For Oregon's State Field Day.

Five Colleges Will Send Strong Athletic Teams.

State field day at Salem June 5, is the third state meeting and the contests will be participated in by young men who, as athletes, are the product of three years of athletic work in our state colleges. College athletics, as a regular department of educational work, is well established in this state, and public interest in these events proves that it is appreciated by the public. The fourteen contests at the state meet do not comprise all the forms of athletic training carried on at Willamette and the other colleges. There are regular classes for young ladies and physical training is as much a feature of the college course as the sciences and languages. The Pacific coast colleges are rapidly coming up in their work and records to the more prominent colleges of the east. The same identical events are on the program at Salem June 5th, as take place all over the union. The bringing of a large crowd to this city to witness wholesome innocent sports is of great value to our city from a business point of view and for this we are indebted to the athletic department of Willamette. State field day last year was attended by one thousand persons, and it is expected to bring nearer two thousand. Excursion rates by rail and steamer will be offered. To keep this event at Salem, which is centrally located, our people should display their enthusiasm and cordially welcome the visiting college crews and friends by decorations and attending the events at the state fair grounds.

R. W. Williams, manager of the Willamette University Athletic team, has received a list of entries in the different contests, for June 5, from the five respective colleges that expect to participate in the athletic games. The State university, of Eugene; the State Agricultural college, of Corvallis; the State Normal school, of Monmouth, and Willamette university, of this city, have large teams and have entries in nearly all of the fourteen events. The Pacific college, at Newberg, has entries in a number of events and will no doubt make a creditable score.

The team winning the greatest number of points will gain possession of the championship cup for one year. It is now held by the U. of O., at Eugene. The Eugene team will make every effort to retain the cup for another year, but Corvallis is desirous of having temporary ownership of the cup for the ensuing year. Points will be computed as in the local meet, eight points being allowed for each event, as follows: First place, five points; second place, two points; third place, one point.

There will be individual prizes, consisting of suitable bronze, silver and aluminum prizes for the winners in each event. This will stimulate the interest among the contestants and the teams that are not successful in winning the championship cup will receive other prizes.

Music will be furnished by the Chemawa Indian Training school band and other musical companies from valley points. The general admission fee will be 50 cents, no additional charge being made for seats in the grand stand.

A list of the entries from the five colleges that expect to participate in the intercollegiate games, on June 5, and the fourteen events, are as follows:

STATE NEWS

There are 6,000 bikes in use in Portland.

County Treasurer Patterson, of Lane county, has been enjoined from paying a portion of the state taxes due from that county.

Wm. Sayers, an old man about 60 years of age, was killed Monday at Lost River Gap, Klamath county, by his team running away.

Andrew Emrick, an Indian war veteran, was interred Sunday. He was 64 years old. He was with Colonel Kelsay in the Rogue river war.

William E. Warren, an old and esteemed resident of McMinnville, and a pioneer of 1847, died Monday at 4:30 o'clock. His death was the result of a complication of diseases, the natural infirmities of old age, following a life of hardship and toil.

Referee Woodcock opened court at Corvallis to sift the claims to the \$19,000, the proceeds of the sale of the steamship Willamette Valley. An order was made giving Bonner & Hammond 10 days in which to file their claim to the fund.

Millard Percival, living about four miles west of Independence, upon returning from lodge at Dallas, Saturday night, was attacked by a supposed burglar as he entered his house. A tussle ensued in which Percival received a bullet wound in the arm. No valuables were missing. From the remark made by the stranger: "Now I have you, I am going to kill you," and the fact that Percival found all the charges in his rifle drawn, it is concluded that perhaps revenge was the motive.

Col. Jim Eddy of the Roseburg Plumber and Oregon Railway Commission writes this: "The Eugene Journal and the Salem Journal, which seems to be in the yellow-tickle-me-tickle-you business, are endeavoring to create the impression that should the suits against the secretary to compel him to issue warrants for state expenses expressly authorized by law be successful, then suits will have to be commenced against the state treasurer to compel payment. Such is not the intention or expectation. If the warrants are issued they will command their face at the banks and there will be no need to mandamus the treasurer. All that holders of warrants will want is their money, and when that is obtainable further occasion for mandamus proceedings will cease. Let the people know the truth and all the truth. It is theirs of right."

GRECO-TURKISH

The Feeling in Athens

Powers' Collective Note on Turkish Demands.

LONDON, May 26.—The correspondent of the Times at Athens says: The torrent of recrimination, denunciation and bitter invective, which was checked by the fear of the immediate Turkish advance on Athens, has broken out afresh, now that this danger has been removed the armistice. The authors of the war policy, equally with those who are held responsible for the disasters, are being dragged before the bar of public opinion. So far as the officials are concerned, it is believed that the government may appoint a commission of inquiry to punish the guilty. A thorough investigation into the hospital and commissariat departments will probably entail scandalous disclosures.

The Ethnik Hetairia is bitterly denounced, and the government is urged to seize its funds, to confiscate its stores and arms, and to compel it to render an account. The government is not likely to accede to this suggestion, but many persons prominent in political life are closely connected with the organization, and the Hetairia, conscious of its strength, has decided to remain silent and preserve its mysterious and invisible character. Possibly smitten with compunction, however, the society has donated 60,000 drachmas for the relief of the Thessalian refugees. This is apparently the best justified item of all its expenditures.

GENERAL MILES. NEW YORK, May 26.—A dispatch to the World from Constantinople says: General Miles has been offered by the sultan and by all the Turkish officials every facility for studying the Turkish army. He is pursuing the work with great vigor, and is kept very busy. The officials are most kind in offering every aid.

OBJECTIONS REMOVED. VIENNA, May 26.—The Neue Freie Presse publishes a dispatch from Constantinople saying Germany has finally approved the condition of peace, and the identical note of the powers on the subject was presented to the Turkish government.

GOVERNOR OF CRETE. LONDON, May 26.—A Standard dispatch from Berlin says that the powers, including Turkey, have assented to the appointment of Prince Francis Joseph of Battenburg as governor-general of Crete.

MUST RESPECT IT. LONDON, May 26.—The Athens correspondent of the Standard says that the powers have assured Greece that the porte will not be allowed to evade the conditions of the armistice.

FIRE. GRANT'S PASS, Or., May 26.—Fire this morning destroyed the Odd Fellows' block, in which Terrell & Son conduct a furniture store on the first floor, and the Odd Fellows occupy the second floor. Jewett & Dodge's farm implement warehouse and Ben Rodgers' bicycle store are in the building. At this hour (2:30 a. m.) it seems as though the city hall will go too. It is impossible to ascertain the loss at this time, but it will be heavy.

AT LIBERTY.—Miss Millie Broulllette will fill her father's appointment at Liberty Sunday the 30th. Subject for Sunday morning, "From the Clouds to the Earth." Subject for Sunday evening, "A Jewish Queen."

CIRCUIT COURT.—Department No. 2 has been in session at the county court room and adjourned at 5 p. m. Judge Hewitt having put in all the time hearing the testimony in the suit of Brooks vs. Kimball, for the possession of real property.

GUBA.

Insurgent Loan Negotiating.

Officers of the Junta Will Try to Raise \$1,000,000.

NEW YORK, May 26.—The Press today publishes the following: Officers of the Cuban league have decided to attempt the raising of a fund of \$1,000,000 in the United States, believing that this will enable the Cuban to establish their independence. The fund is to be raised in two ways—by donations and by the sale of gold bonds at 6 per cent, payable "ten years after the evacuation of Cuba by the Spanish troops."

DYNAMITED. HAVANA, May 26.—It is reported from Santiago de Cuba that a Spanish military train from El Cristo to Songo was attacked by 600 insurgents. The train was carrying troops to reinforce the garrison at Songo. At the first shot of the insurgents the train stopped, and Lieutenant Lafuente, who was in command of the Spanish troops, ordered his men to fire on their assailants, but at that moment several dynamite bombs which had been previously placed on the track by the Cubans exploded, killing Lieutenant Lafuente and 12 Spanish privates and wounded 32 others. The locomotive and one car were destroyed by the explosion.

The Spaniards surrendered, and the Cubans, after plundering the train and securing a large supply of provisions and munitions of war, burned the remaining cars. Sixty Spanish soldiers and 20 other persons, employes of the railroad and officers of the Spanish government, were made prisoners. Two hours later they were set free by order of General Calixto Garcia.

BRYAN AT SALEM. Special Excursion Trains Will Be Run to Lebanon. It is now certain that Wm. J. Bryan will pass through Salem Monday, July 12, and will stop long enough to make a speech to the people.

Excursion trains will be run to Lebanon on that day from Portland, and on the return trip Salem people can see and hear the great bimetallic. A large number will no doubt want to go to Lebanon and Oregon City to hear him, but those who cannot will be able to see and hear him at Salem.

Further details will be made public as fast as learned at this office.

FUNERAL POSTPONED.—Funeral services over the remains of Mrs. Mary E. Bell, who died quite suddenly early Tuesday morning, at the family home south of Salem, will be held from Independent Evangelical church on Cottage street at 2:30 p. m. Thursday. The funeral was arranged to take place this afternoon, but the same was postponed, that a daughter of the deceased, who resides in Washington might arrive in time to attend the funeral. Rev. H. A. Detton, of the First Christian church, will conduct the services, and the remains will be laid to rest in Lee Mission cemetery.

EVENING WALKS.—The pleasant weather at present is being enjoyed lucrily and evening walks are quite enjoyable. In the absence of other companions, take a 10 cent La Corona cigar along and enjoy a good smoke.
