Daily Capital Journal.

BY HOFER BROTHERS.

THURSDAY, FEB 25, 1897.

LET THE TRUTH BE TOLD.

Now let the Salem Statesman and a few other two-by-four would-be Salem statesmen drop their personal hatred of Jo Simon long enough to pay a little attention to public business. President Simon has shown a proper respect for the constitution. He believes in the strict construction of the organic law of our commonwealth.

THE JOURNAL believes in upholding any man when he does right. From the start Senator Simon has stood for law and order. He refused to organize the rump house, a purely revolutionary body to force the election of Senator Mitchell with a minority of the house and a minority of the senate.

Senator Simon is right in holding that a law making body, the only sovereign power in the state, must proceed strictly according to the letter of the constitution. To pursue another course would lead to disorder, and civic dissolution. If those who make the laws do not respect the constitution, how shall those who are expected to obey the laws respect it?

Senator Simon's rulings that the only legal house, and that the senate cannot adjourn sine die of its own motion without concurrence of the other house, will be upheld as a true construction of the constitution by any court that pretends to regard the spirit of the organic law for its guide.

Senator Simon should be upheld in his course of not consenting to the scheme of the Mitchell faction to adjourn this legislature illegally and on failure to elect Mr. Mitchell. He should be upheld by the state officials and by enough members of the legislature to pass the general appropriation bill. It will only take forty in the house and sixteen in the senate. There is, or ought to be no politics in making the appropriations to carry on the general state government.

STATE NEWS.

Circuit court is in session in Baker county.

Oregon City holds a school election on March 7.

The steamer Czarina, on her latest trip from Coos bay, took out 1200 tons of coal.

Mr. and Mrs. John Moser, of Silverton, celebrated their golden wedding last Thursday.

Four hundred tons of coal were taken out at the Beaver Hill Mine, in Coos county, last Friday.

Louis Mansfield, a Baker City prisoner committed suicide early Tuesday morning in prefference to going to prison.

Mrs. Maria Belshaw, widow of the late Thomas Belshaw, of Eugene died suddenly at her home, the cause of her death was heart failure.

Long Creek Oregon is going to indulge in a city hall. Salem is enjoying that luxury. Long Creek is out of debt and feels her oats some.

The Southern Pacific company will make the necessary improvement of raising the track between Oregon City and Clackamas to a grade higher than Willamette high water mark.

Only 20 out of 59 teachers who were examined for certificates at Albany passed: 2 first grades, 9 second grades. Besides these Miss Blacklaw, Mr. E. E. Munsdy and Don Swann received state certificates.

Assessor Britt, of Douglass county, has on exhibition at his office in the courthouse a small bottle filed with flake gold which he picked up at different times along the river on his place near Riddle. He has about 50 acres of bottom land on his farm, and says there is not a rod of it that does not contain gold in greater or lesser quantities.

Immigration Notes.

The Oregon and Washington Boards are doing good work and should be liberally supported and encouraged. As a result of this work many eastern people are turning their attention to the Pacific Northwest. If the reader has any friends in the east who are likely to come here this year send their names and addresses to the undersigned and I will see that they gets supply of the best literature and full information as to this country.

General Agent. Wisconsin Central Lines, Portland, Or.

Westacott & Irwin lead as caterers, because their meals and service are the best at Strong's restaurant. tf

CUBA.

Terms Cuba Would Accept

On Basis of Independence, She Will Pay Indemnity to Spain.

NEW YORK, Feb. 25.—The World published today, under the head of "The Most Important Document on the Cuban War," an autograph letter written to that paper by Salvator Cisneros, president of the provisional government of the Cubans, and countersigned by Maximo Gomez, the general-in-chief. The letter was approved by the so-called cabinet of the provisional government, and bears the seal of the infant republic. It is as follows:

"At the request of your correspondent, we have the greatest pleasure in answering the following question:

"'Do you believe that the war can be ended on the basis of independence on the payment of an indemnity by Cuba to Spain, with the UnitedStates as arbitrator?'

"On the basis of independence, it will be possible to enter into negotiations. They should provide for the evacuation of the island by the Spanish, and for the new Cuban republic.

"We believe, also, there should be included an indemnity to be paid Spain, provided the amount is reasonable. This would be honorable, practicable and good for all.

"But, if done, it should be done as soon as possible. The idemnity should prevent the further loss of blood and of money, and it would save the economic resources of the people who have sworn to the complete destruction of the island before they would submit anew to the dominion of Spain.

"Each day that passes causes fresh hatred and devastation. Soon the producing capacity of the country will be destroyed. Cuba can pay less as the time passes, not only because each moment she earns less, but it will be increasingly difficult for her to fulfill the stipulation and agreements she is now able to make.

"The idemnity to Spain should take the form of acknowledgment by Cuba of a part of the debt already contracted by Spain, or the payment of a sum in bonds or money to Spain.

"We would not deem it inadvisable for the United Sates to intervene as as arbitrator or semiofficially as the friend of both sides, providing always that the island of Cuba shall not sacrifice thereby her own sovereignty.

"We are yours in the greatest consideration,

SALVATOR CISNEROS, F. B.
"MAXIMO GOMEZ.

'Dagomal, Sancti Spiritus, January 27, 1897."

This letter, which is forwarded by Sylyester Scovel, the World's correspondent now in prison at Sancti Spiritus, was, it is stated, obtained exactly one week before he was caught while trying to reach the seacoast. He had forwarded a copy by a pacifico, to be cabled to his paper. This messenger was also captured by the Spanish and the contents of his dispatches were cabled to Senor de Lome, Spanish minister at Washington. The orignal documents, including the letters in the original Spanish, were only received this afternoon. In his letter accompanying them, Sylvester Scoval writes:

"The Cubans can afford to pay a very large amount, and I am in a position to state that they will do so. Cuba will accept any peaceable means laid down by the United States that will secure their independence. Last year, General Gomez authorized the statement that in his opinion the Cubans would even go so far as to allow the United States to administer the finances of the island until such time as any loan secured from or in that country should be repaid."

Blood Is Life.

It is the medium which carries to every nerve, muscle, organ and fiber its nourishment and strength. If the blood is pure, rich and healthy you will be well. Hood's Sarsaparilla has power to keep you in health by making your blood rich and pure.

Hood's pills are easy to take, easy to operate. Cure indigestion, biliousness. 25c.

Heartburn cured by Dawson's Bitters.

SETTLED.

The Chile-Argentina Dispute.

Understanding Reached Regarding Location of Boundery Line

NEW YORK, Feb. 25.—A Herald dispatch from Valparaiso says:

An important cabinet meeting was held to consider the question of the final dispositon of the Peruvian provinces of Tacna and Arica. Cheering admissions have been made by the government as to the progress of negotiations with Argentina, looking to the settlement of the boundary dispute with that Republic. It is stated that the commissioners of Chile and Argentina have arrived at a perfect understanding as to the boundary line through Atacama. This is highly important, as the line at this point was the chief bone of contention, involving relations with Bolivia.

If this line should be determined by arbitration, as now proposed, a signal victory in the interests of peaceful relations with Argentina will have been achieved.

The Herald's correspondent in Rio de Janeiro telegraphs that the fanatical insurrectionists in Bahia have defeated the federal troops in an important engagement. The government has disclosed a serious conspiracy formed by monarchists in Sao Paulo. It is also stated in official circles that news of an invasion of Monaos by Peruvian troops has been received.

The financial and commercial situations have been somewhat complicated by a failure of the government to obtain a new loan in Europe.

The Uruguayan minister in Rio de Janeiro has made a strong protest to the government against the organization of revolutionary groups on the Brazilian boundary.

The secretary of the minister of marine was badly wounded in Rio de Janeiro by a person of bad repute. The cause of attack on the official is not known.

The customs officers seized many packages of arms which it was attempted to smuggle through the city. It is believed the arms were intended for the fanatics.

Dynamite Explosion.

PAISLEY, Penn., Feb. 25.—Explosion of nitroglycerine has taken place at Noel's dynamite works, at Ayrshire. Six persons were killed, and several were injured. The concussion extinguished the gas lamps at Kitwinning, three miles away.

Bank Fails.

ALBANY, N. Y., Feb. 25.—The German-American bank, of Tonawanda, was closed by order of Superintendent of Banks Milburn, on the ground of insolvency.

Gave Bonds.

HHILADELPHIA, Feb. 25.—Captain John D. Hart, owner of the Laurada, who was convicted in the district court of filibustering, has succeeded in securing bondsmen.

AUMSVILLE.

Mr. G. B Arnold, who has been confined to his bed for the past month is much better at present although he has just undergone a severe surgical operation performed by A. L. Derbyshire, M. D., of Stayton.

A dance at Gilbert's hall last Friday evening was largly attended.

A religious revival is being held at the Caristian church by Rev. Badger, of Mills City.

The fine weather for the past few days are greatly enjoyed by our citizens. Many are making garden and our farms are sowing wheat and oats:

A DECIDED SUCCESS.—The pleasures attendant at the Y. M. C. A. banquet last evening were shared by nearly five hundred people. In addition to the toasts previously announced, each of which was very creditably given, there was short addresses by Senator J. E. Haseltine and J. A. Dummett, traveling secretary for the Y. M. C. A., in the northwest. Turkey for the "Reds" and mush and milk for the "Yellows" were served in generous courses and the affair was a pleasant consummation of the membership contest.

CASTORIA.

The fac-simile signature of Chas. H. Fletcher is on every wrapper.

Repairing Punctures in Tires.

There are some American riders who do not know that the cycling public of Europe, after long experience, long ago adopted double-tube tires as the only satisfactory ones. Any American rider who knows what a nuisance porous tires are will back up this experience. While in America the Morgan & Wright (double-tube) tire is sold at a very reasonable price and under a liberal guarantee, its construction is patented, so that other tire makers have tried to force into favor single-tube tires, which failed in Europe.

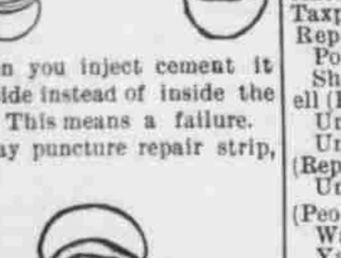
Year after year these single-tube makers bring out a new idea for successfully stopping leaks and repairing punctures, and year after year they fail, and the man who buys generally pays dearly for the experience.

In the Morgan & Wright construction the porosity is avoided, and when one of these tires is punctuated the repair is permanent. Inside of the inner tubes lies a strip of rubber, called the quick-repair strip. To repair a puncture, simply inject some M. and W. quick-repair cement inside the inner tube, press down and pump up. See that the tire is pumped up, however, while the cement is being injected, so that the cement will get into the inner-tube. Riders, who use M. & W. tires and follow this simple instruction when the tires punctuate, will save themselves and dealers from the troubles of porosity and imperfect repairs. Riders of M. & W. tires should be given these three pointers.

POINTER NO. 1.

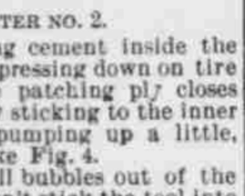
In repairing a puncture, first pump up, so that when you stick in the tool the inner tube will be up against the casing, like Fig. 1.

If you don't pump up, the tire will be like Fig. 2, when you stick in the tool.



to that when you inject cement it will fall outside instead of inside the inner tube. This means a failure.

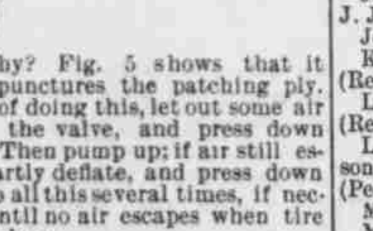
Or tool may puncture repair strip, like Fig. 3.



POINTER NO. 2.

After injecting cement inside the inner tube, and pressing down on tire with thumb, the patching ply closes the puncture, by sticking to the inner tube, and after pumping up a little, the tire looks like Fig. 4.

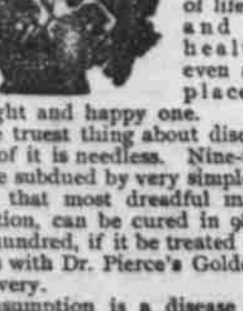
Now, if air still bubbles out of the repaired spot, don't stick the tool into the same place again—



See why? Fig. 5 shows that it simply punctures the patching ply. Instead of doing this, let out some air through the valve, and press down again. Then pump up; if air still escapes, partly deflate, and press down again; do all this several times, if necessary, until no air escapes when tire is pumped up.

POINTER NO. 3.

Use only M. & W. quick-repair cement, made especially for the purpose. It is unusually thick and sticky.



The contrast between disease and health is as sharply marked as that between darkness and light. The sufferings of disease make enjoyment of life impossible and perfect health makes even a common-place existence a bright and happy one.

The truest thing about disease is that most of it is needless. Nine-tenths of it can be subdued by very simple remedies. Even that most dreadful malady, consumption, can be cured in 98 cases out of a hundred, if it be treated in its early stages with Dr. Pierce's Golden Medical Discovery.

Consumption is a disease caused by impurity of the blood, and the first thing to be done in its treatment is to make the blood pure, rich and wholesome. That is half the battle. The other half is the impregnation of the blood with cleansing, healing, invigorating medicines. The "Golden Medical Discovery" does both. It first puts the whole digestive system into perfect order, rids it of all impurities and from the vantage ground so gained, reaches out to every fiber of the body and restores all to perfect vigor. It cures many diseases, simply because many diseases spring from a set of common causes. The same disorder may lead to different symptoms in different people. What might be only a little indigestion in one person, may combine with a slight cold in another and result in consumption. A treatment that tones up the whole system is always the safest. A medicine that is good for the general health is pretty sure to cure ordinary diseases. Twenty-one cents in stamps sent to World's Dispensary Medical Association, Buffalo, N. Y., will bring a large 1000 page doctor book. It contains photographs and letters from hundreds who have been cured by Dr. Pierce's Golden Medical Discovery.

Old housekeepers will tell you that hot water "rots" glass. *You* know it breaks glass.

Plums—4c.

Butter—Dairy 15@20c; creamery 20@25c.

In California an innocent man was sentenced for a term in the penitentiary and when the real robber confessed to the crime, the legislature did a handsome thing by him and paid him wages while he served the state.

Heart Trouble Quickly Cured.

A Convincing Testimonial.

MISS ELLA KURTZ.

"For 19 years I suffered from heart trouble. During that time I was treated by five different physicians. All of them claimed that I *could not be cured*. I was greatly troubled with shortness of breath, palpitation and pain in the side. If I became excited, or exerted myself in the least, the pain in my side became very severe. At times it seemed as though *needles were shooting through my side*. Sometime in the month of November last, I commenced taking

DR. MILES' HEART CURE

and since then I have improved steadily. I can now sleep on my left side, something I had never been able to do before. I can walk without being fatigued, and am in *much better health than ever before*. I would recommend all sufferers from heart trouble to try Dr. Miles' invaluable remedy without delay." MISS ELLA KURTZ,
518 Wright St., Milwaukee, Wis.

Dr. Miles Heart Cure is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at $1, 6 bottles for $5, or it will be sent, prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.

Dr. Miles' Heart Cure Restores Health

C. H. MACK,
