The Lost Cabin mine has been found. This is supposed to be the fabulously rich mine, which had been worked 30 years ago by three Germans, who were murdered by Indians. James Brown was told the story of the crime and a description of the location by an Indian woman on her deathbed. The mine has been found as described by the woman.

As a token of affection, two little boys of Mr. Crumb, who is in jail, at McMinnville, for shooting Russell, aged respectively 7 and 9 years, came on horseback from their home, 22 miles, Friday last, to bring their father a mess of trout that the little fellows had caught out of a neighboring stream. They staked the horse out, staid all night and rode home on Saturday.

Last Friday, H. C. Dyer, was taken before Justice Rulison, at Canyon City, and bound over in the sum of $250 for the theft of a horse. Dyer had been grubstaked and furnished a horse by M. M. Palmer and one Riyers, to prospect and locate an old mine between Robinsonville and Cracker creek, and is charged that he attempted to leave the country as soon as he came into posession of the horse.

Little Lorin Roberts, 2½ years old, strayed from the home of his father, A. S. Roberts, who lives on the big bend of the Deschutes. His mother did not find him immediately, and, calling the neighbors, search was instituted. The country being rough and broken, full of ravines and ditches, made it doubly hard to track the little wanderer. All night the anxious parents and neighbors searched, and about sunrise the father found him chasing after a band of horses. In his efforts to get home the child trayeled about five miles. A young shepherd dog was with him, and it was probably owing to this fact that the little fellow ascaped being attacked by coyotes.

Things Worth Thinking About.

Real estate has not advanced one half of one per cent since the election of the sound money president. Some of the finest pieces of property are for sale right here in Salem at astonishingly low figures—lower than ever before. Has sound money helped things in Salem?

There have been assignments and business failures to the amount of $50,000,000 in Ohio, President McKinley's own state, since January first.

The assignments or business failures in McKinley's own county for the period from January 1, to June 3, 1897 has amounted to $438,500 as shown by the county records of his own county clerk—and this is the promised prosperity.

The largest iron and steel manufacting establishment in Pittsburg, Penn., after having promised increased wages to its employes if they would vote for sound money and McKinley and after having sent a car load after car load of its employes to Canton last year to hear McKinley, on June 3, 1897 issued an order, part of which read as follows:

"By reason of the depressed condition of trade we have found it impossible to continue operations without curtailment of labor cost and have determiend to announce a reduction of wages".

These sentences are copied from a long order issued to the employes of the American Iron and Steel Works on June 3, 1897, after several months trial of sound money and prosperity. These figures are not made to order and the sentences not constructed for campaign circulation but are plain, hard, sap, too true facts—facts which cannot be controverted.

The mayor of Canton, the home town of President McKinley says: "There has never been anything like this in Ohio before. There are hundreds of families in Canton today who are suffering for want of food and clothing. Things are getting worse! That is an awful rebuke to sound money and promised prosperity.

Chicago has sixty thousand unemployed honest men who desire work. No wonder Debs and his following have turned socialists.

Under McKinley and sound money the great trusts are the only things prosperous. The Great Sugar trust is said by the most conservative estimates to have already made $35,000,000 while many people quite competant to know assert that it has made twice that amount. Senators and congressmen have been accused of joining with the sugar trust manipulaters and the evidence has been almost convicting. In the name of common justice where is our country drifting? Think it over.

Money made a president of the United States, money made a United States senator from the great state of Ohio and money has now put him in absolute control of the political machinery of the great president making state. Will not the logical candidate of the Sound Money Republicans for president in 1904 by Mark Hanna of Ohio?

Wise Men Know.

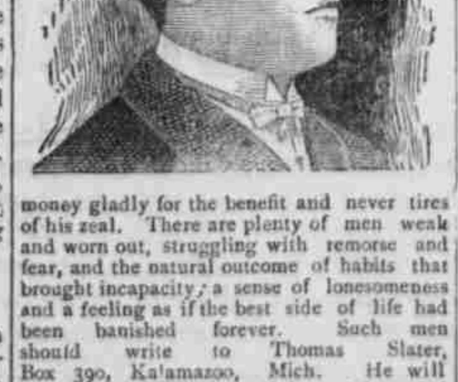
It is folly to build upon a poor foundation, either in architecture or in health. A foundation of sand is insecure, and to deaden symptoms by narcotics or nerve compounds is equally dangerous and perceptive. The true way to build up health is to make your blood pure, rich and nourishing by taking Hood's Sarsaparilla.

Hood's Pillsact easily and promptly on the liver and bowels. Cure sick headache.

The Bandon lighthouse is being recemented on the outside.

GIVES STRENGTH TO MEN.

It is remarkable fact that a man never appreciates the sufferings of others until he himself, has passed through the fire of pain or remorse. Then it is that he looks around for those who are suffering; he wants them to profit by his experience; he gives his time and



money gladly for the benefit and never tires of his zeal. There are plenty of men weak and worn out, struggling with remorse and fear, and the natural outcome of habits that brought incapacity; a sense of lonesomeness and a feeling as if the best side of life had been banished forever. Such men should write to Thomas Slater, Box 390, Kalamazoo, Mich. He will send free of charge by mail, in a plain sealed envelope full particulars about the method he used, and this will enable any man to get a complete cure at home. It is the method Mr. Slater used to cure himself of the troubles that sap the streng ht and vigor. The cure was so complete, so satisfying and such a wonderful change from his former condition that he will gladly tell others all about it, sending all particulars. He figures that he doesn't know of a better way to show his appreciation of his own cure and the sufferings of others. There must be generous men in this world to off-set the tide of avarice. Write to Mr. Slater.—it will cost nothing for his description aad method
