STOMACH BITTERS

The Household TONIC OF THE American People

Cures the bilious, feeble, nervous, and DYSPEPTIC.

CROPS,

Finest Prospects for Years.

Oregon Never Fails of Coming to the Front

The week has been showery, with an excess of cloudy weather and slightly higher temperature. Showers occured on every day of the week, the total amount of rain that fell varying from one to two inches. The mean temperature averaged 62 degrees. The day temperatures averaged 70 degrees, and the night 54 degrees. The highest temperature for the week was 80 degrees at Portland, on Thursday; and the lowest was 52 degrees, on Tuesday. The winds have been light to fresh in force and generally westerly.

That "crops never fail in Oregon" appears to be again verified, for the rains of the past two weeks have assured a bountiful harvest. Rain the latter part of June is most unusual. Fall and winter sown wheat and oats can not now be injured; harvesting of them will begin about July 11, and the reports agree as to an assured good crop, above the average, as they say. The rains have been of the greatest benefit to spring sown wheat and oats. The spring grain was sown from April 1st to May 15th, and up to within the past fifteen days little or no rain fell on it; the result was, that there was little growth and very poor prospects. This all now has been changed. The spring grain will make a good crop, as good as was ever obtained.

The rain delayed haying and some hay was injured by the rain, the amount, however, was small. Clover and alfalfa that were cut early, have made good growth for the second crop. Late hay has been greatly benefitted by the rains. The hay crop will not be be an average one, but it will be vastly better than was expected two weeks ago. Haying continues. The weather has been most favorable to hops, and also for the development of the hop louse. Potatoes are now making a big crop. Early potatoes are over their bloom, and late potatoes are growing rapidly. Corn shows a most marked improvement since the rains fell. Garden produce of all kinds is making phenomenal growth.

The fruit prospects are imoroved. Apricots and peaches are showing color and will soon be ripe. Some varieties of prunes continue to drop, but the general prune crop will be good. Apples and pears will be a good average crop. The smaller fruits and berries are ripening, with heavy crops. Cherries continue to be plentiful. The rains have cracked some varieties, but so far little injury has been done.

The showers were general and were of the greatest possible benefit. The farmers have renewed hopes and the most flattering prospects for enormous crops. In Jackson and Josephine counties the rain was heavier than in Multnomah county, and corresponding benefits result.

I. A. Unkers and A. G. McDonald, of Scio, in Linn county, are hunting a man by the name of Wolverton, in Polk county, who is wanted in the east for the murder of a woman, about three years ago. They heard of their man up near Perrydale, and went to where he had been cutting wood, expecting to make the arrest, but he had disappeared. It was 7 o'clock in the evening when they arrived at the wood camp, and his fellow-worker said he went away about three-quarters of an hour before. He was traced down the road but was not caught.

Has Helped Mother.

"My mother has been afflicted with catarrh and stomach trouble. She has taken a number of bottles of Hood's Sarsaparilla and has derived great benefit from it. We always take Hood's Sarsaparilla when we need a blood purifier and we find Hood's Pill's a remedy for sick headache." MRS. MINNIE SPRIGGS, Oakland, Or.

Hood's Pills are the only pills to take with Hood's Sarsaparilla. Easy and yet efficient.

ITEMS OF INTEREST.

For foreign navies the private shipyards of the United Kingdom are building 28 vessels.

Two sexton beetles will bury a mole in an hour, a feat equivalent to two men interring a whale in the same length of time.

The government of France has dispatched an agent to Kansas City with a view to purchasing horses for the French cavalry.

In France, if a person dies with more debts than can be covered by his estate, the doctor's bill has precedence over all other claims.

The distance from St. Petersburg to the Pacific terminus of the Siberian railway is about twice as great as that from New York to San Francisco.

An insurance company for umbrellas and canes has been organized in London and it will issue policies on other articles easily mislaid or lost.

Alexandria, Va., has raised the ban which from the early days of the settlement made it unlawful to bring in oysters between April and September.

The government of the Swiss Canton Neunburg is considering the project of competing with private companies in the busine s of fire insurance.

Our commerce with Cuba, which formerly amounted to $100,000,000 a year, has declined to $20,000,000. It is an expensive war to the United States as well as Spain.

Alabama has lost its giant, who was seven feet 2 inches tall. It is considerately stated that he had a dread of snake bite, and used the antidote too freely in anticipation.

Cheap electorial power is distributed to private houses a distance of thirty miles from the central station at St. Etienne, near Lyons, France. Two dollars a month is the charge for sufficient power to drive a loom.

In 28 years Harvard College has received in gifts of money, lands and buildings an aggregate of $9,209,703, the cash gifts amounting to $7,839,703 or an average of $280,000 a year. If this is maintained Harvard will receive $28,000,000 from gifts of money alone during the coming century.

In the New York city directory the Smiths still retain a long lead. They number 3183, the Browns coming next with 1562. There are 1495, Millers, 1210 Murphys, 1103 Meyers, 1086 Johnsons, 1074 Kellys and 1003 Cohens. No other name reaches the thousand mark.

$100 Reward, $100.

The reader of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall,s Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonial.

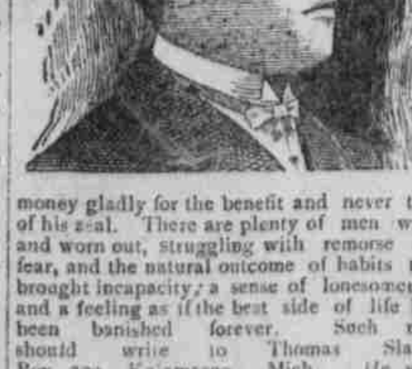
Messrs. Walker and Lee, who live on the North Powder section, have just finished shearing their large band of sheep, the entire clip amounting to about 100,000 pounds.

GIVES STRENGTH TO MEN.

It is remarkable fact that a man never appreciates the sufferings of others until he himself, has passed through the fire of pain or remorse. Then it is that he looks around for those who are suffering; he wants them to profit by his experience; he gives his time and



money gladly for the benefit and never tires of his zeal. There are plenty of men weak and worn out, struggling with remorse and fear, and the natural outcome of habits that brought incapacity; a sense of lonesomeness and a feeling as if the best side of life had been banished forever. Such men should write to Thomas Slater, Box 330, Kalamazoo, Mich. He will send free of charge by mail, in a plain sealed envelope full particulars about the method he used, and this will enable any man to get a complete cure at home. It is the method Mr. Slater used to cure himself of the troubles that sap the strenght and vigor. The cure was so complete, so satisfying and such a wonderful change from his former condition that he will gladly tell others all about it, sending all particulars. He figures that he doesn't know of a better way to show his appreciation of his own cure and the sufferings of others. There must be generous men in this world to offset the tide of avarice. Write to Mr. Slater—it will cost nothing for his description and method

Old housekeepers will tell you that hot water "rots" glass. *You* know it breaks glass.

Samples may be seen at the commissary of the asylum. Goods must be in accordance with samples, and be in original packages, when possible. Other things being equal, articles of Oregon production or manufacture will be given preference. Delivery of supplies will be required within fifteen days' notice of acceptance of bid. Each bid must include all the items and totals in full, with the exceptions of flour, meat and fish. Vouchers will not be issued until the bidder has completed his contract, and payment must await appropriations by the legislature. A copy of the advertisement must accompany each bid, and the name of the class of supplies be inscribed on the envelope. Auditing officers are prohibited from confirming accounts of purchase when the advertisement does not contain a full description of the articles to be purchased. Each bidder will be required to furnish with his bid a certified check in an amount equal to ten per cent of his bid (save that for flour the check is to be for $500, for meat $250, for fish $75), payable to the order of the board, to be returned in case his bid be rejected or his proposal complied with. The right to reject any and all bids is reserved. Bids will be opened at the governor's office at 2:30 o'clock p. m., Tuesday, July 6, 1897.
