

DINGLEYISM.

Shown Up by Figures

Excessive Tariffs Will Make Votes Against Republicans.

EDITOR JOURNAL:—It is amusing as well as interesting to read the comments of such papers as the New York Times, New York Evening Post and other papers which supported McKinley and the proposed Dingley tariff bill. The good old Oregonian of April 9, inst., 1897, after denouncing the proposed tariff legislation, says: "The Bryan men would like nothing better than enactment of the bill into law."

These papers last fall loudly proclaimed for the election of McKinley to save the honor and dignity of the nation as loud now in their denunciation of McKinley, Dingley & Co's legislation.

A letter in the New York Journal of Commerce by John Meyer points out that by the schedules of the Dingley bill the duties on five specified kinds of woolen goods in common use among working people are raised from the present rate of 40 per cent ad valorem to 194 per cent, 190 per cent, and 284 per cent, 220 per cent, and 140 per cent respectively. The goods on which these monstrous rates are to be placed are cheap boys' and men's suitings, and overcoats, woolen shirtings, and women's cloakings. The Oregonian of March 26, farther says: "They who suppose that these burdens will be endured do not understand the temper of the American people."

A prominent New York business man who supported McKinley writes as follows:

"I may predict one thing—the good times we had promised to us last November after confidence being restored, when we marched up Broadway on that memorable day, Republicans and Democrats shoulder to shoulder, all clamoring for sound money; have not yet come, and what is more are as far off as ever."

We are informed that the English hop growers are asking for a protective tariff against American hops and that their petition is bottomed on the familiar pauper labor argument. The contention is that the British hopgrowers, pay higher wages than the Oregon hopgrowers, and they are asking for a protective tariff against the pauper labor of Oregon. If they put a duty on our hops then we will get all the beauties of a protective tariff, but our protectionist friends will no doubt resort to the old argument that a tariff will increase the demand at home. Do they propose to increase the demand for hops by drinking more beer? The New York Times says the act should be entitled, "A tariff of abominations" and asks the question, "why should an American citizen be compelled to pay a duty of 213 to 270 per cent on a plain pocket knife that cost about \$1.00? During the war 5 per cent was thought to be sufficient. In the McKinley tariff less than one half these rates were collected, which was the highest tariff this country ever knew up to that time, which defeated the Republican party in 1890 and '92, also for Mr. McKinley for re-election to congress. The bill of Jas. G. Blaine denounced, when he used the expression that it would not give a market for a barrel of pork or a bushel of wheat. Good times cannot be manufactured out of higher prices and less money. There were six and a half millions of free Americans who cast their ballots for free silver and Wm. J. Bryan. If the election were to take place today his vote would be increased to nine millions, and if these times continue, which it is my opinion they will under the existing gold standard, he will be unanimously chosen chief executive of this nation in 1900 and will bring relief to a down trodden and oppressed people. Let silver men of all political shades unite under one banner for a common cause, the restoration of bimetallic, less extravagance and over taxes.

OLD REPUBLICAN.

E. H. Lofftus died at Crane Lake, in Lake county, April 3, at the age of 70. He came to his death while on his way home from a fishing trip. He left his home at Crane Lake, and went on foot over to Deep Creek, taking his gun and snowshoes along. He did not return the next evening, and a search was made, but he was not found until the day after. He was within about two miles of home, and going up a hill in a trail, where the snow was several feet deep, when he fell on his knees, with his gun in one hand and snowshoes in the other. He was found in this position, not having moved a muscle after he dropped.

An action has been begun by Henry Hogrefe against George H. Meyer, both of Washington county, for \$10,000 damages, for alleged defamation of character. The parties concerned all live at Blooming, 24 miles south of Cornelius.

Miss Edith Fleming of Eugene, a step-daughter of J. R. Parker, of that place, received a dispatch that she could draw a check on the First National bank of Eugene for \$10,000. This is a result of a small sum invested in a mine by her uncle. She has been working in a millinery store for a living.

Col. T. E. Hogg continues to try to get that \$25,000 deposited by him in June, 1892, on the sale of the O. P. to him for \$1,000,000, or rather the remnants of it, and how that \$25,000 did dwindle. \$6,465 went for costs; the remainder, \$18,534 was deposited in the Job bank. When it came out of that it looked like a wet rag, it had dwindled to \$7,414. Over a thousand dollars of this was put in circulation through a generous court, and \$6,278 is now left. This amount Col. Hogg now applies for and Judge Fullerton is considering the matter.

A man may dress as well as his own good taste, judgment and the assistance of an artistic tailor may elect. He may take his "tuba" as regularly as the most conscientious water-cure doctor may dictate; but if his digestive organs are out of order, he will have an unwholesome appearance. His complexion and the white of his eyes will have a yellowish cast. His tongue will be coated, appetite poor, his teeth rusty, his breath abominable. He is one big, unmistakable sign of constipation. Worst of all, his temper is as ugly and unwholesome to live with as his person. A man who has the least appreciation of what he owes his family and friends, to say nothing of himself, will make an effort for health.

The quickest, surest, easiest way is to take Dr. Pierce's Pleasant Pellets. They are made of refined, concentrated vegetable extracts. Nothing in the least harmful enters into their composition. For some time I had used Dr. Pierce's Pleasant Pellets for constipation with most satisfactory results. The waters have always been very hard on my husband. He too tried the "Pellets." They have made a new man of him. We have used in all six bottles. Yours truly, Mrs. V. A. Hovey
