CONGRESSIONAL.

The Sugar Schedule Passed.

Rapid Progress on the Tariff Bill is Now Expected.

WASHINGTON, D. C., June 16.—The senate made a great stride forward by completing the consideration of the sugar schedule of the tariff bill, except the provision relating to Hawaii, which went over.

The first paragraph of the sugar schedule has served to bring out all the speeches and the test votes, and when this was passed, the other paragraphs of the schedule were agreed to without any further opposition. As agreed to, the schedule places on sugar not above No. 16 Dutch standard one cent per pound, and .03 of a cent for every degree above 75, and on sugars above No. 16 Dutch standard 1.95 cents per pound, but sugars testing below 87 degrees .10 of a cent per pound shall be deducted. The other provisions of schedule relate to maple sugar, maple syrup, candy, etc.

Only one year and may vote was taken during the day on the part of the amendment of Lindsay, to make the rate 1.8 cents per pound on sugar above No. 16 Dutch standard. The amendment was defeated, 32 to 35.

The Pettigrew amendment, relating to trusts, was then taken up and discussed at length. It developed a considerable divergence of views on both sides of the chamber, the two Alabama senators, Morgan and Pettr, joining Hoar in his opposition. Allison finally tested the sense of senate by moving to table the amendment, which motion prevailed, yeas 35; noes, 32. Two Democrats, Morgan and Enery, voting with the Republicans to table, and thus turning the scale against the amendment. Consideration of the agricultural schedule was then resumed.

AMENDMENTS.

Senator Tillman has given notice of an amendment he will offer to the tariff bill providing for a head tax of \$100 on all immigrants to the United States. The amendment makes it a misdemeanor, punishable by fine and imprisonment, for any person to enter the United States for the purpose of engaging in trade or manual labor without intending to become a citizen. These provisions are modified by a proviso to the effect that they shall only remain in effect until silver shall be admitted to our mints for coinage at the ratio of 16 to 1 on the same conditions with gold.

The amendment of Lindsay, to reduce the sugar differential was defeated in the senate by a vote of 32 to 35.

The anti-trust amendment to the tariff bill, offered by Senator Pettigrew, was taken up the senate shortly after 2 o'clock. Pettus took a decided stand against the Pettigrew amendment, and urged that the senate should not disturb the industries of the country by hasty and inconsiderate action.

NEW TREATY.

The treaty for the annexation of the Hawaiian island to the United States will be sent to the senate by President McKinley tomorrow unless the present plans are changed. Men close to the administration and others engaged in pushing through the tariff bill have been informed the treaty will be transmitted to the senate tomorrow. It is stated there will be no consideration of the Hawaiian reciprocity provision of the tariff bill until the treaty is received.

NOT PROVIDED FOR.

One point of importance in which the Hawaiian treaty differs from the convention negotiated by Secretary Foster in President Harrison's administration is the omission of any provision for ex-Queen Liliuokalani and Princess Kaiulani. In the original treaty it was provided that the United States should pay the ex-queen

the sum of \$20,000 cash and the same amount of money as a pension each year during the remainder of her life, provided that she, in good faith, submitted to the government of the United States and the local government of the islands. Princess Kaiulani being next in line of royal blood, was to have received a cash payment of \$150,000, but no pension under a similar proviso as in the case of the ex-queen.

It is understood any objection that might be expected to the annexation of the islands based on the large proportion of coolies in the population has been forestalled by an article not only prohibiting further immigration of such laborers to the Hawaiian islands, but also prohibiting the coming of any Chinese from the islands to other parts of the United States.

THE HAWAIIAN TREATY.

It was the expectation that the Hawaiian annexation treaty would receive the formal signatures, Tuesday, of the negotiators, Secretary Sherman for the United States, and either Minister Hatch or Loring Thurston, as a special commissioner for the Hawaiian government. The document itself had been prepared and everything was in readiness when it was again taken to the White House, for the president's final inspection and review.

Finally at 4 o'clock the attempt to secure the signature of the treaty was abandoned. This may prevent the submission of the treaty to the senate tomorrow, as was the intention of the cabinet, but delay in any case will not be material. At the cabinet meeting, in the course of the discussion of the treaty, it was decided that its pendency in the senate would not necessarily cause any considerable obstruction to the progress of the tariff bill.

The suggested course of procedure, when the Hawaiian annexation treaty is sent to the senate, is that it should be made public, in order that the proposition to restore the house provision in the tariff bill may be accomplished with the understanding that the treaty of annexation may possibly be in effect before a year's notice of abrogation could be given. One reason given for making the treaty public would be that it could be discussed in connection with the Hawaiian provisions in the bill.

It is not believed there will be any attempt to secure immediate action on the treaty, and possibly it might not be considered at this special session. Some question has arisen as to whether the senate is competent to act upon a treaty which acquired territory and if the house would not be called upon to concur, but the precedents are that the treaty-making power, the president and senate, can act and the only manner in which the house would be considered would be in an appropriation necessary to carry the treaty into effect.

A BAD FALL.—Dr. J. N. Smith, returned this afternoon from Oakville, Linn county, whither he was called last evening to attend his aged mother who suffered a painful fall Tuesday. While walking about the orchard with a tin pail under the left arm Mrs. Smith, fell to the ground thereby sustaining a fracture of one rib and badly bruising the left arm. Mrs. Smith is in her eighty-first year and weighs about 200 pounds. She has been in feeble health of late but the doctor left her resting quite easily this morning. The doctor reports a heavy shower at Albany this noon while awaiting the arrival of the train. It was necessary for the doctor to return home as soon as possible for his little daughter is quite seriously ill with measles.

UNION.

But No More Fusion Wanted.

Circular Letter Issued by Chairman Cooper.

MCMINNVILLE, Or., June 16.—(Special.) Organization of the Union party in the several counties, of the state, proceeds slowly, constantly. A majority of the counties are now organized. Mr. Spaug's plan of a union through the party committees is meeting with some favor and some opposition. Such an union proved a failure, in the Bryan campaign, in Oregon. It was not satisfactory in the last legislature. It would be nothing but fusion if attempted in a new form, even as carefully guarded as Mr. Spaug proposes. What the people want is the union of reform forces at the primaries and nowhere else.

Chairman Cooper's letter, to Union committee men and workers, is as follows, and should be given a wide circulation:

THE CIRCULAR LETTER.

The growth of sentiment in favor of the union of forces on the plan outlined at Albany, is much greater than at first. The people are coming to the conclusion that the delegates who met there were in dead earnest, and letters being received say that if we maintain this idea by acting in good faith for the reforms wanted, that there will be a general uprising of the people before the campaign is over.

The committeemen and all speakers and workers while using due discretion, should make open-handed honesty the rule of action. Let the Union party be what it professes to be. You are not ordinary aggressive politicians but peace-makers. Remember that we must have about every man who voted for Bryan and Watson and some thousands in addition if we carry the state. Many Republicans, patriotic men whose patience are worn, will vote with us if we act with clean hands. Be patient and firm and you will succeed. The opportunity is grand, make the most of it.

The conference in its declaration of principles "invite all of the reform forces in the state to unite with us" and the resolution requires us to combine the present friendly organization into a harmonious Union party. To carry out this instruction, every Populist and Democratic committeeman, state, county and precinct, who is friendly to the union movement, will be of right, a member of the Union party committees. Mass meetings and committeemen will do well to see that this is done.

Many of the best Union workers do not aim to destroy or absorb either the Democratic or Populist party, but to use these great friendly organizations as auxiliaries to get the people together against a common enemy. The most positive, honest and effective way to form a union of forces is to ask the people who are to be united to make the union.

It is inevitable, it is now the greatest question of political policy before the people, their mouths are full of it. No man, of any consequence, dares to write or speak against it. Chairman Butler, of the Populist National committee, May 31, writes: "It is of the greatest importance that all of those who oppose the rule of the gold syndicate and their allied trusts and monopolies should be concentrated in the interests of the people against the common enemy, in the next campaign."

Chairman Jones, of the Democratic National committee, May 26, writes: "I sincerely hope that our friends will be able to stand together, in Oregon, and hope you will omit no effort to accomplish the good result." Chairman Towne, of the National Silver Republican committee, May 27, writes: "Your call has the right ring, you shall have my hearty co-operation."

The people want a union of forces and the man or the party that stands in the way will be destroyed, for the will of the people is law. Very truly yours, J. C. COOPER, Chairman Union State Committee.

Trick Bicycle Riders. The people who attend the conductors excursion at Salem, Oregon, next Sunday, June 20, will witness some of the best trick and acrobatic bicycling ever seen in the Northwest, and the only lady trick rider, ever exhibiting in Oregon, Miss Emma Crouch, a graceful, fine formed, bicycline, will do artistic and acrobatic riding, with Master Wm. Shafer, while Master Warren Blaney will perform unheard-of tricks on the single wheel. The wonderful control of this troop of bicycle riders, must be seen to be appreciated. They all ride the famous Rambler Bicycles and are pupils of Fred T. Merrill, and are superior riders to others of his pupils, who are now traveling in foreign countries. 16-31

J. H. Barlow, went to the valley Monday. Mrs. Pres Berry of Lyons moved up last Saturday to keep house for her son Ernest, who is working at Ellerick Berry's logging camp.

J. L. Berry had a car load of furniture come up last Saturday for his new summer resort.

We understand that Messrs. Doumie and Barlow has quite a large bill to saw for parties in Sublimity.

Mr. and Mrs. Ed Smith, Miss Laura Myers, Miss Lela Butler, James Monroe Mr. and Mrs. C. E. Roe and Mr. and Mrs. W. W. Caskey were guests of J. C. Ross last Sunday.

James Monroe started for Eastern Oregon Tuesday morning, also Albert Ives of Detroit.

A Difficult Operation.

Mr. James Cusick, who lives seven miles south of Salem, has been successfully operated upon for appendicitis and other internal afflictions, at the Salem hospital. Drs. Cartright and Jessup performed the operation. His entire internal organs were badly mixed up. Everything was put in proper shape and now he is in a good way to recover. The operation was a very difficult one and a credit to the Salem doctors.

Monday about twenty of his neighbors went with plows and teams and cultivators and put his orchard in line shape and left not a weed standing. They also hauled up wood and left him in good condition, and feeling as though the world was not too bad to live in after all.

STATE HOUSE ITEMS.

The State officials attended the State Normal at Monmouth, and the grand army encampment today at Independence.

H. H. Hendricks of Fossil, and H. I. Corun of Wapinitia, were commissioned notaries.

Secretary Kincaid goes to Eugene this evening to attend the State University commencement.

The governor today received from the General Land office approved selections of 2760 acres of lieu lands in the Burns district, subject to any valid interfering rights which may have existed at date of selection.

The state weather bureau says: "Friday fair, warmer. Look out for rain Friday."

The Grant's Pass, Furniture Co., has filed articles of incorporation.

Bicycle Races.

\$25.00

Error in the Court House Bill.

Judge Terrell's Unique Manner of Correction.

An error of \$25 has been discovered in the footing of the bill for court house repairs as printed in THE JOURNAL. It was an error of \$25 against the county, the contractors having been allowed \$25 too much.

Judge Terrell got wind of this late Tuesday and took the bill out of the files of the clerks' office. When it was returned following changes had been made with pen and ink. First, the second item of \$9.80 had been changed to \$29.80, increasing the bill \$20.

The twelfth item of 65 cents for repairing a wash basin had been changed to \$5.65, an increase of \$5.

By changing these two items, which changes appear on the original bill as it was shown to a JOURNAL reporter this afternoon, the footing is now correct, and the items foot up \$25 more than they did in the bill as first filed. Instead of asking the contractors to refund the money, the bill has been changed to make it correspond with the total amount allowed of \$2242.65. Without the added items the bill was only \$2217.65. The bill is now on file in the clerk's office, and was changed while it was out of the clerk's office, and presumably while it was in the hands of Judge Terrell. It was found changed soon after it had been returned. Some one has tampered with this bill and it is clearly a case for the grand jury to investigate.

The district attorney should at once cause this matter to be investigated, and probe it to the bottom. If Judge Terrell has had this bill changed or tampered with it he is corrupt or crazy and it is time the people found out which.

Circuit Court.

Following business was transacted in Department No. 1, Marion county circuit court, Burnett, J., since last report:

The suit of F. W. Simmonds & Son vs. F. T. Wrightman, sheriff, for replevin of a lot of hops attached for a Salem firm of hop buyers took all Wednesday afternoon and this forenoon. Holmes and Kellogg, and Kallala, made arguments to the jury and it is a very close case. The charge to the jury was delivered in a very fair and impartial manner by Judge Burnett, and the jury retired at 11:40.

The damage suit of Nicholas Kueschulek vs. Southern Pacific company, is for trial. John Manning and Carson and Fleming for plaintiff, and Bronough, McArthur, Fenton, Bronough, and Bingham for defendant.

The grand jury found not true bills as to Chup and Tong Lee, Chinese. Edmund C. Giltner, receiver of the State Insurance Company, filed with the clerk his report for the quarter ending May 14. The report shows total receipts including balance on hand of \$6830.84, as per last report, of \$22,469.16. The total expenditures were \$2342.60, leaving cash on hand of \$20,136.56, were paid, leaving actual cash, \$11,229.18.

WEDNESDAY AFTERNOON.

In the hop replevin suit the jury brought in a verdict for plaintiff, who retains possession of the property. The defendants will perfect an appeal.

THE DAMAGE SUIT of Kueschulek vs. S. P. Co. arises from an accident to plaintiff, who broke the neck of the left femur, or thigh bone, while getting off the Salem local at Gervais, Feb. 5, 1897. He contends the train did not stop long enough, while the railroad people claim he sat too long. The jury to try the case are W. J. Stormer, W. J. Coleman, Louis Schreckenberg, L. C. Russel, L. N. English, Henry Brown and Oliver Beers, J. Gordon, Chas. A. Gray, Jos. Shindler, J. P. Ledgewood, E. A. M. Cono.
