HORRIBLE TRAGEDY.

The Crime of a Drunken Indian.

THREE LIVES ARE SACRIFICED.

Other Criminal Matters--A Black Record.

DULUTH, Nov. 26.—Word has reached here of a shocking Indian murder that took place on the Fond du Lac reservation, 40 miles north of here.

About the time Anamasin had finished his work another Indian named Peterson happened to be passing the house, and hearing the noise he broke into the room and attempted to protect the prostrate woman.

He then took the body and threw it into a creek near by, and returning to the house saturated the floor of the room in which his wife and child lay with kerosene and applied the match.

A number of neighboring Indians by this time became aware that something was wrong, and breaking into the house got the woman and child out, but the rescuers barely escaped with their lives.

A squad of Indian police started after Anamasin, and caught him about daybreak on the Cloquet road.

He showed considerable fight and informed the police that he could not have him alive, thereupon one of the police fired at him, inflicting a slight wound.

He was taken back to the reservation and locked up.

In Spotted Hawk's Behalf. WASHINGTON, Nov. 26.—The killing of a herdsman, named Hoover, in Montana, which caused intense excitement and led to hasty action by the government to avoid an Indian outbreak, was recalled by a request which Secretary Bliss received from the Indian Rights Association.

VIENNA, Nov. 26.—Dispatches received from Mersina, Asia Minor, announce that, as a result of the decision of the Turkish government to grant demands of Austria to redress in consequence of the treatment of Herr Brazzafold, the agent of the Austrian Lloyd Steamship Company at that point, and the subsequent results complained of by the Austrian consul there.

In Revolt. CONSTANTINOPLE, Nov. 25.—In consequence of the revolt of Albanians of the district of Lopk and Dkova, northeast of Scutari, large bodies of Bulgarian and Servian troops have been ordered to proceed to the affected district.

In further proof of the assertions regarding the condition of the Spanish troops the Herald correspondent has received the following copy of an official telegram from the military commander in the Ciaga de Avilla.

Such is the condition of affairs in the Spanish army which General Blanco has to contend with. It is hardly to be wondered at that he feels incensed at the way in which he has been deceived by the Spanish officers.

THOUSANDS ARE SICK

The Spanish Soldiers in Cuba Suffer for Food.

FORTS USED FOR HOSPITALS.

Unable to buy Their Own Food for Want of Money.

NEW YORK, Nov. 26.—A dispatch to the Herald from Havana says: Deploable as the condition of the concentrados may be, Spain's first duty is clearly to relieve the sufferings of her troops.

Deploable as the condition of the concentrados may be, Spain's first duty is clearly to relieve the sufferings of her troops. The loyal soldiers are in as serious a plight as a majority of the concentrados.

When General Blanco, in an interview four days after his arrival, stated that he would do his utmost to better the condition of the private soldier, he was sincere, but it was impossible for him to realize what the soldiers were in.

The reports of officers are calculated to deceive the captain-general. All that General Blanco has to judge by are reports from his officials, and even these, despite all attempts at concealment, are appalling.

Some Spanish officers are likely to be degraded in consequence of the raids. The attack on Casa Blanca was made by Brigadier-General Cardenas and 50 rebels.

It is learned from an inside source that the object of the rebels was to release General Ruiz Rivera, and hang a citizen named Fumiro, who is known as a spy.

In Matanzas, Cienfuegos, and in fact nearly all the towns credit to the troops has been refused, and telegrams similar to the above are pouring in to the palace daily.

Such is the condition of affairs in the Spanish army which General Blanco has to contend with. It is hardly to be wondered at that he feels incensed at the way in which he has been deceived by the Spanish officers.

Stories of the sufferings of the concentrados have been so frequently published that there is little that is new to tell. However much in earnest General Blanco may be, it will be weeks before he can effect any visible change.

The rebels approached and fired upon Mariana last night. There was great excitement. The volunteers were called out, and with the troops returned the rebels fire.

Correspondence received from the east states that General Gomez is massing men near Sagua, and is preparing to march westward to strike a potent blow before congress meets.

Unusual activity of the rebels is reported from all quarters. The Spaniards are also making preparations for action, but as yet each avoids the other.

TAMANY'S GIFT TO THE CUBANS.

NEW YORK, Nov. 26.—Thomas Estrada Palma, who represents the Cuban revolutionary government in this city, has had his attention called to Richard Croker's statement that the \$20,000 turned over to Palma by Tammany was gathered in the confidence that it would be used for the best possible purpose.

"We did not ask for money to buy munitions of war. We have all the guns and ammunition necessary.

Tammany turned the \$20,000 over to me as the representative of the revolutionary government to help the hungry and sick and wounded among the Cuban patriots.

A Bold Raid. HAVANA, Nov. 26.—A few insurgents raided the Casa Blanca, within rifle shot of Blanco's palace on Sunday morning.

They camped in broad daylight within a quarter of a mile and in full sight of the squadrons of cavalry and double line of fort garrisons in going back to the country.

WEAKENING.

Tone of Produce Market.

Potato Market Improving--Prunes Are Very Weak.

The Salem produce market for shipment is weakening on some points.

The best Italian prunes here only 3 1/2c; French 2 1/2, and almost no demand. The O. F. & P. Co., have orders for several cars but the price bid is so low they cannot pick them up.

POTATOES FIRMER. The shipping demand for spuds is increasing. Sacks are furnished and some choice lots have been bought as high as 20c.

THE WHEAT MARKET. Jumped up 4 cents this week and is quoted 83 at Salem today. The quotation at Albany Thursday was 67 cents, 3 cents lower than Salem.

OTHER PRODUCE. Dried apples are in demand at 4 to 5 1/2c. Onions are firm at \$1.25 per cwt. Apples being 35 to 60 cents and are still advancing.

POLICE COURT NEWS. A Number of Evil-Doers Arraigned Before Recorder Edes.

Annie Webster, a local demi-moed, was arrested early Thursday morning for assault and battery on "Pauline," another member of the soiled dove fraternity and deposited \$20 cash bail for her appearance at 1 p. m. today when her case was continued until Saturday.

Nom Sam, of Salem Chinatown, today paid a fine for assault and battery on the person of another celestial.

J. Butler and A. J. Hill, members of the Gypsy troupe, encamped in North Salem, were arrested Thursday upon complaint of Mat Faltart, of Hayesville, charging them with the larceny of a buggy wheel. They were arraigned before Recorder Edes this morning and plead not guilty. They will be given a trial at 10 a. m. Saturday.

Butler is a brother of the man who was arrested several weeks ago as a result of the story of Pearl Boyd.

W. D. Rogers is under \$100 bonds for his appearance in police court Saturday to answer to the charge of assault and battery on the person of his two months old infant, H. D. Travers and J. L. Freeland are his bondsmen.

About City Politics. There is some talk among Republicans interested in city politics about there being an issue made over restoring ex-Policeman Gamble.

Ross E. Moore, first ward; G. N. Ashby, 2d; E. B. Phillips, 3d, and Frank Hughes 4th; Geo. G. Bingham, chairman, constitutes the Republican city committee. The committee has virtually decided to nominate A. Lee for city treasurer and hold no convention to attend to the primaries, but to nominate a candidate for Alderman.

In the Fourth ward there will probably be no opposition at the primary to Alderman Logg.

In the Third, Tom Sims will contest the nomination with Alderman McGrew.

In the first, the nomination, as the Republican primary, lies between Lot Pearce and Capt. M. W. Hunt, and between John Gray and W. J. D'Arcy on the other side of the fence.

A Great Treat. Salem theater goers have a treat in store for them in the engagement of the "South Before the War" company for next Tuesday evening at the Reed. This company consists of fifty people, who travel in their own special car. The troupe is playing before crowded houses, at Portland, every night this week, standing room being at a premium. The original and plaintive Ethiopian, can alone be heard and appreciated by an audience when given by descendants of that race. The seas are going rapidly and everything indicates that the company will be accorded a big attendance at Salem.

In a Lawsuit.

TOPEKA, Kan., Nov. 26.—Constable Bert Lucas served attachment papers on the stage properties supposed to belong to Corinne B. Kimball, the actress. The suit was brought on complaint of Corinne's managers Rich & Meader, who allege a violation of contract on her part. Corinne alleges that their statements are false and says they owe her over \$6000 in back salary.

When the officer, with six deputies, appeared on the stage, he was met by Corinne's musical director, Clarence Rodgerson, who showed them a bill of sale for the property, in his name, from Corinne. Under this new complication, the officer refused to hold the property without an indemnity bond of \$5,000 from Rich & Meader. This they did not give, and the officers released the property. The suit still stands.

Found Home Again. HILLSBORO, Or. Nov. 26.—Word was received that John Berger and William Lounsgnot, Jr., reported as having perished in the Nemlem mountains, had reached Vernonia, after being lost nine days. They were without food three days, but luckily found a deserted cabin, in which were some provisions, otherwise perhaps they would have perished. The abatement of the severe storm in which they were caught made traveling through the wilderness possible, and allowed them to find their way out by way of Rock creek, both men reached Vernonia in an almost exhausted condition.

Getting Evidence. BERLIN, Nov. 26.—The Frankfort Zeitung says that the family of Captain Dreyfus, now imprisoned on the Isle of Sybelle, off the coast of French Guiana, on the charge of having sold French secret military information to a foreign government, have enraged Sir George Lewis, the wellknown London lawyer, to discover, if possible the author of the memorandum of evidence on which Dreyfus was convicted. Sir George Lewis is said to have got on the track of the Comte Esterhazy through an American lady, who, through a porter at the German embassy in Paris, learned that the German officials talked of the injustice of the conviction of Dreyfus.

Governorship of Crete. BERLIN, Nov. 26.—The plan of the powers to appoint Colonel Schaefer, a native of Luxembourg, governor-general of Crete, was a failure.

Earthquake. BUCHAREST, Nov. 26.—There were two severe earthquake shocks. No damage was done.

A SERIOUS CHARGE. W. D. Rogers Accused of Shamefully Beating His 2 Months Old Child.

W. D. Rogers, a local photographer, was arrested this morning by the police officers on the charge of beating his two months old child, such information having been preferred against him by his brother-in-law, Frank Sutton.

Rogers and his wife (nee Sutton) have been residing with Mrs. Rogers' mother, Mrs. Sutton at the foot of Court street. Recently the child which is but a little more than two months of age, has been quite fretful and it is alleged, Rogers has several times very shamefully and brutally beaten the child. Thursday evening the father again severely punished the infant, the severity of which caused Mr. Sutton to cause Rogers' arrest this morning.

Rogers was arraigned before City Recorder Edes this morning and plead not guilty whereupon his trial was set for 10 a. m. Saturday. His bonds were placed at \$100 which he furnished with H. D. Traver and J. L. Freeland as sureties. Before furnishing bonds, Rogers signified a willingness to pay a small fine, but Recorder Edes would not entertain such a proposition.

Should Rogers be guilty of the inexcusable brutality with which he is charged and the same will be shown at the trial if the man is guilty, he is deserving of the full penalty of the law. In case the charge is unjust Mr. Rogers will have an opportunity to prove his innocence at his trial.

SHE POOLED THEM. Pearl Boyd Has Returned to The Wand'ring Life of a Gypsy.

Pearl Boyd, who created so much excitement in this city several weeks since by a story of her alleged abduction by Gypsies in North Salem from whom she ran away, again is the deception of this class of individuals illustrated.

Following her escape from the Gypsy camp the girl was provided with a temporary home at the residence of Mrs. E. M. Vandervert, on Church street. A few days later a suitable and permanent home was provided for the girl with a Portland family, to which place she was sent on the river steamer. She remained at her metropolitan home until a few short weeks ago when she ran away and is now with the miserable and indolent people with whom she came to this city.
