Mrs. S. W. Morgan, of Oregon City, arrived in Salem, Saturday evening, and is visiting relatives and friends.

James Shaw, owner of the Dallas woolen mill, was a Salem business visitor today, stopping at the Cook hotel.

Prominent Salemites on the sick list who are improved: Governor Lord, John G. Wright, E. M. Waite, Reuben Boise, Jr.

Mrs. Wm. Warren, of McMinnville, who came over to attend the funeral of George W. Payne, returned home this afternoon.

Representative McKinley Mitchell, of Gervais and Senator Hughes, of Washington Co., returned to the city this morning.

Fred Flood, the Roseburg Bryan leader who stumped three counties with great success last fall, was in town over Sunday.

James Woodruff, today went to his fruit farm, near Marion where he will "recuperate" for several days. His pleasant avocation will consist of pruning trees.

Howard Rowland, of the Eugene Register, who has been in attendance at the legislative session, returned this afternoon from a Sunday visit at his Eugene home.

Miss Jessie Jewett of Astoria, who is the guest of Mrs. A. I. Wagner, has been taken down with la grippe, and is quite ill. Her people have been telegraphed for.

Major Chas. E. Worden, allotting agent at the Klamath Indian Agency, returned Saturday evening from Washington D. C. and is a guest at the home of E. F. Parkhurst on Summer street.

Rev. Geo. Garrison, of Grand Rapids, Mich., who has been visiting G. W. Thompson, went to Albany this morning after a short visit in that city. Rev. Garrison will leave for his eastern home.

Frank Bird, of Eugene; Austen S. Hammond, of Medford; F. S. Stanley and wife, of Perry; Fletcher Linn, of Portland; W. A. Wash, of Dallas; Geo. H. Dunham, of Portland, were among the guests at the Willamette today.

AN EXCITING GAME.—The indoor game of baseball at the Y. M. C. A. Saturday evening, as predicted, proved of unusual interest. The teams were quite well matched but the yellows won the game with a score of 7 to 5.

The "Red Men" evidently had more sympathizers in the audience and they never failed to reward a good play by one of their men, by vigorous applause.

The battery work for the yellows by Whit Holman and Albert Disque was a feature of the game while those wearing the "red" went wild with delight at the excellent base-running of Harry Olinger. The battery work of the "Reds" by Olinger and Joe Evans was also deserving of mention.

The second of the series of games arranged for between the "Reds and the yellows" will take place next Saturday evening.

CHINA NEW YEAR.—This annual event in the life of the Celestial residents of this city is now in full blast in our city. The pig-tailed, almoned eyed, fraternity have all donned their Sunday best and propose enjoying themselves as much as possible during their observance of New Year. Fire crackers and other explosives are being constantly fired, creating a general hub-bub.

The amount of China gin and other brands of Celestial fire-water that will be imbibed by the local contingent during the ensuing week would astonish any saloon keeper could the exact amount consumed be learned.

If you are using Japan tea of any other sort than Schilling's Best, you are losing half your money.

Your grocer returns your money in full if you don't like it.

Representative Schmittlein, of Jackson county, today received a strong petition and resolutions, signed by a host of voters at Woodville, endorsing the action of the men in the Davis house, and condemning Senator John H. Mitchell for his desertion of the people's cause, and for holding up legislation in his personal interests.

Mitchell's attitude towards the organization of the legislature is very

JOURNAL "X" RAYS.

Directed Upon the Oregon Legislature and Lobby.

Newsboys can't sell a paper that sold itself in advance.

The Hon. Chas. Runaway Fulton is again in charge of the Mitchell forces.

A bill to recognize a school of divinity by an A. P. A. senator is rather an anomaly.

THE JOURNAL has the nerve to support any man, not excepting Senator Simon, if he is right.

Senator Mitchell has secured the services of the Portland Mercury. His Salem Mercury is John P. Ward.

The Princess de Chimay has fired her rifle; she should now come and help organize the Oregon legislature.

Can't Mitchell's men increase their votes, as they increased the vote of Marion county from June to November?

Senator Sherman differs from Senator Mitchell: he does believe in building a Nicaragua canal for the corporations.

A boycott is not necessary to keep the newsboys from selling the utterances of the Oregon State Reform School Statesman.

The Bradley-Martin ball in New York will cost about \$236,637. Nearly as much as an Oregon legislature in full swing.

"No vote will be taken on senator in this body until on the second Tuesday after the house is organized."—President Simon.

The third house announce a regular session in the assembly chamber on Tuesday evening of this week. They propose to elect a senator.

Mr. Mitchell will not address the Salem bimetallic union for obvious reasons. But he should at least be invited to do so.

Since T. T. Geer has gone hobnobbing with Mark Hanna and Bill McKinley, of course he has no use for such small fry as Barkley and Hofer.

THE JOURNAL has no apologies to make for opposing Mr. Simon politically in the past. It would apologize if it failed to support him when he is right.

Cold facts: Salem total tax levy, 34 mills; Portland 25 mills. The Multnomah county tax is 6.7 mills as against Marion's 14 mills. Portland city tax is 8 mills as against Salem's 10 mills.

Q. At what rate of speed did John P. Ward return Friday from Jonathan Bourne's headquarters after delivering Mitchell's message.

A. A d—n sight quicker than he went there.

Senator Taylor of Union county, wishes it understood that the draft of an appropriation bill published in THE JOURNAL was compiled only for information of the committee. The senate committee is not supposed to draw the appropriation bill. This is supposed to originate in the house.

The Mitchell organ gives away their conception of a campaign by quoting: "For members who will stay out and prevent organization \$500; for a vote for speaker \$300; entire Populist vote \$15,000." This must sound funny to State Chairman John C. Young who conducted the entire Bryan campaign for \$700.

How nearly the people of Oregon are allied to royalty only appears from the following in Wm. H. Chambliss work on the American Four Hundred: "Rochefoucauld.—The Duchess de la Rochefoucauld was Miss Mattie Mitchell, daughter of Senator Mitchell of Oregon. She was married to the Duke in 1891 and took with her \$300,000."

Representative Howerer is back from a visit in Jackson county. He was greeted by large delegations at his home, who regardless of party, upheld his course in resisting an organization of the legislature in the interests of Senator Mitchell, and all asked him to stand firm, which was not necessary in Mr. Howerer's case.

Representative Schmittlein, of Jackson county, today received a strong petition and resolutions, signed by a host of voters at Woodville, endorsing the action of the men in the Davis house, and condemning Senator John H. Mitchell for his desertion of the people's cause, and for holding up legislation in his personal interests.

Mitchell's attitude towards the organization of the legislature is very

much like the railroad manager who instructed his master mechanic: "Paint them cars any d—n color you please, just so you paint them red."

The Statesman is skillfully working a sympathy dodge on the public by parading an imaginary boycott by Harvey Scott and Joe Simon against a supposititious sale of its daily at Portland. Of course, its enormous sales by newsboys at Salem or at Portland ought not be rudely interfered with. Chances are neither Scott or Simon would honor it with a boycott or a boot.

The general appropriation bill as printed in Saturday's JOURNAL was the first copy that reached the public. It is not the final bill, but carries over \$1,300,000. This sum will be increased rather than diminished. The Oregon custom of making up the bill by parties outside the legislature and then keeping it back to avoid discussion, ought to be broken up.

At a Salem boarding house Senator Haseltine was holding forth to the other of codfishball consumers on what a bad man that Jo Simon was. He held him to be about the worst man in Oregon, and got some assent to his notion, until a simple-minded People's party man asked him if all this was true why the Republican senators so unanimously elected him president of the senate. Haseltine was knocked out of the box for the time being.

Quite a number of Salem Republicans are booming T. T. Geer for senator. Hon. John G. Wright said to a JOURNAL writer yesterday: "It would be a grand surprise to send a common farmer of Geer's standing and ability to take Mitchell's seat at Washington." Squire Farrar also remarked to a friend: "I think Geer stands the best show of any man on the outside. His selection would be a proper reward of a clean and able man and his election would arouse less antagonism than almost any man we have in the party." Messrs. Wright and Farrar are representative Republicans and business men.

The senatorial fight is not all involved in the legal tight hold-up. The Mitchell-Fulton-Hirsch faction have gone so far as to parcel out all the state offices. Fulton or Metschan is to be governor. Metschan or Ed Hirsch is to be secretary of state. Senator Patterson is to be state treasurer. Metschan is said to prefer Patterson for state treasurer above all else. The fine Italian hand of Geo. W. McBride is apparent in the new party alignment, and he is without a peer in Oregon in such matters. It is recalled that Ed Hirsch made enough in two terms, as state treasurer, to live in comfort ever since, although out of all business. These are big stakes, but it is possible before a new treasurer goes in there will be a reduction of that office from its present princely proportions.

It is not generally known that but for one little mistake the legislature might have been organized. As is well known Huntley, the Republican, had been persuaded to withdraw his contest against Nosler in the interests of party harmony, as both were Mitchell Republicans. The committee on credentials, before permitting Huntley to withdraw his papers containing the evidence against Nosler, wanted Nosler to appear before them, and answer one question, yes or no, and the committee would have submitted its report. But under Senator Mitchell's direction Nosler was not allowed to go before the committee on credentials and make answer touching his having acquired a legal residence in California. That refusal determined the committee not to report.

Cohen is in Trouble. The following dispatch from Tacoma regarding Meyer Cohen, of San Francisco but quite well known in Salem, may be of interest to some of our readers:

"Meyer Cohen is locked up at the city jail on a charge of embezzlement, preferred by the Ledger Publishing Company, by whom he was employed as collector in December and January. The amount taken is alleged to be about \$50. He owns several business firms various amounts. Cohen was arrested this morning in Seattle on the Grover theatrical company, with which he had secured a position as advance agent."

Cohen was in Salem for several months last summer and by his gentlemanly appearance and misrepresentations succeeded in running up a good sized hotel bill besides contracting two additional bills viz, that of a confectioner and liverman. He went to Portland one morning to spend the day, "expecting to return in the evening" as he stated it but he has failed to put in an appearance yet. He managed to get out of a similar scrape in which he now finds himself, with his father-in-law of Oakland, Cal., by having a "cinch" on that unsuspecting gentleman. If the law takes its course, Cohen will no doubt have the pleasure of boarding free of charge at the Washington state penitentiary for a short period.

A Class of Thirty-Eight

Pass the Examination and Will Receive Diplomas.

The Salem public schools have again successfully launched a bright company of young people into the business world. Thirty-eight young Salemites will on next Friday evening receive diplomas, having completed the course as prescribed by our excellent public school system.

This is an unusually large class, especially at this season of the year. Heretofore the class graduating in the middle of the year has scarcely ever exceeded in numbers, twenty or thirty at the most. The class passed the examination which was one of the most complete, yet practical, that was ever given, with credit to themselves and to their teacher under whose supervision and instructions the pupils have so creditably mastered the work of the course. City Supt. G. A. Peebles is especially pleased with the work of the class.

The graduation exercises will be held in Reed's opera house on Friday evening of this week, February 5th, inst. The class numbers exactly 38 and consists of an equal number of boys and girls. President M. G. Royal of the Eastern Oregon Normal school, located at Weston, has accepted an invitation to deliver an address before the class.

The members of the graduating class are:

Sara Alice Davenport, Maude Marie Hepburn, Margaret Adelia Hodzkin, Carrie Albertina Hurst, Josie Juana Lewis, Alice Etta McCoy, Lillian Marie Metschan, Annas Leone Poyser, Bessie Pugh, Winifred Alwilda Rigdon, Cora Anna Sutton, W. PREYER, THE FORGER. Receives a Ten Years' Sentence in a Tennessee Penitentiary.

James Nevins, superintendent of Pinkerton's detective agency at Portland, today informed Messrs. Ladd & Bush that Chas. Freyer has been sentenced to ten years in the penitentiary of Tennessee. Freyer, it will be remembered, last November secured \$20 on a \$75 check which he forged the name of Rev. Kantner, the same being on the National Bank of Commerce of Tacoma. He has since been arrested at Summerville, Tenn., for a forgery there, and on January 21 was sentenced as above, under the name of Chas. Thompson, alias Chas. Wortling. His identity as Chas. Freyer was fully established.

ON BREAD AND WATER.—Harry Stone is the name of a lame beggar who spent Saturday night in the city jail. On Sunday morning he was released but before evening was again taken into custody for the same offense. He was arraigned before Recorder Edes this morning and received a sentence of ten days during which time his diet will consist of bread and water. This is a happy plan for riding the capital city of this undesirable element and with its impartial application, it will not be long until a hobnob will be a thing of the past to Salem.
