PRESIDENT'S MESSAGE. On re-convening, the president's message, recommending the appointment of a currency commission, was read, as follows:

"To the congress of the United States: In my message, convening congress in extraordinary session, I called attention to a single subject—that of providing revenue adequate to meet the reasonable and proper expenses of the government. It seemed to be the most pressing subject for settlement then. A bill to provide necessary revenues for the government, has already passed the house of representatives and the senate and awaits executive action. Another question of importance was that of the establishment of our currency and banking system on a better basis, which I commented upon in my inaugural address in the following words:

"Our financial system needs revision; our money is all good, but its value must not be further threatened. It should all be put on enduring basis, not subject to easy attack. The form of our paper money offers, in my judgment, a constant embarrassment to the government, and imperils a safe balance in the treasury. Nothing was settled more clearly at the late national election, than the determination upon the part of the people to keep their currency stable in value and equal to the most advanced nations of the world. The soundness of our currency is nowhere questioned. No loss can occur to its holders. The system should be simplified and

"GREATEST ON EARTH."

Dr. Miles' Restorative Nervine. Mr. R. T. Caldwell, is book-keeper in the First National Bank of Fulton, Ky. "I was completely run down. My nerves became so unstrung through loss of sleep and worry that I felt sure I would be compelled to give up my position. I would lie awake all night long, and it took but little to shake me up so that I could not possibly attend to my business as I should. In connection with this I had liver trouble, and pains about the stomach, and pains in different parts of my body. I was also much reduced in flesh. I was persuaded to try Dr. Miles' Restorative Nervine. I first procured a trial bottle from a local druggist and good results quickly followed. I then procured a dollar bottle, and by the time I had used this up I was a different man. I am now on my third bottle and am able to sleep soundly and eat regularly, something I could not possibly do before taking your Nervine. I am now fully recovered, and do not hesitate to pronounce Dr. Miles' Restorative Nervine the greatest service on earth." R. T. CALDWELL, Fulton, Ky. Dr. Miles' Nervine is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at \$1.00 bottles for \$5.00, or it will be sent prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind. Dr. Miles' Nervine Restores Health

strengthened, keeping our money just as good as it is now with less expense to the government and the people. "The sentiment of the country is strongly in favor of early action by congress in this direction to revise our currency laws and remove them from partisan contention. A notable assembly of business men, with delegates from 29 states and territories, was held at Indianapolis in January of this year. The financial situation commanded their earnest attention, and after a two days' discussion, the convention recommended to congress the appointment of a monetary commission. I commend this report to the consideration of congress.

"The authors of the report recommend a commission to make a thorough investigation of the monetary affairs and needs of this country, in all relations and aspects, and to make proper suggestions for any evil found to exist, and the remedies therefor. This subject should have been called to the attention of congress at the special session. It ought not to be postponed till the regular session. I therefore urge and recommend that a special commission be created non-partisan in its character, to be composed of well formed citizens of different parties, who will command the confidence of congress because of their special fitness for the work, whose duty it shall be to make recommendations of whatever changes in our present banking and currency laws may be found necessary and expedient, and to report their conclusions on or before the first day of November next, in order that the same may be transmitted by me to congress for its consideration at its first regular session.

"It is to be hoped that the report will be so comprehensive and sound as to receive the support of all parties and the favorable action of congress. At all events, such a report cannot fail to be of value to the executive branch of the government, as well as those charged with public legislation, and greatly assist in the establishment of an improved system of finance."

"WILLIAM M'KINLEY." "Executive Mansion, July 24, 1897."

UNION PARTY PLATFORM

Adopted at Albany, Oregon, June 2, 1897. We demand the free and unlimited coinage of gold and silver at the ratio of 16 to 1, independent of the action of any other nation. That the government shall issue all money without the intervention of banks, and in quantity adequate to the needs of the people. That all money issued by the government, whether gold, silver or paper, shall be legal tender for all debts, public or private. That no contract or law shall discriminate against any kind of money issued by the government. We are opposed to the issue of United States interest-bearing bonds in time of peace. We demand the redemption of Oregon from rings, commissions and corrupt methods, and demand honest elections and election laws, including stringent registration laws. We demand that the people shall have the veto power over all legislative enactments by the use of the referendum. We demand the election of all officers by a direct vote of the people. We favor and advise that all nominations for municipal and county officers, including members of the legislature, shall be made by primary election. We recommend that this party shall be known as the Union party, and invite all reform forces of the state to unite with us in realizing these principles by united efforts, and we pledge ourselves to unite with such reform forces in carrying out this bond of union.

GIVES STRENGTH TO MEN.

It is remarkable fact that a man never appreciates the sufferings of others until he himself, has passed through the fire of pain or remorse. Then it is that he looks around for those who are suffering; he wants them to profit by his experience; he gives his time and

money gladly for the benefit and never tires of his zeal. There are plenty of men weak and worn out, struggling with remorse and fear, and the natural outcome of habits that brought incapacity; a sense of lonesomeness and a feeling as if the best side of life had been smashed forever. Such men should write to Thomas Slater, Box 390, Kalamazoo, Mich. He will send free of charge by mail, in a plain sealed envelope full particulars about the method he used, and this will enable any man to get a complete cure at home. It is the method Mr. Slater used to cure himself of the troubles that sap the strength and vigor. The cure was so complete, so satisfying and such wonderful change from his former condition that he will gladly tell others all about it, sending all particulars. He figures that he doesn't know of a better way to show his appreciation of his own cure and the sufferings of others. There must be generous men in this world to offset the tide of avarice. Write to Mr. Slater—it will cost nothing for his description and method.
