Don't Abuse

Your Eyes

If you go on allowing your eyes to smart and ache and trouble you, you may never be able to make them strong again. We have studied the eye. We know what we are talking about. It is a patient long-suffering organ, but it will stay a last, and then all the oculists and opticians in the world couldn't put it together again. Don't procrastinate; any irritation about the eyes whatever means something. Come and find out.
