### x KLONDIKE Bound for the Frozen North.

A Nonvel Expedition -- To Wash the to be sent to Behring sea with a crowd steamer. Golden River Bars-

will be consorted by the tug Holyoke, the latter having in tow the small Capt. D. C. Basey, brother of Robert Basey of this city, and other prominent citizens of Brunswick propose organizing a company to boat and work the water of the Yukon river and tributaries for gold. Their Mile and St. Michaels, The Merwin scheme is to go to Seattle and get mawill also run on the Yukou. terial to build a boat and barge, the Nobody knows how old the Polly is,

latter to be 25x75 and fit up with and tow the barge. The boat should make \$30,000 on her up trip. When they arrive at the mines they propose to put the barge at work pumping sand and gravel from the bottom of the streams and furnishing steam to miners to thaw out their tunnels. The Klonkike is a deep stream and the supposition is its bottom is cov-

ered with gold, which will be washed out on the barge and sand and gravel barge. dumped back into the river. The na-The Polly will carry fuel for the ture of the Yokon is similar to the tug Holyoke, and also fuel for the Missouri and Yellowstone rivers, and Capt. Basey being an old navigator of those rivers has no fear of tackling it. He figuers the cost and outfit at

MEXICO SUNK.

Klondike Steamer went to the Bottom Dixon Entrance.

SAN FRANCISCO, Aug-10.-A special from Victoria to the Chronicle says: For several days anxions inquiries have been made regarding the Pacific Coast steamer Mexico, which was booked to leave tomorrow on her sec-

ond trip toDyea. The steamer Topeka, which arrived here last evening, reports that the tor of hours the stasmar sank in 500 feat o
