

Baby's Second Summer

In the time that tries all the care of the mother and all the skill of maternal management. Baby comfort comes from fat; fat babies have nothing to do but to sleep and grow.

If your baby does not seem to prosper, if he does not gain in weight, you must get more fat there. A few drops of

Scott's Emulsion

each day will put on plumpness; fat outside, life inside, baby and mother both happy. Your baby can take and relish Scott's Emulsion as much in summer as in any other season.

CUBA.

Weyler's Campaign Over.

His Army Only a Tattered Remnant of What It Once Was.

NEW YORK, Aug. 16.—A dispatch to the Herald from Havana, via Key West, says:

Captain-General Weyler's summer campaign came to an inglorious end last Wednesday, when he returned to the city with rebels firing on his rear guard all the way from Aguacate to Havana. The general made a public entry into the capital but his reception was chilly.

General Weyler cabled his resignation to Madrid on Thursday. I saw a copy of the reply he received. He was told to remain in Cuba so long as the present ministry holds power. The suspense here is intense, but no excitement appears on the surface.

The captain-general who succeeds Weyler will have a hard task. The splendid force of 200,000 men in Spain placed in General Weyler's hands is, if the truth be told, now only a tattered remnant. A tropical sun has proved more destructive than battles. With the exception of the fortunate ones stationed in and about Havana, the Spanish forces are in a bad way. They have not received pay for months; they are weak from illness and poor food, and they are badly clothed and many have no shoes. In short, the Spanish army in Cuba is not inclined and not in a position to take the offensive.

RAID.

HAVANA, via Key West, Aug. 16.—At midnight last Wednesday, a band of insurgents entered the town of Guantanamo, province of Santiago de Cuba, and proceeded to the jail where the insurgent leader, Pericho Perez, has been confined for some time, with the intention of liberating him. An attack was made upon the jail, but insurgents were compelled to retreat by the troops stationed in the prison. There were losses on both sides. Simultaneously with the entrance into the town of these insurgents, others entered by different routes, and joined forces on the Plaza de Armas. Several stores were plundered. After an engagement, the garrison of the town compelled the insurgents to retire.

Rumors which have recently been put in circulation to the effect that General Weyler had forwarded his resignation to Madrid are officially denied here.

The report that Everaline Cisneros, niece of President Cisneros, of the Cuba provisional government, was sentenced to 20 years at the penal colony on the coast of Africa, is untrue.

FOR THE FAIR.—The Linn county exhibit is being improved by some fine specimens of ore collected around Lebanon, also by some splendid samples of our medicinal plants and roots gathered by Dr. Lamberson. The exhibit will be a big one when it goes to the fair.—Albany Democrat.

Wright, president of the McMinnville base ball team, who brought suit in the justice court at the place last week against Charles Spaulding, of the steamer Gray Eagle, was finally awarded \$48 damages and the costs of the action. SAVAGES have healthy children. So-called uncivilized women have no trouble in the bearing of children. They have practically no sickness and comparatively little pain at that time. It is because they live natural lives. It is certainly unnatural that there should be pain and danger attending the greatest and most wonderful function of which a human being is capable. Civilized women are the ones whose lives and training seem to unfit them for the performance of the duties of wifehood and motherhood. However, if they are kept in a perfectly strong and healthy condition during the period of gestation, there is no reason why the coming of baby should be dreaded. Perhaps the greatest usefulness of Dr. Pierce's Favorite Prescription is in preparing women for this ordeal. It acts directly on the organs distinctly feminine and makes them strong and healthy. It insures the well-being of both mother and child. Thousands of letters similar to the following have been received:

"I can recommend Dr. Pierce's Favorite Prescription as being far ahead of any other medicine for a woman raising a family. I have three children; for the first two I suffered each time for twelve months before my last child was born. I took 'Favorite Prescription' using only three bottles of it, and when I was confined, I suffered very little, and was in labor only a very short time." Mrs. Nancy J. Foster, of Rodney, Missouri Co., Iowa.

Every woman in America ought to have Doctor Pierce's "Common Sense Medical Adviser." It is a handsomely illustrated volume of a thousand and eight pages, containing several chapters devoted entirely to the reproductive physiology of women. It will be sent, paper-bound, absolutely free on receipt of a cent in one-cent stamps to pay cost of mailing only, by the World's Dispensary Medical Association, Buffalo, N. Y. If handsomely bound, it is sent for \$1.00. Ten cents extra, thirty-one cents in all, should be sent.

Beware of Ointments for Catarrh That Contain Mercury, as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, O., by F. J. Cheney & Co., Testimonials free.
