

CONGRESSIONAL.

The Tariff Bill Is Reported.

Retroactive Clause and Hawaiian Clause Stricken Out.

WASHINGTON, May 4.—The vote in the senate finance committee to report the tariff bill was a surprise. The vote stood 6 to 5. Jones of Nevada voted with the Republicans to report. All the Democrats voted no.

Senator Aldrich presented the tariff bill to the senate today and gave notice that it would be called up Tuesday, the 18th inst. The time for the bill to take effect is made July 1, instead of May 1, as provided by the house, and the words of the first paragraph, "or withdrawn for consumption" are stricken out. The retroactive clause of the Dingley bill is thus stricken from the senate bill.

The entire house provision relating to reciprocity is stricken out and sections substituted providing that whenever a country shall pay a bounty upon the exportation of any article of merchandise and dutiable under this act greater than the duty upon the importation of any such article into the United States, there shall be levied upon it, in addition to the duty imposed by this act, a duty equal to the net amount of such bounty to be ascertained by the secretary of the treasury.

The house provision keeping in force the Hawaiian reciprocity treaty is stricken out, the effect being indirectly to abrogate the treaty and impose the same duty on Hawaiian sugar as on the sugars from other countries.

The provision of the house bill on distilled wines is stricken out and the following substituted: Still wines, in casks, if containing 14 per cent or less absolute alcohol, 30 cents on a gallon; if containing more than 14 per cent absolute alcohol, 50 cents a gallon. In bottles or jugs, per case of a dozen, containing each not more than a quart and more than a pint or 24 bottles or jugs containing each not more than a pint \$1 per case.

Wines, ginger, cordial or vermouth imported, containing more than 24 per cent of alcohol shall be classified as spirits and pay duty accordingly. The percentage of alcohol in wines and fruit juices shall be determined in such a manner as the secretary of the treasury shall prescribe.

Lead ore is increased from one to one-half cents per pound. All coal is made dutiable at 75 cents per ton, with the proviso that the duty shall be 60 cents on coal imported from any country that does not impose a higher rate of duty than those named in this bill.

The senate has increased the internal revenue duty on beer to \$1.44 a barrel until January 1, 1900. Thereafter it shall pay the present rate of \$1.

Many important changes were made in wool and woolen schedules. First-class wools were reduced from 11 cents per pound to 8 cents, second-class wools from 12 to 9, whereas the duties on wools of the third class were raised.

The dividing line of the class was placed at 10 cents, wools under that value being made dutiable at 4 cents per pound, instead of 32 per cent ad valorem, as in the house bill. Wools valued at more than 10 cents a pound were placed at 7 cents per pound, instead of 50 per cent ad valorem. The woolgrowers failed to secure all the changes they desired in the classification, but it is understood the rates fixed on the wools themselves are satisfactory to them.

Skirted wools of the first class, as imported in 1890 and prior, are required to pay 1 cent a pound in addition to the rates imposed by this act on washed wools of class one.

There is a reduction on oils from 30 to 20 cents a pound.

The sugar schedule of the tariff bill is as follows:

Sugar, not above No. 16, Dutch standard in color, tank bottoms, syrups, cane juice and beet juice, melada, concentrated melada, concrete and concentrated molasses tested by polariscope, above 87 and not above 88.79 degrees, 1 cent per pound, and for

every additional degree shown by the polariscope test, 2 of 1 cent a pound, and fractions of a degree in proportion; sugar above No. 16, Dutch standard in color, and sugar that has gone through the process of refining 1.16 of 1 cent per pound; in addition thereto, on all the foregoing, 35 per centum ad valorem.

Sugar not above 16 Dutch standard in color, tank bottoms, syrups, cane juice, melada, concentrated melada, concrete and concentrated molasses, testing by polariscope not more than 87 degrees, 75 per cent ad valorem. Molasses testing above 40 and not more than 55 degrees, 4 cents a gallon; testing 55 degrees and not above 70 degrees, 8 cents per gallon.

Machinery purchased abroad, imported and erected in any beet-sugar factory and actually used in the production of sugar in the United States, from beets produced therein, within two years from the 1st day of July, 1897, shall be admitted free of duty under such regulations as the secretary of the treasury may prescribe.

Maple sugar and maple syrup, 4 cents a pound; glucose or grape sugar, 14 cents per pound; sugar cane in its natural state or unmanufactured 10 per cent ad valorem; saccharine, \$1 a pound and 10 per cent ad valorem.

Sugar candy and all confectionery valued at 15 cents per pound or less, 4 cents a pound and 15 per cent ad valorem.

A duty is levied on tea at the rate of 10 cents a pound until January 1, 1900, after which it is admitted free of duty.

Following is the provision in regard to hides transferred from the list: Hides, cattle, raw or uncured, whether dry, salted or pickled, 4 cents per pound. Provided upon all leather exported made from imported hides there shall be allowed a drawback equal to the amount of duty paid on such hides.

The president has sent to the senate the following nominations: Interior—Webster Davis, of Missouri, to be assistant secretary of the Interior.

War—Lieutenant-Colonel William H. Forewood, deputy surgeon-general, to be colonel and assistant surgeon-general.

The senate has passed a bill to provide free homes on public lands for actual and bona fide settlers, known as the "free homestead bill"; yeas 42, nays 11.

The senate took up the sundry civil appropriation bill. When the item appropriating \$2,333,333 for continuing the improvement of the Mississippi river was reached, it was amended so as to make the appropriation immediately available.

The effect of the action of the finance committee, of the senate, in throwing out the house provision in reference to the Hawaiian reciprocity has been the subject of some comment. One member of the committee says it is the intention of the committee to deal with the matter hereafter. The effect of the bill, as it stands, he says will no doubt be to impose a duty on Hawaiian sugar. Some amendment to regulate this will be prepared, but just what form it will take has not been determined.

Consul-General McIvor, at Kanagawa, reports to the state department that, according to current reports, the Japanese government is about to send a commission to Washington for the purpose of influencing a reduction of increased import duties, which, according to the American papers, it is proposed to levy on silk. For this reason he regards it as important for the department to know that the imperial diet has passed a bill allowing a bonus to exporters of raw silk.

FLAX SEED.—All farmers who are contemplating sowing flax should attend to it at once and secure their seed contract so the proper amount can be ordered. Call at Dickinson's seed store for particulars. 4-19 d & w

Sheriff Bradford, of Hillsboro, captured a team near the Dick place near Beaverton, where it had been left by the owner while he went through the hen roost. The thief was captured but escaped to the brush but was wounded in the arm.
