ATTEMPTED JAIL BREAK.

The Efforts of a County Prisoner De-
termined to Escape Are Frustrated.
Wm. Ferris, an inmate of the Ma-
rion county jail, was almost success-
ful in gaining his liberty Sunday
afternoon.

About 4:30 o'clock in the afternoon
Mrs. F. T. Wrightman and Mrs. H.
P. Minto, who were in the sheriff's
apartments adjoining the county jail,
heard an unusual disturbance in the
jail corridor and immediately notified
Deputy Sheriff E. E. Cooper, who was
in the sheriff's office upstairs. That
gentleman proceeded to the jail be-
low and found Ferris engaged in dig-
ging through the jail wall. A hole
2x3 feet in size had already been
made and the aperture extended fully
three-fourths of the way through the
wall. Ferris had used an old piece of
iron or a substantial piece of wire in
the attempt to make his escape and
having removed one brick, the work
progressed quite rapidly.

Ferris, who with Elmer Green, a
local morphine fiend, who is also
awaiting the action of the grand
jury, on the charge of burglary, are
the only occupants of the county jail
and have been granted the privilege
of promenading about the corridors
throughout the day, being locked up
for the night. This privilege will
hereafter be denied Ferris, who in
the future will not enjoy so much
freedom in the jail corridors as he
has in the past.

BALLOON ASCENSION.

Balloon and Parachute Both Burned in a
Few Moments.

Prof. Hagal, who was to have made
the balloon ascension on Sunday at
the fair grounds has been rather un-
lucky for the past few years, though
he has probably made more successful
ascensions than any other traveling
aeronaut in America. Only a short
time since, he lost his wife by falling
to the ground several hundred feet, he
himself having taken several tumbles.
He has faced all these mishaps un-
daunted, and yesterday when his "all"
had gone up in smoke he was heard to
ask, how far it was to Portland, and
whether walking was good. With such
luck he will inevitably strike it
either in the heavens or on earth.
Prof. Hagal will immediately proceed
to construct another balloon and will
"hit the road again."

About 600 people were at the grounds
to witness the ascent but were disap-
pointed.

BUSINESS CLOSED UP.

Banker Bush Takes All of Tony Klein's
Property.

Saturday there was filed at the court
house a deed transferring A. Klein's
beautiful Yew Park home to A. Bush.
Consideration \$4500; a bill of sale of all
the stock and fixtures of the A. Klein
shoe store in the sum of \$12,200, mak-
ing a total of \$16,700. Mr. Bush,
has taken possession of the stock and
will remove it at once to the Wm.
Martin stand on state street adjoining
his bank, where it will be offered
for sale.

It is understood that Mr. Klein's
reverse at Spokane, where he lost \$14-
000 last year, have brought about the
necessity for this move, and he has the
sincere sympathy of a large circle of
patrons and business friends.

Divorce Cases

In the divorce case of Sarah Bab-
cock vs. Splvester R. Babcock which
was taken under advisement by Judge
Hewitt, July 14, a decree for plaintiff
has been rendered, dissolving the
bonds of matrimony, and allowing de-
fendant to resume her maiden name,
Sarah E. Blaine. Judge Hewitt now
has only one case back of the last
term, viz., that of Loughmiller vs.
Loughmiller.

Steamer Change.

JOURNAL "X-RAYS."

It was too wet last winter to sup-
press certain bad smells about the
city, and now it's too dry.

Lane county warrants are selling at
two per cent premium. When they
get that court house things will be
different.

A drinking fountain for man and
beast would not be a bad addition to
Marion county's beautiful court
house square.

Mark Hanna says the silver cause is
waning. Those big silver camp
meetings in Ohio must set the old
man to thinking.

When Frank Turner gets home
from his vacation he ought to go down
to the Statesman office and find out
just how they want him to keep the
county books.

The Salem Statesman seems to
gloat over the resignation of Dr.
Chapman. The difference, is Hen-
drieks and Irvine, of the Statesman,
were both "fired," and Chapman—has
not resigned.

If Pap Richardson could be induced
to forget his schemes to raise more
revenue out of the people long enough
to abate the sewer nuisance on the
river front, he would win the grati-
tude of some decent people.

If Pap Richardson would devote
half the energy to getting the city
back that money from the busted
bank, as he does to squeezing more
taxes out of the people, he would come
more nearer being sent to the Oregon
senate.

About three months ago Pap Rich-
ardson made a personal request, in open
council, to have the finance commit-
tee give his busted bank about two
weeks more time to pay up that "little
balance" of nearly \$5,000. Politics
put that money in the hole, and possi-
bly politics will keep it there.

Those Linn County Populists are
too mean for anything. In the face
of Marion county increasing its ex-
penses 20 per cent, they have had the
gall to make a reduction up there of
34 per cent. Ain't times hard enough
without any such exhibition of nig-
gardliness?

This is a great government. It pays
some politicians \$2,500 a year to pro-
tect the forests. It is his duty to
notify the people to "keep off the
grass." This he does by having a
proclamation published in all the
newspapers, who are expected to do it
for nothing. He touches the button
and the newspapers do the rest. He
gets a princely salary, and the print-
ers nit.

Home From Detroit.
Elmer White and Frank Haas, have
returned from a business and pleasure
trip to Detroit. New Ferrell, who
accompanied them is at Hot Springs
on the Breitenbush and is expected
home on Monday next. He will bring
an elegant pair of buck horns which
he was successful in capturing. The
party first visited Gouchers Falls, on
north fork of the Santiam, returning
to Detroit, provisions were obtained
and the party went to the Hot springs
on the Breitenbush and spent a week.
There they found Joe Basey Ben
Radabaugh, Harry Hutton, R. L.
Murphy and Arthur Glover, who ex-
pect to return about Sept. 1st. The
boys fared well on venison and trout
and enjoyed the trip very much. El-
mer White, and Frank Haas, claim
the record for a ride between Detroit
and Salem. On Saturday they cov-
ered the distance in just sixteen
hours, leaving Detroit at 6:30 a. m.
Saturday and reaching Salem at 10:30
o'clock that evening.

TO TEST THE COMMISSIONS.

Talk of Gov. Lord Appointing a Rail-
road Commissioner.

Some talk has been started about
the probability of Gov. Lord appoint-
ing a member of the railroad commis-
sion, in order to test the law under
which the old board claims to hold.
It is the opinion of secretary Kincaid
that none of the commissioners,
whose time expired three years ago,
are now in office, and he treats their
claims accordingly. The governor
seems to be of like opinion, as he even
refuses to approve their bonds. They
will all claim pay, however, on the
ground that they have been serving
in their respective capacities just as
though they had been re-elected.

The governor has made no appoint-
ment to fill the vacancies because it
is said he is of the opinion that the
people don't want the officers. If he
should now appoint a railroad com-
missioner a test case could be made
and if the appointee should be sus-
tained by the courts it would put
out of office, all the useless commis-
sion and save a vast sum to the state,
provided their places were not filled
by appointment.

FREIGHT TRAIN DERAILED.

One Tramp Killed and Three Others Are
Injured.

The extra freight train that left
Ashland Sunday afternoon was wrecked
south of Roseburg and last night.
A forest fire had released a large
stump that was held by a wooden net
work and the same rolled down the
mountain side and landed on the
railroad track immediately, in front
of the rapidly approaching train.

There was not time enough to
slacken the speed of the train and
a collision occurred. One tramp was
killed and three others were badly in-
jured. The fireman received some se-
rious injuries. The S. P. wreck train
passed through Salem this morning
at 6 o'clock for the scene of the ac-
cident.

The regular northbound California
overland due in Salem at 7:10 a. m.,
was following the freight and had to
wait until the track was cleared of the
wreck. She will not reach Salem
until about 7:30 o'clock this evening.

The Horsemen Defeated.
The "Knights of the Aynil" con-
vinced the Salem horsemen Sunday
afternoon in a match game of base-
ball, that their knowledge of the na-
tional game; was indeed limited and
their ability to play the game success-
fully was lacking. The game was
called at 2:30 o'clock and was wit-
nessed by about five hundred people.
Wm. Tarpley and Peter Becket um-
pired the game which resulted in a
score of 40 to 14 in favor of the black-
smiths. An effort is being made by
the Salem second team to arrange for
a game with the Woodburn team for
Sunday afternoon next, at the state
fair grounds.
