DEFENDER

Of President Dr. Chapman

One Side of the Eugene and University Controversy.

EUGENE, June 24.

JOURNAL: Our attention has been called to an editorial in one of the papers in your city, the Statesman, wherein Dr. Chapman, president of the State University, is attacked in a very unjust and unbecoming manner. The Statesman assumes that the people of Eugene have given expression of their impatience with Dr. Chapman. As to this the Statesman is either misinformed, or grossly misrepresents the facts in the case. The Statesman claims that he gets his information from a friend (?) of the State University in Eugene, who has taken the trouble to furnish the Statesman editor with a copy of the startling (?) charges against the doctor. The people of Eugene, outside of the ring who signed the petition published by the Statesman, are at a loss to know who the friend (?) of the University may be. Some suggest that an ex-regent of the University is that friend; and certain facts and circumstances point very strongly to that direction. For instance, it is known that this ex-regent was in Salem on last Sunday with, and consulting with, his nephew, Mr. Hendricks of the Statesman, and immediately after, that paper commenced its crusade against Dr. Chapman. It has also been observed that this ex-regent has been in constant consultation with Prof. Johnson, Prof. Reid, I. L. Campbell and others who are now, and have been for a long time open and avowed personal enemies of the president, and who are members of what is known in Eugene as the "public school ring." It is also understood and believed by many that this ex-regent is one of the principal instigators of the present bitter and unwarranted fight against the president of the University, and yet he refused to sign the petition and charges, after being one of the principal advisors in the preparation and circulation of the petition referred to in the eighty opinion rendered by the Statesman for the benefit of this pretended friend of the University.

The opinion given by the Statesman in keeping with the bitter and malicious attacks on Chapman by the Eugene Guasd. The people of Eugene grievously oject to the Statesman dictating, or even suggesting, to the board of regents the qualifications, in morals or learning that should be possessed by the president of this state university, judging from the language used in the editorial referred to. Such expressions as "young fellow," "upstart," "president of a band of coyotes," and other like expressions do not rise to the required dignity of ordinary slang. This style might be tolerated in the ex-superintendent of a reform school, where Robert no doubt secure this addition to his former vocabulary, but certainly does not come from a mind capable of determining and deciding the high qualities demanded in a college president. His opinion might be good, as to the qualities required for a president over the company he refers to in his opinion.

The Statesman assumes that the charges are sufficiently definite and that they are fully sustained, because they are signed, as he asserts, by 33 prominent (?) business and professional men of Eugene and 20 students of the university. The fact is this list of 33 citizens, who signed the charges referred to, compose in the main what is known as the Reid-Johnson ring, and the 20 students are relatives, or those directly under the influence of the 33. So far as the citizens of Eugene are concerned this petition carries but very little, if any, weight, and those who are well-informed, unprejudiced, and have the best interests of the university and of our public schools in mind know that the charges are untrue and trumpted up for the special purpose of vexing and annoying, not only Dr. Chapman, but those citizens who took an active part in opposing the school ring at the recent school election in Eugene.

The Guard and its coadjutors constantly and falsely assert that Dr. Chapman interfered with and took an active part in the late school election and other municipal affairs. This we know is false, and Dr. Chapman's accusers make these charges without any foundation in fact as they well know. The board of regents including Hons. G. A. Hovey and S. H. Friendly of Eugene have implicit confidence in Dr. Chapman. No effort on the part of his traducer should or can avail. Let justice be done though the heavens fall.

We feel satisfied that the Guard if it should happen to see these suggestions will cry out in its wrath. "Nom de plume!" "Ashamed to sign your name!" But we answer Mr. Statesman who is that friend of the university? Mr. Guard which one of the petitioners was it that signed the letter including this wonderful (?) petition you published on the 23 inst? What was it that you and the faithful referred to on yesterday when it was whispered: "Yes it will disarm him. We will do it."

STUDENT.

[THE JOURNAL prints this letter and will allow the other side a hearing of the same length. Mr. Hendricks deserves commiseration in that he is engaged in nursing a healthy newborn lawpractice, the trying hours of infancy, and yet is connected with all the troubles in which a newspaper, be it ever so wisely managed, will involve itself.]

TEACHERS INSTITUTE CLOSES.

A Very Profitable Session Was Had—Roll of Honor.

The annual Marion County Teachers Institute concluded its sessions Friday afternoon. The institute was a decided success, a fact that can be attested by the 260 teachers that were in attendance at times during the sessions. County Superintendent G. W. Jones has exhibited considerable ability to successfully conduct an institute. Quite frequently do these institutes become monotonous but by arranging special and attractive features, Supt. Jones maintained a great interest in the institute throughout its session of ten days. Supt. Jones very happily associated with him as assistants, City Supt. Geo. A. Peebles, Prof. C. W. Durette, of Oregon City; Prof. E. H. Anderson, W. I. Stahley, and Miss Margaret Cosper who greatly assisted in making the institute the success that it was.

The lectures delivered by State Supt. G. M. Irwin, Pres. P. L. Campbell, Pres. W. C. Hawley, and Rev. D. A. Lindsay, were very much appreciated by the teachers.

A list of the pedagogues who were in attendance at the institute every day appears below. It is termed the roll of honor and consists of Margaret J. Cosper, D. L. Dutton, Geo. A. Peebles, Agnes Matlock, E. H. Anderson, Grace Bellinger, C. W. Durrette, Anna Haas, Geo. W. Jones, Edith Latham, C. H. Jones, Lizzie Swartz, M. Jane Norris, Zenna Etter, Mrs. Mary Millard, Harry Hobart, S. L. Frazier, Minnie Tasker, Alice Delano, Katie Matterson, Jane Robins, Marcia Burton, H. W. Copeland, J. C. C. Lewis.

The closing session of the institute was held in the assembly hall of the East school building at 1:30 o'clock Friday afternoon. Rev. Lindsay, pastor of the First Baptist church was introduced and delivered an interesting address on the public schools. Teachers were exhorted to be more firm and uncompromising in their honest convictions. No one who uses liquor or tobacco, is a fit person teach school, for children learn by observation and example. If these great evils are ever done away with, it must be done through teaching in our public schools. Teachers should be more patriotic and teach more patriotism. The address was an excellent one along educational lines and was enjoyed by all the teachers.

The Theill Guitar club followed with a number that was so nicely given, the performers were given a rousing encore to which they gracefully responded.

Miss Minnie Ireton appeared in one of her best recitations and Mrs. Carey F. Martin delighted the assembly with a vocal contribution. Eva Massey and Margaret Egan recited remarkably well for persons of their age.

County Superintendent Jones in a few words thanked the teachers for the excellent attendance and hearty co-operation thereby making the work of the institute surpass the most sanguine expectations.

CASE CONTINUED.—The case of State vs. Thos. Townsend, the exgdand juryman, who was arrested Friday afternoon, has been continued until Monday. Townsend is being held on a charge of using "obscene language upon the streets."

GIVES STRENGTH TO MEN.

It is remarkable fact that a man never appreciates the sufferings of others until he himself, has passed through the fire of pain or remorse. Then it is that he looks around for those who are suffering; he wants them to profit by his experience; he gives his time and

money gladly for the benefit and never tires of his zeal. There are plenty of men weak and worn out, struggling with remorse and fear, and the natural outcome of habits that brought incapacity; a sense of lonesomeness and a feeling as if the best side of life had been banished forever. Such men should write to Thomas Slater, Box 390, Kalamazoo, Mich. He will send free of charge by mail, in a plain sealed envelope full particulars about the method he used, and this will enable any man to get a complete cure at home. It is the method Mr. Slater used to cure himself of the troubles that sap the strenght and vigor. The cure was so complete, so satisifying and such a wonderful change from his former condition that he will gladly tell others all about it, sending all particulars. He figures that he doesn't know of a better way to show his appreciation of his own cure and the sufferings of others. There must be generous men in this world to offset the tide of avarice. Write to Mr. Slater,—it will cost nothing for his description and method
