

POPULIST.

Writes From Lane County.

We Think Everybody Ought to Join Our Party.

Mr. S. P. Sparks writes from Elbe River, Or., under date of July 23, as follows:

Will you give space in your valuable paper for a few plainly asked questions, asked by an inquisitive populist?

The Union party has perfected an organization in Lane county, and as we all know there is room for but one Reform party in Oregon, and that party must have the undivided support of all reformers to insure success at the polls. This being the case, if the People's party fails to come into the Union party, reform will be impossible. What I wish to ask is this question:

1. To attain the reform asked for by the Union party, to-wit: monetary reforms, the abolition of trusts and monopolies, and the return to a people's government for and by the people. I ask you, Mr. Editor and the Union party, do you honestly believe you can ever get the above reforms until each and every plank in the People's party platform be enacted into law?

2. In the next presidential campaign, which of the political parties will the Union party give their votes? Will it be to the Regenerated Democracy, with their coin or redemption money, with state banks of wild cat promises to pay money, or will you unite with the People's party whose platform is essential to the attaining of reforms asked by the Union party? Please answer these questions.

QUESTIONS ANSWERED. THE JOURNAL desires to give all people's party voters a fair and full hearing. Mr. Sparks truly says there is room for but one reform or opposition party in Oregon. It should have the support of all honest and sincere men who are opposed to the gold standard and who want to see people government in our state and county affairs. When Mr. Sparks says such a party must have the support of all reformers at the polls to insure its success he states the greatest difficulty in the way of success, for of all borned cattle the professional reformer is the strongest and most unmanageable. Each is ruled by a dominant hobby and hence is unable to subordinate his own ideas long enough to act with enough other men to accomplish anything. Mr. Sparks we fear will never live to see ALL the ideas in the Peoples Party carried into effect.

The Union party platform is boiled down to two ideas—a people's financial system, and opposition to trusts and monopolies. If it accomplishes the first it will go into history as having accomplished more for humanity than the Republican party accomplished in abolishing slavery.

The Union party has barely been organized in Oregon, and it is useless to consider what its platform will be in 1900, or to whom it will give its electoral votes at that time. If Mr. Sparks will study its platform he will see that it covers the questions of monetary reform more intelligently and comprehensively than the Democratic or People's party platform does. The country has had enough of money that must have a special redemption privilege in some other kind of money. That only creates a privileged class and the People's party deserves credit for exposing that dangerous fallacy.

Will the big price on hops raise the price of beer?

Hon. Thos. Vaughn, the member of the legislature, and Rev. N. N. Matthews had a quarrel at Coburg, on Monday, about whether Mitchell held up the legislature or the opposition. The affair ended in Vaughn horse-whipping the minister, quickly stopped by friends.—Albany Dem.

The Mitchell push must be getting hard pushed for argument. The government is hard up for jobs to pay political obligations when it sends a man to examine the Chippewa lands, about as much needed as a duster in Alaska in the winter. A Salem man ought to be proud of such a plum.—Exchange.

John Garb of Aumsville describes prosperity thus: "The Dutch will have plenty of sauerkraut, the Irish will have plenty of potatoes, and the Republican party will have the gold standard."

The wicked Populist assessor of Clackamas county has assessed \$1,000,000 worth of mortgage notes. Will the holders pay the tax?

The Salem Statesman is now advising people to go to Mexico, and says it is much better territory to go to than Uncle Sam's diggings. Less than a year ago that sheet couldn't call Mexico hard enough names because it was a free silver country.

Red Clay tans are still the most popular shade of footwear in Oregon.

Bryan told the Kansas farmers last year that, if McKinley should be elected, they would have to sell their wheat at 25 cents a bushel.—Salem Statesman.

This is a flat lie, of course, for neither Bryan nor McKinley would be foolish enough to attribute such results to the election of his opponent. Try again.

STATE NEWS

G. W. Prosser has been appointed postmaster for Oswego, in Clackamas county, and Frank Lucas, for Monmouth, in Polk county.

The assessor, of Clackamas county, is taking the valuation of all mortgage notes in that county. The result shows over \$1,000,000 in notes that are owned by Clackamas county and which have never appeared on the assessor's books. He will assess them to the parties who own them.

W. Armstrong and J. Martin, of Napa county, Cal., were in Klamath Falls last Thursday, on their way to Lake county. They are plume hunters, and shot about 65 white heron on Lower Klamath lake. The plumes average about \$7 an ounce, and there is a little less than a quarter of an ounce on each bird.

Mrs. Arvilla Hunter, wife of J. A. Hunter, of Talent, was thrown from a buggy in Ashland last Monday dragged for a short distance. It is thought that her skull is fractured, and that she will die. News was sent to her husband, who was at work in Klamath county at the time.

Among the new samples at the Linn county exhibit room, in Albany, is some wheat secured by Mr. Watts from the farm of A. Croft, of Orleans precinct. It is simply wonderful in its size, a small bunch weighing almost like gold ore, says the Albany Democrat. From 13 acres Mr. Croft threshed 42 bushels an acre, actual yield. The wheat is the English blue stem.

J. I. Taylor, who lives four miles southeast of town, discovered a few days ago on his place a stagnant pool of what he supposed was water, says a Cottage Grove correspondent of the Eugene Guard. On the surface was a film or scum, and when a match was lighted and thrown upon it the whole surface instantly ignited, burning much the same as would a pool of kerosene.

A fearful accident occurred about a mile west of Mount Angel Tuesday noon in which an old man named Scheffer nearly lost his life. Scheffer was leading a cow, and she suddenly turned on him in a fit of rage and lifted him several feet off the ground and then dropped him. One of the brute's horns caught the old man near the base of the backbone, and after entering several inches tore its way out. Dr. Schubert, of Mount Angel, and Dr. Cathey, of Woodburn were called and dressed the wounds. The chances are probably against his recovery.

WASHINGTON

Civil Service Amendment.

Changes to Be Made in various Departments.

WASHINGTON, July 29.—President McKinley has promulgated the following amendment to the civil service rules:

"No removal shall be made from any position, subject to competitive examination except for just cause, and upon written charges filed with the head of the department, and of which the accused shall have full notice, and an opportunity to make a defense."

He has also amended rule 3, so as to include within the classified service the employes of all custom house officers, without regard to the number of employes. The president has also amended rules making exceptions to the examinations, so as to read as follows:

"Custom house service.—One cashier in each custom's district; one chief principal deputy or assistant collect in each customs district; one principal deputy collector at each sub-port or station.

Internal revenue service.—one employe in each internal revenue district, who shall act as cashier or chief deputy or assistant collector, as may be determined by the treasury department; one deputy collector in each internal revenue district, whose number of employes in the office of the collector exceeds four; one deputy collector in each stamp office. Applicants to the positions named in this rule in the custom house service, and in the internal revenue service shall be subjected to the examination to be prescribed by the secretary to be approved by the commission for positions in like grades.

A NEW POSTMASTER.

WASHINGTON, D. C., July 29.—The postmaster general appointed J. S. Hooxas postmaster at Oretown, Tillamook county. This is the post office which caused the departments so much trouble last year, when the postmaster sold money orders appropriating the proceeds to his own use, and for which he is serving a term in jail.

The July run of salmon is on and fishermen are making big catches.

The flax grown for fiber on the college farm at Corvallis has been pulled and now stands shocked in the field where it will remain for several weeks. A portion of it attained the length of 55 inches, while the average length is about 40 inches. A portion of the product goes to Kinney, the Astoria canneryman who will ship it along with supplies from other flax fields to Barbour Bros., who are to manufacture it into twine for fishing, netting, large quantities of which are required in the salmon fishing industry. The rest of the crop will be sent to the scutching mill at Salem.

Women get plenty of sympathy after they are dead. Tom Hood made a very pathetic picture in his "Bridge of Sighs," but the probabilities are that the woman needs sympathy a great deal more before she died than she did afterwards. Thousands of women are enduring much worse things than death. The most distressing thing about it all is that it is needless. Uterine troubles are considered well-nigh incurable. Women seem to think that they must go on bearing these things forever. To be sure, some of them make an effort to get well by going to their physicians, but thousands are deterred from this, both because they have seen that it was not likely to do much good, and because they knew that the first thing the physician would insist upon would be the examinations and local treatment so justly abhorrent to every modest woman. These things are generally as unnecessary as they are distasteful. Every woman can be made strong and healthy by the use of Dr. Pierce's Favorite Prescription. It is a most marvelous medicine for all forms of female weakness and disease. It is a wonderful purifier and cleanser. It acts directly on one set of organs, and on no other, but in doing this, it frequently cures troubles that were seemingly of an entirely different character and origin. A disorder of the distinctly feminine organs is likely to cause a host of symptoms, and careless doctors frequently doctor women for neuralgia, or dyspepsia, or insomnia, when the real trouble is in the organs distinctly feminine. Dr. Pierce's Favorite Prescription will make any woman well. Sometimes when disease runs on so long that the entire system is debilitated, it is necessary to use in connection with the "Prescription," Dr. Pierce's Golden Medical Discovery, a general tonic, blood-purifier, and blood-maker, without an equal in the world. There is no case so severe that these two great medicines will not cure it. Thousands of women have frequently testified to this fact.

Sleep

Induced by the use of opium, opiate or narcotic compounds is bad, decidedly bad. They undermine health and shatter the constitution and the patient is steadily growing into a worse condition—often resulting in the terrible slavery and misery of the cocaine and opium habit. Sleep induced by the use of Hood's Sarsaparilla does not perhaps come as quickly, but it comes more surely and more permanently through nature's great restorative and rejuvenating channel—purified, vitalized and enriched blood. This feeds the nerves with life-giving energy and builds up the system and constitution from the very foundation of all health and life—the blood—pure, rich, red blood.

UNION PARTY PLATFORM

Adopted at Albany, Oregon, June 2, 1897.

We demand the free and unlimited coinage of gold and silver at the rate of 16 to 1 independent of the action of any other nation.

That the government shall issue all money without the intervention of banks, and in quantity adequate to the needs of the people.

That all money issued by the government, whether gold, silver or paper, shall be legal tender for all debts, public or private.

That no contract or law shall discriminate against any kind of money issued by the government.

We are opposed to the issue of United States interest-bearing bonds in time of peace.

We demand the redemption of Oregon from rings, commissions and corrupt methods, and demand honest elections and election laws, including stringent registration laws.

We demand that the people shall have the veto power over all legislative enactments by the use of the referendum.

We demand the election of all officers by a direct vote of the people.

We favor and advise that all nominations for municipal and county officers, including members of the legislature, shall be made by primary elections.

We recommend that this party shall be known as the Union party, and invite all reformers of the state to unite with us in realizing these principles by united efforts, and we pledge ourselves to unite with such reform forces in carrying out this bond of union.

Makes Him Feel Young.

"For some time I suffered with great weakness and was not able to walk. I could not sleep nights and did not have any appetite. One day a friend advised me to take Hood's Sarsaparilla and I did so. After taking five bottles my health was wonderfully improved. Hood's Sarsaparilla has made me feel young again." H. Ketas, 821 Yesler Way, Seattle, Washington.

Hood's Pills are easy to take. 25 cents.
