he will resume his studies at Stanford  
University.

Miss Livesly, accompanied by Miss  
Dean, of Detroit, arrived from 'Frisco  
Monday evening, and are guests of  
J. O. Morrison.

Presiding Elder Parsons has re-  
turned from points south, where he  
has been looking after Willamette  
university interests.

Miss Ida Martin has returned to  
Portland after a two weeks visit with  
her mother, Mrs. Mary Martin, an  
employee at the insane asylum.

Mr. and Mrs. F. W. Fisher, who  
have been visiting at the home of G.  
M. Lease in Yew Park, leave tonight  
for their home at Fresno, Cal.

General E. B. Compson, ex-member  
of the railroad commission, passed  
through Salem on the afternoon train  
enroute to Portland from Newport.

Joe Baise, Larry Murphy, Arthur  
Glover and Harry Hutton, returned  
Thursday afternoon from a month's  
outing in the Breitenbush hot springs.

Mr. and Mrs. Ramsey of Seattle,  
are in the city for the summer. Mr.  
Ramsey is a well known hopbuyer.  
They have taken the E. M. Waite  
residence.

W. R. Allen, who has been spend-  
ing his two months vacation with  
Salem relatives, leaves tomorrow for  
San Francisco to resume his studies  
in dentistry.

James Denham left today via  
steamer Gypsy to Portland, for Cher-  
rubusco, New York, where he will  
join his family who preceded him  
about a week since.

M. H. Craik, T. McGill and W. H.  
Wild, well known in Salem and vicin-  
ity, were among the passengers leav-  
ing Seattle, Sunday morning on the  
steamer Queen, for the Alaska gold  
fields.

Mr. and Mrs. W. S. Bozorth  
returned last evening from Astoria,  
where Mr. Bozorth has been engaged  
as expert on the county records. He  
says the defaulting county treasurer  
and deputy are out on bail, and will  
be tried at the next term of court, to  
ascertain which of two sets of bonds-  
men are responsible.

James Kyle, manager of the Oregon  
Fruit and Produce Co., went to Al-  
bany to start the first cars east. His  
company is employing fifteen hands  
packing at Albany. Nineteen pack-  
ers, and about twenty other hands are  
working at the Salem warehouse.  
The market continues good but all  
loosely or poorly packed fruit goes as  
sacrifice prices. Mr. Kyle has been  
the recipient of numerous letters re-  
cently from various sections of the  
state asking the reason why his fruit  
is selling at such favorable prices.  
The only reply Mr. Kyle makes is  
that he allows nothing to be shipped  
but that which is packed exactly as  
the fruit is packed in California.

**NEARLY DONE.**—The new hard-  
maple bowling alley of the Salem Il-  
linoe club is nearly completed. The  
lobby has been enlarged and the rear  
of the alley house extended. It will  
be warmed with a stove and no better  
alley will be found on the coast. The  
improvement costs about \$600. Thirty  
new members have been added the  
past month and it is proposed to de-  
dicate the new alley with imposing cere-  
monies.

**THREE BOYS ESCAPE.**—Tuesday  
evening three boys escaped from the  
reform school, and at 3 o'clock this  
afternoon had not been captured. The  
boys were not missed until roll call.  
They are W. C. McHargue and Stan-  
ley Robson, aged 21 and 17 years, re-  
spectively, of Albany; and Carl Aust-  
land, aged 17 years, of The Dalles.

**WORK OF ART.**—The big poster for  
the state fair of 1897 is a mark of art  
from a typographic standpoint. Fore-  
man L. R. Stinson of the E. M. Waite  
Printing Co., composed the job and it  
was printed at the State printing  
office. It is as good as any work of  
the kind we have ever seen from Port-  
land or 'Frisco for a monochrome de-  
sign.

**FOR THE PLAINTIFF.**—Late Tues-  
day afternoon the jury in the case of  
James Dozier vs. E. W. Capps, re-  
turned a verdict for the plaintiff for  
\$46.50. The amount of the judgment  
asked for was \$46.75 but the defend-  
ant having paid 25 cents thereon the  
same was deducted.

## FORWARD!

Ever Held in Oregon Under State  
Patronage.

Secretary Gabrielson of the State  
Agricultural Society is flooded with  
correspondence indicating a greater  
interest in the State fair than ever  
before.

His energies have been directed to  
organizing each department and in-  
stead of working a few weeks before  
the fair was held he has put in the  
past three months, at development  
work and it is beginning to count.  
The fair was never so well advertised  
as this year. He has received the  
friendly co-operation of the press and  
transportation companies.

**SOME GOOD WORK**  
to help the fair is being done by C. H.  
Markham of the Southern Pacific  
company, general passenger agent of  
the lines in Oregon. He writes THE  
JOURNAL, August 20:

"Every effort is now being made to  
make the forthcoming state fair at  
Salem, September 30 to October 8, an  
assured success, and, to this end, I  
enclose you 'reading notices', pre-  
pared by the secretary of the state  
board of agriculture, with request  
that one of them be inserted in your  
paper each week from now on.

"Think you will agree with me that  
the success of our state fair will not  
only redound to the credit of those  
immediately interested, but also be of  
benefit to the state generally as well."

These advertisements will appear in  
all the newspapers of the state that  
have contracts with the S. P. Co.

**PRESS DAY**  
comes on Monday of the fair. The  
press of the state has responded favor-  
ably to the effort that is made to  
make the fair a notable success this  
year. A number of the newspapers of  
the state are asking for space to have  
an editorial headquarters on the fair  
grounds and as many as desire to do  
so are urged to write the secretary for  
space.

**PUBLIC SCHOOL DAY**  
will be on Friday and Secretary has  
appointed a committee composed of  
the state, county and city superin-  
tendents at Salem and the principals  
at Monmouth, Portland and Albany,  
to prepare an exhibit of educational  
work. He is anxious to have exhibits  
from as many schools and colleges as  
possible, and all in charge of  
such work should prepare exhibits  
and notify him of their intention to  
occupy space in that department.

While the educational interests are  
being looked after the fair this year  
will have splendid race meetings.  
There are already about thirty speed  
animals on the ground.

**SOME NOTED HORSES.**

## JOURNAL "X-RAYS."

If you want some pin money ladies,  
suppose you tackle a hopyard.

Why does an Englishman say "wip-  
ped?" We know of no reason except  
that the English never could say  
"whipped" to the Americans.

Do the highly notable single bucks  
of the Illinois club make good hus-  
bands, asks an anxious mother. Yes:  
If captured young and properly trained  
they make docile and faithful hus-  
bands.

Another report has been handed in,  
that the lost teeth, after which editor  
Fletcher has been diving, as reported  
in the X Rays, were found by Willis  
Putman, of West Salem after a long  
but successful search. They are said  
to be an exact fit for Putman's mouth,  
and that he has them on and is wear-  
ing them and refuses to return them.

Times have not got so good yet but  
that many of our first families are  
going to take their outing in hop-  
yards and not going as idlers either.  
It is said no one thoroughly in love  
ever gets sick. The same is true of a  
hopyard. A hopyard is far and away  
ahead of the other condition referred  
to.

**Scalp down county expenses.**—Salem  
Statesman editorial Aug. 24.

Wells Latourette, court house and  
jail, amount claimed \$1.50, amount al-  
lowed \$1.50.—Same paper, eighth page.

Under a sub-heading the latter item  
of official county court proceedings  
appears in THE JOURNAL today as fol-  
lows:

Wells Latourette, Cand J ... 1 50

**IN THE JOURNAL** it occupies one  
line of space, set up from the same  
copy furnished by the county clerk ac-  
cording to law and the order of the  
county court. Why does the States-  
man pad it out so that it will make  
three lines? So it can charge the  
county \$30.00 instead of \$10.00.

"Scalp down county expenses!"

### A Careless Practice.

Every day's mail brings letters to  
the sheriff's office containing a postal  
money order or a \$5 or \$10 greenback,  
with one name or means of ascertain-  
ing the sender, to whom the mone-  
y should be credited or a tax re-  
ceipt issued. The sheriff and his de-  
puties recently issued postal cards to  
delinquent taxpayers, informing them  
of the amount of their unpaid taxes.  
Taking it for granted that the sheriff  
has the means of knowing by the  
amounts remitted, to whom credit  
should be given, the thoughtless tax-  
payer does not think it necessary to  
send any explanation of the same  
when he remits the money for his  
taxes. In case a postal money order  
is received the only means of ascer-  
taining the sender is to address a let-  
ter to the postmaster who issued the  
order and thus compare the number  
of the order with that on the stub at  
the office from which the order was  
mailed. In case currency is mailed  
without any instructions as to whom  
the amount shall be credited, it is  
necessary to lay the money aside until  
the taxpayer, becoming alarmed at not  
receiving a receipt for his money,  
writes to the sheriff and demands a  
reason therefor. In remitting money  
under any circumstances, persons  
should see that they will unmis-  
takeably receive credit therefor.

**WERE RELEASED.**—Four young  
men were arrested last night by Of-  
ficer McNary for trespassing. This  
morning they were arraigned before  
Recorder Edes, when they explained  
that they were in search of a place  
to pick hops and having no other  
place to go, sought accommodations for  
the night in a barn. Recorder Edes  
released the men and directed them  
to hop yards where work could be ob-  
tained. A drunk also related the  
same tale and he too was released.

The "Knights of the road," drunks,  
and other such individuals will have  
to invent some other yarn hereafter  
in order to appeal to the sympathy of  
Recorder Edes as that official is de-  
termined in the future to give such  
individuals the benefit of the law.  
There is no excuse for a man to be  
without work at this season of the  
year when so many opportunities are  
afforded in the hop yards and harvest  
fields for earning good wages.

**MANY HOP PICKERS.**—The steam-  
boats plying on the Willamette river  
are being taxed to accommodate the  
many hop pickers in Portland who  
seek transportation to up-river points.  
Steamer Gypsy and Ramona both  
brought up a great many passengers  
last evening who will begin work in  
the hop yards immediately. It is es-  
timated there are fully 2500 people in  
the metropolis, who will be given  
work in the hop yards. It is also  
estimated that fully 1800 of this  
number will be given employment in  
the yards in the vicinity of Butte-  
ville.

**CASTORIA.**  
The fol-  
lowing  
signature  
of *Chas. H. Hatcher*  
is on  
every  
wrapper.

## MORE IMPROVEMENTS.

Salem & Suburban R. W. Co., Will Re-  
place its Old Poles With New Ones.

A shipment of 150 fir poles for the  
Salem & Suburban Railway Company,  
reached Salem Tuesday night. They  
were shipped from Berry, on the O. C.  
& E. railroad east of Albany, and are  
excellent material. They were pur-  
chased by Manager F. R. Anson who  
recently visited this section of the  
Santiam country, combining business  
with pleasure.

All electric light poles on Twelfth  
street south of State and on the entire  
length of Oak street will be replaced  
with the new ones. The old electric  
car poles on South Commercial street  
and the fair grounds division of the  
"big" car line will be reset. It will  
be necessary to remove scarcely any  
poles on the "little" car line from the  
fact that they are still in good con-  
dition, having been in use for only  
about four years. The fair grounds  
division of the "big" car line will be  
thoroughly repaired and placed in ex-  
cellent condition for the state fair in  
order that the crowds may be handled  
with the accustomed dispatch of this  
company in the past.

The work of erecting the new poles  
has begun and Superintendent Lee  
McGrew is overseeing the work.  
Lineman James Lambirth and  
"Shorty" Parsons will assist in mak-  
ing the changes.

**WOOD BURNED.**—About 450  
cords of large fir wood valued at about  
\$675 was entirely consumed by fire  
about midnight, Tuesday night. The  
wood was on the Huffman place near  
F. R. Smith's farm south of this city  
and the origin of the fire is not  
known. Messrs. A. C. Daue and C. L.  
Davis, of South Salem, owned a part  
of the wood.

### New Hops Shipped.

S. Sneed has shipped 35 bales of  
first-class hops to Mr. Weaver, of Mil-  
waukee, Wis., his brother-in-law, who  
will place them for him. He was of-  
fered 9 cents per pound for them a  
week ago, but refused the offer.—Eu-  
gene Guard.

**FIRST, LAST—And always, Brin-**  
son & Co., have the highest grade of  
groceries to be found in the city.  
Every courtesy extends a prospective  
customer. We take pleasure in show-  
ing our goods.

**AT STRONG'S.**—The finest meals in  
the city are to be found at Strong's  
restaurant. Business men will find  
pleasure and comfort in eating there  
while their families are off for an  
outing.
