People's Party Members of the Legislature at Home

The People's party County Central Committee and members of that party held a meeting at Oregon City Saturday and endorsed by adopting resolutions commending the course of the People's party members of the legislature.

Questions were invited, and an inquisitive member asked how the expenses of those who held out were paid.

U'Ren responded that the memebers of the opposition received $50 to $100 apiece from a fund that had been made up by the enemies of Mitchell. He himself received $80 from that source, and got $50 from his father; his total expenses were about $120. He knew of but one member who got more than $100 from the fund. He said Representative Ogle paid his own expenses out of his own pocket, and was the only one who did that.

Ogle made a short statement of his position, which did not differ from that one of U'Ren. He said Senator Mitchell had tried in the capitol to buy two Populists merely to go into the joint convention, so as to be there, offering them $2000 apiece, and that no Populist could have gone into the convention without virtually pleading guilty to the charge of being bought. He accused Representative Virgil Conn, of Lake county, of dishonesty, because he was opposed to granting the opposition party representation on the election boards. Referring to the charges made in a local paper that U'Ren had been bought with gold, that Kruse had been influenced with women and himself with a gold watch and chain, he indignantly denied them. He said he bought his watch with his own money years ago, and that the slander against Kruse was an insult to one of the noblest women of Marion county, to whom Kruse was affianced.

There was a great deal of questioning and numerous interesting points were brought out. U'Ren said it was not the primary purpose of the Populists to kill off Mitchell, but to secure the passage of their measures. He believed, however, that they did right in thwarting the Republican majority, though that was done by acting with Republican minoriay. He himself had repeatedly offered to stand as the 40th man, if the Mitchellites could muster the other 39, to enable them to organize.

A CASKET TRUCK.—A Salem undertaker recently received a valuable vehicle called the "undertaker's church casket truck." It is most substantially constructed of hard wood and is mounted on two wheels with cushion tires, besides having a smaller wheel at the end. It is to be used in removing a casket between the hearse and the church or residence in which the funeral services are being held. By using this little truck a great deal of the confusion and difficulty usually experienced on such occasions, especially when the aisles are so very narrow, may be done away with. It is a very neat contrivance.

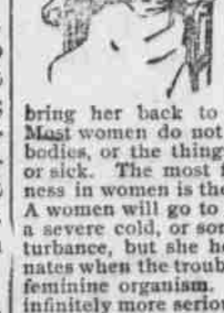
James Smith, of Junction City, has a goat with three horns. The extra horn is about five inches long, and grows on the jaw under the left ear, and is as much of a horn as the two others, the Junction City Times says.



The man who stands idly by and sees the life fading out of his wife's face, sees her health going, sees her becoming old and faded and wrinkled when she should still be in the perfect enjoyment of vigorous, useful health, is either less than a man or else does not know of the one remedy which will bring her back to health and strength. Most women do not understand their own bodies, or the things that make them well or sick. The most frequent cause of sickness in women is the cause last looked for. A women will go to a doctor when she has a severe cold, or some acute digestive disturbance, but she hesitates and procrastinates when the trouble is with the distinctly feminine organism. And yet the latter is infinitely more serious. It is the most serious sickness that any woman can have. It is the most dreadful—the most dangerous. Its consequences are always serious, and serious right at the beginning because it is debilitating. It saps the life and strength and works on the nerves to such an extent that the whole body is disturbed. Appetite leaves, the color goes from the face and hollows sink into the cheeks. Irritability succeeds good temper and fretfulness takes the place of contentment. Little by little life becomes more and more miserable. The woman is killing herself with neglect just as surely as if she were taking deadly poison. Perhaps her husband cannot persuade her to go to her doctor, because she naturally dreads the inevitable examinations and "local treatments." He can persuade her, if she needs persuasion, to take Dr. Pierce's Favorite Prescription. This truly wonderful medicine has cured hundreds of women after the best physicians have failed. It has been in constant use and tested every day for 30 years. It isn't an experiment, there are no chances about it. It is a certain and infallible cure for all derangements peculiar to women. Those who care to know all about it, and to receive the best medical work ever prepared for the general public are invited to send 21 one-cent stamps to cover cost of mailing *only* and receive a copy of Dr. Pierce's thousand page book, "Common Sense Medical Adviser."
