

THE SENATE CLERKSHIPS.

The senate of the present legislature has employed sixty-six committee clerks, who are sworn in and drawing pay at the rate of from \$3 to \$6 a day. This has been going on ever since the senate was first organized. Some of these committees have not had a single bill referred to them. Some committees have had only one or two bills referred to them. And few committees have held any sessions or had any work for a clerk.

These sixty-six clerks receive at a low estimate \$250 a day, and some will be given mileage. Only two clerks are appointed so far on joint investigating committees, when it is well known a dozen such committees are already raised by resolution and otherwise, but not appointed, because the house has taken no action. Following gives the names of the committees, the members composing them, and number of clerks appointed by each committee or rather the chairman thereof:

- SENATE STANDING COMMITTEES.
Agriculture and Forestry—Johnson, Hughes, Holt—1.
Assessment and Taxation—Hughes, Patterson of Marion, Price, Mulkey, Mackay—1.
Claims—Selling, Carter, Daly—1.
Commerce and Navigation—Harmon, Johnson, Dufur—3.

Enrolled Bills—Calbreath, Patterson of Washington, Gowan—10.

Ways and Means—Taylor, McClung, Selling, Hughes, Dawson—4.
Special Examination University—1.
Special Investigation Library—1.

It will be seen that Senator Gesner has ten clerks and Senator Calbreath ten clerks. Not a line of work could possibly have gone before the committees and these gentlemen know this, and knew it before they appointed them. It would be interesting to learn what justification they have to offer for this expenditure?

Senator Carter has so far the honor of having the only committee without a clerk. How long the Senator will allow himself to stand in this enviable isolation, no one knows. He at least has the satisfaction of having caused the state no useless expense, nor will his conscience suffer because he has helped to corrupt the mind of any young man or woman by tempting them to take what they have not honestly earned.

CHILDLIKE AND IMPUDENT.

Everybody knows Mitchell is defeated. He cannot be elected. With forty-seven alleged republican caucus pledges he cannot get over 30 republican and two democrats into a joint assembly.

Mitchell and Hirsch in the face of this defeat, propose to continue the deadlock, and claim the allegiance of the thirty-eight against all other interests.

Mitchell and Hirsch propose to play the old game: we have spent \$25,000 or \$50,000 in legitimate expenses of this senatorial battle and will transfer our votes to no candidate who does not recompense us and who is not prepared to fill our pledges.

This is the ancient, childlike and impudent proposition now before the people of the state of Oregon. How can the people regard such a pretense of a vested right in the blockade of a legislature and the corruption of politics?

This same scheme has once before been carried out in Oregon politics and can be proven in the history of notable senatorial struggles of this state? Shall it be done again? We believe the people prefer no senator to one extending this regime of corruption.

EDITORIAL NOTES.

Anti-cigarette bills have been introduced in nearly all legislatures now in session.

Montana has had an escape from the initiative and referendum system of making laws.

President-elect McKinley has appointed J. Addison Porter, a Hartford, Conn., newspaper man, as his private secretary.

Squire is said to have \$5000 in one newspaper, \$1000 in the Ellensburg convention, several thousand dollars in sending emissaries around the state to fix votes and newspapers, \$3000 in expenses at Olympia, and got seven votes.

At the late election held in Idaho, four of Uncle Sam's postmasters were elected to the legislature. Now the postoffice department at Washington has notified them that they must either resign as postmaster or resign as legislator. The postal guide, section 332, page 948, expressly declares that a postmaster cannot serve as a legislator of a state.

Heart Trouble Quickly Cured.

"For 19 years I suffered from heart trouble. During that time I was treated by five different physicians. All of them claimed that I could not be cured. I was greatly troubled with shortness of breath, palpitation and pain in the side. If I became excited, or exerted myself in the least, the pain in my side became very severe. At times it seemed as though needles were shooting through my side. Sometimes in the month of November last, I commenced taking DR. MILES' HEART CURE and since then I have improved steadily. I can now sleep on my left side, something I had never been able to do before. I can walk without being fatigued, and am in much better health than ever before. I would recommend all sufferers from heart trouble to try Dr. Miles' invaluable remedy without delay."

There is one proprietary medicine in use in this city, the name of which has become a household word and that is the preparation known as "Pink Pills for Pale People."

Shakespeare said, "a rose by any other name would smell as sweet." That may be so, but pills by any other name would have the same attraction nor popular sales that Pink Pills have in Spokane, Wash. A representative of the Minneapolis Journal started out the other day to investigate the merits of this popular and widely-sold household medicine. The evidence was on every hand. Hamilton B. Merrill, a young money lender of Spokane, Wash., was seen by the newspaper man. Mr. Merrill made no secret of his remarkable cure by these little pills.

"Do I know the efficacy of Pink Pills?" he retorted. "I should rather think I do, they have been a blessing to me. I am not in the habit of praising proprietary medicine, but I must say that Pink Pills as far as any cure goes have no equal in the world. A little over a year ago I began ailing and commenced to lose flesh rapidly. The doctor said I was to stop smoking, I did, but the result was even worse. My heart beats decreased to less than forty a minute, I was prostrated for by my doctor, but without these pills. And I tell you that I cannot understand them too highly, they worked like a charm in my case. My heart soon became normal again, my flesh increased and I felt like a new man. To tell you the truth I am like a sick man?" he answered. "No, the purchase are not made for me, but for my father, Frank J. Eber, who is a farmer at Priest River, Idaho. He has been afflicted with rheumatism for years and has tried every remedy known to the medical profession, but all to no avail. Some months ago he began the use of Pink Pills and has improved rapidly ever since. He writes me that he feels like a new man again. He is so much attached to the little pills, that whenever he writes me, he mentions them and desires me to send him several packages more. I usually purchase two or three dollars worth at a time. If I ever should become debilitated in any way, I think I know what my remedy would be, judging from the efficacy of Pink Pills in my father's case."
