contestant for the prize Mr. Crossan A badly decomposed body lies in Clough's undertaking parlors on State thanks for the prize and incidentally street awaiting identification. It was thanks for the prize and incidentally found in the Willamette river at stated the slight advantage he had a point about three miles north of Sa-

The writer takes more than a passing interest in Mr. Crossan's success gated the premises and found the in the recent contest from the fact that badly decomposed body of a man lyhe is a member of the same graduating face downward in about two feet ing class of the Salem public schools, of water close to the bank of the river.
The body was partly secluded from

view by a clump of willow trees
The men notified Coroner Clough
immediately of their strange find and that gentleman at once took charge of the remains, removing them to his undertaking establishment.

The remains are those of an unusculor build. The remains were dressed in plain

working clothes and lace shoes, which strengthened the belief that the re-mains are those of Wm. Kriens, who accidently lost his life by drowning, in this city, last February. M. P. Baldwin, local agent for the

O. C. T. Co., and Chas. F. Boothby, who frequently saw the man when about the river front, called at the morgue this afternoon and viewed the remains. The gent emen almost posi-tively identified the remains as those of Kriens, from shirt found with the remains for it was exactly like the one Kriens was accustomed to wear

Two parties were drowned at Covallis during the past winter and o of the bodies was recovered. barely possible the remains found since but it is more probable they are those of Steamboat Cook Kriens.

NOT THE CORVALLIS MAN. Coroner Clough held a conversation this afternoon via the telephone with the father and brother of Elgin, the Corvallis liveryman, when he elicited the information that the man found in the Willamette today is not Elgin. When he disappeared the Corvallis man was attired in a white shirt while his pants were of a blue material with white stripes. He also wore "toothpick shoes while those found with the remains are indeed quite broad. In-stead of a white shirt the man found one dreaded disease that science has today wore a blue shirt dotted with
