislature to effect an organization, and fully realizing the value of time lost for much-needed legislation, particularly, the cutting down of extravagant expenses, by reducing existing high salaries, and fees, and by abolishing, numerous unnecessary taxing commissions and other offices and being confident that our representatives desire to conform to and carry out the wishes of their constituents in a just and honorable manner, without compromising their dignity, and self-respect, and

Whereas the house of representatives is so equally divided that a fair and honorable understanding should be arrived at whereby the power of a small majority would not be exercised harshly or unjustly over a large minority, therefore, Be it resolved that we earnestly request the minority representatives to make all reasonable and honorable efforts to effect a speedy organization conformably to their honor and dignity as representatives of the people of Oregon, and with a due regard to the rights of a minority against the coercive power of a majority.

Resolved further, That we, speaking for the Bimetallic Party and reform cause, declare that no representative of the people should compromise himself in the interest of any man for United States Senator, whereby the legislation for the people may be clogged and their interest suffer.

Resolved further, that we endorse so far the action taken by the minority to secure organization upon honorable terms, and have full confidence in their future action. COM.

PROBATE COURT.—The will of J. F. Burcham who died at Kossuth, Washington county, Indiana, on Jan. 7th inst., was today admitted to probate. The following is a copy of the will which was made Jan. 6, 1896 in the presence of E. Breyman and T. O. Barker: "I being of sound mind and having a right to dispose of my own do hereby bequeath to my beloved wife, B. L. Burcham, everything of which I may die possessed James F. Burcham. The petition of John S. Burcham for the appointment of Belle L. Burcham, widow of the deceased, administratrix of the estate, was granted by Judge Terrell this morning. Ene petition shows the deceased to have possessed property at the time of his death of the probable value of \$1500. It also shows the heirs of the estate to be: Belle L. Burcham, widow, aged 59; Mary R. Burcham, a daughter, aged 26; Fleming J. Burcham, a son, aged 24; John S. Burcham, a son, aged 23; John S. Burcham, a son, aged 21; Isabella Pauline Burcham, a daughter, aged 19; and Wm. D. F. Burcham, a son, aged 12, all of Salem, Oregon.

Catarth Cannot Be Cured with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarth is a blood constitutional disease and in order, so cure it you must take internal remedies. Hall's Catarth Cure is taken internally and acts directly upon the blood and mucous, of the face. Hall's Catarth Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifier, acting directly upon the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarth. Send for testimonials free.

INSANE.

A Bill Affecting Their Care And Transportation to the State Asylum.

Senate bill No. 37, introduced by Mr. Patterson, of Marion, and read first time January 13, 1897, is a bill for an act to provide for transportation of insane to the asylum, and reads as follows:

Section 1. When any insane person is committed to the insane asylum, the judge of the court in which such commitment is had shall order such insane person to be confined, and direct the clerk of the court to at once notify the superintendent of the insane asylum of such commitment, by telegraph, or other equally expedient means of notice, and on receipt of such notice it shall be the duty of the superintendent of the insane asylum to designate some attendant or other suitable person, an employe of the institution to which such commitment is had, to convey for such insane person and convey him or her from such county to the insane asylum. It shall be the duty of the clerk of such court to deliver to the person designated to convey such insane person to the insane asylum the necessary commitment papers such as are now provided for by law.

Section 2. The sheriff or jailor having the custody of such insane person committed to the insane asylum, shall deliver such insane person to the officer, attendant, or other person designated to receive such insane person on presentation of the written order of the superintendent of the asylum, and such sheriff or jailor shall take duplicate receipt for such insane person, designating the person and the fact of such commitment sufficient for identification of the person, one of which he shall retain, and the other he shall file with the clerk of the court in which the commitment is had. Until the arrival of such officer, attendant, or other person designated to receive such insane person, it shall be the duty of the sheriff or jailor having such person in custody to retain such person in custody in the same manner as before commitment.

Section 3. The expense of conveying such insane person to the insane asylum shall be paid from the fund appropriated for that purpose, being one of the asylum funds.

Section 4. All acts and parts of acts in conflict with this act are hereby repealed.

Section 5. Inasmuch as the present mode of conveying insane is inhuman, and expensive to the state, and a necessity exists for this act taking effect at once, this act shall be in force from and after its approval by the governor.

Overland Delayed.
The northbound overland, due in Salem at 6 a. m., was about four hours late, having been delayed near Ashland by reason of the wreck of a freight train. The freight train, consisting of thirteen loaded cars and a caboose, was going down the mountains when it is supposed the engine struck a defective switch frog. The engine and eight cars were derailed, seriously wrecking them. Engineer Cummings escaped uninjured, but Fireman Silby was caught in the jamming of the tender and cab, and had the left arm and collar bone fractured, his foot badly gashed and his thumb crushed, but it is thought to have no other serious injuries. Geo. Smith, who was stealing a ride between the cab and tender, which was loaded with wood, and received internal injuries. He died just as a physician arrived. He leaves a wife and two children, at Medford, and was working his way to California, where he expected to secure employment. The overland had to wait until the debris of the wreck had been cleaned up.

The Depot hotel, of Jacksonville, leased by C. Keating, caught fire Tuesday, damaging the interior badly and destroying the furniture. The building was insured for \$2500. There was no insurance on the contents.

Catarth in the Head
Is a disease that may lead to consumption. Catarth is caused by impure blood, and the true way to cure it is by purifying the blood. Hood's Sarsaparilla cures catarth because it removes the cause of it by purifying the blood. Thousands testify that they have been cured by Hood's Sarsaparilla.

Hood's Pills are purely vegetable and do not purge, pain or gripe. All druggists, 25 cents.

Hanna's Plan.
CLEVELAND, OHIO, Jan. 28.—It can be stated on authority which cannot be doubted that the republican leaders have decided upon a radical change of policy in connection with the proposed agitation throughout the coming four years, and in its stead the verdict of the American people in the recent presidential election and the merits of the incoming administration will stand alone. Immediately following the election many leading republicans throughout the country urged upon Chairman Hanna the importance and absolute necessity for continuing the present agitation, pursued during the campaign just closed. At first the members of the committee, were fully in accord with this idea, but after mature deliberation the majority of the committee, including Mr. Hanna, have experienced a change of heart. He clearly demonstrated his change of views by frankly stating to the Associated Press:

"I am in favor of stopping all present agitation and permitting the verdict of the people to stand upon its merits." It is believed that a potent factor entering into the discussion and final decision on this question is the belief that is apparently growing on all sides, that active political work, on such a scale as was mapped out by the republican leaders some time ago, is now and would continue to be a menace to the return of business prosperity. It is stated that the original plans for the work assigned to the Washington headquarters will be largely curtailed, though the office may be maintained for a short time.

Earthquake.
NEWPORT, Or., Jan. 28.—This section was visited by an earthquake shock yesterday. The shock was of about three seconds duration, and houses were shaken until the dishes on the shelves rattled. The vibrations appeared to come from a northerly direction and were accompanied by a slight rumbling noise like thunder. Reports from Alsea bay states that the shock was felt quite plainly there at about the same time.

Heart Trouble Quickly Cured.

A Convincing Testimonial.

"For 19 years I suffered from heart trouble. During that time I was treated by five different physicians. All of them claimed that I could not be cured. I was greatly troubled with shortness of breath, palpitation and pain in the side. If I became excited, or carried myself in the least, the pain in my side became very severe. At times it seemed as though needles were shooting through my side. Sometime in the month of November last, I commenced taking

DR. MILES' HEART CURE and since then I have improved steadily. I can now sleep on my left side, something I had never been able to do before. I can walk without being fatigued, and am in much better health than ever before. I would recommend all sufferers from heart trouble to try Dr. Miles' invaluable remedy without delay."
