The business men of Baker City are hustlers and it is said by traveling men that their success has been largely due to their liberal use of printers ink. See Baker City papers for proof.

Why is it that one man is old and decrepit at 45, and another is hearty at 80? The accident of birth has something to do with it. Some men are born stronger than others, but frequently the strong man becomes weak and the weak man strong. It depends on the care he takes of himself. When the man who runs an engine leaves an unusual sound about it, he stops immediately and looks it up. If he finds a little looseness or a little crack, it is remedied immediately. If it isn't, there will come a break and the engine will stop that will wreck the engine. Likely as not, this same man will totally ignore the call for help from some one of his own organs. He will let the trouble grow and grow until it lays him out in bed. If he keeps on working with a damaged body, he will soon wear it out. The strain on his nerves will tell on his constitution. He will not be hearty when he is old. The chances are he never will be old at all. Dr. Pierce's Golden Medical Discovery restores health. It is not only a cure for disease, it is a preventive. Whenever a man feels that he is not quite as well as he ought to be, whenever he is listless, without energy and without vitality, whenever he finds that he is losing weight and that his strength is waning, he should at once get a bottle of "Golden Medical Discovery." No matter how his trouble shows itself, this wonderful remedy will cure it. The way it works is simple because of its wonderful results, and not because there is anything supernatural about it—not because it does anything that is unexpected, or anything which its discoverer did not mean it to do. That it cures many different so-called diseases is the most natural thing in the world when you understand that nearly all diseases spring from the same cause, and digestion and consequent impure blood. The "Discovery" makes the appetite good, the digestion strong, assimilation easy, and the blood rich and pure. No disease of the blood can withstand its action.

Learn more about it from Dr. Pierce's Common Sense Medical Adviser, 306 pages, profusely illustrated, which will be sent free on receipt of twenty-one (21) one-cent stamps, cover cost of mailing only. Address, World's Dispensary Medical Association, Buffalo, N. Y.
