

"WHAT GOD REIGNS?"

Respectfully Dedicated to President Hawley of Willamette University.

Portland Oregonian Editorial, Jan. 21, 1898. (cut this out.)

"WHAT GOD REIGNS?"

Evidently Not the God Who Directs the Moral Government of the Universe.

The New York Evening Post is keenly sarcastic over the message sent by Hanna to the president, "God reigns, and the Republican party lives."

There has probably seldom been an occasion in the United States when the general estimate of his character and attributes by a true one, the devil was more active, influential and satisfied.

So far we have not heard of a Young Men's Republican club headed by a boy under 50. The Republican party is not a kindergarten.

There will be so few laboring men left in the country, that it may pay better to go to work soon than to be a doctor, lawyer, editor, merchant or deity to steal.

A Portland man who has been offering to sell a half block alongside the X-Ray man for \$300, now that city water and sidewalks are built asks \$1000.

These cops in Linn county have no debts, the lowest tax levy in the state, and their whole assessment bill for 1897 was only \$2338 as against \$3001 and \$3898 for two preceding years by Republicans.

Of the forty reindeers imported by Uncle Sam, (Alger, McBride, et al.) to relieve the starving (?) Klondikers only fifteen arrived in New York city alive, and the Democrat will wager a pound of rabbit meat that not one of them will ever see Dawson city.

It takes a first-class business man to run the Salem Waterworks, Electric Light Plant or Woolen Mills, but to handle the public school system any second-hand politician is good enough.

An Albany paper says a Salem lady recently became so excited over an indoor game of baseball that she demitted the chair on which she had been sitting.

Whatever John C. Young, People's party state chairman did, he never contributed to the peace and harmony of the Republican party in Oregon, and he's the one man the Republicans have real cause to fear.

Do the voters of the Silver Republic, Populist and Democrat parties in Oregon wish to strengthen the hands of their friends in congress? The only way they can do so is to elect two congressmen and a senator to fill places now occupied by men who vote every time for perpetuation of the gold standard.—Eugene Guard.

The people don't want any office-seekers or cheap-John politicians elected school directors this year. They want first class men.

Now of course, something must be given Cornmeal Ike. The Republican party can't exist unless both he and Andy are in office. That might as well be understood.

JOURNAL "X-RAYS."

We sympathize with our friend-Ike Patterson. When he was voting for Delph and at the same time secretly played McBride's cards, he straddled so wide that Portland Collectorship went between his legs.

Now let us all pull together and get Cornmeal Ike a road supervisorship in Polk county.

We have a great deal of sympathy for the petty criminals who occupy our jails. But it don't follow that we must respect the big successful thieves who ought to occupy them.

WASHINGTON, Jan. 22.—Land Commissioner Hermann today transmitted a letter to the senate opposing an extension of the Cleveland forestry reservation order. This applies largely to Oregon and Washington.

Col. Dunne, of Portland was a Mitchell Republican, but he was not in the push at Salem last winter. Of course, he will name some of Ike Patterson's strikers in Marion county for his subordinates.

Mr. Geer, can now come out openly for governor, as he is no longer a candidate for the Custom House.

There will be so few laboring men left in the country, that it may pay better to go to work soon than to be a doctor, lawyer, editor, merchant or deity to steal.

Men who can't afford to take any ordinary office can afford to serve the public school system.

IN OLDEN TIMES

People overlooked the importance of permanently beneficial effects and were satisfied with transient action; but now that it is generally known that Syrup of Figs will permanently overcome habitual constipation, well-informed people will not buy other laxatives, which act for a time, but finally injure the system.

ASSESSMENTS COMPARED.

The Year Just Closed Shows a Great Saving in Linn County.

County Judge Geo. D. Barton, an old Iowa Silver Republican, who has become the head of the Linn county Populist administration, sends us the following statement about the cost of assessment in Linn county.

THE PRESENT COUNTY STATEMENT. Mr. Stafford, completed his first year's services as such officer, January 1, 1898, and below we give a table representing the exact cost of assessing Linn county for the three consecutive years, viz: 1895, 1896, 1897.

COST OF THE ASSESSOR'S OFFICE. Jan. 1, 1895 to Jan. 1, 1896... \$3988 50 Jan. 1, 1896 to Jan. 1, 1897... 3001 00 Jan. 1, 1897 to Jan. 1, 1898... 2238 00

The above showing is very pleasing to Mr. Stafford and the county court, and should be especially gratifying to the taxpayers of Linn county. It will be remembered that the expense of 1895 to 1896 was wholly contracted under a Republican county court and assessor, and the first six months of the year 1896 was the same court and assessor, and the ratio of expense was relatively absolutely the same as the previous year.

On July 6, 1896, a Populist court was invested with authority and were enabled to materially reduce the expense of the assessor's office for the balance of the year, so that the saving to the county was \$897 over the cost of 1895, and the last year, 1897, when the county was under a Populist county court, the expense was further reduced to \$2338, or a net saving of \$663 over 1896 and \$1410.50 over cost 1895, which latter year was entirely under a Republican court.

We venture the statement, which will doubtless be verified by every person familiar with the work, that roll of 1897 is more complete and accurate than any assessment made in Linn county for years.

As these are times when the taxpayers demand rigid economy by their servants in conducting the affairs of the public, Linn county invites a comparison of the cost of the assessor's office for 1897 with other counties of the state.

Thomas Brown, who has a contract for the construction of a dam and hatchery for steelhead salmon on the Clackamas, was in the city today. He stated that a rack and dam have been built, and there is a good run of fish.

Disease makes a man just as helpless as if he were tied with ropes. Weary lassitude makes his muscles useless—sluggish circulation of impure blood fills his brain with useless clogging matter. Effort is distasteful and brings scant results. The trouble usually starts with the digestion. Too much brain work takes needed blood from stomach to head and retards the stomach's work. The body is un-fed. The nerves rebel. Sleep becomes a stranger. Loss of appetite is followed by loss of flesh—and all for the want of the right medicine at the right time. Dr. Pierce's Golden Medical Discovery is for the man who is losing flesh and vitality. It is for the man whose digestion needs help and whose nerves and brain are overworked. It is the greatest of all tonics. No matter what seems to be your trouble, the "Golden Medical Discovery" will cure it. It cures by making the blood pure, rich and plenty, and by furnishing food for nerves and brain. Nothing has ever been found to equal it, but dishonest druggists sometimes try to make you believe that something more profitable to them is "just as good." Do not be deceived. Get what you ask for. Constipation if neglected brings with it a train of maladies that will suffer for either the duties or pleasures of life. Sick and bilious headaches and a multitude of other ills are due to constipation. Dr. Pierce's Pleasant Pellets cure constipation promptly and permanently. Druggists sell them. Nothing else is "just as good."

It is no use, I've tried dozens of places and it's simply impossible to get good tobacco for five cents. Good cigars, you mean. If you'd invest your nickel in Piper Heidsieck you'd get the best piece of tobacco you ever put between your teeth.

AN OPEN LETTER TO MOTHERS.

WE ARE ASSERTING IN THE COURTS OUR RIGHT TO THE EXCLUSIVE USE OF THE WORD "CASTORIA," AND "PITCHER'S CASTORIA," AS OUR TRADE MARK.

DR. SAMUEL PITCHER, of Hyannis, Massachusetts, was the originator of "PITCHER'S CASTORIA," the same that has borne and does now bear the fac-simile signature of Dr. H. Fletcher on every wrapper. This is the original "PITCHER'S CASTORIA" which has been used in the homes of the mothers of America for over thirty years. LOOK CAREFULLY at the wrapper and see that it is the kind you have always bought, and has the signature of Dr. H. Fletcher on the wrapper. No one has authority from me to use my name except The Cantaur Company of which Chas. H. Fletcher is President. March 8, 1897. Samuel Pitcher, M.D.

General Debility and Loss of Flesh

Scott's Emulsion has been the standard remedy for nearly a quarter of a century. Physicians readily admit that they obtain results from it that they cannot get from any other flesh-forming food.

SCOTT'S EMULSION

does, but they fail to perform it. The pure Norwegian Cod-liver Oil made into a delightful cream, skillfully blended with the Hypophosphites of Lime and Soda, which are such valuable tonics, makes this preparation an ideal one and checks the wasting tendency, and the patient almost immediately commences to put on flesh and gain a strength which surprises them.
