WHAT IS PAINE'S CELERY COMPOUND?

Paine's celery compound is the one remedy that can be trusted to make a person well.

It stops the drain on the nervous system; dispels harmful humors from the blood, and increases its volume and its nourishing capacity.

Its ability to relieve those ailments that seem to be peculiarly the misfortune of women is overwhelmingly proved by the many testimonials from women of the highest standing in the communities where they live.

Its regulating power does away with "that disheartened feeling."

The aggravated causes of disordered liver and kidneys, mental depression,

hysteria and kindred troubles, are recognized and dealt with by Paine's celery compound, in a radical and scientific manner that embodies the most advanced medical ideas of this last decade of the century.

Paine's celery compound strengthens the stomach when it is irritable and inclined to indigestion, and prevents dyspepsia; it relieves palpitation of the heart that results from irregular nerve supply to that vital organ, and puts new life into the entire nervous system.

Persons in sound health are not continually reminded of their heart, stomach or liver by distress in those

organs. Whenever languor or pain attacks the body there is no question as to the urgent need of strengthening and restoring the health by Paine's celery compound. Women in trying occupations, not only housewives, but saleswomen, teachers, book-keepers and others penned up for long hours behind desks and counters will find their health and strength greatly improved by the use of Paine's celery compound.

A soundly nourished nervous system and a rich, pure blood supply brought about by Paine's celery compound are the best bulwark against such diseases of debility and impoverishment as

rheumatism, neuralgia, head-aches and sleeplessness. This great invigorator not only cures these diseases; but by building up the system prevents their gaining a lodgment in the body.

When one hears it confidently declared by so many well-known and representative men and women everywhere that Paine's celery compound positively and permanently cures diseases that at first glance seem so remote from each other as chronic constipation, hysteria and nervousness, inquire into these diseases shows that their common origin is a run-down, exhausted nervous system and vitiated blood, and Paine's celery compound builds up the one and purifies and strengthens the other.

SOCIAL NEWS.

GRADUATING EXERCISES.

Reed's opera house was filled last evening by the relatives and friends, of the graduating class, of the Salem Public schools. The exercises of the evening, as is indicated by the numbers on the program, were of a highly patriotic order and breathed a sentiment of loyalty to the stars and stripes.

The program opened with a selection by the orchestra, followed by an eloquent invocation by Rev. H. A. Denton, pastor of the First Christian church. Frank L. Grannis very creditably repeated Lincoln's speech at the dedication of the battlefield of Gettysburg.

Miss Louise Van Wagner exhibited her elocutionary talent in her recitation, "How Salvator Won." Her efforts were warmly applauded.

The instrumental duet by Miss Maud Hepburn and Montague Lord was much appreciated. The selection was executed with precision and the talented young performers were accorded a warm applause. Miss Bessie Pugh in her recitation "How We Caught the Mouse" kept the audience in constant laughter.

Fred Parker's declamation entitled "Liberty" was well delivered.

Miss Alice Davenport and Lillian Metchan in their excellent rendition of the instrumental duet entitled "The Wandering Jew" exhibited rare musical talent. Their number was warmly applauded.

Miss Margaret Hodgkin recited "The Painters of Seville" very creditably and was given a hearty applause.

This concluded Part I of the evening's entertainment. In a few short remarks City Superintendent Geo. A. Peebles presented to the audience Pres. M. G. Royal, of the Eastern Oregon State Normal school, who delivered a very practical and suggestive address to the students entitled: "Schools—In and out of Schools."

The teacher prefaced his address with a few remarks in which he expressed himself as being favorably impressed with the prominence given the stars and stripes in the decoration of the stage. His address to the students was particularly valuable and contained many happy suggestions.

Hon. H. A. Johnson chairman of the board of directors, then presented each of the thirty-four graduates a diploma, after which the class sang a farewell selection. Following the song congratulations were bestowed upon the graduates and another pleasant event in the life of Salem's public schools was brought to a close.

ORATORICAL CONTEST.

The large and appreciative audience attended the local oratorical contest of Willamette university Friday evening. The program was opened with an instrumental solo, skillfully rendered by Miss Lucia Cochran. S. P. Early delivered his oration on "America" that was certainly a very creditable production, as was also F. E. Brown's, entitled, "An Enduring Nation." Both orations were of a patriotic nature and voiced the sentiment of every true and loyal American.

The judges were W. C. Kantner, Judge Geo. H. Burnett, and Mrs. R. Cartwright. They gave Mr. Early first place, there being less than one point difference in the number of points credited each orator. Following the oration of Mr. Brown Miss Robin sang a beautiful solo and kindly responded to an encore. As a result of the contest Mr. Early will represent "Old Willamette" at the state contest at Newburg on the 26th inst., when his many friends hope he may win first place.

THE "LADY REDS" ENTERTAIN.

Vocal and instrumental music and social converse caused the afternoon to pass pleasantly. Light refreshments were served. Miss Ella Poble is captain of the "Reds" of the Ladies Auxiliary.

A stomachful of undigested food is about as unhealthy a mass as one can well imagine.

What can be done for it? There it stays. It won't digest. It churns up, ferments and decays; becomes poisonous (as all putrid matter does) and causes great pain and depleting disorders.

In order to change all this, take Shaker's Cereal.

It stops fermentation and decay at once, so that no more poisons are created.

It clears the stomach of poisons already there. It helps to turn the food that remains, into healthful nourishment; it strengthens the stomach for the next meal.

Here is the whole philosophy and cure of indigestion in a few words. And what's more, it's all true. Try it. Shaker's Digestive Cereal is for sale by all druggists, price 10 cents to \$1.00 a bottle.
