the ladies of Salem to inspect her linen embroidery work.

Rev. and Mrs. J. M. Morrow, of Warm Springs, Eastern Oregon, and Rev. H. F. Wallace, D. D. of Portland went to Shedd this morning to attend a meeting of the Oregon Presbytery. While in Salem Rev. and Mrs. Morrow were the guests of Mrs. R. S. Wallace at "The Willows."

SECURITY TO ANIMALS.—In making his rounds this morning in search of news, the attention of a JOURNAL writer was called to a case of cruelty to animals. The residents of Center street were considerably surprised to see a horse attached to a light cart standing near the Catholic convent and securely tied to a tree. They could not ascertain how long the animal had been standing there, and their curiosity was still more aroused when they observed that the owner of the animal had not put in appearance at the noon hour. About 3 o'clock in the afternoon the owner left with his rig. The poor animal had been left unprotected from the disagreeable weather prevailing while no provision whatever had been made for furnishing the animal anything to eat. The man's name could not be learned or it should certainly have been given in connection with this item.

"THE INQUIRING TWELVE"—This society was organized several months since by some of Salem's brightest women. The membership of the society is limited to twelve and the object of the organization is to discuss current events and other items that may demand the consideration of the general public. The society holds monthly meetings and its sessions are especially profitable to the members. Mrs. N. J. Damon entertained the "even dozen" Monday afternoon. For the past few meetings the "History of Scotland" has been discussed quite thoroughly and much interesting information has been gathered concerning the land across the ocean. Following the discussion of the topic, light refreshments were served and a general social time had.

RECITAL POSTPONED.—The annual classical recital of the Albany college conservatory, under Prof. Z. M. Parvin, to have been given at Albany this evening has been temporarily postponed owing to the sickness of Miss Julia Perry, of this city, who is a member of the graduating class. It was to have been an evening with Mendelssohn and Schubert and the program consisted of twelve excellent numbers. Four members of the graduating class, which numbers nine, are residents of Salem, viz: Misses Lulu Conover, Elizabeth Johnson, Julia Perry and Laura Sharp.

MILLINERY.

Our Spring Opening a wonderful success. Over five hundred ladies availed themselves of the opportunity to see exclusive styles and dainty effects shown by the "Nonpareil," 317 Commercial street.

NOT SOLD.—The item in this paper that the Rotan block was sold to Mrs. Adolph for \$3000 was a misprint. The agreed price was \$8000, but Mr. Rotan refused to "be bled" as he calls it to the amount of \$75 or \$80 "expenses," and called the trade off. The sale was not closed.

HIGHLAND.—The people of Riverside addition and Highland are circulating a petition to get aid in money and labor, to rebuild the electric carline out on north Commercial street and through those old additions where it formerly ran. It is thought it would have more business there.

"EAT, DRINK—and Be Merry." Call at George Brothers lunch counter and carry the above sentiment into execution by indulging in one of those substantial 15 cent meals.

BLUE BOXES OR TELEPHONE #—for a bicycle messenger. Notes and packages promptly delivered to all parts of city.

EMPHATIC.

Secretary of State Kincaid.

He Has Become Tired of That R. R. Commission.

New notaries commissioned today from the department of state were H. M. Calk and E. E. Mallory, Portland, J. B. Erford, Medford, and Mrs. Emily B. Botter of Eugene. The Blain Clothing Co., of Albany, Or., filed articles of incorporation in the office of the secretary of state today. The capital stock is given at \$12,000 with P. A. Goodman, Wm. L. Vance and E. W. Langdon as incorporators and the object is to buy the old L. E. Blain clothing store and business at Albany, Oregon.

The board of trustees of the state insane asylum, held a short business session this forenoon at the state capitol to consider some minor business affairs of that over-crowded institution.

Railroad Commissioners Eddy and Macrum transacted some routine business connected with the board's work. The secretary of state has refused to recognize their claims for salaries and the members of the board have decided to bide their time until a decision from the supreme court shall be rendered touching upon the merits of their claims, together with others.

The executive committee of the soldiers home board held its regular monthly meeting, auditing claims for last month. The bills allowed amounted in the aggregate to \$1362.

COULDN'T MOVE KINCAID.

President I. A. McCrum of the board of railroad commissioners was in Salem yesterday and swooped down upon Secretary Kincaid like a big rooster onto an old bald eagle and he came off at the end of his interview in about the condition that a rooster would after an encounter with one of those old rulers of the bird kingdom. McCrum wanted, very, very bad to know what kind of a voucher or claim Kincaid would recognize. The reply was that no claim, voucher, bill or paper of any kind, shape or description would be recognized or filed or allowed in the office of the secretary of state as an official document coming from the over-lusting railroad commission. McCrum inferred that the railroad commissioners are state officers now in office and that the secretary should "accommodate" them with vouchers and certificates, etc. Kincaid said positively he "wouldn't do a thing," wouldn't recognize a thing or have anything to do with anything coming from the seven-lying commission. McCrum ought to have known better. He ought to have known that he could not move Secretary Kincaid. He had just as well have tried to induce Mt. Hood to go over and sit on the Blue mountains as to persuade or coerce the secretary into giving the railroad commission a cent of money or a scrap of paper.

SUPREME COURT.

R. H. Thompson, appellant, vs. Thos. Connell and George C. Sears, respondents, appeal from Multnomah county; argued and submitted. W. E. Thomas, for appellant and R. R. Dunnway, for respondent. An amended complaint was filed in the court below, alleging that a conspiracy and fraud on the part of respondent Thomas Connell, in procuring the delivery to himself of a writing, in form of a promissory note for the sum of \$1,000 in favor of said respondent, signed by appellant and placed in the hands of one Charles Hirstel, said respondent's co-conspirator, to be held by him until the happenings of a contingency, namely: The purchase of a tract of land, by appellant, from said Connell, then negotiating, and until so ordered by appellant, which contingency never happened, and which order to deliver was never given.

Edward Holman, respondent, vs. The DeLin Rive Fuel company, et al, appellants. Petition for rehearing denied. Peter Conran, et al, respondents, vs. Pacific Packing company, et al, appellants. Motion to dismiss overruled and that respondents be allowed to file their brief within twenty days from this date.

DECISIONS

Handed Down in Dept. No. 2

The Days' Transactions in Marion County's Capital.

Circuit Judge H. H. Hewett, of Department No. 11, Marion county circuit court, came down from Albany Monday afternoon and late last evening made two orders, returning home via the California overland.

In the matter of the assignment of Iven Larsen, of Eugene, the court appointed A. McGill, to act as assignee for the insolvent estate. According to law, County Clerk L. V. Eblen notified each of the creditors of the assignment of Mr. Larsen and appointed March 24 as a day for election of an assignee. On that day 22 of the creditors met in Salem and balloted for a candidate. Robert S. Flohren received 9 votes representing claims to the amount of \$45,917. From the fact that Flohren did not receive a majority of the ballots cast and also from the fact that the 13 creditors balloting for Mr. Willis did not represent a major part of the claims against the estate, there was no election and matter was referred to the circuit court, with the result as indicated above.

In the matter of E. P. McCormack, trustee, plaintiff, vs. Salem Consolidated Street Railway Co., defendant, the receiver of said corporation was ordered to negotiate a loan, sufficient to cover all remaining expenses and other expenses of his receivership to April 1, 1897.

The Marion county court will convene, in monthly session, tomorrow. Among the important business to be transacted, besides that of a routine nature, will be the election of a county stock inspector to fill the vacancy caused by the appointment of Mr. Simeral to the position of farmer at the state reform school. There are several applicants for the position, and judging from the number and character of the applicants a good selection will no doubt be made. The petitions that have been circulated about the streets and throughout Marion and Polk counties, pertaining to repairing the big steel bridge, at Salem, will no doubt be presented. It is hoped the courts, of the two counties, aided by the city council, of Salem, will take immediate steps towards the repair and preservation of this valuable structure.

Geo. J. Pearce, administrator of the estate of E. C. Small deceased, has filed his fourth semi-annual account with the county clerk. It shows the amount of the estate on hand to be \$3,374.44.

Geo. M. Morlart, G. R. and P. P. Porter, who reside near Jefferson, have contracted 8,000 pounds of the '97 hop crop to A. Lehman & Co., of Cincinnati, at 8 cents per pound, four cents of which is to be advanced as picking money.

Vernie Johnson is serving a sentence in the county jail having been committed for larceny of clothing.

After an examination conducted by fore Judge G. P. Terrell, by Dr. W. H. Byrd and District Attorney S. L. Hayden Monday afternoon, Mrs. Ida J. Murphy, aged 41 years, a native of Michigan but a resident of Independence, was committed to the insane asylum. As usual, a guard was appointed by the court to assist the sheriff in accompanying the unfortunate woman to the asylum.

AT THE FLOURING MILLS.—The Salem Flouring mills started up Monday morning for a few days run in order that local orders might be filled. Wheat remains unchanged at 64 cents with scarcely any prospects of a change.

WEATHER FORECAST.—Tuesday night and Wednesday showers. Temperature continues low and favorable to a big fruit crop.

You will never know the satisfaction of dying until you dye with "Perfection" Dyes.

ASYLUM.

Files Its Monthly Report.

Remarkable Facts That Prove Possibilities of Our Climate.

The monthly report of Supt. Patne of the Oregon State Insane Asylum is summarized below. It shows one insane patient for each 350 to 360 population. But differing from practice of eastern states, Oregon does not return the incurables to the counties they come from. The persons properly to be classed as insane are probably not over one in 500 or 600, if the custom of other states prevailed.

The report of the steward of products of the garden and dairy, and the showing of farming operations for January, February and March, is also remarkable, and real estate agents had better secure a certified copy from the office of the secretary of state before sending it to states where anything is frozen up all winter.
