

Sciatic Rheumatism

It Shortened the Patient's Leg Two Inches, and so Affected the Nervous System that He Continually Shook as with the Palsy.

After Six Years of Torment He Succeeds in Finding a Remedy for the Horrible Disease.

From the Egyptian Press, Marion, N.H.

There is no name in this section of the country, connected with the medical world, that is better known to the public than that of Mr. Monroe Peterson. He is situated in a nice, comfortable home, with a good farm, about four miles west of Johnson City, N.H. He is now fifty-eight years old, in a healthy condition, and weighs one hundred and ninety pounds. Not a more upright and honorable citizen does our nation afford, and he is looked upon with wonder, because of his healthy condition after so long a period of misery and suffering.

The cause of Mr. Peterson's long suffering was a hurt which he received in a fall, while running a drill in 1881, being a soldier at the time. He has been crippled in his right leg ever since that date. Sciatic rheumatism then set in, and his leg began to slowly wither away and draw up in the joint, and now it is about two inches shorter than the other. It began to grow worse and, finally, his whole body began to shake like a person with the St. Vitus' dance. His first severe attack was about six years ago.

There is no disease in the power of human endurance more awful in its pains and afflictions than sciatic rheumatism. Sometimes its pain may be a slow, steady one, while, at other times, it comes with jerks and wrenches that seem to twist the body out of all shape of recognition. It seems to contract the muscles, drawing the body almost in a knot. While this is probably the most severe stage of sciatic rheumatism, it is sometimes found in milder forms. So it was with Mr. Peterson, but with it was associated a feeling and condition almost as uncomfortable and unbearable. The body was in continual shake, rendering it impossible for him to do anything. He had lost all control of his muscles. An application to a physician for relief, he was told that the difficulty might last him all his life, or, at the best, it might leave him entirely disabled and helpless.

For over three years he was not able to walk, and so severe was his shaking. He could not even sign his vouchers, thereby making it impossible for him to get on his feet. At this time he could not walk a step without aid, nor even sit down in a chair without assistance. So severe was the shaking of his head that it almost caused him to go blind. He could not distinguish a person a few feet distant in front of him. He came very nearly losing his mind, and his friends would have taken him to a hospital. When he was taken to town for examination by a physician, he had to be examined in the buggy, as he was unable to get out of the house.

At this time his life was nearly extinct, and his feet and hands would have to be bathed in warm water and rubbed in order to restore the circulation. For two years he was not able to feed himself at the table. His ever faithful and dutiful wife put the food in his mouth. At night he would take morphine, and he would not get out of bed until he was nearly dead. At this critical period he was not able to put on his clothes, not able to do anything but sit and suffer his miserable life away.

A physician gave, as his decision of the case, that his leg would have to be placed in a vice and stretched to its original length, thereby extending the contracted sciatic nerve which was the seat of trouble. Mr. Peterson, unwilling to subject his body to such severe treatment, decided to look for a cure that could be made better, if not cured, in some more humane way. All kinds of patent medicines had been tried. At times he thought he was enjoying his comfort and pleasure of a partial relief, but soon he would be back in the same old rut, making his life one of misery and affliction. Instead of life being one of enjoyment and joy, it was one of continual toll and suffering. Electric currents, which have gained such a foothold among the remedies for rheumatic and neuralgic pains, were tried with only partial relief for a while. He was treated by nearly every physician in the country. All kinds of medicines were tried without avail. Much money had been spent in vain. Still was this disease like a vampire sucking away at his miserable life. The doctors finally gave him up, saying nothing could relieve him. They had tried every remedy known to the medical world, and now they thought it best to keep the money which was being spent for doctors' bills and medicines and make his last days as pleasant for him as his miserable condition would allow. He was placed before a State Board of pension examiners and was told that it would be useless to spend any more money in this direction or to try to improve his health, for it was an impossibility. As he now thought the culmination had been reached, but, not to be lulled by despair, he still sought means by which his miserable life could be made more happy. As long as there is life there is hope.

He saw an article in the paper which stated that a distinguished lumberman, who had been cured of a case resembling his own by Dr. Williams' Pink Pills for Pale People. He then renewed courage to try again. He ordered one-half dozen boxes, and by taking pills one day rested the following night better than he had rested for years. So severe was his case that he took them nearly six months. He began to gradually mend and is now a hale and hearty man. He now goes anywhere on the farm that he desires, and is now able to write a good, plain hand and sign his name to his vouchers, and is able to do his chores about the house. While he is not yet cured, he is in such a condition that he can spend his last days here on earth in peace and comfort.

These pills were not known to this section of country till Mr. Peterson tried them, and now they can be had at any drug store. Hundreds of boxes have been sold on account of this cure. He has been cured of sciatic rheumatism, and he has been cured of the St. Vitus' dance, neuralgia, rheumatism, nervous headache, the after effect of a gripe, palpitation of the heart, and all other ailments, all forms of weakness either in male or female. Pink Pills are sold by all dealers, or will be sent post paid on receipt of price, 50 cents a box, or six boxes for \$2.50 (they are never sold in bulk or by the 100) by addressing Dr. Williams' Medicine Company, Schenectady, N. Y.

JOHN H. KOPP, Editor of the Press.

Dr. Williams' Pink Pills contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, neuralgia, rheumatism, nervous headache, the after effect of a gripe, palpitation of the heart, and all other ailments, all forms of weakness either in male or female. Pink Pills are sold by all dealers, or will be sent post paid on receipt of price, 50 cents a box, or six boxes for \$2.50 (they are never sold in bulk or by the 100) by addressing Dr. Williams' Medicine Company, Schenectady, N. Y.

AN OFFICIAL REPORT.

War Department Will Act Accordingly.

TROOPS WILL GO TO ALASKA.

Law and Order to Be Kept—Provisions Scarce.

WASHINGTON, Sept. 18.—The report of Captain Ray, the army officer who was sent to Alaska to investigate the condition of affairs there, formed the basis of the cabinet decision, to send a force of soldiers to St. Michaels at the earliest moment. Captain Ray's advice was of date August 27. He went to St. Michaels to take the river steamer for Circle City. His report showed that, without a doubt, great suffering must be experienced in the Klondike region this winter, owing to the lack of food supplies. He regarded it as essential that some one, acting under lawful authority, be placed at St. Michaels to restrain the lawless elements.

Secretary Alger gave orders for the sending of troops. There will be only 25 infantry go, and they will be sent from Fort D. A. Russell, where Captain Ray had made a selection of hardy men to accompany him, when he was about to go north. These men will be under the lead of Lieutenant Colonel Randall, now at Cheyenne, and there will be a surgeon and four members of the army hospital corps, because of the reports of prevailing sickness in Alaska.

Secretary Alger has managed to overcome the difficulty in the matter of transportation by means of telegraphic correspondence with President Weare, of the Alaska Transportation & Trading Co. That gentleman has informed the secretary that the company will start a boat from Seattle for St. Michaels within the next seven days. This boat will take up many food and clothing supplies, but the troops will be taken also, if the war department desires it.

Overland to Klondike.

CHICAGO, Sept. 18.—An expedition is being made up in Chicago to travel to the Alaska gold fields, using the path traversed by the Hudson Bay company for nearly a century, although comparatively unknown. The expedition is made up of twelve men, Chicagoans and Canadians, who will meet at Edmonton, N. W. T. They go by stages to Athabasca landing, thence via dog and cayuse trains along the McKenzie river to Fort McPherson, on the Peel river, which they expect to reach about New Year's. The Klondike is the ultimate destination of the party, but the ground in the vicinity of the Peel river will be thoroughly prospected. Nine tons of provisions will be taken.

How's This?

We offer one hundred dollars reward for any case of catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Props., Toledo, O.

We the undersigned have known F. J. Cheney for the last 15 years' and believe him perfectly honorable in all business transaction and financially able to carry out any obligation made by their firm.

Walding, Kinnear & Maryin, wholesale druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surface of the system.

Dr. Williams' Pink Pills contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, neuralgia, rheumatism, nervous headache, the after effect of a gripe, palpitation of the heart, and all other ailments, all forms of weakness either in male or female.
