## BIMETALLISM.

Is a Solid Basis of Union.  
A Silver Republican Who Wants a Party of Patriots.

Hon. C. H. Baker, of Waltherville, Lane county, writes May 18, as follows:

Can a union of the reform forces be effected in this state? If not, why not? If so-called reformers are all sincere, and in earnest, there is no reason under the sun why they cannot unite upon some common ground, for the common good. A union of all the forces of reform, including all Independent Bimetallists, is absolutely necessary if success at the polls in the coming elections is desired. It will be the height of folly for these forces to enter the fight under several different names, each having a separate ticket in the field—without a shadow of a chance to win. If any large percentage of the Populist party follow the declarations of the Populist state central committee as enunciated by resolution at the Portland meeting a short time since, then the attempt to accomplish any reform legislation through the union is honestly doubted. But when they as a party declare that they will have no more of reform unless it be more under the banner and through the ranks of the Populist party, then something has surely gone wrong with that great young party. No other construction can be placed upon their action as declared by the state central committee, through resolution. It must be understood that there are thousands of Free Silver Republicans, who in times past and from the very first formation of the Republican party, fought hard and honestly to make the record of that party in the past great, grand and respected throughout this land. Men who had the pride of that old party born deep in their hearts. Men who were sincere, honest and patriotic. Men who stuck to the old party for many years, waiting, hoping and praying that that party would face that great silver question, as it faced the great slave question, openly, honestly and heroically and settle it honestly and for all time, by giving back to the people the money of the constitution. Thereby saving their honor and glory of that act to the credit of that party; but, when that party in convention assembled, declared unequivocally for the single gold standard. What did the Tellers, the Dubois, the Canons, the Towns, the leaders of the silver forces in that duty do? Their actions need no explanation at my hands. Think you gentleman, that action of theirs was taken without many a mental pang, without sorrowing hearts. Theirs was the act of true patriots. Let us have a complete union. Let us have a party of patriots willing not only to sacrifice all personal ambition if necessary, for the common good, but partisan spirit also. To attempt to change the issue or load it down with too many riders in the way of platform planks, will cause a scattering of the forces. All honest Free Silver Republicans and there are hundreds of thousands of them, are for independent free coinage of gold and silver and for a paper currency issued by the government direct to the people without the intervention of banks; so also we may unite upon the principal of the initiative and referendum. There is a variety of opinions. Some are fully in favor of the whole principle, others are in favor of the referendum without the authority to initiate legislation. Others are in favor of referring to the people only such enactments of law as carry with them an appropriation of public funds.

Rigid economy, cutting off most of the present commissions and placing all officers upon stated salaries,

thereby abolishing the fee system, all are agreed upon. Reformers are in need of great patience. Great reforms come about slowly, and to attempt to reform the whole system of government at one fell stroke, cannot be accomplished except by revolution. Hence it is necessary to take but one, or at most, two of the most important questions at a time, and such questions as can readily be agreed upon by all. The silver question is undoubtedly the paramount question and the one we can all agree upon.

Then, why, disagree upon a proposition that we are already agreed upon? the writer of this article sincerely hopes to see the union of the reform forces accomplished and cares not under what name or what party inscription is placed upon the banner, so that we can unite and accomplish some good for our fellowman. otherwise we might as well ratify the nominations of the McKinley, Cleveland gold bug combination and get into the band wagon and bow down to the gold bug Lords of Wall and Lombard streets. For evermore.

UNION  
Convention to Be Held in Jackson County.

Special to Journal:  
JACKSONVILLE May 25.—Following call for an union county convention has been issued to the bimetallists of Jackson county:

The undersigned having been appointed as a committee on organization, by the Hon. J. C. Cooper, state chairman of the Union Bimetallic Party, hereby notify you that there will be held at Albany, Oregon, on June 2, 1897, a convention of Populists, Democrats and Silver Republicans, who favor a union of all who are opposed to the single gold standard, and who favor the free coinage of silver into one single, strong and united party.

United we can redeem the state of Oregon, and give to our people the reforms that are so urgently needed, and so persistently refused by the party in power. The people must rule, and political guerrillas who stand in the way must take a back seat.

We therefore all citizens of this county, without regard to party, who are opposed to the single gold standard and who favor the free coinage of silver, and all who favor a complete and compact union of all the reform forces in Oregon, to meet in mass convention at Medford, on Saturday, May 29, '97, at 1:30 o'clock p. m., and then and there elect delegates to the state convention to be held at Albany on June 2, 1897, and to take such other action as to the convention seems wise and for the common good.

A. S. BARNES,  
A. N. SOLLES,  
W. H. BRADSHAW,  
HENRY KLIPPEL,  
T. J. HOWELL,  
County Committee.

The crop prospect was never better in Umatilla county.

The contrast between disease and health is as sharply marked as that between darkness and light. The sufferings of disease make enjoyment of life impossible and a perfect health makes even a commonplace existence a bright and happy one.

The truest thing about disease is that most of it is needless. Nine-tenths of it can be subdued by very simple remedies. Even that most dreadful malarial consumption, can be cured in 98 cases out of a hundred, if it is treated in its early stages with Dr. Pierce's Golden Medical Discovery.

Consumption is a disease caused by impurity of the blood, and the first thing to be done in its treatment is to make the blood pure, fresh and wholesome. That is half the battle. The other half is the impregnation of the blood with cleansing, healing, invigorating medicines. The "Golden Medical Discovery" does both. It first puts the whole digestive system into perfect order, rids it of all impurities and from the vantage ground so gained, reaches out to every fiber of the body and restores all to perfect vigor. It cures many diseases, simply because many diseases spring from a set of common causes. The same disorder may lead to different symptoms in different people. What might be only a little indigestion in one person, may combine with a slight cold in another and result in consumption. A treatment that tones up the whole system is always the safest. A medicine that is good for the general health is pretty sure to cure ordinary diseases. Twenty-one cents in stamps sent to World's Dispensary Medical Association, Buffalo, N. Y., will bring a large 1000 page doctor book. It contains photographs and letters from hundreds who have been cured by Dr. Pierce's Golden Medical Discovery.

The circulation of the Portland Telegram is stated at 2500 copies daily. The average circulation of THE ONE CENT DAILY has been for sometime larger than that and the WEEKLY JOURNAL has a larger circulation than ever before.

THE JOURNAL is now established as the paper having the largest circulation in Oregon, next to the Oregonian. Advertisers are invited to inspect our lists of subscribers, and are reminded that our mail subscriptions are all paid in advance, and that such are a desirable class of people to do business with. They take this paper because they want it, not because it is forced upon them, and they can't get rid of it.

THE JOURNAL outsold all other papers in Oregon during the legislative session.
