EDITORIAL.

Mr. Green, of South Salem, who has the old Francis place, says there will not be over one-tenth of a full cherry crop. The strawberry crop around Salem will not be over a half crop. Currants and gooseberries promise a very large yield.

THE WEEKLY JOURNAL goes to 5,000 Bimetallists, this week. It contains all the official announcements and articles written by the leaders of the reform elements in Oregon. THE WEEKLY JOURNAL is endorsed by the Silver elements, of Oregon, of all parties, as the ablest champion of their cause, and has a wide circulation.

This must be said for the county court: not nearly so large a grist of bills in May as in April. The court seems to see that it cannot go on the way it has without running the county $100,000 in debt. It ought to realize this before it is to late. It would be impossible to elect a Republican member of the court as matters stand now. The straws that can be picked up at any country store shows the current of the public opinion and it is not to soon for the Marion county court to get down to business

W. H. Black, editor of the "official organ of the People's Party in Washington county," writes an able paper and no one can say he is not a fearless and intelligent advocate of reforms. In a letter May 10, he says: "I am working hard for a Union party here in Washington county. I do not believe any of the existing parties are available for the work to be done. We ought to have one convention and one party and that a brand new one. Let us organize bimetallic clubs in every neighborhood and let the union movement spring directly from the people. The common people desire this and we should follow the direction of the wisdom of the masses." Mr. Black has the right idea. An opposition party to the Republicans in Oregon must be a people's party to live. The people are tired of being divided up into two or three reform parties, each one with a few bosses at the head. What has been the result? Factions, jealousies, corruption. Give all the authority possible to the people and give public men to understand they must serve public not private political purposes.

THE JOURNAL is not over sanguine about the successful union of forces in Oregon. It believes the state needs a clean, well-organized, united opposition party. It believes the people are ready for it. It is our candid belief if there is not such an union of forces founded on principle and common honesty in county and state affairs, thousands of voters will return to the Republicans or not vote at all.

Here Is a Kick.

TO THE EDITOR:—I have been reading your excellent paper for a long time, and in the main I find it a very satisfactory newspaper, but there is one feature that aggravaes me beyond measure and makes me swear (sometimes) that I will stop the sheet. The thing that I complain of is those reading notices, which begin with an interesting, newsy item and end up with the "best and most popular route between St. Paul and Chicago, and the best dining car service in the world, is via the Wisconsin Central Lines." The statement is truthful enough and I suppose that J. C. Pond, G. P. A., Milwaukee, Wis., or Geo. S. Batty, Gen'l Agt. 240 Stark St., Portland, Or., find this a good way to meet and inform the traveling public of the advantages of traveling over their lines
