GREEKS

Are Plotting An Uprising.

Few Troops at Hand to Protect the People.

LONDON, March 20.—A special from Galatz, Roumania, says it is announced there in police circles that a plot is being hatched among the Greeks at Constantinople, where 30,000 well armed Greeks live, to revolt against the government.

There are few Turkish troops now in Constantinople except the sultan's body guard, and it would be impossible to hurriedly recall the troops from the Greek frontier in the event of a revolt.

Sign of Weakening.

ATHENS, March 20.—The Greek government has decided to recall the gunboats Phios and Pinos from Cretan waters. The cabinet was in session until 2 a. m.

It is officially stated that only 1500 out of the 65,000 army reserve men called out failed to respond, thus settling at rest the stories circulated of wholesale failure to answer the call to arms.

A dispatch from Canea today says the Austrian newspaper man, Herr Pinton, who recently visited the camp of Colonel Vassos, commandet of the Greek army of occupation, has been arrested and detained under close guard. Vossos remains at Alikingu.

The Greek warship Nanaichos Miaulys has arrived at the Piraeus with 12 prisoners captured during the recent attack the Turks made upon Monondondri, near Platania.

Three emissaries of the Turkish legation at Athens have been arrested in the camp of Colonel Vassos. An engagement is expected today at Menex, on the frontier owing to reinforcing the Turkish garrison there.

New Project.

NEW YORK, March 20.—A Herald special from Constantinople says: The ambassadors have received orders to transmit a great project of reforms to the sublime porte as soon as the Cretan crisis is over, which the powers hope will be in about a fortnight.

Ordered Vassos to Leave.

CANEA, March 20.—A number of French and Italian officers were sent to the camp of Colonel Vassos to demand that his troops embark to leave the island within 36 hours. The officers have not returned at midnight.

Russian Soldiers for Crete.

CONSTANTINOPLE, March 20.—Officials of the Russian embassy here have notified the Turkish government that a Russian transport, having on board troops intended to form the contingent of Russia for the occupation of the island of Crete, will shortly pass through the Dardanelles. The embassies of the other powers have not raised any objection to this, although by treaty the straits are closed to the warships of England.

Large numbers of the Greek army reserved and other volunteers are leaving for Athens.

Misery of Turkish Troops.

CONSTINOPLE, March 20.—The Imperial

Are Schilling's Best

as good as Schilling's Best tea?

Yes and no. Other coffee, baking powder, and soda, are not usually so bad as other tea. Other spices and flavoring extracts are almost worse.

For sale by Harritt & Lawrence.

perial Ottoman bank advanced, only at the last moment, the £80,000 required by the porte for military expenses. The misery of the Turkish troops is intense. Their wages have not been paid for the last nine months, and many officers are selling their arms and uniforms to get food.

Murder Police to Continue.

BEVROUT, March 20.—A great sensation has been raised here by the appointment of Maxim Pasha as vail. Maxim Pasha was the minister of police during the massacre of the Armenians at Constantinople. His appointment is a sign that the palace policy of the sultan is to be continued.

Turks on the Frontier.

NEW YORK, March 20.—A dispatch from Salonica to the Herald says:

It is officially stated that 114 battalions of Turkish infantry, 104 batteries of artillery and six regiments of cavalry, approximately 100,000 men, are now distributed along the Greek frontier.

Ten Thousand for a Life.

VANCOUVER, B. C., March 20.—About a year ago a tree fell across the Northarm road and killed W. H. Steeves, who was driving a stage along the road. His widow brought suit for \$15,000 damages against the South Vancouver municipality, claiming that the municipality was liable, as the tree was dangerous and should have been cut down. After a three days' trial the jury brought in a verdict for \$10,000 for the plaintiff.

Shot at His Son-in-Law.

VICTORIA, B. C., March 20.—George Brown was shot today by his son-in-law, John Aiken, and is not expected to live. Aiken has been arrested.

CHEMAWA.

D. E. Brewes is away on a business trip to Tacoma, Washington.

Prof. McElroy of Salem is a business visitor to the school Thursday.

Geo. Herman a former student of the school returned from his home in Washington Friday.

Wm. Minor a graduate of '96 returned from Santa Fee Mexico Sunday.

Miss Bowman, of Washington has been appointed primary teacher and assumed her duties Monday.

Richard Graham, who has been on the sick list for some time is out on duty again.

Thursday, March 16th was the anniversary of the Chemawa Indian School Band and in order to commemorate it a sociable, was given the pupils in the evening it which every one present had a very enjoyable time.

At the regular meeting of the Athenium literary society the following question was discussed: "Resolved, That the industrial education is more beneficial than the intellectual." It was decided in favor of the negative.

Basket ball, in the gymnasium, is the favorite game of both boys and girls at present. They have no organized teams but we hope they will effect an organization in the near future, as it will then enable them to play with the teams of the surrounding country.

A tired stomach is very much like a sprained ankle. If you suffer from any of the symptoms of dyspepsia, your stomach is tired. It needs a crutch. We must relieve it of all work for a time, or until it is restored to its natural strength. To do this successfully, we must use a food which is already digested outside of the body, and which will aid the digestion of other foods that may be taken with it. Such a product is the Shaker Digestive Cordial.

The Shakers have utilized the digestive principles present in plants for the manufacture of this article, and its success has been truly phenomenal. You can try it for the nominal sum of 10 cents, as sample bottles are sold by all druggists at this price. Laxol is the best medicine for children. Doctors recommend it in place of Castor Oil.

SAVE YOUR GRAIN.

Few realize that each squirrel destroys \$1.50 worth of grain annually. Wakelee's Squirrel and Gopher Exterminator is the most effective and economical poison known. Price reduced to 30 cents. For sale by G. W. Putnam, Steiner Drug Co., Lunn & Brooks, G. L. L. Baskett and I. C. Stone.

FACE COMEDY NEXT.—Another good comedy is promised us by Patton Bros. at the Reed next Friday night, when they bring to Salem the funnies of all comedies—"Town Topics." Fun will be run fast and furious. Everything up to date. No chestnuts. Not a dull moment in the piece.

CONGRESSIONAL.

Dingley Reports Tariff Bill.

Addition to the Wool Schedule Is Announced.

WASHINGTON, March 20.—Chairman Dingley, of the ways and means committee, presented in the house the report on the new tariff bill. The report follows largely the lines of the explanatory statement on the bill made by Mr. Dingley on Monday. The report reviews the struggle of the government with a deficiency in revenue during the last four years, and says the condition justifies the convocation of congress to provide a remedy. It says many industries have suffered from the withdrawal of protection by the present law, and asserts that the feasibility of uniting in a tariff both revenue and protective qualities has been amply proven by tariff laws in force from 1861 to 1883.

ADDITION TO THE SCHEDULE.

A new paragraph has been added to the wool schedule of the tariff bill by the Republican members of the committee, as follows:

Oriental, Berlin and similar rugs and mats and carpets, whole for rooms, valued at not more than 30 cents per square yard, 15 cents per square yard, and 20 per cent ad valorem; valued at more than 30 and not more than 50 cents per square yard, 20 cents and 30 per cent; more than 50 cents and not more than \$1 per square yard, 40 cents and 20 per cent; valued at more than \$1 and not more than \$2, 80 cents and 25 per cent; more than \$2 per square yard, \$1.25 and 30 per cent.

MAY BE HERMANN.

The president last evening accepted the resignation of James W. Lamoreux, as commissioner of the law office. It is probable that ex-Congressman Hermann, of Oregon, will be appointed to the vacancy.

TEA EXPERTS.

The secretary of the treasury has appointed A. P. Upham and L. E. Schover, of Chicago; Herber G. Woodworth of Boston; T. A. Phelan and W. P. Roelm, of New York; Andrew P. Irwin, of Philadelphia, and Robert Bain, of San Francisco, a board of tea experts to prevent the importation of impure and unwholesome tea into the United States.

In the senate Chandler presented a memorial from Governor W. P. Lord and Secretary of State H. R. Kincaid, of Oregon, detailing the circumstances of the recent failure of the legislature of that state to organize and elect a senator. The document stated that, as a result of this failure, no session of the Oregon legislature had been held since February, 1895. The purpose of the memorial was to establish the right of the governor to appoint a senator. The memorial was referred to the committee on privileges and elections.

After a stormy session the house passed two of the regular appropriation bills, which failed to become laws this session. They were the sundry civil bill and the general deficiency bill. The two others, which failed at the last session, will be passed.

Who Said So?

The man who said that the hardest part of an eastern trip came after leaving the Mississippi river, never journeyed between Minneapolis or St. Paul to Milwaukee or Chicago over the lines of the Wisconsin Central, for the accommodations over this route are unsurpassed, the connections are close, thus doing away with vexatious delays. The dining car service is the remark of all travellers who go this way; a good square meal at reasonable prices. For particulars address Geo. E. Batty, General Agent, 246 Stark street, Portland, Oregon, or Jas. C. Pond, General Passenger Agent, Milwaukee, Wisconsin, or apply to your nearest ticket agent.

See Hiram Quick the Jay in Town Topics.

CASTORIA. The healthful sign of *Castoria* is on every wrapper.

JOURNAL "X" RAYS.

Directed Upon the Oregon Politicians and Public Men.

Clean the streets; make the warrants good; quit fooling.

THE JOURNAL believes in a free press. The mayor does not.

Salem streets, water, air and people are quite clean, compared to some of the politicians.

With good water and clean streets, Salem is no doubt the prettiest, most prosperous and healthiest town in Oregon.

Albany Democrat: A farmer is wanted at the reform school. Here's a good opportunity for some man who never saw a farm.

The reform school editor of the Statesman has "come to the support of the mayor." This is natural. It comes from a fellow feeling—two of a sort.

Cottage Grove Messenger: The Roseburg Review like the Salem Journal, is giving the city "dads" fits on account of the filth in their respective towns.

Oregon women are coming to the front, to the terror of the male office-holders. The Eugene Guard don't want a woman city school superintendent.

Eugene Guard: The action of the county judges had a sort of paralyzing effect on the Salem Statesman. It feebly exclaims: "It will take an extra session to break the hold-up of the county judges."

Horace Mason, of Stayton, has established a good independent paper at Cottage Grove. He will get the support of all the people except the McKinley office seekers, and until prosperity strikes them, they are too poor as a rule to pay for a paper.

The X Rays have been unmercifully directed upon "Barber" Buford as farmer at the reform school and may have hastened his resignation. They have even been directed upon the kind of farmer the governor may appoint. But then the governor is not like the mayor. He does not object to public scrutiny of his official acts.

Banker Albert has been lecturing Secretary Kincaid on his duty as auditing officer of the state. He has been lecturing the state officials on their duties about the state taxes. It is about time he should be lecturing our Marion county officials on their duty to pay over at once the state taxes into the treasury. Their delinquency should not be tolerated. It interferes with business. Vouchers will soon be out for the first quarter of 1897.

Our mayor thinks that any person who does printing for the city, or performs any service for it, is bound to uphold the city administration, and should be denied city patronage, or contracts, for criticising it. Our mayor seems incapable of discriminating between receiving a public contract from being the lowest bidder and receiving one as a political favor or for a pecuniary consideration. If the late Wm. H. Watkins were living he could probably explain our mayor's perversion of ideas upon such matters.

Mown Topics Funnier than Fanny Rice.

PROF. HERITAGE.—Begins a class in sight reading of music at the Willamette University chapel for children over 10 years of age. Work begins, Saturday, March 20th, at 9:40 a. m. and continues for 12 regular lessons. Tuition, 75 cents. Books and Chart, free. The first lesson is very important.

CASTORIA. The healthful sign of *Castoria* is on every wrapper.

REED'S

Opera House, Monday Night.

Oregon Woman's Flax and Hemp Fibre Association.

The meeting at Mrs. Edes' residences on Tuesday resulted in the determination to make an energetic canvass for the flax project and to hold a public meeting at the opera house for further agitation. The ladies are now in earnest and there is to be something besides talk.

The meeting of the Oregon Woman's Flax and Hemp Fibre Association at Reed's opera house, Monday night, promises to be a success. Salem people are becoming interested.

Dr. Dinnell, the German manufacturer, who is the inventor of linen mesh underwear, telegraphed he would arrive at Salem on March 20, and is expected to address the meeting.

It is certain that fibre flax and hemp can be grown in Oregon. It is certain that the fibre can be cheaply retted and scutched here, as we have abundance of pure water and good water power. It is certain the baled fibre can be sold for cash to the manufacturers who now import ship loads of it. There will be a highly protective duty put on these products in the new tariff bill. Families can put in and harvest one-fourth to five acres each, according to their industry. All this can be done if the capital can be secured to put in the scutching and retting plant at Salem.

As to Dr. Dinnell's invention of linen underwear made from flax fiber there are grave doubts, as to whether any grade of manufacture can be conducted at Salem. But it will do no harm to discuss that. What is needed first is to settle whether the stock can be subscribed to establish the scutching mill at Salem. Albany and Portland both want the industry and the Salem ladies who have charge of soliciting this stock must exert themselves. Fortunately no new church is to be built, and no other enterprise claims cash support. This flax industry is a practical proposition.

It will bring money to Oregon. It will give employment to people on the farms as well as in the towns. It will help many a poor man or woman held body and soul together, not only their own, but their children's.

Let all respond heartily by attending the opera house meeting Monday night and contribute by your presence, your words of encouragement, and your subscription to the success of this woman's movement to help women and everybody to a new field of employment, a new hope for the future.

SIght READING.—Prof Heritage begins a class at the Willamette University chapel for children over 10 years of age. Work begins, Saturday, March 20th, at 9:40 a. m. and continues for 12 regular lessons. Tuition, 75 cents. Books and Chart, free. The first lesson is very important.

MILLINERY.—The Nonpareil millinery store in the First National bank block, is busy opening new spring goods, and will announce its spring opening day later.

Celebrated for its great leavening strength and healthfulness. Assures the food against alum and all forms adulteration common to the cheap brands. ROYAL BAKING POWDER CO. New York.
