Daily Capital Journal.

BY HOFER BROTHERS.

FRIDAY, MAY 28, 1897.

Mr. Bingham in his card in THE JOURNAL says he is only employed by the county in special cases. In no case has any lawyer but the district attorney a right to appear. In claim of Ison, 6 Ore., 475, the supreme court held that the district attorney is the ONLY ATTORNEY who has a right to appear in and conduct suit, and that he is entitled to receive a fee.

The constitution provides that the district attorney "shall prosecute all penalties and forfeitures to the state, which may be incurred in any county in his district, and for which no other mode of prosecution and collection is expressly provided by statute, and in like cases prosecute or defend, as the case may be ALL ACTIONS, SUITS PROCEEDINGS in any county in his district, to which the state or such county may be a party."

The court says: "The meaning of those provisions is clear. The district attorney, or, as named in the constitution, the prosecuting attorney is the law officer of the state in his district. It is his duty to prosecute or defend, as the case may be, all actions, suit or proceedings in any county in his district to which the state or such county may be a party."

In spite of this, Mr. Bingham, who seems to be exercising a political pull on the county judge, is acting as county attorney in a number of cases over the head of the district attorney. He makes out papers as county attorney and brings actions as such without ever consulting the district attorney. Of course, the district attorney, who is prepared and competent to attend to all county litigation, will collect all the fees allowed him by law. The supreme court will allow him his fees, as it always has done, and County Judge Terrell will have also the pleasure of allowing Mr. Bingham's modest fees. If he doesn't Mr. Bingham will allow his own pay and pay himself, as he did in the Oregon Pacific tax suits to the amount of about $1250. Mr. Bingham's complaint about heavy taxes come with a poor grace from a man who has on all occasions been ready to take large slices out of the taxpayers. According to law, Mr. Bingham cannot displace the prosecuting attorney as county attorney, either in the pleadings or on the payroll. But does anyone doubt that he will do it? He cannot carry on litigation for Marion county and lawfully collect pay for it, as the constitution above quoted plainly shows; does anyone imagine that he will not get big pay in addition to what the district attorney will collect? Mr. Bingham may be a big taxpayer but he is a bigger taxeater. If Judge Terrell needs a private legal adviser he should employ one at his own expense, and not saddle double legal expense on the county.

Since the disbandment of the larger part of the employes at the Mute school, on account of vacation—a long one, too—the "Oregonian" thinks that the taxpayers of the state would like to know what the favored few retained are to do during this long interval, when the land belonging to the insiitution is leased and there is only a building and its grounds to be cared for. The persons who are dismissed during the vacation are the teachers and employes who draw small salaries, and do the real hard work at these institutions. Those retained are the superintendent and his family, employes to cook for them and two or three persons to take care of the building and its grounds. There is an injustice in this matter that ought to be righted. It is reported that Governor Lord has always thought that the mute school and the blind school during vacation should be put in charge of a janitor, whose business would be to take care of the building and the grounds. This plan would not cost much, and not only save the expense of keeping the "favored few" and their salaries, but it would put all on a common basis. The board ought to look into this matter and do right to all parties.

For many years when the school took its summer vacation, Supt. Knight simply lived in it and took care of the property without cost to the state. This ought to be done now, but since McElroyism has fastened a farm, a dairy and other burdens upon the establishment, simply to make places for strikers, it is more difficult to strip the matter down to first principles.

John Wanamaker is an example of the substantial man who resents the disposition to make government expensive. It is a serious business question that men in city, county, state and nation must struggle with, to keep down government expenses. Expenses mean taxes. Taxes mean eating up property and incomes. The man who adds to the burdens of government in these days; the official who incurs unnecessary expenditures; the legislator who creates new offices and sinecures—all this class are enemies to any honest margins, no matter if they are labelled Republican or Populist, Democratic gold standard, or Silverbug. It has become a business question for business men.

Taxes in Marion county and the city of Salem are higher than a year ago. Times are not so much better but that people complain thereof. Four per cent taxes in the city and 3 per cent in the country means high rates of interest and high rents on desirable business property. No business can stand the taxes or the high rates of interest made necessary by official extravagance.

In place of imposing new taxes and imposing higher taxes our county government should bring taxes down to something near the conditions under which business must be transacted. Our state officials will be upheld in trimming off all unnecessary functions. Our national government will not be upheld in its present policy of increasing expenditures. The entire high-salaried officials class will have to be scaled down one-fourth to one-third in the next few years. Three thousand dollars a year for a state official, $1000 to $1500 for a county official, about one-third off of all judicial and federal offices, abolition of all fees, would not be a severe cut, and would not impair the public service.

Doctor's bills and lawyer's fees are all arranged on the old scale of generous margins. Rates of interest are out of all just proportion to the earning power of property. Rates of insurance and freight and passenger rates are on the same exorbitant basis of ten or twenty years ago. These officials and preferred classes do not like to have a newspaper tell them these things, and some immediately sneer, "populism, anarchy, etc." But the facts remain. The costs of government are not adjusted to the capacity of the taxpayer to pay. Generosity ceases to be a virtue when you have nothing to pay with, or are paying with other people's money. The people demand retrenchment in public affairs as they have been obliged to retrench in private affairs. The official who does not meet this demand or ignores it will find the people in no temper to overlook his misconduct or mal-administration in any form. The substantial business men and taxpayers of our country from the Atlantic to the Pacific cannot support the extravagance of government that has prevailed in the past, and no political party can hoodwink them into so doing.

Memorial day is observed with suitable programs in all the schools of our city today. The teachers in each school have worked hard to have the children participate in observance of this beautiful patriotic occasion. In spite of inroads by the prevailing bucolic epidemy, the public school programs that greeted the visiting committee of veterans were well carried out. The teachers, children and public do well to honor this day.

The old soldier is fast passing away. The din of battle is heard only in the far distant past. But the object for which these men fought is sacred today as it was then, and it must remain sacred forever. Teach our children the words, and let them catch the spirit of Longfellow's immortal verse:

"Thou, too, sail on, O Ship of State!
Sail on, oh Union, strong and great!
Humanity's will with all its fears,
With all the hopes of future years,
Is hanging breathless on thy fate."

The great World's Endeavor convention at 'Frisco July 7 to 12 is going to be largely attended from Oregon. State President E. S. Gile, of this city, assures us that Oregon will have the lowest rates ever granted on a similar occasion. He has worked hard to secure this and deserves credit for his efforts to make up the largest delegation from Oregon that has ever attended such a gathering. It will be an event in the religious history of the coast.

The insurance tax is unjust because it is a tax upon industry. The insurance writers must rustle for all they get. Their income depends upon their application to business and any kind of a tax on the industry by which people gain an honest living is unjust in principle. Taxes on property, on luxuries, on imports, on incomes, are justifiable. But to take away the right to earn an honest dollar by personal application is wrong in principle. As well tax carpenters or painters.

Seven Months With Fever.

Wonderful Recovery of Health.

Mr. Baird's rapid and marvelous recovery from a mere skeleton to his normal weight, 270 pounds, was surely the *fullest test* of the grandest strength-giving and building-up medicine ever produced, namely:

Dr. Miles' Restorative Nervine.

J. H. BAIRD.

"Gentlemen—I wish to express to you my gratitude for the great good that *Dr. Miles' Nervine* has done for me. I was taken sick with typhoid fever and I laid in bed for seven months. After getting over the fever I was thin, nervous and tired, and did not regain my lost strength. I tried several proprietary medicines, and finally, after having been reduced in weight to 130 pounds, I began trying your *Nervine*, and at once began to improve. Was finally *entirely cured*, and today I can say I never felt better in all my life, and weigh 270 pounds. This is my normal weight, as I measure 6 feet 5½ inches in height."

South Bend, Ind. J. H. BAIRD.

Dr. Miles' Nervine is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at $1, 6 bottles for $5, or it will be sent, prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.

Consumption

Out-door life and Scott's Emulsion of Cod-liver Oil with Hypophosphites have cured thousands of cases of consumption in the early stages. They cure all advanced cases too; but not so many, nor so promptly. When a case is so far advanced that a cure cannot be made, even then SCOTT'S EMULSION checks the rapidity of the disease, relieves the pains in the chest, reduces the night sweats, and makes the cough easier. In these cases it comforts and prolongs life. Don't experiment with cures that destroy the digestion. Pin your faith to the one remedy which has been THE STANDARD FOR OVER 20 YEARS.

Book about it free for the asking.
