EDITORIAL.

For theory that is called dead, bi-metalism is a vital power, we are to judge from the excited editorials in the gold press and the appropriation of \$1,000 by the Sound Money League to be expended in Oregon.

On naming his infant, Richard Folsom, an exchange says: One Grover Cleveland in a century is all that a submissive nation could stand.

The new Salem board of trade is not taking cord wood or cabbage on stock subscriptions.

The elopement of Robert T. Lincoln's daughter merely indicates that the course of true love still insists on running otherwise than smoothly.

If our flag is absent from all foreign ports, we console ourselves with the satisfaction of knowing that with government aid we have manufactured thousands of American railroad millionaires.

It is not loud talk makes an effective board of trade but quiet work of the right sort.

The tri-weekly New York World has a new column called "The Week Abroad" contains an excellent summary of foreign news.

A number of our subscribers have availed themselves of our offer to supply "The Gentleman Farmer" for 75 cents a year. It is a first-class family monthly.

The Des Moines Daily Evening News enters upon the 10th year with the largest evening circulation in Iowa. There is a legitimate field for evening journalism and the news seems to occupy it fully in the capital of Hawkeyedom.

Marion county taxpayers are bled badly enough by the assessor's office is worked the year round for all there is in it, without suffering heavy losses because the rolls are not completed on time. Squire Farrar is the new member of the State Tax board from Marion county, will have a hard enough time to stem the annual raid on Marion and Multnomah county taxpayers, without having a delayed roll place him entirely at the mercy of the combine.

One hundred men should be employed all this month cleaning the Salem streets and alleys for winter. Of all the money raised by taxation in this city the laborer gets but little and that in discounted warrants.

It is a matter of public interest that the young men of the Y. M. C. A. debating club at Salem should discuss the question of making nominations for office by direct vote of the people. The young men will find that they have taken up a live question. The dominating power now exercised by the political machines in large cities is subjected to great abuse and is the greatest obstacle to real self-government by the people. There can be no responsibility to the people by their alleged representatives in legislative halls when the representative doesn't feel he owes his position to the people.

The Bryan party at Salem should put up a silver candidate for city treasurer on a citizen's ticket. This Journal believes that the interest of honest administration, the restoration of city credit and to bring city warrants to par, requires that the Bryan forces of this city put up a candidate for city treasurer at the coming election the first Monday in December. The Republican city convention will undoubtedly be controlled by those responsible for the deplorable condition of city finances. It will put up a Republican candidate who, if elected, will continue the present methods, under which outstanding funds are not collected, under which all city paper is discounted by the

warrior scalper, and the people have no protection whatever. Those who indulge in the self-fattery that they are Sound Money people, and that all Bryanites are repudiators if not anarchists, ought not to expect Bryan men to endorse their method of handling public funds.

THE JOURNAL is proud of Salem business men, and at the bright manner in which they are represented in our advertising columns.

Our readers are requested to look up the offers of JOURNAL advertisers. They will find bargains in every line, and any family who will watch our columns closely can save money on their supplies.

Commercially Salem is the Queen city of the Willamette valley. Her banks are sound, her mills are running, her merchants carry heavy stocks and employ modern methods.

It is a pleasure to do business with an intelligent trader who knows what goods are, and who will not take advantage of buyers who trust in his honesty.

The modern theory of business has been widely adopted at Salem. Quick sales at prices plainly stated, fair margins and square dealing on a cash basis satisfies average Americans best, be they buyers or sellers. All such deserve to be successful and prosperous.

Spain has changed her tactics, but not her purpose, in dealing with the Cuban people. The Spaniards have no intention of granting real autonomy to the unhappy islanders if they have such intention now, it is born of necessity, and would vanish when their purpose is gained.

Spain's avowed change of policy is an adroit move to trick the Washington government into further inaction. While the Spanish ministry is making profuse declarations of conciliation and reform, it is significant that Blanco's manifestoes breathe the harsh spirit of unrelenting war. War is necessarily spoliation, and every Cuban who has taken up arms against Spain is technically guilty of that offense. In the same way it will be found that any Spanish province of autonomy will be adroitly provided with a loophole which would enable Spain to rule with the same old iron hand, once the insurrection was broken.

It can scarcely be thought that the president and our state department will permit themselves to be deceived by such gauzy diplomacy.

Commercial circles are still excited over the order of Secretary of War Alger establishing the military reservation for one hundred miles around St. Michaels. The "reservation" is as free as air, with no restrictions to the North American Transportation and Trading company.

The Chancery Ledger sees no reason to change its views from those expressed at the outset, that the order establishing a military reserve is calculated to give an undue advantage to one company, already established, and to impose almost prohibitory restrictions upon all others, to guard a private monopoly by federal bayonets.

Secretary Alger is entitled to benefit by his assertion that the department has no desire to show favors, but the fact remains that under the order, which the efforts of the two great cities and the appeal of the governor of one state have not been able to secure the slightest modification, favor is shown to the company which has its business already established within the sacred limits, and therefore is not affected by the order except in a beneficial manner.

The protests of the leading Republican papers seem to have no effect. Mr. Alger is himself a millionaire monopolist and why should he desist? It would be too bad if Oregon were to become a "silver state" like Washington, where state taxes have been reduced, state warrants are at a premium, and legislative expenses and appropriations were reduced nearly one-third. Oregon politicians could never stand that, but the people would not show tears to have just such a dose administered and kept up for about ten years until the producer got caught up with the tax-gatherer and war-warrant scalper.

It may be that Republicans of Ore-

Merit Made

Made and Merit maintains the confidence of the people in about thirty years. It is a wonderful cure every where, and beyond all question that medicine possesses merit.

Hood's Sarsaparilla

That is just the truth about Hood's Sarsaparilla. We know it possesses merit because it cures, not once or twice or a hundred times, but in thousands and thousands of cases. We know it cures absolutely, permanently, when all others fail to do any good whatever. We repeat it.

Hood's Pills

I am not an advocate of a long state platform. I am willing that the fight be made upon the initiative, referendum and imperative mandate, which must come through a new constitution, as no amendment has ever yet run the gauntlet of two legislatures. Please show up the "forty visionary theories" and oblige, Yours truly,

E. A. MYERS.

[THE JOURNAL'S editorial referred to was a protest against long platforms in general. The people are tired of meaningless platform bungee. The national platforms of 1896 would fill quite a large book, and while the Bryan platform defeated Bryan, the McKinley platform nearly defeated McKinley, and will defeat him before he is through with it. A few fundamental principles that the people can understand and that the party going into power can live up to are better than any number of "principles" in the abstract. The Union Silver party in Oregon should not consider over three propositions.

1. Free coinage and national currency.
2. The people to have the referendum on all general legislation.
3. Common honesty and economical administration.]

STATE NEWS.

Lincoln county had \$25,979 of outstanding warrants on Oct. 9.

On October 1st, Gilliam county had \$24,201 in warrants outstanding.

N. D. Elliott has purchased a half interest in the weekly Newberg Graphic.

A carload of Oregon apples have been shipped from The Dalles to Waco, Texas.

The pupils of the Jacksonville public schools are raising a fund for a school library.

Dixon McDonald has been appointed postmaster at Biggs, Or., vice Lucius Clark, resigned.

Wm. Benschaw of Eugene, charged with selling liquor to a minor was found guilty by a jury and fined \$25.

The city of Ashland has liquidated \$3200 of its city debt this year, in addition to paying current expenses.

Stock in Baker county is reported to be in excellent condition, and the loss this winter promises to be unusually light.

L. D. Forrest has filed a suit in the circuit court, at Eugene, against J. C. Goodale for \$2300, on account of a timber deal.

Between seven and eight hundred cords of wood have been shipped from Brown's spur, Polk county, to Portland this year.

Wild geese are, it is said, plentiful near Arlington, on the Columbia river, and hunters have been having fine sport.

J. Keeney, who has stone blind recently walked alone from near Mayville, in Gilliam county, to Condon, a distance of 70 miles.

Four first grade, two second grade and four third grade certificates were issued at Forest Grove at the last quarterly examination.

Three hundred and forty-seven bales were sold at 124 cents and over, and 300 bales at prices ranging from 7 to 10 cents, at Dallas last week.

The second Northern Pacific barge arrived at Astoria from Kalama, Saturday, with another lot of cars for the Astoria & Columbia River railroad.

Mrs. Rhoda Angus, of Cottage Grove, while enroute to California became violently insane and was handed over by the conductor to local authorities at Chico.

The quarterly teacher's examination closed at Dallas, Friday. There were only four applicants for county certificates, all of whom failed. One applicant for a state certificate was successful.

Five carloads of Angora goats from Idaho were shipped west from La Grande, last Thursday. It is stated that the goats will be wintered at Pendleton, and that they will be used in the Alaska county next year.

Klamath county Indians were in Medford trading last week. They came in greater numbers this year than usual, and their purses were longer, and filled to the neck. One family purchased four silk dresses.

Travel across the Cascade mountain range, on both the McKensie and Middle Fork routes, has ceased for the winter. Parties who came in over the McKensie road recently report from one to seven feet of snow near the summit.

H. H. Winslow, on Tuesday, in Sheridan, Yamhill county, sold his horse, about 5000 pounds, for 125 cents per pound. The same day Messrs. Foster and Fossil consigned 6000 pounds, each receiving an advance thereon.

The Goodell Refrigerator company, of Eugene, has dried about 20 tons of apples in the canner company's drier. The company expects to continue the work as long as apples can be procured, which will probably be for some weeks yet.

The Columbia Southern Railway company has established its own express company, and will handle all express matter over its line, in connection with the Pacific Express company. All express for Wasco is billed to Biggs, in care of the Columbia Southern Express company.

S. A. Gardiner made a sale of nine carloads of Grand Ronde apples to the Deseret Commercial company, of Ogden, Utah, in La Grande, last Friday. The sale was made on telegraphic orders from the Ogden firm, and the fruit is to be packed at La Grande.

Sheriff Johnson, Friday found under the walk near the foundation of the new courthouse, in Eugene, a key to the old Deffance safe, which had been in the sheriff's office for many years, and which has of late years been supplied by one larger and more modern. The key has a brass handle and steel blade, and is about one inch wide. It has been lost for years.

A report of a very rich strike in Lane county has created considerable excitement in Eugene. A miner who brought in some very rich ore and who claims there was a great abundance of it, came in, left samples, got more grub and put right back to locate and stake his claim before he would tell where it was.

J. Miller, of Sheffels, in Linn county, has what he calls an evergreen tripartite, which, he says, is not affected by frost. This variety, while bearing an underground potato, like other and common kinds, has a potato above the ground on the joints of the vines. Mr. Miller will investigate this new potato, and propagate it.

Two men with their faces blackened entered a saloon near the depot, at Roseburg, at 1 o'clock Saturday morning and compelled D. W. Stephens, the bartender, at the point of revolvers, to "dig up." One man went through the till while the other covered Stephens. They got about \$12 in silver, overlooking some small change.

"Only the Best" Should be your motto when you need a medicine. Do not be induced to take any substitute when you call for Hood's Sarsaparilla. Experience has proved it to be the best. It is an honest medicine, possessing actual and unequalled merit. Be wise and profit by the experience of other people.

The chemical department of the experiment station at the Oregon agricultural college practically finished the work of analyzing sugar beets. The last lot was from La Grande. Fifty samples from there were analyzed during the season, all of which showed high percentages of sugar and purity. The last lot analyzed consisted of 20 samples, which gave the following results, the first figures referring to sugar and the second to purity: 18.0, 91; 16.6, 88; 18.4, 91; 16.6, 84; 20.0, 94; 18.2, 90; 19.0, 90; 15.0, 82; 17.0, 84; 17.5, 85; 13.3, 85; 15.2, 89; 20.9, 91; 20.0, 93; 18.1, 91; 17.5, 83; 15.8, 82; 13.3, 80; 14.9, 86.

Seven Months With Fever.

Wonderful Recovery of Health.

Mr. Baird's rapid and marvelous recovery from a long and painful illness, which he has taken sick with typhoid fever and I had to be put in bed for a long time. After getting over the fever I was thin, nervous and tired, and had lost my appetite. I had tried many different remedies, but nothing seemed to help. I then bought a bottle of Dr. Miles' Restorative Nerve, and after using it a few days I felt much better. I continued to use it until I was completely restored to health. I can now do all my usual work and feel like a new man. I am glad to say that I have never had a relapse since I began to use Dr. Miles' Restorative Nerve.
