A PRACTICAL MATTER

Whether there is a state union county to unite upon a county ticket and give the people a chance to cut down county salaries.

The farmers and business people have all been reduced to the lowest living margins. The salarled class are still receiving the pay that was considered equitable in the boom times, that no longer prevail and may never return.

The cut in salaries in Marion county is a proposition that involves no political theories. It is a practical party respectability and a vote. business proposition for the tax payer to consider as a matter of dollars

and cents. Salaries at present as fixed by law

are as follows	6E				
County Clerk	VICTOR TO	****	***	8	2,

THE JOURNAL believes that plenty of competent men could be found to fil the offices at just one-half this ex pense per annum. But that is hardly to be expected as real reformers never approximate a business proposition

The above figures have been gone over by a Republican in good standing and he estimates that the work of the several offices in Marion county could be filled with perfectly compet ent men at following figures:

Treasurer 1,0 County judge 1,0	Treasurer 1,00	Sheriff	and dept	ities		44	e,		414		3,50
County judge 1,0	County judge 1,00	Recorde	f		.,				×	şii.	1,98

Total		Total	reducti	on .			- 4	**			9,02
	Total reduction 9,02	****	Marin 10								A.zes

The above figures are made by a Republican ex-official, and not by a Populist or Bryan man. Let the Reform parties agree on a cut like the above, piedge their county candidates to accept such reductions if a reform legislature is elected and enacts those salaries into law.
