AT MARION'S CAPITOL.

Proceedings in the Various Departments—Delinquent Taxes.

Deputies Sheriff A. T. Wain and E. E. Cooper are notifying all of Marion county's taxpayers whose taxes have as yet not been paid.

At the July term of the county court the tax roll was ordered closed September 1, after which all unpaid taxes will become delinquent. The total tax for 1896 was about \$184,000, of which amount \$107,398.63 has been collected and paid into the county treasury, leaving a balance of about \$77,000 still due the county.

Otto Prael, W. S. Kinney and F. Prael have been appointed appraisers of that portion of the E. M. Waite estate located in Clatsop county.

County Clerk L. V. Ehlen today issued bounty warrants aggregating \$16.90. Those to whom the warrants were issued and the respective amounts were:

Table with names and amounts: Henry Zelinski \$1.00, Geo. Eggermann 2.00, Martin Zuber 5.00, G. Kirkpatrick 1.85, Ralph Gilbert 1.50, Joe Bertoz 4.55, Total \$15.90

MOTION GRANTED.—The action for damage case recently instituted by O. A. Neal, of Turner, vs. Jos. Myers & Sons, is gradually shaping itself for trial. Thursday afternoon the plaintiff's motion to amend pleadings to conform to the facts of the case was argued before Recorder Ed N. Edes, and taken under advisement until 1 p. m. today.

The motion was granted, and the pleadings having been properly amended, the case will be heard by Recorder Edes.

A PLEASANT AFFAIR.—At their beautiful home on Prospect avenue last evening the Misses Sherman entertained very pleasantly a few friends in honor of their guest, Miss Laura Derbyshire, of Stayton. Games mingled with other amusements and cards were followed by delightful refreshments.

THRESHING COMMENCED.—A. M. Humphrey was out in the vicinity of Macleay, Monday, where he reports two threshers at work. The grain about Macleay is ripening unusually early this year.

Mr. Humphrey expects to open his warehouse at Macleay, Monday for the reception of grain. The yield is better than usual.

A CHARACTERISTIC.—In purchasing groceries as in purchasing clothing, the average buyer pays more attention to the quality of the goods to be purchased than to the quantity.

This probably accounts for Branson & Co's large sales.

NEW PUPIL.—Superintendent Croshaw today received a new charge in the person of Guy Millsparth, aged 14, from Hillsboro. His complaint is incorrigibility.

Always call for a bargain at the New York Racket when you want shoes, hats, clothing, underwear or almost any other article.

FOR SALE.—A Jersey cow. At a bargain in cash about three weeks. Enquire at J. O. Hall's, South Salem.

FRUITS.

Good Shipments From Salem

A New Fruit Tray Manufacturer at Salem.

The O. F. & P. Co., expect to ship their third car of plums tomorrow. It will consist of Columbia, Bradshaw, Washingtons and Egg plums. They will probably go to New York or Boston. The first cars shipped have brought fine returns, and the fruit growers are quite hopeful for the entire year's crop.

J. A. Van Eaton, the pioneer fruit buyer, leaves early in August for Chicago, to represent the Oregon Fruit & Produce Co. Mr. Van Eaton was the first man to ship Oregon fruit, which was done the first year the Northern Pacific road was open. That fruit sold well, and gave the world the first taste of our delicious products. He will not only represent his company but will do honor to the state at all times.

Many new dryers are being built, and with scope it is a problem how to take care of the big yield this year. Every orchard not only exceeds in quantity what was expected, but in quality as well.

A NEW INVENTION. Hansen & Landon, the wash and door manufacturers, have placed on the market what is capturing the eye of every man who has a fruit dryer. It is a woven slat fruit tray, which will revolutionize the tray business.

It consists of a frame to fit the dryer truck, and the bottom instead of being galvanized woven-wire, consists of six inch wooden slats woven together with wire on the same plan that the woven lath fence is made. This makes a good open bottom tray, and one that will last a life time if taken care of, whereas the wire bottom trays only last about four seasons, besides getting rusty in time. These trays are made to fit any style of dryer.

The inventors are Messrs. A. M. Hansen and H. D. Landon, both active young mechanics, who have made the machinery for manufacturing them, and now have orders for nearly ten thousand trays. This new invention is not patented, and consequently can be sold cheaper than any tray with a royalty. Their shop is rushed night and day turning out this work, and they also have heavy orders for cars, for dryers in different parts of the valley. This is only a beginning and it is prophesied by parties who should know, that his business will grow with the fruit industry to great proportions. Salem is to be congratulated upon being the centre for this thrifty enterprise.

The New Crop.

Good grain crops are being harvested, and the farmers as a rule are very happy. Harvesting is well started and even some threshing is being done.

The first threshing reported was done on the Hartley place, near Macleay, by D. W. Early. It will be necessary to push the work to get the big crop out of the way before winter.

The Sidney elevator started up yesterday, and the first load of wheat was brought in by Wm. Zimmerman, being the first threshed thereabouts. The quality is magnificent, and the yield thereabouts is immense.

The finest stock of oxblood and chocolate colored shoes, for ladies, gents and children, can be found at the New York Racket, and they are sold at the same low prices as the like grade of black shoes, our stock of all grades of shoes in the 'Star & Star' line is full. Call and save 15 to 25 per cent.

RESIGNATION

Of Prof. J. O. Hall Accepted.

Salem School Board Elects D. W. Yoder to the Vacancy.

At a special meeting of the board of school directors for District No. 24, held in the office of Clerk E. H. Flagg, last evening, the resignation of Prof. J. O. Hall, as principal of the Lincoln school, was accepted. Prof. D. W. Yoder, who in last June was elected to be principal of the Polytechnic school, was elected to fill the vacancy caused by Prof. Hall's resignation. This created another vacancy in the corps of the Salem public school teachers. It was necessary for the election of another teacher and the board elected Mrs. Anna Hall to fill the vacancy.

The board passed resolutions expressing its appreciation of the efficient and untiring labors of Prof. Hall, in the interest of the Salem public schools. Prof. Hall is a most energetic worker in educational circles and it was indeed with considerable reluctance that the board accepted his resignation.

The Professor, in company with M. W. Welch, will leave Seattle Aug. 7th on the Steamer Queen, for the Clondyke gold fields. These two substantial young men will make a good team and will secure a fair share of the gold harvest if it is to be had. Success to them.

DIED.

MILLER.—In Salem at 4 p. m. Friday, July 30, 1897, John A. Miller.

For several years the deceased was manager of the Pacific Postal Telegraph Co's. office in Portland and was afterwards train dispatcher and conductor for the O. R. & N. Co.

Deceased leaves a wife and little son. In all probabilities the remains will be shipped to Portland Saturday morning when the funeral services will be held.

In Justice Court.

The civil case of J. G. Wright vs. Mrs. Sarah E. Murphy in which the plaintiff seeks to obtain a judgment against the defendant for \$46.96 with interest at 8 per cent since May 12, 1892, was argued before Justice Johnson, Thursday afternoon, and this morning when the matter was taken under consideration until Monday. The money is alleged to be due for groceries.

TO SILVER CREEK FALLS.—On Tuesday morning of this week a company of young people under the chaperonage of C. J. Atwood and J. W. Reynolds left for Silver Creek falls to spend a few days. The party expects to return home tomorrow. This is a pleasant and very economical way of taking an outing and the young people have no doubt enjoyed the trip more than had they gone in a Pullman coach or a comfortable carriage.

THOSE OCTOGENARIANS.—It is understood that John G. Wright and John Q. Wilson are both mad because they are not included in the gray beard company for Clondyke. They will probably organize for themselves and no doubt be there when the other fellows arrive.

Makes Him Feel Young.

"For some time I suffered with great weakness and was not able to walk. I could not sleep nights and did not have any appetite. One day a friend advised me to take Hood's Sarsaparilla and I did so. After taking five bottles my health was wonderfully improved. Hood's Sarsaparilla has made me feel young again." H. Ketas, 821 Yesler Way, Seattle, Washington. Hood's Pills are easy to take. 25 cents.

CRIMES.

Three Murders in a Night.

The City of Mobile in a Turmoil.

MOBILE, July 30.—This city is in a turmoil as a result of three murders and which have driven people to the highest pitch of frenzy. Business is practically suspended.

The first killing took place in the evening. Thomas Jones, 65 years of age, a Confederate veteran, and highly respected, was killed by Isaiah Davis. Jones attempted to get a negro out of his house, into which he had broken, and the negro killed him with a stick of wood. A crowd assembled and was about to lynch Davis when the officers rescued him with difficulty. The coroner's jury and lower court sent Davis up for murder, though he tried to play insane.

Between 12 and 1 o'clock a negro named Knight shot and killed another negro named Deozler. As he was being chased by officers, Knight shot and mortally wounded Policeman Tucker. The negro ran away after the shooting, but was intercepted by a telegram and arrested by Section Boss Hubbard at Hurricane bayou.

Murdered at Prineville.

THE DALLES, Or., July 30.—News has just reached here of the fatal stabbing of Horace Cadle, residing at Prineville, Crook county. The homicide occurred at a country dance, held on Beaver creek, on the night of the 24th inst. Cadle got into a fight with a stranger outside of the building and knocked his antagonist down. The man arose, drew a knife and plunged it into Cadle's head. He fell, struck his head against the building and the knife penetrated the brain. Cadle was 22 years old and has resided in Prineville for 9 years.

Outlaw Escapes.

HUNTINGTON, W. Va., July 30.—The report has reached here that Capt. Hatfield, the notorious outlaw who was held for murder, escaped from the Mingo jail by cutting his way out. A large reward is offered for him.

A scientist has discovered that light may be produced from sugar. He has succeeded in taking photographs by the light supplied by sugar only. The sugar was first exposed to a direct sunlight for two hours and then placed in a dark room. Immediately on being placed in darkness the sunlight stored in the sugar began to glow faintly at first, but quite brightly after a few minutes. After about 20 minutes during which time the photographs were taken, the light began to die away and gradually went out. The photographs taken by sugar light are quite distinct though not so clear as an ordinary photograph.
