CONGRESSIONAL

Several Test Votes Taken

The Senate Is Making Good Progress on Tariff Bill.

WASHINGTON, May 28.—The senate made good progress on the tariff bill disposing of about ten pages. Several votes were taken, the finance committee being sustained in each case by majorities varying from six to sixteen. The drug schedule was under debate, and the discussion was largely technical. Occasionally, however, it branched off to the general phases of the tariff, but at no time during the day was there a speech of more than five minutes duration.

Only the front rows of the galleries were occupied when the session open. The final conference report on the sundry civil bill was taken up, an agreement having been made to vote at 2 p m.

The questions involved in the conference report related to the suspension until March 1st next of President Cleveland's proclamation embracing large areas as forest reserves, making immediately available $297,333 for the contract of work on the Mississippi river and $10,000 for the improvement of Pearl harbor Hawaii.

The question of forest reserves was discussed at length. Senators from the states affected by the forestry order urged the rejection of the conference report and the absolute suspension of the president's order. Cannon, of Utah, referred to the order as barbarous and inhuman. Stewart, of Nevada, characterized it as a "disgrace to American civilization and the worst outrage of the last half century."

Pettigrew asserted the order was the result of the "ignorance of Grover Cleveland." He said in South Dakota the area included as part of the forest reserve contained seventeen postoffices 12,000 people and fifty miles of railroad. He urged also that the academy of science which recommended this act should be rebuked and favored the defeat of the sundry civil bill rather than the order stand.

When Allison said this was the best arrangement that could be made with the house, Tillman ejaculated. "They have no house over there, anyway. They have one man running it".

Berry of Arkansas said the Mississippi river item and other important features of the bill would be jeopardized by the rejection of the report. A vote was taken and the final conference report agreed as follows.

Yeas—Aldrich, Allison, Bate. Caffery, Chandlier, Cullom, Deboe, Fairbanks, Faulkner, Gear, Gray, Hanna, Hansbrough, Hawley, Kenney, Lindsay, McEnery, Morgan, Pasco, Perkins, Platt of Conneticut, Platt of New York, Procter, Prichard, Quay, Spooner, Turpie, Vest, Walthall, Wellington, Wetmore—32.

Noes—Baoon, Butler, Cannon, Carter, Clay, Clark, Davis, Foraker, Frye, Harris, of Kansas, Heitfeild, Jones of Arkansas, Jones of Nevada, Kyle, McMillin, Mallory, Mantle, Pettigrew, Rawline, Roach, Shoup, Stewart, Tillman, White, Wilson—25.

The tariff bill was then taken up for consideration by paragraphs.

Vest moved and amendment to paragraph 10, so as to fix the rate on crude borax at 1½ cents, and refined borax at 2 cents per pound. After a brief debate, the amendment was disagreed to without a division. A committee substitute was then agreed to, fixing at 5 cents a pound, and borates of lime or soda at 4 cents and 3 cents, according to strength.

POOLING BILL.

The senate committee on interstate commerce practically agreed upon the final amendments to the Foraker pooling bill, which there will be an effort to have reported at the next meeting of the committee to be held one week from today.

Votes taken on the amendments have little doubt the committee's recommendation will be favorable to the measure when reported. The bill has been perfected and would have been reported but for the opposition of Senator Chandler, who is antagonistic to the pooling bill. He made a speech before the committee denouncing the railroad pools as trusts.

THE RESOLUTION.

Representative Lewis, Democrat, of Washington, endeavored to bring before the house the Cuban question as a privileged question on the ground that it concerned our foreign relations.

Lewis offered a resolution declaring it to be the sense of congress that the belligerency of the Cuban insurgents should be recognized. Speaker Reed declared it out of order, and on appeal the house by a vote of 91 to 57 sustained the speaker. The house then adjourned until Monday.

APPOINTMENTS.

The president sent the following nominations to the senate:

War—Colonel J. F. Wade, Fifth Cavalry; Colonel J. K. Mizner; Tenth cavalry, and Colonel William Graham, Fifth artillery, to the brigadier-general.

Treasury—John H. Ewing, Wisconsin, deputy auditor of the navy department.

Navy—Commander Charles O'Neill, of the United States navy; to be chief of the bureau of ordinance with rank of commodore.

Postmasters—California: C. H. Cornell at Corona; Oregon; Ezra W. Woodward, at Newberg.

The losses at the Grants Pass fire foot up $12,000.

One's physical feelings, like the faithful setter, search and point out plainly the fact of disease or health.

If a man is not feeling well and vigorous—if he is losing flesh and vitality, if he is listless, nervous, sleepless, he certainly is not well. The down hill road from health to sickness is smooth and declines rapidly. At the first intimation of disease, the wise man takes a pure, simple vegetable tonic. It puts his digestion into good active order and that puts the rest of his body in order. The medicine that will do this is a medicine that is good to take in any trouble of the blood, the digestion, or the respiration, no matter how serious it may have become.

The medicine to take is Dr. Pierce's Golden Medical Discovery. It is a remarkable remedy. It cures diseases in a perfectly natural way, without the use of strong drugs. It cures by helping Nature. It has a peculiar tonic effect on the lining membranes of the stomach and bowels. By putting these membranes into healthy condition, stimulating the secretion of the various digestive juices and furnishing to the blood the proper purifying properties, it reaches out over the whole body and drives disease-germs before it into the usual excretory channels. It builds up firm muscular flesh, makes the skin and the eyes bright.

Dr. Pierce's Golden Medical Discovery has been found wonderfully efficacious in the treatment of skin diseases—eczema, tetter, erysipelas, salt-rheum—from common pimples or blotches to the worst case of scrofula.
