

TARIFF.

The Debate Still Continues.

No Great Interest Taken—Senator Allen's Bill.

WASHINGTON, March 23.—The third day of the tariff debate in the house was almost as dull as the first two. There were two notable speeches, one by Grosvenor and the other by McMillin, but the rest of the speeches, with the possible exception of Walker's hardly created a ripple in the monotonous speech-making. Grosvenor and McMillin were distinctly the orators of the day. Other speakers were Fox, Shinn, Williams, Terry, Sayres, Johnson, Evans, Maddox and Adams.

The right session was devoted to set speeches. There were only two features of the session that caused attention. Kerr severely criticised the reciprocity features of the bill which, he predicted, would wholly fail to secure valuable concessions for the surplus products of agriculture.

"We should adopt McKinley's plan of reciprocity," said he, "the plan born in the brain of James G. Blaine." He characterized this as a fatal defect of the bill.

The other feature was the statement of Castle that "if Rome had her Catiline, America had her Hanna." The speakers were Livingston, Bedford, Burndage, Bromwell, Castle, Brown, Kerr and Olmsted.

IN THE SENATE.

The first of the appropriation bills—the agricultural—was reported to the senate by Cullom of Illinois, who gave notice he would ask the senate to take it up at an early day.

As a sequel to the civil service debate, Alien of Nebraska, introduced a bill to repeal the civil service law and all supplementary acts, also the annual executive orders based on these laws. The bill further directs the head of every government department to establish rules relative to appointment with reference to the special fitness of applicants for the service's requirements, and not with reference to educational standards. It is expressly provided that lack of university, college or academic education shall in no case disqualify the applicant. The bill expresses the purpose of restoring to all United States citizens equal rights to appointment.

Hoar, of Massachusetts, introduced a bill prohibiting the shipment of kinetoscope pictures of prizefights in the mails or through the channels of interstate commerce.

At 12:30 the senate went into executive session.

WILL VOTE NEXT WEDNESDAY.
The senate has agreed to begin voting on the amendments to the arbitration treaty by individual senators next Wednesday.

APPOINTMENTS.

The president has nominated to the senate the following nominations:

Justice—Aleander J. Cook, marshal of the northern district of Mississippi; George H. Thumel, marshal of the district of Nebraska.

Postmasters—Ruel Rounds, Idaho Falls, Idaho; John L. Underwood, Montpelier, Idaho; Benjamin Howell, Rock Springs, Wyo.

Treasury—Henry K. Chenoweth, collector of customs for the district of Arizona.

War—First Lieutenant J. F. C. Tillman, Fifth Infantry, to be captain.

Navy—Passed Assistant Surgeon H. B. Fitts, to be surgeon.

JONES WANTS AN INQUIRY.

Senator Jones, of Arkansas, introduced a resolution providing that the committee on commerce be directed to ascertain to what extent the disastrous flood in the eastern part of Arkansas is the result of the government improvements along the eastern bank of the Mississippi river.

IMPORTANT CHANGES.

The Republican members of the ways and means committee have decided to make two important changes in the tariff bill. Books and scientific apparatus not made in this country are to be admitted free. The duty on pineapples is to be changed from 2 cents per pound to 6 cents per cubic foot in barrels or packages and 86 per 100 imported bulk.

SILVER MEN WILL NOT OPPOSE

The dinner given ex-Senator DuBoise by the Silver Republicans, of the senate and house, resolved itself into an important conference on the policy to be pursued with regard to the Dingley bill. The result was a practical conclusion not to stand in the way of the enactment of the bill.

ITEMS OF INTEREST.

Almost 25,000 patents were granted in this country last year.

Morocco's sultan has 3333 wives. He is a 4-11-44 sort of fellow.

A North Dakota new law requires oleomargarine to be dyed pink.

Ex-Secretary Morton will settle down on his Nebraska farm.

A hundred mile boulevard between Chicago and Milwaukee is talked of.

A New York jury has placed a valuation of \$50,000 on a husband's affections.

A bill in Minnesota requiring saloon-keepers to display a red sign with the word "Danger" on it.

The Greek premier started in life as a poor man, his first employment being as a copyist for the government.

In Philadelphia many school children attend only one-half of the day, the children taking turn about at desk room.

An Illinois company is going into the cat business for fur, and expect to raise 100,000 of the animals within the next year.

With beefsteak, at Circle City, Alaska, up to \$48 a pound, a slice of the small is about all the average make could take home.

There are said to be 20,000 cases of smallpox in Cuba, and the rainy season will add yellow fever to the charms of life on that isle.

Weyler's biggest achievement in Cuba appears in his expense bill \$128,000, 000 for the cost of his efforts in not putting down the revolution.

The silver dollar is now worth only about forty-eight cents, and some good judges predict that it will yet be worth not more than twenty-five cents.

The North Dakota legislature has enacted a law providing that no person shall be disqualified as a jurymen because he has expressed an opinion found on newspaper reports or rumor.

"Perfection" Dyes are as near perfection as dyes can be.

MARION.

No complaint for lack of rain of late.

The school in district No. 20 opened on Monday the 22nd with 17 scholars enrolled. James E. Eastham, of Salem is the teacher.

Sam Slyter was a passenger, on the local, Tuesday, for Sterling, Kan.

Miss Ida Bailey took the train on last Saturday for the Sound country in Wallington.

Since the disgraceful scene enacted at Carson City, on the 17th Marion has had the honor of having two battering rams. First between Homer Rutherford and Mark Ray, and the second between Mr. Edgar and John Ring. No serious damages resulted.

Mr. Laeshe, who has been quite sick for sometime, is improving and hopes are entertained that he may soon be out again.

Reports say that the Marion creamery will soon be started up by Mr. Kent.

The counsel of older women is of inestimable value. A mistaken idea of modesty prevents many girls from learning the things that they ought to know. Before they assume the duties of matrimony and maternity. Women generally take these most important steps in their lives, without knowing in any degree what they mean, or what responsibilities and trials they bring. The highest and best thing that a woman can do is to bear and rear healthy, intelligent children. The accomplishment of this end depends almost entirely upon her health and particularly upon the health and strength of the organs distinctly feminine. The state of the children, both intellectual and physical depends on the mother. If she doesn't care enough for her own comfort and happiness to take the proper care of herself, she certainly ought to do it for the sake of her children. To a very large extent, the destiny and achievement of a man is decided in the months before his birth. During that time, his mind and body are started on the path that they will follow through life. Circumstances may influence him, but he cannot get away from the effects of pre-natal influences. One of the principal uses of Dr. Pierce's Favorite Prescription is the preparation of prospective mothers for the time of trial and danger that comes when a child is born. The "Prescription" is strengthening and invigorating and lessens pain and danger. It insures the perfect well-being and the perfect health of both mother and child. Every woman should know these things before she really needs to know them. There are many things in Dr. Pierce's "Common Sense Medical Adviser," that every woman ought to know. This celebrated work has reached a sale of 600,000 copies at \$1.50 per copy. It is a book of production having thus been covered, 60,000 copies are now being given away. A copy will be sent to any address on receipt of twenty-one (21) one-cent stamps to cover cost of mailing only.

Address, **WORLD'S DISPENSARY MEDICAL ASSOCIATION**, No. 653 Main Street, Buffalo, N. Y.
