Basket Ball Game. A basketball team of young business men, of the San Francisco Y. M. C. A., is contemplating a tour, of the coast, during the present month and are arranging for a number of games with teams in this valley and also in the Sound country. Games will probably be played with Tacoma, Seattle, Portland and Oregon City. The San Francisco team would like to play the Salem boys on Thursday, June 24. It is quite likely that a game can be arranged for as there are a large number of the local association from which to select a strong team. It is desired that all who are interested in this invigorating indoor sport would meet at the Association rooms, this evening at 7:30 o'clock for the purpose of considering the advisability of forming a team and accepting the challenge of the team from the "Golden Gate City."

Final Song Services. The large choir of the First Methodist church, under the direction of R. A. Heritage, will give its last song service Sunday evening. The song service takes the place of the regular Sunday evening discourse. A number of anthems will be rendered by the choir as will also two selections from "Elijah." Professor R. A. Heritage will sing a solo and there will be a selection by the Cardinal quartette. The Chemeketa quartette may also appear in a number. In these occasions the immense seating capacity of the main auditorium and gallery of this church are heavily taxed to accommodate the crowd and it is safe to predict that Sunday night will not prove an exception.

READY FOR SERVICE.—The huge city fire-bell was today in its new location in the tower at the south east corner of the city hall building and the same is now ready to sound the alarm in case of fire. The bell is more weighty than one would suppose to look at. The bell itself weighs a ton while the casting weigh 290 pounds. The frame work from which the huge bell is suspended, weighs an additional 200 pounds, making a total of 2500 pounds.

FOR THE COAST.—At the session of the U. B. conference at Dublin Ind., Rev. H. L. Barkley, D. D. of Woodburn Or., was elected bishop of the Pacific coast district. The election of Barkley to this important position received the hearty approval of the entire assembly. He is pre-eminently qualified to fill the position. He starts for the coast immediately after the adjournment of the conference to hold the Oregon and Walla Walla conference.

COMMENCEMENT CONCERT.—There will be no graduates from the college of music of Willamette university this year, but Prof. R. A. Heritage and pupils have prepared an excellent commencement concert to be given in the First Methodist church beginning at 10 a. m. Wednesday June 16. The concert this year promises to surpass that of last year. All will remember that the concert of a year ago was a musical treat and the concert this year will be anxiously awaited by the music loving people of this city.

ON CRUTCHES.—Bert Adams, the popular clerk in George Broz, restaurant, will be about on crutches, for several days, by reason of having had a large splinter thrust into the fleshy part of his left foot, Wednesday afternoon. The splinter was successfully removed and Mr. Adams will have a sore foot for several days.

WENT FISHING.—J. P. Rogers and Kolla Thomas left early this morning for Silver Creek Falls on a short fishing expedition. Providing "Jack" does not catch too many fish, the two fishermen are expected home tomorrow, when some fish (stories) of unusual length will no doubt be had for the asking.

Hall, of this city received the nomination for vice-president of the association. The society will hold its next annual convention in Portland on the second Tuesday and Wednesday of next June.

STATE HOUSE NEWS.

Items of Official, Political and Personal Interest.

Mike Finnagan, of Clackamas county, and William Schuel, of Multnomah, were received at the asylum. It is reported at the state house that Jonathan Bourne, Jr., is going east to live not to return to Oregon.

Gen. W. H. Odell is having an artesian well drilled at his handsome residence property on East State street.

Rumor has it that State School Supt. G. M. Irwin is preparing for an extended trip through the eastern states this summer.

The Blue Mountain Ice and Fuel company, of Portland, today filed supplemental articles of incorporation, increasing its capital stock to \$3,000.

F. A. Watts, C. H. Buckenmeyer and W. L. Archambeau, of Portland, R. J. Hendricks, of Salem, and Geo. Curran, of Currieville, were commissioned notaries public.

If the state supreme court decides that it is his duty to do so, Secretary of State Kincaid says he will audit and allow bills. His present position rests on a former decision.

An advertisement for asylum supplies to be made public tomorrow the state board will express a preference for Oregon made goods, "other things being equal."

Mr. J. A. Buchanan, formerly an acting notary public at North Yamhill, has moved to Dallas and been granted permission to continue as notary at that place.

Articles of incorporation were filed in the secretary of state's office by the Cash Grocery Company, of Warrenton Clatsop county; capital, \$3000, divided into shares of \$50; incorporators, Christ Grammas, Frank Leinenheher, and C. A. Lieneneher.

Secretary Kincaid, who during the period for its session always urged that there ought to be a regular session, and that he can audit no bills until there has been a session to make appropriations, says about January 1, is the latest a session should be called.

Oliver A. Jenner, commissioned a notary public at Portland, Or., some time ago, has since married a gentleman named Swallow and today was granted permission to act as a notary under the name of Oliver A. Swallow and to use a seal with that name contained thereon.

The state house barometer was two points below change this morning indicating a possible rain for tomorrow. Nearly everybody, both city and country people desire rain. The roads are very dry and dusty wheeling or driving, disagreeable for city folks. The crops sadly need rain. Much of the grain is not yet knee high and will begin to head out within a few days unless rain is forthcoming and on this account the farmers without exception are praying for rain.

Adjournment Taken. The seventh annual meeting of the Oregon State Eclectic Medical Association concluded its session Wednesday afternoon when adjournment was taken. Logan, of Philomath being one of the most scientific and progressive ever presented before the association. The old officers were re-elected to serve for the ensuing year as follows: President, R. O. Logan M. D., of Philomath; first vice-president, H. E. Curry, M. D., of Baker City; second vice-president, J. Sturman, M. D., of Portland; recording secretary, W. S. Mott, M. A MYSTERY SOLVED.

After Thirty Years a Trace is Found in Salem. The Pekin Ill. Daily Times, of the 14th, has the following concerning the finding of a silver valise name plate by C. A. Hellenbrand in this city: "Thirty years ago a valise, a gold headed cane and an overcoat were stolen from W. W. Sellers. He was at that time a member of the state legislature and was on his way to Springfield at the time of the robbery. He left the valise, cane and overcoat in Patton's book store for a few minutes and when he returned they were gone. Afterwards the rifled valise and the cane with the gold head jerked off, were found near the old Perkin packing house. A silver name-plate bearing Mr. Sellers' name and address had been pried off the valise. "The thief must have gone to Oregon after the robbery and hid the plate where it remained until accidentally resurrected a few days ago."
