

A Salem barber has put down the price of a first-class bath to 12 1/2 cents. How he can furnish hot water, towels, soap, brushes and attendance at that price is not easily explained.

Mrs. Lord, wife of Oregon's governor, is still pushing forward her enterprise of establishing the flax industry. For one woman to overcome apathy to a new enterprise, the inertia of hard times, the indifference to all things not yielding immediate returns, local prejudices and even ridicule of the thoughtless and aspersions of the evil-thinking, is almost a marvel of this age of business depression.

Physical culture is attracting much attention at Salem. We all know that for want of proper culture plants and trees dwindle and become extinct or fail to bloom and bear fruit. So we reason by analogy an individual may for want of physical education, training or exercise not enjoy perfect health.

The W. C. T. U. has taken a step in advance by establishing a mercy day. One day in the year is to be observed by the local unions, and by the schools and churches that can be interested, in teaching children to be merciful and humane to everything, beast and human.

The number who are ignorant or indifferent about the necessity and practical value of kindness to animals is very large. This education has been neglected by church and school. One cannot go upon the streets of a city without seeing horses twisting and shaking their heads under the cruel torture of an uncomfortable overhead checkrein.

Truth is a Nutshell. Impure blood is the natural result of close confinement in house, school room or shops. Blood is purified by Hood's Sarsaparilla, and all the disagreeable results of impure blood disappear with the use of this medicine.

There is not much said about streets at present; there is more swearing done. As soon as people quit swearing because they are so muddy, they

begin to swear because they are so dusty. But we ought not to swear at the way they are built. That is done solely to employ labor. For instance the city pays to haul coarse round cobblestone gravel out of the creek-beds and put it on the street; then the city hires a man to rake up the ostrich-egg and football sized boulders and wheel them off and throw them down the bank somewhere.

These young river boulders prevent any vehicle from being driven among them and the vegetation grows apace. After awhile the young trees will have to be grubbed out. Usually one well-worn wagon-track is found on such streets, where the boulders wear down and disappear and the mud is pounded into several inches of dust.

The rocks in the streets wear out vehicles, destroy horses' feet, the dust covers houses so they have to be painted, and thus this system of street building makes employment for people and causes money to be spent. If the streets were covered with finely screened gravel all these conditions so favorable to employment of labor and production of profanity would disappear.

There is no greater "fake" than statistics on money in circulation. The Salem gold organ says: People who assumed last fall that the United States has not enough money will be interested to know that the money in circulation today in the United States is nearly 140 million dollars greater than a year ago.

Too much "money in circulation" across the water, and the rumor of a new bond issued in ninety days is not without foundation. Bradstreet today says: "Trade less satisfactory. Moderate reaction in prices of staples. Falling off in volume of transactions in various lines. Continued slow collections. Less favorable conditions in iron, steel, cotton and some other industries. Increase in Commercial deathrate." TOO MUCH MONEY.

It is evident that the increased volume of "money in circulation" is shown by the "treasury figures" is no criterion of actual condition of the country. The sooner people come to understand it, testimony of prosperity under the present financial system is really evidence of adversity that is the inevitable result of vicious class legislation the better.

NEW TIME CARD.—The new schedule of the Southern Pacific company went into effect at 11 o'clock today. The Salem local made its final trip to Portland this morning and the south bound California overland, commencing this evening will reach Salem at 8:30 p. m. The north bound overland will arrive in this city at 7:10 a. m. The Roseburg mail, south bound will reach Salem at 11 a. m. as at present while the north bound Roseburg local will arrive 20 minutes earlier reaching Salem at 2 o'clock instead of 2:10 p. m. The freights arriving during the night will be given forty minutes in which to do the necessary switching thus doing away with a yard engine.

MR. CALLISON, ENTERTAINED.—Friday evening Miss Marie Rockwell, gave a party at her home on Oak and University street, Yew Park, in honor of J. P. Callison, formerly of this city but now of Chehalis, Wn. About a score of Mr. Callison's old college mates were present and a very enjoyable time is reported.

Fire in Tacoma. Tacoma, April 30.—The hardest fight the Tacoma fire department ever had occurred when flames, supposed to have been incendiary broke out in the plant of the Standard Oil Company located on Wikeson street and Jefferson avenue. The building was of brick, two stories, high and used as the chief distributing station for the Northwest. It contained 1000 barrels of lubricating oils and 100,000 gallons of illuminating fluid.

The whole department was soon on the scene and, though the building and contents were destroyed, the flames were prevented from spreading to adjoining buildings. The fireman fought for five hours, sometimes standing knee-deep in oil, which flowed from the building before the fire was extinguished. The loss is estimated at \$15,000. Much excitement prevailed in the vicinity during the fire and a heavy black smoke surrounded the scene.

FLOODS.

The Situation at Guthrie. Murderers Are Executed. From the National Capitol.

Tireless Search for Victims of the Flood Along Cimarron River.

GUTHRIE, O. T., May 1.—The Cottonwood and Cimarron rivers are now within their banks. Searching parties have gone out in boats and rafts to coast both banks for sixty miles from Guthrie or farther in search for dead bodies.

Pillagers looted the wreckage, entering many dismantled houses in the absence of their owners. Guards were placed everywhere possible. There were threats made to lynch the thieves but none were caught.

No additional bodies have been recovered in the vicinity of Guthrie. A man was reported floating down the Cimarron on a log. A party has gone out to intercept him if possible. The destitute are being cared for.

Scores of organized searching parties are at work but progress is slow since tons of debris must be dug over in the search. It is believed the rushing waters of the Cimarron conceal many corpses. The Cimarron bottom contains quicksand, and it is one of the most treacherous streams in the country.

Five more bodies were recovered from the debris left by Wednesday's storm in West Guthrie. The bodies of Geo. Owens and Mrs. Charles Runn were found on the west bank of the river. The bodies of Henry Simmons and Mrs. Watson and child were found under a pile of hay near the Cimarron river. Mrs. Watson had her child clutched to her breast, in which position both met death.

The bodies of dead will be buried tomorrow. The Cimarron river is jammed with wreckage and the bodies of dead animals. Farmers are fishing out and carrying off wreckage by cart-loads. The rear portion of the Heim brewing plant, containing \$10,000 worth of machinery, caved into the Cottonwood river this morning. Over 1,500 homeless people are being cared for by the city.

The Santa Fe railroad company increased its force of trackmen to 500, yesterday, and now has that number of men at work south of Guthrie. The superintendent states that the lines will be open to the south, tomorrow. Over four miles of the Santa Fe road were washed out. The Santa Fe will lose \$25,000. The loss to this city and county, by a careful estimate, reaches \$200,000. Several costly bridges were destroyed. Twelve persons are missing.

The body of George Owen, who went down while saving others, has been found where it sank, caught fast in a small tree. Mrs. Fannie Ruffen, colored, was found buried in the debris of her own door yard. Several more bodies are reported to have been found on the Cimarron. Hundreds are at work on the mountain wreckage at the railway bridge hunting for bodies.

Will Go to Cuba.

DANVILLE, Ill., May 1.—Colonel W. J. Calhoun, who has accepted the mission to Cuba to assist in the Ruiz case, will leave for Cuba on next Sunday or Monday. He first goes to Washington to receive his instructions from the department of state.

Colonel Calhoun declined to discuss the subject of his mission, because he thinks it would be highly improper for him to do so. He has had no conference with the secretary of state or other officials on the matter. He says he understands the purpose of the mission is to assist as legal counsel Counsel-General Lee into inquiring into the case and reason of the death of Dr. Ruiz, who was found dead in a Cuban prison. It is not expected that the investigation will take very long, and he expects to return home some time during May. It is believed here that Judge Day, who was first slated for the position, strongly recommended that the president appoint Mr. Calhoun.

CRIMINAL.

Murderers Are Executed. From the National Capitol.

Gin Pon Paid the Death Penalty at Spokane.

Spokane, May 1.—Gin Pon paid the penalty for the murder of Lee Tong. The execution was witnessed by 400 persons, admitted by cards. A vast throng stood on the outside.

In his cell Gin Pon prayed and professed faith in the Christian religion. He was attended by two Christian ministers. He wept and trembled but when the moment came for the march to the scaffold he carved himself and walked calmly to the steps. He showed no signs of weakness on scaffold and lent his assistance to the fatal preparations.

The crime for which he died was one of the most atrocious in the history of the northwest. He literally hacked his victim to pieces. His guilt was beyond question. He confessed, expressing penitence.

Lynchings. Houston, Tex., May 1.—For three murders, the ravishing of two girls, and the burning of the humble home of their poor victims and incinerating their bodies, six, and perhaps seven negroes Thursday night suffered the death penalty at the hands of a mob of their own race. At 12 o'clock at night a mob of negroes took from a room at Sunnyside, Texas, where they were being guarded, Fayette Rhone, Will Gates, Lewis Thomas, Aaron Thomas, Jim Thomas, Benny Thomas the four latter being brothers, and William Williams, all negroes and hanged the first named six to an oak tree. The seventh was hanged, but has disappeared.

More Gold Gone. New York, May 1.—Von Hoffman & Co. will ship \$1,500,000, in gold, to Europe, tomorrow. Lazard Freres, \$1,250,000 in mixed gold bars and coins; and Heidelberg, Kiehlmeier & Co., \$500,000; Kuhn, Koeb & Co., will ship \$500,000 in gold bars, tomorrow. It is stated that Kidder, Peabody & Co. will increase their previously announced shipment, for next Tuesday, from \$500,000 to \$750,000. It is possible it may reach \$1,000,000.

The total shipment of gold to Europe, for the week ending May 1, is \$6,225,000. This includes shipments announced for tomorrow. Next Tuesday Kidder, Peabody & Co. will ship \$750,000, making the grand total as announced for shipment from April 27 to May 4, \$6,975,000. Lazard Freres have increased their gold shipment, for tomorrow, from \$1,250,000 to \$1,500,000. This makes the total gold shipment, tomorrow, \$4,000,000. Total shipments from April 27 to May 4, \$7,225,000.

"Perfection" Dyes are superior to all. Ed J. Herron and Lottie Williams were ably supported last evening by Dailey's comedians in the presentation of "A Nutmeg Match" at the Reed last evening. There was a very small house but it was very enthusiastic. The company was at its best. The singing and dancing were good. Tonight Hoyts farce "A Bunch of Keys," or "The Hotel" will be presented by this clever company when they will no doubt be accorded a crowded house. Special songs and dances tonight. Popular prices 25 and 50 cents. No extra charge for reserved seats.

Perfection in dying is only attained by using Perfection Dyes.

SOME FOULS. A number of foul balls were made at the ball game today but we will serve foul (chicken) dinner Sunday for only 15 cents. Call and see us.—George Bros.

WASHINGTON.

Various Matters of Interest—Concerning Hawaii.

WASHINGTON, May 1.—There has been no communication from British government with the authorities here concerning Hawaii. The report from Japan that Great Britain has expressed disapproval of the Hawaiian annexation to the United States is denied by officials. A similar denial is made by the officials of the Japanese legation, as to the report that negotiations had been opened between Tokio and Washington relating to Hawaii.

It is very probable that the secretary of the treasury will soon recommend to congress a material reduction in the international revenue tax on beer. The action would be taken on the ground that the present tax of \$1.10 per gallon, is above a revenue producing price.

Strong intimation is given at the White House today that Rev. Dr. Isaac S. Hopkins, of Atlanta Ga., has been selected minister to Greece, and his nomination will go to the senate next week. Dr. Hopkins was a Democrat until last autumn, when he joined the Republican party.

The president has decided not to interfere in the case of Joseph R. Dunlop, proprietor of the Chicago Dispatch, sentenced to two years' imprisonment for sending obscene matter through the mails. A strong effort was made to secure a pardon on the ground that his life would be placed in jeopardy by his imprisonment.

The M. E. choir of this city has secured an engagement with Chicago's greatest soprano singer to give a benefit concert at the M. E. church, next Monday evening May 3. This will be one of Salem's greatest musical treats this year. The Washington, D. C., Post says of this artist:

Mrs. Bishop, who sustained the soprano role in the "Messiah" is well known in Washington. She was in excellent voice, and sang superbly in true traditional oratorio style, and the pure, liquid magnificence of her lovely voice filled the great hall.

Sleep

Induced by the use of coca, opiate or narcotic compounds is bad, decidedly bad. They undermine health and shatter the constitution and the patient is steadily growing into a worse condition—often resulting in the terrible slavery and misery of the cocaine and opium habit.

Sleep induced by the use of Hood's Sarsaparilla does not perhaps come as quickly, but it comes more surely and more permanently through nature's great restoring and rejuvenating channel—purified, vitalized and enriched blood. This feeds the nerves with life-giving energy and builds up the system and constitution from the very foundation of all health and life—the blood—pure, rich, red blood.

Hood's Sarsaparilla is the One True Blood Purifier. All druggists sell it. Hood's Pills are easy to take, easy to operate.

FUNERAL SUNDAY.—THE JOURNAL was misinformed last evening in stating that the funeral of Miss Maguire would be held today. Instead the funeral services will be conducted at 1:30 o'clock, Sunday afternoon at St. Joseph's church, Rev. J. S. White officiating. The remains will be interred in the Catholic cemetery.
