

A movement to impeach the present county judge of Marion county should be started, unless the court's present loose methods of doing business are corrected. The law requires the county commissioners court to keep a record of all business that comes before it. All contracts entered into are to be made a matter of record on the journal of the county court. All bills against the county are to be filed with the clerk and taken up for allowance, correction, continuance, or rejection at the regular session of the court held once a month. The recent payment of a largessum for insurance of the court house shows to have been done without a word being at the time entered of record. The recent improvements on the court house were entered upon, carried out, allowed, ordered paid, and warrants issued without the formality of a word being entered on journals of the court, of without the bills being presented at the open session of the court held while the work was in progress, and in session even as the work was being closed up. Then the honorable judge by some private understanding slips in a bill dated June 11th and ordered it filed of date June 9th and as we are reliably informed instructs the clerk who keeps the records not to enter it upon the journal for the June term at all, and not to allow the reporters to see the bill.

Impeachment is a hard word, but we submit that the people have no other course open. We are aware that in publishing what we do, unless it can be proven to be true, we are liable to a prosecution for libel, and the county judge himself, or the grand jury that is in session, are required to take notice of libellous publications. It is with the utmost reluctance that we call down Judge Terrell for his methods of transacting public business. In the insurance deal, and to the case of the bill for the recent repairs at the court house, all law and custom was violated. All precedent was set aside and the judge seems to have become a law unto himself. Public business cannot be transacted as he has undertaken to do in the cases referred to, and that respect for law and order, maintained, without which a community is in a state of anarchy.

No one will blame contractors who are given "carte blanche" if they run bills against the county beyond the contract price. That is their business. It is a public official's business to stand between the taxpayer and all contractors, not to make it easy for the latter to run up a bill against the county. The public have no protection in these matters if the press seals with its silence the misdeeds of public officials, and while what we say may subject us to legal proceedings we believe the present county judge has committed at least two outrages on this county that demand universal condemnation, if not impeachment. This is possibly not the first time such things have been done in Marion county. But they come at present with extremely bad grace. Prices of products are low. Taxes are high. Crops are short. The people are suffering from four years of gold standard Democracy, to be followed up by the uncertainties of four years of gold standard Republicanism. Had taxes been low, the treasury running over, the prices good, crops big, times flush, the people would overlook these daylight grabs committed without even the grace of legal formalities.

As it is, the people have no recourse but in the utmost publicity. We do not wish to unduly agitate the public mind, but if such lawless acts by officials cannot be stopped, if law, public prosecutor, grand jury or public condemnation will not arrest the raids on the county treasury committed by those in power to enrich themselves and a few favorites, the time will soon be at hand when capitalists will not invest in public warrants at any price, and the citizens will arise en masse and refuse longer to support such unjustly imposed burden of taxation.

An editorial in the "Oregon City Enterprise," evidently inspired by a report, discloses there is being made an effort to import a president for the Agricultural College, to take the place of the present officer holding that position. We suspect that the real choice of the movers of this program is to bring back Prof. Bloss, who is a well enough meaning man in his way. He was an importer who returned to his native beach as soon as Oregon taxpayers ceased to feed and pay him. The people of Oregon are tired of importing persons from other states to do their educational work, especially so, when there are permanent residents in our midst competent and thoroughly equipped to fill such places with credit and distinction. Those who think we need to go to a distance for men to be presidents of our colleges generally are not men of superior intelligence themselves, though they may not be wanting in self-approbation. It is to be hoped that the regents of the Agricultural College will quit this bad system of changing presidents. The census of opinion seems to be that Mr. Miller should be retained, his work during the past year having been quite successful and the subject of some praise. We understand that the Grange approved his work by resolution. We hope that the better sense and judgment of the regents will cause them to put their foot on this movement for his displacement until he has shown at least by thorough trial that he is not worthy.

It is said that old Ben Butler gave the city of New Orleans the best clean-up it ever received. The dear people of that southern metropolis protested bitterly, but later all conceded that it was a blessing to the city from a sanitary point of view. There are many cities at the present time that are sadly in need of a Ben Butler, and even the smaller centres of population in many instances are. When the poet, or saint, said that "cleanliness is next to godliness" he told one of the biggest truths ever uttered, but alas! its observance, or lack of observance, seems to be adhered to in an inverse ratio. In short, we all tolerate too much filth for our best good, but like the citizens of New Orleans we all hate to admit it, and as though dislike to apply the remedy. It is difficult to tell why this is so in a civilized state, but it is so, and society no doubt pays the penalty in an increased amount of sickness and deaths from year to year.

Salem is no exception to this rule, but here we seem to have the drawback of a city government that is opposed to these precautions in the interest of public health. With a doctor for mayor, Salem should rank among the cleanest cities in America. With good natural drainage and a healthful location our city should be the pride of every resident in regard to cleanliness. But it is difficult to have this when the head of the government is dead set against it. Mayor Richardson admitted in his official message that our streets were a disgrace and thereby brought down upon our city the odium of criticism from outsiders. He promised to remedy the evil as soon as it quit raining. It was too wet then, and now it is too dry. Like the Arkansas man's house that leaked, Salem is likely to go without the thorough clean-up it needs. An ordinance is now pending to provide new plumbing regulations. It is to be hoped it will be better enforced than the regulations we now have, under which the city is full of nuisances dangerous to the public health. Surface wells, cesspools, filthy closets, no sewer connections are the rule, which should be the exception. Oh, for a Ben Butler, to dung out the Augean stables of filth in every city in the land!

The whole controversy as to the organization of the Union party grows out of the demand of the old party managers, and the demand of the Union conference that the entire or-

ganization be referred to the people. The machine politicians are contentions of the form of the Union, how it shall be effected. They don't want to surrender their grip on the several machines, or give up any of their power to dictate to the people. In so far as they are bred and educated to party purposes, this is excusable. But they ought to see that the present form of party organization, be they Republican, Democratic or Peoples party, all lead to one end, party despotism, centralization of power, and so responsible government to the people. So what will a Union party be if it is only a three-gear machine in place of a one-gear, or a two-gear one? We want no Union party with machinery and bosses. We prefer to take potluck with the old Republican machines and bosses we are acquainted with, to new ones.

Funny: the "official" city and county papers don't find out about any of the court house jobs!

If Judge Terrell were impeached, no one imagines Governor Lord could find a man to fill his place as badly as he has filled it.

There is great danger of starvation starting some of our hard-worked deputy assessors in the face if they are cut down to \$3 a day.

The girls are indulging in a game of basket ball occasionally to revive their drooping spirits, and disappointment at not being able to get any opponents to play with them. Girls, the old man-in-Meditation Hall advises you to send a challenge to the Carlisle girls to meet you in Chicago, and play for the championship of the United States. Arrange for six games. The receipts will pay expenses, and the Chemawa girls will win.—Chemawa American.

Ben Butler was a bad Populist, but we'd like to have him for mayor of Salem for fifteen minutes.

If Ben Butler was mayor of Salem his alley would not be the filthiest one in the block.

Clip out that bill of expense for repairing the court house and paste it up for reference.

The county judge got scared for fear the wicked lawyers would steal all the documents in the vaults, so he spent \$2200 to prevent it, and now he has put up a card forbidding them to go in. Happy thought! Great head, that man Terrell's got.

The assets of the First National bank of Arlington, were sold at auction last week by Receiver Cox. Many bought their own paper at a song \$40,000 sold for \$15.

Suffered Eighteen Years.

Mrs. Julia A. Brown, of Corning, Tenn., whose husband in charge of the electric light plant at that place, has been a great sufferer. Her ailments and speedy cure are best described by herself, as follows: "For 18 years I suffered from nervousness and indigestion. I tried every remedy recommended by family and friends, but could get no relief at all. Two years ago, while being treated by three local physicians, Drs. Barrett, Miley and Sherrod, they

Mrs. Julia A. Brown. Informed me that I had become drooped, and that there was little hope for me. I then decided to try Dr. Miles' Restorative Nervine. I was then unable to get to sleep until well on toward daylight, and during all this time I had a death-hazy pain in my left side. I was most miserable, indeed, but after taking one-half bottle of the Nervine I could sleep all night just as well as I ever did. The Nervine is the only remedy that gave me any relief whatever. I am now well and strong, and I thank God every day of my life for Dr. Miles' Nervine. MRS. JULIA A. BROWN. Dr. Miles' Nervine is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at 25¢ a bottle for \$1, or it will be sent prepaid on receipt of price by Dr. Miles Medical Co., Elkhart, Ind. Dr. Miles' Nervine Restores Health

You can carry the little vial of Dr. Pierce's Pleasant Pellets right in the vest-pocket of your dress suit, and it will not make even a little bump. The Pellets are so small that 42 to 44 of them go in a vial scarcely more than an inch long and as big round as a lead pencil. They cure constipation. One Pellet is a laxative; two a mild cathartic. One taken after dinner will stimulate digestive action and palliate the effects of over-eating. They act with gentle efficiency on stomach, liver and bowels. They don't do the work themselves. They simply stimulate the natural action of the organs themselves. That is where they differ from all other pills. That is what makes them better than all other pills. You don't become a slave to their use as with other pills because their help lasts. Once used they are always in favor.

CAUTION.—Dr. Pierce's Pleasant Pellets are a safe and reliable remedy for all cases of constipation, indigestion, headache, and all ailments arising from a disordered stomach. Do not let a designing druggist talk you into something just as good as this. He makes money on your money. That's why he would rather sell them. That's why you had better not take them. For a free sample in 7 doses of "Pleasant Pellets," address: World's Dispensary Medical Association, Buffalo, N. Y.

JOS MEYERS & SONS. ORDINANCE NO. 342.

A bill for an ordinance to provide for taxing and killing dogs. Be it Ordained by the Common Council of the City of Salem: Section 1. It is hereby made unlawful for any person or persons to keep a dog or dogs, within the limits of the city of Salem, of the age of more than four months unless the owner or keeper of such dog, or dogs, shall procure from the city marshal a license for each dog as in this ordinance provided. Section 2. The owner or person having in charge any dog kept or owned within the city of Salem, shall on or before the first day of June in each year, pay to the city marshal the sum of \$1.50 in gold or silver coin, of the United States of America for each and every male dog, and each spayed female dog, and the sum of \$3 for each and every slut or female dog (not spayed) so kept or owned by him, which shall entitle him to a receipt from such city marshal, designating the owner's name and the number of the license, which number shall correspond with the number on the tag which said owner or keeper shall place on each dog at his own expense. Section 3. It shall be the duty of the city marshal of the city of Salem, or any one appointed by said city marshal, and he is hereby authorized to seize, impound and sell or kill and bury any and all dogs, sluts or spayed sluts found by him within the limits of the city of Salem, Oregon, the owner or owners of which have failed to procure and pay for a license as provided in section 2 of this ordinance. Upon the taking up and impounding of any such animal the city marshal shall post a notice on the city bulletin board and shall send a similar notice to the owner of such dog, slut or spayed slut, if the name of such owner and his address is known. Such notice shall state that unless the owner of such animal, or other persons having an interest therein, shall claim possession of the same and pay all fees and charges of impounding, keeping and posting the same, together with the sum due to the city for license thereon as hereinafore provided, within five days from the date of such notice, the city marshal will proceed to sell the said animal at a time and place therein named, not less than five nor more than ten days from the date thereof, to the highest bidder for cash. Such sales shall be public, and shall be held at the city pound and no bid shall in any case be received for any animal for a sum less than the fees of impounding, advertising, keeping and selling the same, together with an amount sufficient to procure a license for the said animal, for which last amount the purchaser or owner shall receive a license upon such animal for the current year. The city marshal shall be entitled to charge for impounding, posting notices and selling such animal a fee of \$1.50 for each male dog and a fee of \$3 for each female dog or spayed slut, and for keeping such animals the sum of 25 cents per day. In case a sufficient amount is not bid for any animal to pay all fees, charges and license fee upon the same, the city marshal may, at his discretion, adjourn such sale from day to day, not more than three days in all, or if no sufficient bid is made for any animal, the city marshal is empowered, authorized and instructed to kill and bury the same at his own expense. Section 4. No slut or female dog, in time of heat, or vicious or mad dog, shall be permitted to run or be upon the public streets or alleys of the city of Salem, whether licensed or not, unless securely muzzled or led by a person, or chain by the owner or keeper thereof, and it shall be lawful for any person to kill any such dog, slut or spayed slut so found at large; and the owner or keeper of any such dog, slut or spayed slut permitting the said dog, slut or spayed slut to be at large in violation of the provisions of this section shall, upon conviction thereof before the city recorder, be fined not less than \$10 nor more than \$50 and be imprisoned until such fine be paid, not exceeding twenty-five days. Section 5. All dogs, sluts, or spayed sluts more than four months old found within the limits of the city of Salem without a license tag thereon, are hereby declared to be a public nuisance, and any person or inhabitant of the city of Salem who shall keep a dog, or dogs, slut or spayed slut within the limits of the city of Salem without first having paid the license required therefor by this ordinance, and having the number thereof stamped or engraved upon a collar upon such dog, slut or spayed slut, as herebefore provided, or who shall cause or permit a collar and number to be put on a dog, slut or spayed slut, with intent to avoid the payment of a license therefor, shall, upon conviction of such offense before the city recorder, be subject to a fine of not less than \$10 nor more than \$50, or be imprisoned not less than five nor more than twenty-five days. Section 6. Any person or persons who shall harm or molest the city marshal, or any person regularly appointed by him, wearing a policeman's star, who is engaged in seizing any dog, slut or spayed slut or killing the same, according to the provisions of this ordinance, upon conviction thereof before the city recorder, shall be fined in a sum not less than \$5 nor more than \$50, or be imprisoned in the city jail not less than five nor more than twenty-five days. Section 7. All ordinances and parts of ordinances in conflict herewith are hereby repealed. Passed by the common council of the city of Salem, on the 18th day of May, 1897. ED. N. EDES, City Recorder. Approved by the mayor on the 19th day of May, 1897. J. A. RICHARDSON, Mayor.
