JOURNAL "X-RAYS."

Two students were expelled from the university yesterday for gambling. It is said that a third student did not care to stand trial and left to avoid the action of the faculty. We are told that the U. of O. grand jury is in session and that more "true bills" may be found.—Register.

What some universities have is a fine club room where the boys may enjoy a game of whist when it does not interfere with their studies. Once a week invite the young ladies in and let them play too.

The editor of the Pendleton East Oregonian closes an article in this modest yelp: "The men in this community that 'bated' and 'abused' Mr. Jackson for years, and so and

behold, it transpired that when Mr. Jackson had the power to crush them and humiliate them he proved a friend in need and to this day has their respect and gratitude. Mr. Jackson is not made of that kind of dirt that he lives just "to get even" with his enemies, so-called. He has no enemies; or rather he feels he has none, for the capacities of those who pose as enemies of their fellowmen are such as to excite no alarm with those who are able to take care of themselves, and Mr. Jackson considers himself of those.

The Iowa state fair owes no man anything. It is discharged every obligation, and stands four square to all the winds that blow.

They are now referred to as the Oregon triumvirate.

N. Y. World on Van Wyck of New York: One million spent on English race-tracks. That is the record of the man who named for Mayor "a man whom I control." One million given to an American college. That is the record of Seth Low. Choose!

Gov. Fletcher thinks the woman talk too much. Some woman has evidently been giving him a piece of her mind.

Napoleon's test of a man, was the question: "What has he done?" It is a good test. If it were rigidly applied to those who seek office or honor good would result.

American steel rails are \$7.50 a ton cheaper in Japan than in this country, showing the benefit of protection. Who gets the \$7.50?

Gov. Fletcher was a little severe on the women in the Luetgert trial. But they are a long way off and he is in no danger of a horsewhip.

This is a bimetallic country on a gold basis, which shows the power of the money lenders of Europe.—Exchange.

Salem Independent: If Col. Hofer does not stop talking about a "charming woman and a delightful young lady daughter," he will break up our household. These women now think that the colonel is the grandest, the greatest, the most lovely and altogether the most superb specimen of manhood that ever graced the earth. When women get to thinking such things they are liable to leave a fellow any day, and run away with a handsome man.

Some big man advocates more Chinese immigration. By all means, let us have a few million. They might add to prosperity. Everybody makes so much money off them.

The letter from President McKinley to the queen regent of Spain, accrediting Minister Woodford, concluded with these words: "God preserve your majesty. From your majesty's good friend, William McKinley." If that period after the word majesty had been omitted the sentiment might not sound so amiable but it would have been very appropriate. The critic is reminded by this letter of the famous one which ended thus: "You are my country's enemy. I am yours, B. Franklin."

Bishop Potter favors the restoration of the whipping post for certain offenses.

Salem Independent on Dr. Lane's charges: "These are sweeping charges to bring against any citizen. They are either true or they are not true. If not true they are libellous, and if libellous, Mr. Patterson should carry the case to the courts, and have them vindicate his character. That would be our way of doing it."

General Debility and Loss of Flesh

Scott's Emulsion has been the standard remedy for nearly a quarter of a century. Physicians readily admit that they cannot get from any other flesh-forming food. There are many other preparations on the market that pretend to do what

SCOTT'S EMULSION

does, but they fail to perform it. The pure Norwegian Cod-liver Oil made into a delightful cream, skillfully blended with the Hypophosphites of Lime and Soda, which are such valuable tonics, makes this preparation an ideal one and checks the wasting tendency, and the patient almost immediately commences to put on flesh and gain a strength which surprises them.

Be sure you get SCOTT'S Emulsion. The man and fish are on the wrapper. See and know, all druggists. SCOTT & BOWNE, Chemists, New York.

REV. H. A. KETCHUM INSTALLED.

The Impressive Installation Ceremonies Witnessed By a Large Audience. The large auditorium of the First Presbyterian church, which was beautifully decorated for the occasion, was comfortably filled Thursday evening to witness the installation of Rev. H. A. Ketchum a cordial reception.

The exercises opened with the Doxology and an invocation by Rev. D. M. Davenport. A hymn, followed by scripture reading by Rev. Wm. Robinson from Hebrews 1, preceded a prayer by Rev. Earhart, of Turner.

The installation ceremonies, proper then followed by Rev. E. J. Thompson, of Corvallis, a former pastor of the Salem church. The choir rendered an anthem and Rev. D. M. Davenport, of Lebanon delivered the charge to the pastor. The task of delivering the charge to the people was the happy privilege of Rev. G. H. Whitman, of Dallas, who was present at the dedication of the Salem church and also at the installation of Rev. A. L. Hutchison as pastor of the local church. Rev. Whitman's remarks were followed by a fervent prayer from Rev. E. J. Thompson. A hymn followed and the pastor Rev. H. A. Ketchum concluded the exercises with the benediction.

The assemblage then resolved itself into a social gathering and tendered an informal reception to the pastor and his family, who were made to feel that they would have the hearty cooperation and sympathetic of the church and congregation so long as the relations between them as pastor and people, which were so pleasantly established last evening, should exist.

Reed's Opera House.

According to the consensus of opinion of the press throughout the United States, "The Hoosier Doctor" Augustus Thomas' latest success, is inestimably his greatest play. It is said to happily blend features that will appeal to all classes of theatre goers. It combines comedy, wit, pathos and human nature to a greater extent than either "Alabama" or "In Mizouria." It is quiet in tone but forceful in its strongly drawn character types. As the title indicates, the play is founded on Indian life and is a comedy of a domestic nature. It is replete with incidents interwoven with little counterplots for which Mr. Thomas is so justly famous. Digby Bell, in the title role, is credited with having made the most pronounced success of his career and his manager, Duncan B. Harrison, has surrounded him with a supporting company of extreme excellence, the members of which have won the universal encomiums of the press for their artistic interpretation of the various characters assigned them.

The cast consists of the following ladies and gentlemen: Laura Joyce Bell, Mabel Strickland, Viola Miles, Emma Butler, Margaret Owen, Marie Fulton, Jeanette Wilder, Estelle Marbury and little Ethel Vance, and the Messrs. Arthur Hoops, Frank Monroe, Herman Hirschburg, Gage Clark, Harry S. Robinson, Joseph L. Treach, Bert Bayard, Edward H. Franklin, Charles Edwards and others. The company appears here Monday, Nov. 1, at Reed's opera house.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free. F. J. CHERRY & Co., Toledo, O. Sold by Druggists, 75c.

Heart Trouble Quickly Cured.

A Convincing Testimonial.

MISS ELLA KURTZ.

"For 19 years I suffered from heart trouble. During that time I was treated by five different physicians. All of them claimed that I could not be cured. I was greatly troubled with shortness of breath, palpitation and pain in the side. If I became excited, or exerted myself in the least, the pain in my side became very severe. At times it seemed as though needles were shooting through my side. Sometime in the month of November last, I commenced taking

DR. MILES' HEART CURE

and since then I have improved steadily. I can now sleep on my left side, something I had never been able to do before. I can walk without being fatigued, and am in much better health than ever before. I would recommend all sufferers from heart trouble to try Dr. Miles' invaluable remedy without delay." MISS ELLA KURTZ, 515 Wright St., Milwaukee, Wis.
