

UNION.

Urged Through the Parties

A Dufur Correspondent Favors the Iowa Plan.

A. J. Brigham, of Dufur, Ore., writes June 16th as follows:
I have intended all spring to attend the Albany Convention but was not able to be there. I have read the report of what was done there, and I do not hesitate to say that it is not in my judgment a practical scheme. I think that the people would look upon it as the organizing of a new party. It is my judgment that the plan adopted by the people who favor the union of the silver forces in the state of Iowa, is more likely to work than any plan so far suggested. It is for the Democrats, Silver Republicans and Populists, to hold their conventions on the same day in each county. As soon as organized let each convention elect five of their number to meet with a like number from each of the other conventions, to constitute a committee, to appoint the officers, after which they return to their respective conventions, and place in nomination their candidates of the officers, place them all on one ticket and elect them.

Let the county conventions elect delegates to the state convention and do the same thing. This, in my opinion, would meet the approval of all the silver people of the state, excepting those, whose love of home, of country, and of prosperity, is not higher than their love of office. The man of whom that is true is not a safe man to follow. The man who says that we have no such men, is a poor, narrow, sickly soul, who has his own self-respect, and thinks that every man has his price, and therefore, he too will sell himself to the only class of men in this nation, who seem to be utterly regardless of consequences, and the possibility of producing anarchy. I mean the man who would sell this nation into the hands of foreign powers for gold. Such a union of parties need have no other platform than the platform drawn by the Silver Republicans one year ago. This platform had but two planks, and both were combined strictly to the money question. After studying this question for twenty years, having changed my business on account of the uncertainty of what was coming, I say with all emphasis, that the congregated troubles that have come upon the American people are the direct result of a scanty circulation. That old intellectual phenomenon, Benjamin Franklin, a financier of renown in his day, would allow the people of his colony, \$200 per capita. That grand old man, when Wise, Hamilton and Lansing, got up to leave the hall, as the representatives of the colony of New York, if he and Madison persisted in their demand that the constitution of the United States should be so worded that the selfishness of men should not have the opportunity to control the amount of money in circulation, bowed his head upon the table and cried like a child: "Rapid communication and transportation have made it possible for the financiers to become bewildered in their attempts to determine the ratio between the amount of business that may be done with a given amount of money. But there must be simple rules by which we may determine when we have a sufficient amount of circulation. For instance, whenever interest (which is the price of money) has the advantage of business, business men go down. If wheat in a given locality was \$5 a bushel, and in another locality \$2 a bushel, the miller would stop grinding, and the people if they got any flour would have to have it shipped from the country where it was cheap. So with money: if we manage things so that it is too high in our own country it will have to be shipped in from those countries where it is cheap. Then, when it has stimulated business enterprise, and men have given mortgages in a legitimate way, (it, not like the wheat, is undervalued) returns to its own country and leaves only mortgages, with no sufficient amount of money owned by the country mortgaged, to reduce the price of money (interest) so that there is a perfect ratio between interest and business. The above principle has been worked out in this country to a mathematical demonstration.

I beg your pardon, but I did not intend to write a treatise on finance. But I am intensely interested, for the life of the nation rests upon it, and the people are asleep, with the nation's capital playing upon the press to keep them asleep.

COMMENT.

It is not organizing a new party, but a Union party, just as the Union party was organized in 1860, and the Whigs, Free Soilers, Abolitionists, Anti-Masons, Douglas Democrats and original Republicans went together and became the National Republican

party. The only issue that for the Union, is again, it, and that is the only issue now. Silver men must make a common cause for the gold standard will be forever fastened on our country.

The Journal is an advocate of direct nomination at the primaries. The people don't want the office "apportioned." They want to nominate themselves and have them responsible to themselves. Let officials be responsible not to some party machine or boss, but to the people. If a Populist or a Democrat or a Silver Republican is afraid to submit his name for nomination to the people at the primaries, how can he expect their support at the polls? It is the only way to get a square judgment on the merits of a candidate.

All that Mr. Brigham says is true about the Iowa plan. That plan was tried in Washington and succeeded admirably. There is no trouble in carrying any agricultural state if the people have a chance to vote for an independent party on a good ticket and platform.

The wisdom of the Yamhill county movement for a Union party has been called in question by some of our correspondents. More have approved of it. But not all have been heard from. The Union party has taken the place of the Bimetallic Union as founded in Yamhill county, and there held a state convention last June. Whether it will be recognized or not by the People and Democratic party is a question. Its organization is a fact.

The Journal believes no serious obstacle lies in the way of a Union of forces. The great majority of the People's party want such a union. But they want it without surrendering their organization or principles. Who can blame them? Is there any evidence that the People's party of Oregon, with 39,000 voters, is less patriotic or less honest in its intentions or leadership than the Penney Democrat, or the Cleveland Democrat? They do not desire to be masticated by the one, or wrapped up in the donkey skin of the other. There is rivalry among the leaders of the People's party, just as there is in every other party that is not dead. But the Populists will not be absorbed in any Union party that is not a People's party to the backbone, and no one can expect them to do so. The Bryan platform, demanding the redemption of treasury notes in coin, was obnoxious, but the People's party believed in Bryan as a man. Thousands of Populists today believe in Bryan and would follow him to the end. So will Democrats and Republicans. But the question of a union of forces in Oregon has nothing to do with Bryan's candidacy. The wisest counsels must prevail in Oregon to secure a harmonious result. It is to be hoped that too much zeal for wiping out the Democratic and People's parties may not wipe out the possibilities of a genuine People's Union. A wise political leader once reminded some impatient ones that a logging team to pull a big load to the mill could travel no faster than the slowest ox. The slow oxen regulate the speed but are necessary to land the logs at the sawmill. So we say go slow. Don't throw down the party organizations. It may be the Iowa and Washington plan is best. It may be Mr. Spauld's plan is best. Those who want a real enduring Union for, of and by the people, want the best and the best only.

The writer has no favors to ask of the reform and silver forces but in the name of the people and the cause of good government. They gave him their full vote and confidence as a Silver Republican on the Bryan electoral ticket with a Democrat and two Populists. It was done generously and in good faith. To the writer it was the greatest honor that could come to a man fresh from the Republican party, differing with it only on the financial question. It makes a man conservative to think of the possibilities and endurance and patience of the masses of the people. The man who approaches questions deeply affecting the welfare of the people in a selfish, tricky or trifling manner is unworthy to participate in a people's government. Mr. A. J. Brigham's letter is in the right spirit. We hope there may be further discussion preliminary to final action for union.

The Annual address of Edith Irvell of Corvallis, delivered Wednesday evening at Willamette, deserves to be reported and it should be heard by audiences outside of Oregon. It was a recital of the wrongs of Cuba, worthy of a Demosthenes and, were it covered with the glamour of antiquity, it would rank with the best efforts of a classical age. His invective against Spanish cruelties was calmly wrought but none the less scathing. It was not tainted with Fourth of July spread-eagle but was a deliberate indictment of American indifference, a philippic for freedom. Mr. Irvell was warmly congratulated for his effort as he deserved to be.

Contrasted with the enthusiasm for liberty of a La Fayette, it made the politics of a mercenary age seem small, mean and dirty. But we must not allow our sentiments of justice, our sympathies for the suffering, our feelings for the downtrodden, to carry us beyond the safety point, or as the orator said sarcastically, it would send a cold draft down Wall street, or give a chill to the commercial barometer. What fallacies does not conservatism invent, and what delicious does it not worship.

Before a Roman legion, such addresses as our people listened to last night, would have produced a sensation; before an audience of revolutionary forefathers it would produce a declaration of war. But it is doubtful if any recital of wrongs would make Americans fight in this age. We had supposed that before this the A. P. A. organizations would arm a million of their brazen patriots to carve the Spanish oppressors. Alas, the complexion of our patriotism is yellow. Our cheek are not aglow with the flush of a burning passion for liberty and humanity.

O. N. G. ANNUAL ENCAMPMENT
To Be Held at Hood River June 29, to July 5, Inclusive.
The regular annual encampment of the O. N. G. will be held at Hood River for six days beginning Tuesday June 29.

It is quite likely a special train will be run from Junction City on Monday the 28th inst., which all military companies between Ashland and Portland will be transported to Hood River. The train, should it run, will probably reach Salem about 2 p. m. on that day and the "boys in blue" will reach Hood River on Monday evening ready to report on Tuesday morning. Companies B and I located at Salem will be accompanied by Captains R. H. Leabo and John A. Evans and the Second Regiment Band. Major Percy Willis, of the Second battalion, will also accompany the local companies. Companies from Willamette valley points who will attend the encampment are as follows: Co. D, of Ashland; Co. A, of Roseburg; Co. C, of Eugene; Co. F, of Albany; Co. B and I, of Salem; Co. H, of Woodburn; Co. E, of Hubbard.

The Salem companies expect to return home on the evening of July 6, or the morning of the 7th.
Oregon's attorney-general is traveling in the east, visiting Mark Hanna, and the president, but he'll be back in time to draw his quarter's salary.

Healthy, happy babies are generally the offspring of healthy, happy mothers. It would hardly be natural if it were otherwise. The baby's health and happiness depend on the mother's. The mother's condition during gestation particularly exerts an influence on the whole life of the child.
Impure blood, weakness and nervousness in the mother are pretty sure to reflect themselves in the child.
If a woman is not careful at any other time, she certainly should be during the period preliminary to parturition. It is a time when greatest care is necessary, and Nature will be the better for a little help. Even strong, well women will find themselves feeling better, their time of labor shortened and their pains lessened if they will take Dr. Pierce's Favorite Prescription. To those whom troubles peculiarly feminine have rendered in any degree weak, it will prove a veritable blessing. It is a good general tonic for the whole system, and at any time will promote the proper and regular action of all the organs. It is a medicine for women only and for all complaints confined to their sex is of inestimable value.

Dr. Pierce has written a 1000 page book profusely illustrated called "The People's Medical Adviser," which will be sent on receipt of twenty-one cents to pay postage and wrapping only. It's a complete family doctor book.
Address, WORLD'S DISPENSARY MEDICAL ASSOCIATION, Buffalo, N. Y.

Good Blood

It is essential to health. Every nook and corner of the system is reached by the blood, and on its quality the condition of every organ depends. Good blood means strong nerves, good digestion, robust health. Impure blood means scrofula, dyspepsia, rheumatism, catarrh or other disease. The surest way to have good blood is to take Hood's Sarsaparilla. This medicine purifies, vitalizes, and enriches the blood, and sets the elements of health and strength to every nerve, organ and tissue. It creates a good appetite, gives refreshing sleep and cures that tired feeling. Remember, Hood's Sarsaparilla is the best—In fact the One True Blood Purifier.

THE MARKETS
Portland, June 27. Wheat valley, 75
Walla Walla, 70-75

The Deibel Linen-Mesh Underwear.

Our catalogue contains some very interesting facts on the subject of underwear. Ask for a copy at our Salem agents.

JOS MEYERS & SONS.
ORLANDO NO. 342.
A bill for an ordinance to provide for taxing and licensing dogs.
Be It Ordained by the Common Council of the City of Salem:
Section 1. It is hereby made unlawful for any person or persons to keep a dog or dogs, within the limits of the city of Salem, of the age of seven or more months unless the owner or owners of such dog, or dogs, shall procure from the city marshal a license for each dog as in this ordinance provided.
Section 2. The owner or owners having in charge any dog kept or owned within the city of Salem, shall on or before the first day of June in each year pay to the city marshal the sum of \$1.00 in gold or silver coin of the United States of America for each and every male dog, and each spayed male dog, and the sum of \$1.00 for each and every slat or female dog (not spayed) kept or owned by him, which shall be in and to a receipt from each city marshal, designating the owner's name and the number of the license, which number shall correspond with the number on the tag which said owner or keeper shall place on each dog as his own expense.
Section 3. It shall be the duty of the city marshal of the city of Salem, or any one appointed by said city marshal, and he is hereby authorized to seize, impound and sell or kill any dog kept or owned within the limits of the city of Salem, Oregon, the owner or owners of which have failed to procure and pay for a license as provided in section 2 of this ordinance. Upon the taking up and impounding any such animal the city marshal shall post a notice on the city bulletin board and shall send a similar notice to the owner of such dog, slat or spayed slat, if the name of such owner and his address is known, such notice shall state that unless the owner of such animal or other persons having an interest therein, shall claim possession of the same and pay all fees and charges of impounding, keeping and disposing of the same, together with the sum of \$1.00 for the city of Salem, or pay for a license as provided in section 2 of this ordinance, within five days from the date of such notice, the city marshal will proceed to sell the said animal at a time and place thereunto named, not less than five nor more than ten days from the date thereof to the highest bidder for cash. Such sales shall be public, and held at such place as the city marshal may see fit to hold such sales, for the purpose of an annual fair or some other time of impounding, advertising, keeping and selling the same, together with an amount sufficient to procure a license for the said animal, for which last amount the purchaser or owner shall receive a license upon such animal for the current license year.
The city marshal shall be entitled to charge for impounding, posting notices and selling such animal a fee of \$1.00 for each male dog and a fee of \$1.00 for each female dog or spayed slat, and for keeping such animals the sum of 25 cents per day.
In case a sufficient amount is not bid for any animal to pay all fees, charges and license fee upon the same the city marshal may, at his discretion, adjourn such sale from day to day, not more than three days in all, until a sufficient bid is made for the same, the city marshal is empowered, authorized, and instructed to kill and bury the same at his own expense.
Section 4. No slat or female dog, in time of heat, or vicious or mad dog, shall be permitted to run or be upon the public streets or alleys of the city of Salem, whether licensed or not, unless securely muzzled or led by a rope or chain by the owner or keeper thereof, and it shall be lawful for any person to kill any such dog, slat or spayed slat so found at large, and the owner or keeper of any such dog, slat or spayed slat permitting the said dog, slat or spayed slat to be at large in violation of the provisions of this section shall, upon conviction thereof before the city recorder, be fined not less than \$10 nor more than \$50, or be imprisoned not less than five nor more than twenty-five days.
Section 5. All dogs, slats, or spayed slats more than four months old found within the limits of the city of Salem without a license tag thereon, are hereby declared to be a public nuisance, and any person or inhabitant of the city of Salem who shall keep a dog, or dogs, slat or spayed slat within the limits of the city of Salem without first having paid the license required therefor by this ordinance, and having the number thereof stamped or engraved upon a collar upon such dog, slat or spayed slat, as hereinbefore provided, or who shall cause or permit a collar and number to be put on a dog, slat or spayed slat, with intent to avoid the payment of a license therefor, shall, upon conviction of such offense before the city recorder, be subject to a fine of not less than \$10 nor more than \$50, or be imprisoned not less than five nor more than twenty-five days.
Section 6. Any person or persons who shall harm or molest the city marshal, or any person regularly appointed by him, wearing a policeman's star, who is engaged in seizing any dog, slat or spayed slat or killing the same, according to the provisions of this ordinance, upon conviction thereof before the city recorder, shall be fined in a sum not less than \$5 nor more than \$50, or by imprisonment in the city jail not less than five nor more than twenty-five days.
Section 7. All ordinances and parts of ordinances in conflict herewith are hereby repealed.
Passed by the common council of the city of Salem, on the 18th day of May, 1907.
ED. N. EDEN,
City Recorder.
Approved by the mayor on the 19th day of May, 1907.
J. A. RICHARDSON,
Mayor.

To Union Workers.
THE CAPITAL JOURNAL is the only paper that publishes the official proceedings of the Union Bimetallic conference at Albany June 2, and will furnish copies of the same at \$1.00 per hundred to Union workers. These proceedings should be given a wide circulation. Enclose money order, draft or coin with order.
