Light expense, tuition, books, board and lodging (approximately) \$135 per year; students boarding themselves, \$110 per year. Academic grades accepted from High Schools. Catalogues cheerfully sent on application. Address

P. L. CAMPBELL, Pres.
Or W. A. WANN, Sec. Faculty.

STOVES AND TINWARE

The greatest variety, and finest stock in the city. Northwest corner State and Liberty streets

STEEVENS' FRUIT DRYER

PATENT PENDING.

Fruit growers are invited to investigate before buying or building a drier. My claim are: 1. Unlimited capacity. 2. Cheapness of construction. 3. Rapid production. 4. Easy cheapness and simplicity of process. Write me for testimonials and experience of growers who are using the Stevens since two years. Estimates and specifications furnished or drier built.

G. A. STEEVENS, Salem, Or.

E. F. PARKHURST.

Reliable Farm Machinery,
Wagons, Buggies and supplies.

254 Commercial street, opposite Capital National bank. "Buckeye," and "Mitchell" buggies, "Osborne" binders and mowers. All kinds of latest farm machinery.

MISCELLANEOUS

Criminal News and Mishaps

One Killed and Many Injured by a Falling Building.

WATERTOWN, S. D., June 22.—The walls of the Mulholland building, on Lake street, occupied by Berg & Olsen as a saloon, gave way without warning, burying a number of persons in the ruins. The place was crowded at the time, a circus having attracted a great many people from surrounding counties. A number of bodies are believed to be in the ruins. The work of clearing away debris resulted in the finding of one body.

Gas Explosion.

PORTLAND, June 22.—The basement and entire portion of the postoffice building, in this city, was wrecked by a terrific explosion of gas, at 1:30, yesterday afternoon.

Patrick Maloney, the head janitor of the federal building, had a miraculous escape from death. He was severely burned about the head and arms. William Carlyle, a clerk in the stamp department, was the only other person hurt. He received a painful scalp wound from the falling debris. Heavy damage was done to the building, and in every department the shock threw the employees into great confusion.

Maloney's escape from death is almost past understanding. In the janitor's storeroom in the basement a great volume of gas had accumulated from a leak, and when it was ignited from a lighted candle in the hands of a plumber there was an explosion that shook the city. Maloney was burned about the face, his eyebrows, his hair and moustache were burned, and there were severe scalp wounds. The flesh of his hands and arms was mangled and torn until he presented a repulsive sight. The explosion knocked him down, but, regaining his feet, he ran to a basement window and got out. He was taken to Nau's pharmacy, where City Physician Gillespie, Dr. Whiting and Dr. Cardwell dressed his injuries.

Collapse of a Sidewalk.

CHICAGO, June 22.—A decayed sidewalk collapsed in front of 545 South Union street, carrying with it 100 persons, most of whom were children. They were precipitated 10 feet to the ground below and into a foot of stagnant water, under the sidewalk.

A wild scramble for safety followed, during which quite a number of persons were seriously injured. Anna Herman aged 19, was trampled on and internally injured, and was taken to the hospital. It is thought she will not recover.

The crowd had been attracted to the spot by the arrest of John Igoon on suspicion of theft.

Fatal Explosion.

EAGLE PASS, Tex., June 22.—A terrible explosion of a torpedo, killing Griffin, the engineer, and Mann, a fireman, occurred at the bridge on the Mexican International railroad five miles from Ciudad Porfirio.

Run Down by a Train.

GALION, O., June 22.—Louis Sickmiller was instantly killed and Albert Sickmiller, Charles Fille and George Steinhilber fatally injured by the Erie fast express near Mansfield.

Compact of Students.

CHICAGO, June 22.—Professor Frederick Starr's devoted pupils, forming the gressome autopsy society of the university of Chicago, have entered into a secret compact to give their brains to science when they die.

Smuggling.

LOS ANGELES, June 22.—James E. Wright and Peter Asmusen were booked at the county jail from San Diego by United States Marshal Covarrubias, charged with smuggling Chinese into the country.

Aerolite Startles Kansas.

WICHITA, Kan., June 22.—With a flash that lighted up the city, a ball of white fire shot across the sky at 10:50 o'clock last night. The flash lasted one and three-quarter minutes. It seemed to be about the size and shape of a barrel, and bright, stiff flames flared out from the sides and followed it. The streets became light as day. In the northwest the thing burned to a bright coal and dropped on down to the horizon, after which we heard a sharp, heavy report that rumbled like distant thunder for fully a minute.

George Daisy, who was driving two miles northwest of town, was severely shocked, and his horse was knocked to the ground. People ran out on the streets in excited crowds.

Mulvane reports that the shock was distinctly felt there and that the light appeared about as it did here, the night operator at Burnton, northwest of here, and between this place and Hutchinson, reports that the shock there was severe, and seemed to come from the south. Nothing could be heard from Hutchinson. At Farden Plain, due west of here, the shock came from the north.

Hon. E. F. Ware, Dr. G. Johnson and the local weather observer, Major Ewing, are of the opinion that a great aerolite has fallen northwest of town.

Citizens' Party Organized.

CHICAGO, June 22.—A new political party has been born in Chicago. It is called the citizens' party, and is the outgrowth of the struggle made last spring to elect a man as mayor who is not allied to any machine organization, and who, it was believed, would honestly conserve the interests of the people.

Nearly 10,000 voters engaged in the struggle, and, although unsuccessful, many announced their willingness to persevere in the fight. To this end this organization of the citizens' party has been perfected.

The new party has official honesty for its basic principle. A. D. Philpot, who as chairman of the last spring's independent movement, is the chairman of the party organization, and Edward J. Piggott is secretary. Headquarters have been opened where the secretary will register the names of all persons who wish to enroll themselves as members.

To End The War.

NEW YORK, June 21.—A dispatch to the Herald from Washington says:

A story is current that the sugar trust has evolved or accepted an ambitious suggestion that Cuba is substantially for sale, and might as well become a sugar plantation for a gigantic corporation supported by the sympathy and the interest of our country. In other words, that we might have a West Indian Company, as England had, and a Hudson Bay Company, each of which aided in the extension of British empire.

It is said the Spanish minister to the United States cabled recently to Madrid reports of the disposition of our government to decline to interfere by force and also to support Cuba autonomy, and that this cable prevented the recall of Weyler, when a change in the Spanish ministry was in the air and prevented sending to Cuba Campos, who having closed the ten years' war with cash in hand, might do the same job now by the same means much cheaper than Spain can keep 200,000 soldiers in the field.

Colonel J. J. Cook is the gentleman credited with the imagination to conceive the capture of Cuba with cash as a measure of peace.

Livestock Exchange Suit.

TOPEKA, Kan., June 22.—Both sides in the suit filed by the federal government against the Kansas City Livestock Exchange to dissolve it under the anti-trust law, have filed briefs in the United States court for Judge Foster to read. It is expected a decision in the case involving the charges for yardage and feed by the Kansas City Stockyards Company will not be handed down until August or September.

COURT.

Doings in Department No. 1

Judge Terrell Before the Grand Jury.

Record of proceedings had in Department No. 1, Burnett, J. MONDAY JUNE 21.

The grand jury reported a not true bill in the charge of forgery entered against Lyon Adolph. The latter was accused of passing a forged check for about \$1,540 on the Ladd & Bush bank, using the name of his mother, Mrs. S. Adolph; but the fact that she had appointed him her agent in transacting certain business was in his favor.

The action for replevin, instituted by George C. Baldwin vs. Sheriff F. T. Wrightman, to recover barber shop furniture. The jury's verdict gave the plaintiff two of the chairs or \$40, their value. The other furniture will be held by the sheriff.

H. J. Bigger was agreed upon as a referee in the case of L. A. McPhillip vs. B. A. Leonard, appealed from the justice court of Silverton precinct, and the testimony was taken by him at his office during the afternoon. The referee is required to report to the court by July 6.

ALTERATION OF A NOTE.

The suit of John Savage, sr., vs. John Savage, Jr., involves a charge of alteration of the rate of interest. The defense claim the alteration was made without knowledge, consent or ratification. It is further claimed that the note was altered as to relieving maker of payment of taxes.

On November 10, 1894, plaintiff claims that the defendant consented to a change in the rate of interest from 8 to 10 per cent interest and he so changed it.

John H. Albert testified as to the execution of the note. S. T. Richardson testified as to a reasonable attorney fee on a \$3000 note with a year and a half interest due and a question as to alteration in its form. He thought ten per cent would be an ordinary fee, but such a note would be hard to collect. Wm. Kaiser, said it would depend on the voluntariness of the pleadings. \$250 to \$300 would be fair under all the present circumstances.

Plaintiff John Savage, Sr., identified the note and endorsement, admitted change in face of note but claimed it was done with full understanding of defendant and that he paid interest two years at ten per cent.

Defense claimed note offered in evidence was not same as set out in pleadings. On trial to a jury.

After hearing testimony, judgment of nonsuit was granted on motion of plaintiff before cause was submitted to jury.

The investigation before the grand jury of the charges against the county court are still pending. District Attorney Hayden has examined about a dozen witnesses and is not yet through.

Judge Terrell was summoned before the grand jury this afternoon to explain the issuing of a warrant for \$500 to Archie Mason for work done on the Sublimity grade. The bill is not itemized or dated, and the original sum has been erased in two places and \$600 written in.

Commissioner Watson, of Turner, was in town today, and was before the grand jury. He declared on the street that he had seen the bill for court house repairs, but had never consented to its payment. He remarked at the time that it would bear closer inspection.

Deputy County Clerk J. B. Glesy was ordered to put the bill for repairs on the county court docket, Monday, June 21, as filed on the 8th, as filed on the 11th.

NOT IN IT.—Ex-Sheriff Knight says THE JOURNAL did him an injustice Monday, intimating he was engaged in jury fixing. He had a conversation Sunday night with Judge Terrell and with several members of the grand jury, but not about the investigation now pending, which he thinks ought to be made thorough and no guilty man allowed to escape. He says the court house painting last spring cost \$2000 when it should have cost not over \$600 to \$700.

A BIG MISTAKE.—The man who burglarized the grocery store last night that he might obtain a cold lunch, made a big mistake. He would have gotten a warm, substantial meal at George Bros. for only 15 cents.

WEATHER FORECAST.—The weather forecast says tonight and Wednesday occasional showers.

GROCERY STORE BURGLARIZED.

Geo. A. Musser Is Arrested While in Weller Bros. Business House.

Shortly after 11 o'clock last night Policeman D. W. Gibson arrested Geo. A. Musser, while in the act of burglarizing Weller Bros. Commercial street grocery establishment.

About 11 o'clock Musser entered Westcott & Irwin's restaurant, and purchased a candle. His actions aroused the suspicion of the night clerk, Chas. Wilkins who decided to keep his eye on the man. He was rewarded a few moments later when he saw the man was going through the till in the grocery store. He at once notified the police officers and Musser was immediately arrested and escorted to the city jail where upon searching his clothing considerable money, consisting of half dollars, quarters, dimes etc., were found.

Musser is a known character of Salem having resided here a number of years. For the past few years he has been eking out an existence about the various saloons of the city. Drink is said to be the cause of his downfall.

Entrance to the store building was effected through the back-door, which was pried open by means of a chisel that was afterwards found.

Musser is being detained, a charge of burglary having been entered against him. Owing to the fact that District Attorney S. L. Hayden is so busy in the circuit court proceedings, Musser could not be granted a hearing today but it is probable he will be given a preliminary examination. When arrested Musser was seated behind the counter eating ginger snaps and was not a little surprised to be interrupted by the arrival of Policeman Gibson.

STATE HOUSE NEWS.

Another permanent improvement and one which will be greatly appreciated by the public of this and future generations has been made at the state house by Secretary of State H. R. Kincaid. He has placed in one of the front office of the department of state a large glass case into which is to be collected all historical and Indian war relics and medals belonging to the state. Among the medals to be placed where they can be seen by the public in this case are those awarded to Oregon at the Columbian Exposition. For a number of years valuable and important historical relics belonging to the state have been piled away in old store rooms or closets about the state house and no doubt many valuable and important specimens have either been lost or carried away. The work of gathering these things altogether and placing them where they will be permanently preserved and yet where they can be seen is simply in line with a number of other things which Mr. Kincaid has taken upon himself to attend to, which perhaps, properly falls among his multifarious duties, which cover the ground occupied by four or more separate state officers in nearly every state in the Union.

John H. Albert and Joseph H. Albert, both of the Capitol National bank of Salem, received notarial commissions today.

Attorney Frank A. DePue, of Silverton, was a state house caller this morning.

Dauntless Captured.

KEY WEST, Fla., June 22.—The revenue cutter M. C. Lane, arrived with the tug Dauntless in tow, having found her off Indian Key. The Dauntless was disabled, having blown out the tubes of her boiler.

The tug Geo. W. Childs, which left here mysteriously yesterday, also returned last night with the cutter Forward. The crew of the Dauntless could not be seen. The crew of the Childs have nothing to say, except that they have not been to the Dauntless. It is reported that the Dauntless was on her way to Cuba.

Peace Conference.

CONSTANTINOPLE, June 22.—The peace conference held a session and Tewfik, on behalf of the sultan, submitted a counter project for the delimitation of the frontier. The conference discussed also the question of indemnity and the proposed abolition of capitulations. No decision has been reached as to any of these questions.

Killed.

VANCOUVER, B. C., June 22.—James J. White, late proprietor of the Boundary Falls hotel, was killed in a runaway near Midway.

AT THE TEACHERS' INSTITUTE.

Lecture by Supt. G. M. Irwin Tomorrow—More Teachers Register.

In the work of the Institute Monday afternoon the program of previous days was followed. The attendance was somewhat larger than in the forenoon and all teachers present seemed desirous to get as much good from the instruction given as possible.

On account of the rain this morning the attendance was somewhat smaller than usual. A number of new arrivals were registered, among them Prof. J. K. Buff one of Marion county's oldest and best known teachers; an institute in this county is hardly complete without his presence.

The class work in the different rooms is highly interesting and the instructors are giving good satisfaction. Prof. Durrette conducts classes in methods of teaching history, geography and reading each day. The older and more advanced teachers are very much pleased with the work done in these classes.

Prof. Yoder hears a class each afternoon in the methods of teaching arithmetic.

Prof. Anderson conducts classes in reading, grammar, and geography for the benefit of teachers who wish to review the text books.

Prof. Peebles conducts classes in history, arithmetic and spelling for review work.

Prof. Staley has a class in writing every afternoon.

Miss Cosper has forenoon sessions of her model school.

The program for tomorrow afternoon commencing at 3:15 is as follows:

Singing.....By the teachers.
Recitation.....Master John Harrison.
Piano Duet.....
Recitation.....Miss Margaret Hodgkin.
Duet.....

Misses Louise and Mattie Southwick.

Recitation.....Master James Mott.

Lecture.....Supt. G. M. Irwin.

New registrations since yesterday noon are as follows:

Salem—D. S. Yoder, Mary Burcham, Pauline Burcham, Cora Blosser, Nellie Southwick, Louise Southwick, Rose Bowerman.

Maclean—Alta Taylor, Della Darby, Sudie Bashor.

Gervais—R. E. Rings, Ella M. Massey.

Silverton—Mollie Markland, Edwin Hobart, J. K. Buff.

Sublimity—Ella Williams.

Stayton—Ella Emmitt.

Woodburn—Lottie Tomlinson.

Aumsville—Otto G. Weaver.

Butteville—Emma Iler.

McKee—Ella Strain.

Portland—Emma Whitney.

The total number of teachers now enrolled, is 245.

Second Regiment Band.

[COMMUNICATED]

When Mr. J. R. Parvin was appointed leader and chief musician of the Second Regiment band, he went to all the old members (with the exception of the leader of the pretended new organization) and invited them to continue their place in the band having some grievance, refused. Since that time have been asked to be enlisted under certain reserved requirements. Being captious in their former opposition after consultation with some of the officers of the regiment they refused. Hence the contest about the instruments. The loss of the instruments (which is not probable) will not embarrass the band for there is plenty of backing to furnish other instruments. The officers of the regiment do not wish to continue some of the irregularities of the past. With the present trouble out of the way, have confidence in Ray Parvin as a musician and that he will in time furnish the regiment with a strong band and the state with honest and efficient service.
