Corner State and Commercial Sts., Salem.

### UNION PARTY PLATFORM

Adopted at Albany, Oregon, June 2, 1897.

We demand the free and unlimited coinage of gold and silver at the ratio of 16 to 1 independent of the action of any other nation. That the government shall issue all money without the intervention of banks, and in quantity adequate to the needs of the people. That all money issued by the government, whether gold, silver or paper, shall be legal tender for all debts, public or private. That no contract or law shall discriminate against any kind of money issued by the government.

We are opposed to the issue of United States interest-bearing bonds in lieu of gold. We demand the redemption of Oregon from rix, commissions and corrupt methods, and demand honest elections and election laws, including stringent registration laws. We demand that the people shall have the veto power over all legislative enactments by the use of the referendum. We demand the election of all officers by a direct vote of the people. We favor and advise that all nominations for municipal and county officers, including members of the legislature, shall be made by primary elections. We recommend that this party shall be known as the Union party, and invite all reform forces of the state to unite with us in realizing these principles by united efforts, and we pledge ourselves to unite with such reform forces in carrying out this bond of 1892.

### Police Court.

About 12 o'clock Wednesday night "Dickie" Woods and "Tootles" two members of the local soiled dove fraternity, were arrested on the street for drunkenness and disorderly conduct. They gave cash bail for their appearance at 2 o'clock this afternoon when they pled "not guilty". They will be given a trial Friday afternoon.

THE NEW YORK RACKET.—has the best lot of clothing for all ages, men, boys and children that they have ever had, all sold at racket prices. Call and save 15 to 25 per cent. 2-2d & 1w

### Hohenlohe Will Retire in a Month.

LONDON, Sept. 2.—The Mall's Berlin correspondent says it is stated that he has been practically settled that Prince Hohenlohe, the imperial chancellor, will retire in October.

### Argentina's Short Crop.

LONDON, Sept. 2.—The Times' Buenos Ayres correspondent says the reports from all agricultural districts indicate a decrease of 20 per cent in the wheat area of the country.

### Low Excursion Rates.

The Southern Pacific will make a one fare rate from all points on their lines in Oregon to the Oregon state fair which opens September 30 and October 8. A big harvest and a big fair. A clean, vigorous, delightful and comprehensive exposition of everything pertaining to the farm and farmer. Good races and amusements of all kinds. Special attraction every day. With the present crop prospects and the extremely low railroad of one fare for the round trip, the people of Oregon can afford to patronize a state fair that benefits all classes. Popular admission of 25 cents.

### Beware of Ointments for Catarrh That Contain Mercury.

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, O., by F. J. Cheney & Co., Testimonials free. Sold by all Druggists, price 75c. per bottle.

## UNITED.

Three Parties As One.

Everything Harmonious in Nebraska for Silver.

LINCOLN, Neb., Sept. 1.—The alliance of the Nebraska free silver forces was given good headway by three large conventions, held respectively by the Democrats, Populists and free silver republicans. These gatherings, conducted under separate organizations, acted in perfect harmony, and when the routine work had been disposed of the representatives of the united parties gave their attention to addresses by leading free silver advocates. The nomination of a union ticket is assured.

The Democratic convention was the most enthusiastic of the three. The hall was filled to its utmost capacity. A feature of the opening was the deliberation of State Chairman Dahlgren, relative to the terms of union. He said:

"We want the Populists to understand that the Democrats demand their share of the fruits of union. We have conceded but two of the offices to the Populists, but we think we have a right to a supreme judgeship and when this convention appoints its conference committee and adjourns, I insist upon every delegate working with the Populist brethren, and urging upon them the necessity of granting us this office."

Temporary Chairman Shellenberger made a lengthy speech. He asserted that the mission of the Democratic party is to combat the doctrine of protection and the gold standard.

The Populist convention was characterized by confusion, as the delegates insisted on cheering for their party and their leaders. Temporary Chairman Powers made a short speech in which he urged harmonious action by the allied parties, and counseled a spirit of conciliation on the part of the Populists.

The silver Republican convention exhibited very little spirit. Temporary Chairman F. W. Loomis made a short speech, urging the forces to keep together and join hands in co-operating with the two other parties in the convention.

The three conventions then appointed committees and took a recess.

The delegates then gathered in the state house grounds and listened to addresses by W. J. Bryan, ex-Congressman Towne, General Weaver and others.

Just before the recess permanent chairman were elected as follows:

Populist convention, W. A. Pointer, of Boone county.

Democratic convention, Attorney-General Smythe, of Douglas county.

Silver republican convention, A. J. Weaver, of Richardson county.

The Populist convention was called to order at 8:30 by Chairman Pointer, who took occasion to admonish the delegates to deport themselves as gentlemen, and to remember the dignity conferred in the word "Populist." The platform reaffirms the principles of the national platform adopted at St. Louis. It reiterates the loyalty of the party to the free coinage of silver at a ratio of 16 to 1. The platform congratulates W. J. Bryan, who, through defeat, is still triumphant; who, having neither rank nor riches is the most popular citizen in the republic.

The conference committee not having reported, speeches were made by J. B. Weaver, of Iowa; "Cyclone" Davis, of Texas, and others to take up the time. Mr. Weaver declared that Iowa would be carried by the Populists next fall.

### PLATFORM

adopted by the Silver Republicans declares loyalty to the money of the constitution and favors the free and unlimited coinage of gold and silver at 16 to 1, without waiting for the

consent of any other nation; it demands that all money shall be issued by the government of the United States, and denounces the gold standard Republican party for its effort to retire the greenbacks. It demands a strict enforcement of the laws against combinations of capital. It charges the gold standard Republicans with having deserted the principles of the old Republican party in its action in St. Louis in 1896, and in placing capital before labor. It favors an income tax and denounces the present tariff law. Regarding prosperity, it says in part:

"We recognize in the beautiful crops in the country and the entire failure of crops in competing countries a splendid advantage to our people by raising the price of farm products, but we deplore famine in other lands, and want a prosperity that does not depend upon the adversity of the balance of the world."

W. J. Bryan was seen entering the hall and was called to the platform, where he made a very brief speech.

The Democrats sent their conference committee to the joint assembly of committees unopposed. The platform adopted indorses the Chicago platform and denounces the attempt made to secure the retirement of the greenbacks; deplors the delay in settling the Hawaiian question, and extends sympathy to the striking miners. After a number of speeches the convention took a recess until midnight.

LINCOLN, Neb., Sept. 2.—At 1 o'clock the committee was in deadlock, with no prospects for fusion, and as far as can be learned, four ballots were taken early in the evening on which party should get the supreme judge nomination, but they all tied.

At 1:30 a. m. the committee was considering the question of reporting back to the convention, and recommending that a mass convention be held and each delegation be entitled to a full vote.

At 2 o'clock this morning the committee was still in a deadlock. All kinds of propositions for agreement had been voted down. W. J. Bryan was called in to advise with the committee. The conventions are still assembled, waiting to hear from the committee.

At 2:30 a. m. the conference committee made the following report to the three conventions:

"We recommend that the three conventions meet separately and ballot for judge. All nominations shall be until one man shall receive a majority of two conventions before another ballot is taken. The records shall be given to the parties which do not secure the judge."

The report was adopted by the Democratic convention, but the committee was not discharged.

The Populists adopted the cottage home for their party emblem, the same symbol as that of the Colorado Populists. The Silver Republicans adopted the liberty bell.

### Law Will Be Tested.

INDIANAPOLIS, Ind., Sept. 2.—The members of the state board of medical registration and examination are here to take action with reference to the suit brought in the United States court by Don Sang, the Crown Point Chinese doctor, to whom the board refused a certificate to practice until the effort to have the law declared invalid has been tested. The proposed issuance of the certificate will be resisted by the board, which will have at its command the services of the attorney-general. The members say the suit is not a surprise, and they are rather glad that the law is to be tested immediately.

### Will Take a Hand.

VICTORIA, B. C., Sept. 2.—Japanese papers state that a commissioner is to be sent by the Japanese government to the Washington sealing conference this fall, and that he will be instructed to side with the United States as to remedial measures for the preservation of seals and sea otter.

## COULDN'T

Down a Silver Professor.

President Andrews Asked to Withdraw His Resignation.

PROVIDENCE, R. I., Sept. 2.—The corporation of Brown university voted, after a long meeting, to request President Andrews to withdraw his resignation as president of that institution. The request was embodied in a resolution to the president of Brown university: Which says:

"It is perfectly true that the vote in question was occasioned by the different views entertained on the one hand by you and on the other hand by most, and possibly all, of the members of the corporation as to the free and unlimited coinage of silver by the United States, so far, at least, as affecting the interests of the university, and the fear that your views, publicly known or expressed, might perhaps to some degree be assumed to be representative and not merely individual. It is not in our minds to prescribe the path in which you should tread, or to administer to you any official rebuke, or to restrain your freedom of opinion or 'reasonable liberty of utterance,' but simply to intimate that it would be the part of wisdom for you to take a less active part in exciting partisan discussion and apply your energies more exclusively to the affairs of the college."

"In this liberal and Catholic institution all members hereof shall enjoy full, free, absolute and uninterrupted liberty of conscience," which includes freedom of thought and expression, it cannot feel that the divergence of views upon the silver question and of its effects upon the university between you and the members of the corporation is adequate cause of separation—is profoundly appreciative of the great services you have rendered to the university and of your great sacrifices and love of it. It therefore renews its assurances of highest respect for you and expresses the confident hope that you will withdraw your resignation."

The vote on the subject was practically unanimous, and taken after speeches had been made by nearly every member of the corporation.

A letter of Ex-Secretary of State Richard Olney, addressed to the faculty, and bearing upon the controversy between the corporation and President Andrews, was read at this meeting.

"I thank you for a copy of the open letter bearing your signature, addressed to the corporation of Brown university by members of the faculty of that institution. It presents grave issues. As you know, I do not agree with what I understand to be Dr. Andrews' views respecting the free coinage of silver. I strongly deprecate the action of the corporation, indeed, upon the precise ground that nothing could be better calculated to give currency and weight to those views, just as nothing would give greater impetus to tariff reforms than an attempt by the authorities of Harvard college to discipline President Elliot for his well-known sentiments respecting 'free trade.'"

"The true objection, however, to the course pursued towards Dr. Andrews by the corporation of Brown university is its implied inculcation of the doctrine that any institution of learning should above all things get rich, and therefore should square its teachings and limit the utterances of its faculty by the interests and sentiments of those who for the time being are the rich men of the community. The demoralizing and degrading character of this doctrine, your letter fully exposes, and thereby entitles you to the gratitude, not only of American citizens generally, but of all well-wishes to Brown university in particular."

### Hawaiian News.

SAN FRANCISCO, Sept. 2.—The steamer Australia, from Honolulu direct, arrived with the following Hawaiian advices:

Francis M. Hatch, minister to Washington, arrived August 20th, with important information, which will require the attention of both the government and senate, and secret notice has already been issued to members of the latter body calling upon them to meet in extra session on September 6th, to consider the question. Meanwhile Minister Hatch is in almost constant consultation with President Dole and his cabinet. The lawmakers will be asked to ratify an annexation treaty recently signed in Washington, and as a majority of the members favor annexation, the matter will be rushed through.

The season for an extra session of the senate at this early date is a matter of conjecture and much curiosity is evinced with regard to it.

A senator is authority for the statement that Minister Hatch brought word to the effect that President McKinley has resolved to call congress together two months earlier than usual for the purpose of disposing of the treaty before the regular session.

Another matter to be considered by the Hawaiian senate is that of rendering assistance to the executive in unravelling the Japanese muddle. There are rumors of a split in the cabinet over the question, and it is said the intervention of the senate is required to prevent an open rupture.

The Hawaiian Star created a sensation by the publication of a scheme, alleged to have been backed by the sugar trust to block annexation. It is said every Hawaiian in the group had been called upon to appear in Honolulu September 14 to participate in a mammoth demonstration against a closer political union with the United States. Senators Morgan and Quay are expected to arrive from the United States on that day, and the object of the anti-annexationists is to impress them with the feeling on the islands.

James B. Castle, who has held the post of collector of customs since the queen was deposed, has resigned on account of ill health.

### HAWAIIAN ORPHANS.

SAN FRANCISCO, Sept. 2.—The board of inquiry convened yesterday by Immigration Commissioner Stradley to inquire into the cases of the five orphans who recently arrived from Honolulu on board the bark E. P. Rithe, decided that the children must be deported, upon the ground that they are liable to become public charges. An opportunity will be given the Salvation Army, however, to file a bond guaranteeing that the orphans shall not become public wards; the matter being meanwhile submitted to the Secretary of the treasury for his decision.

T. T. Williams, acting for W. B. Hearst, has offered to provide the \$1500 bond required by the government to prevent the deportation of the children, and the matter has been referred to the secretary of the treasury.

### An Insane Girl's Deed.

LOUISVILLE, Ky., Sept. 2.—A special to the Post, from Paducah, Ky., says:

Thirteen members of the family, and other people, living on the farm of Henry Miller, near Metropolis, Ill., were poisoned Tuesday, and three are dead. It is thought that at least eight will die. The hired-girl, who is insane, threw a package of rough on rats in the meal.

### Office Vacant.

PORTLAND, Or., Sept. 1.—United States District Attorney Murphy's term of office expired at midnight and, as no successor has been appointed, the office has become vacant. Justice Field will either appoint some one to act ad interim or the vacancy will last until the congressional delegation can agree on some one of the numerous candidates.

### Silver Falls.

NEW YORK, Sept. 2.—Bar silver made a new record in this market Wednesday. The quoted price was 51 1/2 cents an ounce, one quarter of a cent below the previous low record. The fall is accounted for by the suspension of the sale of India council bonds for 10 weeks. This is equivalent to shutting off the supply of exchange on India, and is likely to result in a rise of Indian exchange to the gold shipment point, and is regarded as removing one of the sustaining factors to the price of silver. At today's price of silver bullion the value of the silver in the standard silver dollar is 39.62 cents.

### Went to Pieces.

PORTSMOUTH, O., Sept. 2.—A 40-ton fly-wheel at the Burgess steel and iron works was burst by a 480-pound ingot stopping a roll. The mill was crowded with workmen. John Murphy was buried 30 feet and badly bruised. The roof was wrecked. Beams two feet square were cut in two like straws. The mill was set on fire, but the flames were soon extinguished and the furnace destroyed. The loss cannot be estimated, but the damages will close the mill until a new fly-wheel is secured.

### Healer Schliatter Prosecuted.

CHICAGO, Sept. 2.—The man calling himself Francis Schliatter, who has been conducting a "divine healing" camp at Manhattan beach, has been served with a summons to answer to the charge of practicing medicine without a license. He will be prosecuted by the state board of health, of Illinois, and if convicted is liable to a fine of \$100 for the first offense and \$200 in addition if his patients care to trouble him farther.

Dr. J. A. Egan, secretary of the board, instituted the legal proceedings.

### From Turner.

TURNER, Sept. 2.—There was a celebration at Turner Wednesday night, rockets and torpedoes were fired in front of Doc Mattison's store, in honor of the new post master, Frank Robinson. Many citizens are jubilant over the defeat of R. O. Thomas whom for 23 years has held down the office at that place.

### Mayor of Toulon Stabbed.

TOULON, Sept. 2.—As the members of the municipal council were leaving the town hall last evening after their regular meeting, an attempt was made upon the life of Mayor Pastoreau by a Corsican, who approached the mayor and stabbed him in the groin, inflicting a dangerous wound. At last accounts, M. Pastoreau was in a serious condition.

### Europe Wants Mexican Silver Bonds.

CITY OF MEXICO, Sept. 2.—New York exchange stood at 143 premium. The demand from Europe for 5 per cent silver bonds of this government continues unabated, and the bonds have been steadily rising in price. This is the most remarkable financial feature of the money market here.

### German Anarchist Arrested.

BRUSSELS, Sept. 2.—The police have arrested a German named Gustav Daubenspeck on suspicion that he was concerned in a plot to assassinate Emperor William. Daubenspeck was denounced by a friend, who learned of his intentions to leave Belgium for Germany.

Royal makes the food pure, wholesome and delicious.
